The Green Brain Apr 11 2022 In an overpopulated world seeking living room in the jungles, the International Ecological Organization was systematically exterminating the voracious insects which made these areas uninhabitable.

Using deadly foamal bombs and newly developed vibration weapons, men like Joao Martinho and his co-workers fought to clear the green hell of the Mato Grosso. But somehow those areas which had been completely cleared were becoming reinfested, despite the impenetrable vibration barriers. And tales came out of the jungles . . . of insects mutated to incredible sizes . . . of creatures who seemed to be men, but whose eyes gleamed with the chitinous sheen of insects. . . . A fascinating examination of the fragile balance between consciousness, man and insect from one of the best-loved science fiction creators of all time. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Angels & Insects Sep 28 2023 In these two “astonishing” novellas (The New Yorker), the Booker Prize-winning author of *Possession* returns to the landscape of Victorian England, where science and spiritualism are popular manias, and domestic decorum coexists with brutality and perversion. "At once quirky and deep, brimming with generosity, imagination, and intelligence." —The New Yorker "delicate and confidently ironic.... Byatt perfectly blends laughter and sympathy [with] extraordinary sensuality" —San Francisco Examiner

The Language of Butterflies Jul 14 2022 In this “deeply personal and lyrical book” (Publishers Weekly) from the New York Times bestselling author of *The Horse*, Wendy Williams explores the lives of one of the world’s most resilient creatures—the butterfly—shedding light on the role that they play in our ecosystem and in our human lives. “[A] glorious and exuberant celebration of these biological flying

machines...Williams takes us on a humorous and beautifully crafted journey” (The Washington Post). From butterfly gardens to zoo exhibits, these “flying flowers” are one of the few insects we’ve encouraged to infiltrate our lives. Yet, what has drawn us to these creatures in the first place? And what are their lives really like? In this “entertaining look at ‘the world’s favorite insect’” (Booklist, starred review), New York Times bestselling author and science journalist Wendy Williams reveals the inner lives of these delicate creatures, who are far more intelligent and tougher than we give them credit for. Monarch butterflies migrate thousands of miles each year from Canada to Mexico. Other species have learned how to fool ants into taking care of them. Butterflies’ scales are inspiring researchers to create new life-saving medical technology. Williams takes readers to butterfly habitats across the globe and introduces us to not only various species, but “digs deeply into the lives of both butterflies and [the] scientists” (Science magazine) who have spent decades studying them. Coupled with years of research and knowledge gained from experts in the field, this accessible “butterfly biography” explores the ancient partnership between these special creatures and humans, and why they continue to fascinate us today. “Informative, thought-provoking,” (BookPage, starred review) and extremely profound, *The Language of Butterflies* is a “fascinating book [that] will be of interest to anyone who has ever admired a butterfly, and anyone who cares about preserving these stunning creatures” (Library Journal).

The Children's Book May 12 2022 From the renowned author of *Possession*, *The Children’s Book* is the absorbing

story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive’s brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents’ “porcelain socialism.” Olive’s daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until *The Children’s Book* becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame’s *The Wind In the Willows*, not long after Alice’s Adventures in

Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. *The Children's Book* is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life's most painful struggles and its richest pleasures. No other writer could have imagined it or created it.

On Histories and Stories Jul 22 2020 The interplay between fiction and history forms the core of Byatt's essays as she explores historical storytelling and the translation of historical fact into fiction.

The Big Book of Bugs Oct 25 2020 A collection of unusual facts, games, puzzles, activities, and artwork centering around the world of insects.

Ragnarok Sep 04 2021 The Booker Prize–winning author of *Possession* breathes life into the Ragnarok myth through the novel of a young British girl during World War II. *Ragnarok* retells the finale of Norse mythology: a story of the destruction of life on this planet and the end of the gods themselves. What more relevant myth could any modern writer choose? As the bombs of the Blitz rain down on Britain, one young girl is evacuated to the countryside. She is struggling to make sense of her new wartime life. Then she is given a copy of *Asgard and the Gods*—a book of ancient

Norse myths—and her inner and outer worlds are transformed. War, natural disaster, reckless gods, and the recognition of impermanence in the world are just some of the threads that A.S. Byatt weaves into this most timely of books. Linguistically stunning and imaginatively abundant, this is a landmark. A Globe and Mail (Toronto) Best Book “A gorgeous, brilliant, and significant performance.”

