The Skin-Ego Jul 07 2022 In this classic work, the author presents and develops his theory of the importance of 'the Skin-ego'. Just as the skin is wrapped around the body, so the author sees the 'Skin-ego' as a psychical wrapping containing, defining and consolidating the subject. From this perspective, the structure and functions of the skin can provide psychoanalysts and general readers with a fertile and practical metaphor. The author's concept of the Skin-ego is the answer to questions he regards as crucial to contemporary psychoanalysis: questions of topography which were left incomplete by Freud; the analysis of fantasies of the container as of the contained; issues of touch between mothers and babies; extending the concept of prohibitions within an Oedipal framework to those derived from a prohibition on touching; and questions pertaining to the representation of the body and

to its psychoanalytic setting. This new translation of *Le Moi-peau* is based on the second and last (1995) edition.

Madame Fourcade's Secret War Aug 16 2020 NEW YORK TIMES BESTSELLER • The little-known true story of Marie-Madeleine Fourcade, the woman who headed the largest spy network in occupied France during World War II, from the bestselling author of *Citizens of London* and *Last Hope Island* “Brava to Lynne Olson for a biography that should challenge any outdated assumptions about who deserves to be called a hero.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE WASHINGTON POST In 1941 a thirty-one-year-old Frenchwoman, a young mother born to privilege and known for her beauty and glamour, became the leader of a vast intelligence organization—the only woman to serve as a chef de résistance during the war. Strong-willed, independent, and a lifelong rebel against her country’s conservative, patriarchal society, Marie-Madeleine Fourcade was temperamentally made for the job. Her group’s name was Alliance, but the Gestapo dubbed it Noah’s Ark because its agents used the names of animals as their aliases. The name Marie-Madeleine chose for herself was Hedgehog: a tough little animal, unthreatening in appearance, that, as a colleague of hers put it, “even a lion would hesitate to bite.” No other French spy network lasted as long or supplied as much crucial intelligence—including providing American and British military commanders with a 55-foot-long map of the beaches and roads on which the Allies would land on D-Day—as Alliance. The Gestapo pursued them relentlessly, capturing, torturing, and executing hundreds of its three thousand agents, including Fourcade’s own lover and many of her key spies. Although Fourcade, the mother of two young children, moved her headquarters every few weeks, constantly changing her hair color, clothing, and identity, she was captured twice by the

Nazis. Both times she managed to escape—once by slipping naked through the bars of her jail cell—and continued to hold her network together even as it repeatedly threatened to crumble around her. Now, in this dramatic account of the war that split France in two and forced its people to live side by side with their hated German occupiers, Lynne Olson tells the fascinating story of a woman who stood up for her nation, her fellow citizens, and herself. “Fast-paced and impressively researched . . . Olson writes with verve and a historian’s authority. . . . With this gripping tale, Lynne Olson pays [Marie-Madeleine Fourcade] what history has so far denied her. France, slow to confront the stain of Vichy, would do well to finally honor a fighter most of us would want in our foxhole.”—The New York Times Book Review

Historicizing Self-Interest in the Modern Atlantic World Jun 06 2022 This volume historicizes the use of the notion of self-interest that at least since Bernard de Mandeville and Adam Smith’s theories is considered a central component of economic theory. Having in the twentieth century become one of the key-features of rational choice models, and thus is seen as an idealized trait of human behavior, self-interest has, despite Albert O. Hirschman’s pivotal analysis of self-interest, only marginally been historicized. A historicization(s) of self-interest, however, offers new insights into the concept by asking why, when, for what reason and in which contexts the notion was discussed or referred to, how it was employed by contemporaries, and how the different usages developed and changed over time. This helps us to appreciate the various transformations in the perception of the notion, and also to explore how and in what ways different people at different times and in different regions reflected on or realized the act of considering what was in their best interest. The volume focuses on those different usages, knowledges, and practices concerned with self-interest in the modern Atlantic World from the seventeenth to twentieth centuries, by using different approaches, including political and economic theory, actuarial science, anthropology, or the history of emotions. Offering a new perspective on a key component of Western capitalism, this is the ideal resource for researches and scholars of

intellectual, political and economic history in the modern Atlantic World. **Egocentric Network Analysis** Oct 10 2022 An in-depth, comprehensive and practical guide to egocentric network analysis, focusing on fundamental theoretical, research design, and analytic issues.

