The Middle High German Poem of Willehalm Jun 20 2023 Wolfram von Eschenbach (fl. c. 1195–1225), best known as the author of *Parzival*, based Willehalm, his epic poem of military prowess and courtly love, on the style and subject matter of an Old French *chanson de geste*. In it he tells of the love of Willehalm for Giburc, a Saracen woman converted to Christianity, and its consequences. Seeking revenge for the insult to their faith, her relatives initiate a religious war but are finally routed. Wolfram's description of the two battles of Alischanz, with their massive slaughter and loss of heroes, and of the exploits of Willehalm and the quasicomic Rennewart, well displays the violence and courtliness of the medieval knightly ideal. Wolfram flavors his brutal account, however, with tender scenes between the lovers, asides to his audience, sympathetic cameos of his characters—especially the women—and, most unusually for his time, a surprising tolerance for 'pagans'.

A Middle High-German Primer, with Grammar, Notes, and Glossary by Joseph Wright Nov 13 2022

The Oxford Guide to Middle High German Jul 21 2023 This is the most comprehensive self-contained treatment of Middle High German available in English. It covers the language, literature, history, and culture of German in the period from 1050 to 1350 and is designed for entry-level readers, advanced study, teaching, and reference. The book includes a large sample of texts, not only from Classical works such as *Erec*, the *Nibelungenlied*, *Parzival*, and *Tristan*, but also from mystical writing, chronicles, and legal documents. The selection represents all major dialects and the full time span of the period. The introduction defines Middle High German linguistically, geographically, and chronologically.

Chapter 2 then provides a detailed exploration of the grammar, covering sounds and spelling, inflectional morphology, syntax, and lexis. Chapter 3 deals with versification, discussing metre, rhyme, lines of verse in context, and verse forms, and includes practical tips for scansion. Chapter 4 offers an account of the political and social structures of Medieval Germany and a survey of the principal types of texts that originated in the period. The final chapter of the book comprises over forty texts, each placed in context and provided with explanatory footnotes. The first two texts, to be taken together with the introductory grammar sections, are aimed at newcomers. A glossary provides full coverage of the vocabulary appearing in the texts and throughout the book.

Justice and the Social Context of Early Middle High German Literature Aug 10 2022 This book argues that far from preaching traditional, otherworldly ideals, the authors of these religious works were deeply engaged in the social, political, and spiritual issues that characterized the Holy Roman Empire at a time of radical transformation.

A Middle High German Primer May 19 2023

A Middle High German reader Aug 22 2023 M. O'C. Walshe, has now completely rewritten the work to meet the needs of the student whose prime concern is with the reading of Middle High German literature rather than with the language as such. Nevertheless the grammatical introduction, though recast, is still quite extensive, in order to show the often subtle and confusing differences from modern German.

Nature in Middle High German Lyrics Dec 22 2020

Song of the Nibelungs Apr 13 2020 It portrays the existential struggles and downfall of an entire people, the Burgundians, in a military conflict with the Huns and their king."--Jacket.

An Introduction to the Middle High German Jan 03 2022

Gender Bonds, Gender Binds May 27 2021 While Gender Studies has made its mark on literary studies, much scholarship on the German Middle Ages is largely inaccessible to the Anglo-American audience. With gender at its core as a category of analysis, "Gender Bonds, Gender Binds" uniquely opens up

medieval German material to English speakers. Recognizing the impact of Ann Marie Rasmussen's *Mothers and Daughters in Medieval German Literature*, this transatlantic volume expands on questions introduced in her 1997 book and subsequent work. More than a mere tribute, the collection moves the debates forward in new directions: it examines how gender bonds together people, practices, texts, and interpretive traditions, while constraining and delimiting these things socially, ideologically, culturally, or historically. As the contributions demonstrate, a close, materially focused analysis produces complex results, not easily reduced to a platitude. The essays steer a firm course through the terrain of gender bonds and binds, many of which remain challenging in the present. Herein lies the broader reach of this volume, for understanding the longevity of patriarchy and its effects on human relations demonstrates how crucial the study of the past can be for us as a society today.

Medieval Literacy and Textuality in Middle High German Feb 04 2022 This study addresses the topics of literacy and textuality in order to develop a new line of interpretation for a landmark of Middle High German literature. Albrecht's *Der jüngere Titurel* is an intellectually ambitious narrative written ca. 1270 as a prequel and sequel to the more famous Arthurian texts by Wolfram von Eschenbach.