—Booklist, starred review “Byatt’s prose is majestic, the lush descriptive passages—jewelled one minute, gory the next—a pleasure to get lost in.” —The Telegraph

The Nest Aug 03 2021 “The Nest leaves a lasting mark on the memory.” —The New York Times Book Review Steve just wants to save his baby brother—but what will he lose in the bargain? Kenneth Oppel’s (Silverwing, The Boundless) haunting gothic tale for fans of Coraline, is one of the most acclaimed books of the year, receiving six starred reviews. Illustrations from Caldecott Medalist Jon Klassen. For some kids summer is a sun-soaked season of fun. But for Steve, it’s just another season of worries. Worries about his sick newborn baby brother who is fighting to survive, worries about his parents who are struggling to cope, even worries about the wasp’s nest looming ominously from the eaves. So when a mysterious wasp queen invades his dreams, offering to “fix” the baby, Steve thinks his prayers have been answered. All he has to do is say “Yes.” But “yes” is a powerful word. It is also a dangerous one. And once it is uttered, can it be taken back? Celebrated author Kenneth Oppel creates an eerie masterpiece in this compelling story that explores disability and diversity, fears and dreams, and what ultimately makes a family. Includes illustrations from

celebrated artist Jon Klassen.

Branded Apr 30 2021 Jessica's had the nightmares for as long as she can remember. Nightmares of being judged for people who have died, of being branded by the angels. Her friends and family think she's a crazy because of it all. Yet she carries the mark of the condemned, seared into the back of her neck, and hides it and herself away from the world. But when two men she can't ignore enter her life everything changes, including the nightmares. The two of them couldn't be more different. She will do anything to be with one of them. Even tell him the truth about angels, why she never sleeps, and the scar on the back of her neck. But one of the two has set events into motion what will pull her toward her own judgment and turn her into the object of her greatest fear.

Of Beetles and Angels Oct 17 2022 Read the story that has inspired millions The desert, I remember. The shrieking hyenas, I remember....I remember playing soccer with rocks, and a strange man telling me and my brother Tewolde that we had to go on a trip and Tewolde refusing to go. The man took out a piece of gum and Tewolde happily traded it for his homeland.... So begins the remarkable true story of a young boy's journey from civil war in east Africa to a refugee camp in Sudan, to a childhood on welfare in an affluent American suburb, and eventually to a full-tuition scholarship at Harvard University. Following his father's advice to "treat all people-even the most unsightly beetles-as though they were angels sent from heaven," Mawi overcomes the challenges of language barriers, cultural differences, racial prejudice, and financial disadvantage to build a fulfilling, successful life for

himself in his new home. *Of Beetles and Angels* is at once a harrowing survival story and a compelling examination of the refugee experience. With hundreds of thousands of copies sold since its initial publication, the unforgettable memoir continues to touch and inspire readers. This special fifteenth anniversary edition features bonus materials, including a new introduction and afterword by the author. *please note the updated anniversary edition will be released in June. Orders placed before that edition is available will receive the current paperback*

Angels and Insects Are Creatures with Wings May 24 2023

Angels and Insects Mar 22 2023 A collection of short stories including subjects as diverse as memories, marriage, insects and ghosts. A.S. Byatt's other books include *Possession*, winner of the 1990 Booker Prize.

The Grasshopper & the Ants Nov 25 2020 In this stunning companion to the Caldecott Medal-winning *The Lion & the Mouse* and the highly acclaimed *The Tortoise & the Hare*, a playful grasshopper wonders why the busy ants around him won't join in his merrymaking as the seasons pass by. But when winter arrives, he soon sees the value of his friends' hard work--just as the ants learn the value of sharing what they've worked for. Featuring a striking, surprise gatefold page, this third book in Jerry Pinkney's gorgeous trilogy of picture book fables subtly suggests a resonant moral: Don't put off for tomorrow what you can do today.

Dragonflies Mar 30 2021 *Dragonflies* might be one of the most ancient of all insects-their ancestors were here before the dinosaurs. But what do we know about them? Why are

they called dragonflies? What's up with those funny-looking eyes? What does it mean to be a bioindicator? The answers are inside, with photos of these beautiful insects and friendly cartoons.