When Ego Was Imago Aug 28 2021 The diffusion of personal signs of identity during the twelfth century introduced individuals to mediated forms of communication. Theory U Nov 18 2020 Shows how leaders can access the deepest source of inspiration and vision • Includes dozens of tested exercises, practices, and real-world examples We live in a time of massive institutional failure, one that requires a new consciousness and a new collective leadership capacity. In this groundbreaking book, Otto Scharmer invites us to see the world in new ways and in so doing discover a revolutionary approach to leadership. What we pay attention to and how we pay attention is key to what we create. What prevents us from attending to situations more effectively is that we aren’t fully aware of and in touch with the inner place from which attention and intention originate. This is what Scharmer calls our blind spot. By moving through Scharmer’s U process, we consciously access the blind spot and learn to connect to our authentic Self—the deepest source of knowledge and inspiration—in the realm of “presencing,” a term coined by Scharmer that combines the concepts of presence and sensing. Based on ten years of research and action learning and interviews with over 150 practitioners and thought leaders, Theory U offers a rich diversity of compelling stories and examples and includes dozens of exercises and practices that allow leaders, and entire organizations, to shift awareness, connect with the best future possibility, and gain the ability to realize it.

The Seine: The River that Made Paris Jun 13 2020 A vibrant, enchanting tour of the Seine from longtime New York Times foreign correspondent and best-selling author Elaine Sciolino. Elaine Sciolino came to Paris as a young foreign correspondent and was seduced by a river. In The Seine, she tells the story of that river from its source on a

remote plateau of Burgundy to the wide estuary where its waters meet the sea, and the cities, tributaries, islands, ports, and bridges in between. Sciolino explores the Seine through its rich history and lively characters: a bargewoman, a riverbank bookseller, a houseboat dweller, a famous cinematographer known for capturing the river's light. She discovers the story of Sequana—the Gallo-Roman healing goddess who gave the Seine its name—and follows the river through Paris, where it determined the city's destiny and now snakes through all aspects of daily life. She patrols with river police, rows with a restorer of antique boats, sips champagne at a vineyard along the river, and even dares to go for a swim. She finds the Seine in art, literature, music, and movies from Renoir and *Les Misérables* to Puccini and *La La Land*. Along the way, she reveals how the river that created Paris has touched her own life. A powerful afterword tells the dramatic story of how water from the depths of the Seine saved Notre-Dame from destruction during the devastating fire in April 2019. A “storyteller at heart” (June Sawyers, *Chicago Tribune*) with a “sumptuous eye for detail” (Sinclair McKay, *Daily Telegraph*), Sciolino braids memoir, travelogue, and history through the Seine's winding route. The Seine offers a love letter to Paris and the most romantic river in the world, and invites readers to explore its magic for themselves.

The Alter Ego Effect Feb 14 2023 Now a Wall Street Journal bestseller. What if the games we played as children were the greatest gift to helping us achieve more today? Before stage fright, impostor syndrome, emotional baggage, and the other dubious gifts of adulthood, everyone pretended to be a superhero, a favorite athlete, an inspiring entertainer, a nurse, a firefighter, a lion, or whatever else captured our imaginations. And yet, that natural creativity is slowly squeezed out of us because we think it's childish or it's “time to grow up.” Now Todd Herman—backed by scientific research and countless stories from the real world—will show us how to tap into the human imagination to unleash new versions of ourselves, ready-made to kick ass. Herman has been coaching champions in every field for over twenty years, and he's helped them bring out their Heroic Self to transcend the forces pulling them into the Ordinary World. Anyone attempting ambitious things faces adversity,

resistance, and challenges, but Herman confronts these obstacles with a question: Who or what needs to show up to make success inevitable? In *The Alter Ego Effect*, Herman presents countless stories from salespeople, executives, entertainers, athletes, entrepreneurs, creatives, and historical figures to illustrate how to activate the Heroic Self already nested inside each of us. And he reveals that we may not be using those traits in the moments when we need them the most. From the creative entrepreneur who resisted their craft, to the accomplished military officer who wanted to be a warmer dad at home, Todd Herman's clients have discovered there is no end to the parts of their lives they could improve by using Alter Egos.

The Secret Place Mar 23 2021 “An absolutely mesmerizing read. . . . Tana French is simply this: a truly great writer.” —Gillian Flynn Read the New York Times bestseller by Tana French, author of the forthcoming novel *The Searcher* and “the most important crime novelist to emerge in the past 10 years” (*The Washington Post*). A year ago a boy was found murdered at a girls' boarding school, and the case was never solved. Detective Stephen Moran has been waiting for his chance to join Dublin's Murder Squad when sixteen-year-old Holly Mackey arrives in his office with a photo of the boy with the caption: “I KNOW WHO KILLED HIM.” Stephen joins with Detective Antoinette Conway to reopen the case—beneath the watchful eye of Holly's father, fellow detective Frank Mackey. With the clues leading back to Holly's close-knit group of friends, to their rival clique, and to the tangle of relationships that bound them all to the murdered boy, the private underworld of teenage girls turns out to be more mysterious and more dangerous than the detectives imagined.