A Middle High German Benedictine Rule, Ms. Wilhering, Austria, No. 14 Nov 20 2020

The Book of Emperors Sep 30 2021 *The Kaiserchronik* (c.1152-1165) is the first verse chronicle to have been written in a language other than Latin. This story recounts the exploits of the Roman, Byzantine, Carolingian, and Holy Roman kings and rulers, from the establishment of Rome to the start of the Second Crusade. As an early example of popular history, it was written for a non-monastic audience who would have preferred to read, or may only have been able to read, in German. As a rhymed chronicle, its combined use of the styles of language found within a vernacular epic and a factual treaty was a German innovation. *The Book of Emperors* is the first complete translation of the

Kaiserchronik from Middle High German to English. It is a rich resource not only for medieval German scholars and students, but also for those working in early cultural studies. It brings together an understanding of the conception of kingship in the German Middle Ages, from the relationship between emperor and king, to the moral, theological, and legal foundations of claims and legitimacy and the medieval epistemological approaches to historiography. This translation includes a substantial introduction that discusses the historical and philological context of the work, as well as the themes of power and kingship. Each chapter begins with a brief introduction that distinguishes historical truths from the epic fiction found within the original text.

The Oxford Guide to Middle High German Feb 21 2021 This is the most comprehensive self-contained treatment of Middle High German available in English. It covers the language, literature, history, and culture of German in the period from 1050 to 1350 and is designed for entry-level readers, advanced study, teaching, and reference. The book includes a large sample of texts, not only from Classical works such as *Erec*, the *Nibelungenlied*, *Parzival*, and *Tristan*, but also from mystical writing, chronicles, and legal documents. Middle High German Courtly Reader Aug 18 2020

A Companion to Middle High German Literature to the 14th Century Jan 15 2023 This volume is a guide to medieval German literature from its beginnings in the eighth century to the fourteenth century. It will escort the motivated student and colleague with interest in the European Middle Ages but no expertise in older German languages. The chapter authors, all internationally-known scholars, were given the freedom to arrange their chapters as they felt most appropriate, including the question of the terminus ad quem. Chapters deal either with a chronological period, e.g. 13th century, or with specific genres, eg. drama. In addition, chapters both on the historical epoch and on the development of the German language in the medieval period have been included. In general, historical and cultural topics play an important role in each chapter.

The Oxford Guide to Middle High German Apr 25 2021 The Oxford Guide to Middle High German is the most comprehensive self-contained treatment of Middle High German available in English. It covers the language, literature, history, and culture of German in the period from 1050 to 1350 and is designed for entry-level readers, advanced study, teaching, and reference. Middle High German Legends in English Translation Jul 09 2022 "Five medieval German legends, freshly translated with accessible reading guides. This volume collects five medieval German legends—the story of Veronica, Vespasian, Theophilus, Mary Magdalene, and the True Cross—in both the Middle High German original and modern English translation alongside unique guides to the relevant Germanic research and the principal themes of each text."--Publisher

description.

A Middle High German Primer May 15 2020 The present book has been written in the hope that it will serve as an elementary introduction to the larger German works on the subject from which I have appropriated whatever seemed necessary for the purpose.

Topographies of Gender in Middle High German Arthurian Romance Jan 23 2021 This book explores the metaphor of topography as a mechanism for the inscription of gender roles in Arthurian romance.

The historical development of the forms of the future tense in middle high German Dec 02 2021 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

A Middle High German Primer, with Grammar, Notes, and Glossary - Scholar's Choice Edition Oct 20 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved,

reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Middle High German Primer Apr 18 2023 INTRODUCTION

1. MIDDLE HIGH GERMAN Middle High German (MHG.) embraces the High German language from about the year 1100 to 1500. It is divided into three great dialect-groups: Upper German, Franconian, and East Middle German. 1. Upper German is divided into: (a) Alemanic, embracing High Alemanic (Switzerland), and Low Alemanic (South Baden, Swabia, and Alsace). (b) Bavarian, extending over Bavaria and those parts of Austria where German is spoken. 2. Franconian (West Middle German), which is subdivided into Upper Franconian and Middle Franconian. Upper Franconian consists of East Franconian (the old duchy of Francia Orientalis) and Rhenish Franconian (the old province of Francia Rhinensis), Middle Franconian extending over the district along the banks of the Moselle and of the Rhine from Coblenz to Düsseldorf. 3. East Middle German, extending over: Thuringia, Upper Saxony, and Silesia..