War and Nature Nov 18 2022 This 2001 book shows the intersection of chemical warfare and pest control in the twentieth century.

Little Black Book of Stories Dec 19 2022 An unforgettable collection of fairy tales for grownups—from the Booker Prize-winning author of *Possession*. • “A delight.... provoking and alarming, richly yet tautly rendered.... [She] has the sheer narrative skill to raise the hairs on the back of your neck and make your pulse race.” —The New York Times Book Review Like Hans Christian Andersen and the Brothers Grimm, Isak Dinesen and Angela Carter, A. S. Byatt knows that fairy tales are for adults. And in this ravishing collection she breathes new life into the form. *Little Black Book of Stories* offers shivers along with magical thrills. Leaves rustle underfoot in a dark wood: two middle-aged women, childhood friends reunited by chance, venture into a dark forest where once, many years before, they saw—or thought they saw—something unspeakable. Another woman, recently bereaved, finds herself slowly but surely turning into stone. A coolly rational ob-gyn has his world pushed off-axis by a waiflike art student with her own ideas about the uses of the body. Spellbinding, witty, lovely, terrifying, the *Little Black Book of Stories* is Byatt at the height of her craft.

Rebugging the Planet Apr 23 2023 "This is a lovely little book that could and should have a big impact...Let's all get

rebugging right away!"—Hugh Fearnley-Whittingstall Meet the intelligent insects, marvelous minibeasts, and inspirational invertebrates that help shape our planet—and discover how you can help them help us by rebugging your attitude today! Remember when there were bugs on your windshield? Ever wonder where they went? We need to act now if we are to help the insects survive. Robin Wall Kimmerer, David Attenborough, and Elizabeth Kolbert are but a few voices championing the rewilding of our world. *Rebugging the Planet* explains how we are headed toward “insectageddon” with a rate of insect extinction eight times faster than that of mammals or birds, and gives us crucial information to help all those essential creepy-crawlies flourish once more. Author Vicki Hird passionately demonstrates how insects and invertebrates are the cornerstone of our global ecosystem. They pollinate plants, feed birds, support and defend our food crops, and clean our water systems. They are also beautiful, inventive, and economically invaluable—bees, for example, contribute an estimated \$235 to \$577 billion to the US economy annually, according to *Forbes*. *Rebugging the Planet* shows us small changes we can make to have a big impact on our littlest allies: Learn how to rewild parks, schools, sidewalks, roadsides, and other green spaces. Leave your garden to grow a little wild and plant weedkiller-free, wildlife-friendly plants. Take your kids on a minibeast treasure hunt and learn how to build bug palaces. Make bug-friendly choices with your food and support good farming practices Begin to understand how reducing inequality and poverty will help nature and wildlife too—it’s all connected. So do your part

and start rebugging today! The bees, ants, earthworms, butterflies, beetles, grasshoppers, ladybugs, snails, and slugs will thank you—and our planet will thank you too.

The Djinn in the Nightingale's Eye Dec 07 2021 The magnificent title story of this collection of fairy tales for adults describes the strange and uncanny relationship between its extravagantly intelligent heroine--a world renowned scholar of the art of story-telling--and the marvelous being that lives in a mysterious bottle, found in a dusty shop in an Istanbul bazaar. As A.S. Byatt renders this relationship with a powerful combination of erudition and passion, she makes the interaction of the natural and the supernatural seem not only convincing, but inevitable. The companion stories in this collection each display different facets of Byatt's remarkable gift for enchantment. They range from fables of sexual obsession to allegories of political tragedy; they draw us into narratives that are as mesmerizing as dreams and as bracing as philosophical meditations; and they all us to inhabit an imaginative universe astonishing in the precision of its detail, its intellectual consistency, and its splendor. "A dreamy treat.... It is not merely strange, it is wondrous." --Boston Globe "Alternatingly erudite and earthy, direct and playful.... If Scheherazade ever needs a break, Byatt can step in, indefinitely." --Chicago Tribune "Byatt's writing is crystalline and splendidly imaginative.... These [are] perfectly formed tales." --Washington Post Book World