The Book of Lost Names Oct 18 2020 Eva Traube Abrams, a semiretired librarian in Florida, is at the returns desk one morning when her eyes lock on to a photograph in a newspaper nearby. She freezes; it's an image of a book she hasn't seen in sixty-five years—a book she recognizes as the *Book of Lost Names*. The accompanying article describes the looting of libraries across Europe by the Nazis during World War II—an experience Eva remembers all too well. As a graduate

student in 1942, Eva was forced to flee Paris after the arrest of her father, a Polish Jew. Finding refuge in a small mountain town in the Free Zone, she begins forging identity documents for Jewish children fleeing to neutral Switzerland. But erasing people comes with a price, and along with a mysterious, handsome forger named Rémy, Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are. The records they keep in the Book of Last Names will become even more vital when the Resistance cell they work with is betrayed and Rémy disappears. As the Germans close in, Eva records a last, vital message in the book. Decades later, does she have the strength to seek out its answer--and help reunite those lost during the war?

Alex Dec 20 2020 Upon winning the prestigious 2013 Crime Writers Association International Dagger Award, the judges praised Alex by saying, "An original and absorbing ability to leash incredulity in the name of the fictional contract between author and reader... A police procedural, a thriller against time, a race between hunted and hunter, and a whydunnit, written from multiple points of view that explore several apparently parallel stories which finally meet." Alex Prevost--kidnapped, savagely beaten, suspended from the ceiling of an abandoned warehouse in a tiny wooden cage--is running out of time. Her abductor appears to want only to watch her die. Will hunger, thirst, or the rats get her first? Apart from a shaky eyewitness report of the abduction, Police Commandant Camille Verhoeven has nothing to go on: no suspect, no leads, and no family or friends anxious to find a missing loved one. The diminutive and brilliant detective knows from bitter experience the urgency of finding the missing woman as quickly as possible--but first he must understand more about her. As he uncovers the details of the young woman's singular history, Camille is forced to acknowledge that the person he seeks is no ordinary victim. She is beautiful, yes, but also extremely tough and resourceful. Before long, saving Alex's life will be the least of Commandant Verhoeven's considerable challenges. A 2013 Financial Times Book of the Year Shortlisted for the 2014 RUSA Reading List Horror Award From the Hardcover edition.

Faithful Place Jul 27 2021 From Tana French, author of the forthcoming novel *The Searcher*, "the most important crime novelist to emerge in the past 10 years" (The Washington Post), the bestseller called "the most stunning of her books" (The New York Times) and a finalist for the Edgar Award. Back in 1985, Frank Mackey was a nineteen-year-old kid with a dream of escaping his family's cramped flat on Faithful Place and running away to London with his girl, Rosie Daly. But on the night they were supposed to leave, Rosie didn't show. Frank took it for granted that she'd dumped him--probably because of his alcoholic father, nutcase mother, and generally dysfunctional family. He never went home again. Neither did Rosie. Then, twenty-two years later, Rosie's suitcase shows up behind a fireplace in a derelict house on Faithful Place, and Frank, now a detective in the Dublin Undercover squad, is going home whether he likes it or not.

In the Eye of the Wild Nov 30 2021 After enduring a vicious bear attack in the Russian Far East's Kamchatka Peninsula, a French anthropologist undergoes a physical and spiritual transformation that forces her to confront the tenuous distinction between animal and human. *In the Eye of the Wild* begins with an account of the French anthropologist Nastassja Martin's near fatal run-in with a Kamchatka bear in the mountains of Siberia. Martin's professional interest is animism; she addresses philosophical questions about the relation of humankind to nature, and in her work she seeks to partake as fully as she can in the lives of the indigenous peoples she studies. Her violent encounter with the bear, however, brings her face-to-face with something entirely beyond her ken—the untamed, the nonhuman, the animal, the wild. In the course of that encounter something in the balance of her world shifts. A change takes place that she must somehow reckon with. Left severely mutilated, dazed with pain, Martin undergoes multiple operations in a provincial Russian hospital, while also being grilled by the secret police. Back in France, she finds herself back on the operating table, a source of new trauma. She realizes that the only thing for her to do is to return to Kamchatka. She must discover what it means to have become, as the Even people call it, medka, a person who is half human, half bear. *In the Eye of the Wild* is a fascinating, mind-altering book about terror, pain, endurance, and self-transformation, comparable in its intensity of perception and originality of style to J. A. Baker's classic *The Peregrine*. Here Nastassja Martin takes us to the farthest limits of human being.

The Dialogical Mind Dec 12 2022 Marková offers a dialogical perspective to problems in daily life and professional practices involving communication, care, and therapy.