A Middle High-German Primer Mar 17 2023 FROM THE PREFACE.

THE present book has been written in the hope that it will serve as an elementary introduction to the larger German works on the subject from which I have appropriated whatever seemed necessary for the purpose. In the grammar much aid has been derived from Paul's *Mittelhochdeutsche Grammatik*, 2nd edit. Halle, 1884, and Weinhold's *Mittelhochdeutsche Grammatik*, 2nd edit. Paderborn, 1883. The former work, besides containing by far the most complete syntax, is also the only Middle High-German grammar which is based on the present state of German philology. Those who wish to acquire a sound historical knowledge of the modern phase of the language ought to possess Professor Brandt's *Grammar of the German Language*, published by Putnam's Sons, New York and London, 1884. It may not be out of place to state here also that an *Old High-German Primer* is already in the hands of the printers, which will help to throw much light upon many points of Middle High-German grammar that could not be

touched upon in the present book. I believe that the day is not very far distant when English students will take a much more lively interest in the study of their own and the other Germanic languages (especially German and Old Norse) than has hitherto been the case. And if this little book should contribute anything towards furthering the cause, it will amply have fulfilled its purpose.

A Middle High German Primer Jun 08 2022 Excerpt from *A Middle High German Primer: With Grammar, Notes, and Glossary*

The present book has been written in the hope that it will serve as an elementary introduction to the larger German works on the subject from which I have appropriated whatever seemed necessary for the purpose. In the grammar much aid has been derived from Paul's *Mittelhochdeutsche Grammatik*, second edition, Halle, 1884, and Weinhold's *Mittelhochdeutsche Grammatik*, second edition, Paderborn, 1883. The former work, besides containing by far the most complete syntax, is also the only Middle High German Grammar which is based on the present state of German Philology... I believe that the day is not far distant when English students will take a much more lively interest in the study of their own and the other Germanic languages (especially German and Old Norse) than has hitherto been the case. And if this little book should contribute anything towards furthering the cause, it will have amply fulfilled its purpose. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. *Forgotten Books* uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections

that remain are intentionally left to preserve the state of such historical works.

Letter Writing and Language Change Jun 27 2021 This book draws on a range of informal letter corpora and outlines the historical sociolinguistic value of letter analysis.

Justice and the Social Context of Early Middle High German Literature Mar 25 2021 This book argues that far from preaching traditional, otherworldly ideals, the authors of these religious works were deeply engaged in the social, political, and spiritual issues that characterized the Holy Roman Empire at a time of radical transformation.

Outline of Middle High German Grammar ... Mar 05 2022

A Middle High German Primer Feb 16 2023

The Knowledge of Childhood in the German Middle Ages, 1100-1350 Sep 18 2020 The text tells stories in which abandonment, abduction, and other kinds of dislocation are commonplace, but in which children nevertheless come of age in precisely the place for which they are destined by birth. Childhood differs profoundly for males and females as it does for saintly and secular figures. Within a secular context, childhood enjoys a special status. It is shaped, elaborated, and turned into a luxury object that helps distinguish courtly culture and that anticipates more modern attitudes. *The Knowledge of Childhood in the German Middle Ages, 1100-1350* provides a wealth of information for students and scholars of medieval literature, medieval history, and cultural studies.

MIDDLE HIGH GERMAN PRIMER W/GR Jul 17 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

German Literature of the High Middle Ages Jul 29 2021 New essays on the first flowering of German literature, in the High Middle Ages and especially during the period 1180–1230.

A Middle High German Primer Third Edition Jun 15 2020 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Middle High German Verbs Oct 12 2022 Middle High German Verbs presents an in-depth look at Middle High German (MHG) verbs, with tables of the most common verbs, fully conjugated. MHG was the language of the great literary works of the Middle Ages in the German speaking world, including Iwein, Parzival, Tristan, Minnelieder, Nibelungenlied, and Gudrun. The reader using only a dictionary will have a difficult task figuring out what the proper infinitive form of a given verb instance might be. This book provides a comprehensive reference for MHG verbs to help you read and translate the great works of the period. The book presents an in-depth look at the makeup of MHG verbs, including grammatical concepts, in easy to understand language. It presents 340 of the most common verbs that exhibit some type of irregularity; each verb has its own page with

translations, principle parts, and full conjugation for all appropriate numbers, persons, tenses, and moods. This book will be an important addition to your German linguistic and literature references.