Ego Is the Enemy May 05 2022 The instant Wall Street Journal, USA Today, and international bestseller "While the history books are filled with tales of obsessive visionary geniuses who remade the world in their image with sheer, almost irrational force, I've found that history is also

made by individuals who fought their egos at every turn, who eschewed the spotlight, and who put their higher goals above their desire for recognition." —from the prologue Many of us insist the main impediment to a full, successful life is the outside world. In fact, the most common enemy lies within: our ego. Early in our careers, it impedes learning and the cultivation of talent. With success, it can blind us to our faults and sow future problems. In failure, it magnifies each blow and makes recovery more difficult. At every stage, ego holds us back. *Ego Is the Enemy* draws on a vast array of stories and examples, from literature to philosophy to history. We meet fascinating figures such as George Marshall, Jackie Robinson, Katharine Graham, Bill Belichick, and Eleanor Roosevelt, who all reached the highest levels of power and success by conquering their own egos. Their strategies and tactics can be ours as well. In an era that glorifies social media, reality TV, and other forms of shameless self-promotion, the battle against ego must be fought on many fronts. Armed with the lessons in this book, as Holiday writes, "you will be less invested in the story you tell about your own specialness, and as a result, you will be liberated to accomplish the world-changing work you've set out to achieve."

The Transcendence of the Ego Aug 08 2022 *The Transcendence of the Ego* may be regarded as a turning-point in the philosophical development of Jean-Paul Sartre. Prior to the writing of this essay, published in France in 1937, Sartre had been intimately acquainted with the phenomenological movement which originated in Germany with Edmund Husserl. It is a fundamental tenet of Husserl, the notion of a transcendent ego, which is here attacked by Sartre. This disagreement with Husserl has great importance for Sartre and facilitated the transition from phenomenology to the doctrine of Being and Nothingness.

The Anomaly Apr 04 2022 A New York Times bestseller and a "Best Thriller of the Year" Winner of the Goncourt Prize and now an international phenomenon, this dizzying, whip-smart novel blends crime, fantasy, sci-fi, and thriller as it plumbs the mysteries surrounding a Paris-New York flight. Who would we be if we had made different

choices? Told that secret, left that relationship, written that book? We all wonder—the passengers of Air France 006 will find out. In their own way, they were all living double lives when they boarded the plane: Blake, a respectable family man who works as a contract killer. Slimboy, a Nigerian pop star who uses his womanizing image to hide that he's gay. Joanna, a Black American lawyer pressured to play the good old boys' game to succeed with her Big Pharma client. Victor Miesel, a critically acclaimed yet largely obscure writer suddenly on the precipice of global fame. About to start their descent to JFK, they hit a shockingly violent patch of turbulence, emerging on the other side to a reality both perfectly familiar and utterly strange. As it charts the fallout of this logic-defying event, *The Anomaly* takes us on a journey from Lagos and Mumbai to the White House and a top-secret hangar. In Hervé Le Tellier's most ambitious work yet, high literature follows the lead of a bingeable Netflix series, drawing on the best of genre fiction from "chick lit" to mystery, while also playfully critiquing their hallmarks. An ingenious, timely variation on the doppelgänger theme, it taps into the parts of ourselves that elude us most.

One Man's Bible Jan 21 2021 the eagerly-awaited new novel from Gao Xingjian, the first Chinese recipient of the Nobel Prize for Literature. Full of wisdom, wit, pain and redemption, *One Man's Bible* is a book which sets out to make sense of the horror that was China's Cultural Revolution (1966-1976). There has been much written about this period, and the Chinese people are often portrayed as innocent victims, powerless to stop the government stamping any cultural pursuit that wasn't state-sanctioned. Gao argues however that everyone - from paddy-field worker

to government cadre - was complicit and should take responsibility for what happened. Some 30 years later, the book's main character reflects on the tragedy and absurdity which swept through China under Mao's rule, recalling the endless rounds of recrimination and the policing of every word and deed - how nothing that did not conform to the mandates of the state or the Party was allowed and anyone who dared speak out was denounced, imprisoned or killed. He traces his perilous path through those times and examines every aspect of his life.

Paris After the Liberation 1944-1949 Feb 02 2022 "A rich and intriguing story which the authors disentangle with great skill."--Sunday Telegraph From Antony Beevor, the internationally bestselling author of *D-Day* and *The Battle of Arnhem* In this brilliant synthesis of social, political, and cultural history, Antony Beevor and Artemis Cooper present a vivid and compelling portrayal of the City of Lights after its liberation. Paris became the diplomatic battleground in the opening stages of the Cold War. Against this volatile political backdrop, every aspect of life is portrayed: scores were settled in a rough and uneven justice, black marketers grew rich on the misery of the population, and a growing number of intellectual luminaries and artists including Hemingway, Beckett, Camus, Sartre, de Beauvoir, Cocteau, and Picasso contributed new ideas and a renewed vitality to this extraordinary moment in time. *The Independent Woman* May 13 2020 "Like man, woman is a human being." When *The Second Sex* was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. *The Independent Woman* contains three key chapters of Beauvoir's masterwork, which illuminate the feminine condition and identify practical social reforms for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today.