Absolute Beginner Dec 27 2020 Patsy Kensit is one of our most-loved actresses, a child star who grew up in the public eye and has remained there ever since. Her life has been a

roller-coaster mix of adventure, drama and heartache, and it is only now that she finally feels ready to share her journey so far in this autobiography. In *Absolute Beginner* Patsy describes her extraordinary childhood, moving between the glamour of filming movies with Elizabeth Taylor and Mia Farrow and the tiny London council flat she shared with her parents and brother. Even as her career was taking off, she was living with the devastating knowledge of her beloved mother's incurable cancer and was forced to hide her father's criminal past. She also writes about the ups and downs of life as an actress in a career that has spanned four decades, from her roles in films like the iconic *Absolute Beginners*, *Lethal Weapon 2*, *21* and Oscar-nominated *Angels and Insects* to playing the uber bitch Sadie King in *Emmerdale* and starring in *Holby City*. Vivid, intimate and touching, *Absolute Beginner* reveals the real Patsy – a warm and funny woman who is the ultimate survivor.

Medusa's Ankles Oct 05 2021 A ravishing, luminous selection of short stories from the prize-winning imagination of A. S. Byatt, "a storyteller who could keep a sultan on the edge of his throne for a thousand and one nights" (*The New York Times Book Review*). With an introduction by David Mitchell, best-selling author of *Cloud Atlas* *Mirrors shatter at the hairdresser's* when a middle-aged client explodes in rage. Snow dusts the warm body of a princess, honing it into something sharp and frosted. Summer sunshine flickers on the face of a smiling child who may or may not be real. *Medusa's Ankles* celebrates the very best of A. S. Byatt's short fiction, carefully selected from a lifetime of writing. Peopled by artists, poets, and fabulous creatures, the stories

blaze with creativity and color. From ancient myth to a British candy factory, from a Chinese restaurant to a Mediterranean swimming pool, from a Turkish bazaar to a fairy-tale palace, Byatt transports her readers beyond the veneer of the ordinary—even beyond the gloss of the fantastical—to places rich and strange and wholly unforgettable.

Angels And Insects Aug 27 2023 Like A.S. Byatt's Booker Prize-winning novel, *Possession*, these two mesmerising novellas are set in the nineteenth century. In *Morpho Eugenia*, an explorer realises that the behaviour of the people around him is alarmingly similar to that of the insects he studies. In *The Conjugal Angel*, curious individuals – some fictional, others drawn from history – gather to connect with the spirit world. Throughout both, Byatt examines the eccentricities of the Victorian era, weaving fact and fiction, reality and romance, science and faith into a sumptuous, magical tapestry.

Creative Haven Incredible Insect Designs Coloring Book Sep 16 2022 Beetles, grasshoppers, dragonflies, bees, and other insects never looked so good! More than 30 fantastical designs transform common bugs into ornately decorated creatures. A delight to color, the intricate, full-page images feature complex floral backgrounds. Pages are perforated and printed on one side only for easy removal and display. Specially designed for experienced colorists, *Incredible Insect Designs* and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

You Bright and Risen Angels Jul 26 2023 A bold allegorical epic that hovers somewhere between the surreal and the incredible. Vollmann tells of the battle for power between the inventors and developers of electricity and the insect world.

The Biographer's Tale Mar 10 2022 From the Booker Prize-winning author of *Possession* comes an ingenious novel about love and literary sleuthing: a dazzling fiction woven out of one man's search for certainty. "Elegant ... witty ... intelligent." —The Washington Post Here is the story of Phineas G. Nanson, a disenchanted graduate student who decides to escape the world of postmodern literary theory and immerse himself in the messiness of "real life" by writing a biography of a great biographer. In a series of adventures that are by turns intellectual and comic, scientific and sensual, Phineas tracks his subject to the deserts of Africa and the maelstrom of the Arctic. Along the way he comes to rely on two women, one of whom may be the guide he needs out of the dizzying labyrinth of his research and back into his own life. A tantalizing yarn of detection and desire, *The Biographer's Tale* is a provocative look at "truth" in biography and our perennial quest for certainty.

Angels & Insects Nov 06 2021

The Matisse Stories Jun 13 2022 Each story is in some way inspired by a painting of Henri Matisse, each is also about the intimate connection between seeing and feeling -- about the ways in which a glance we meant to be casual may suddenly call forth the deepest reserves of our being. Their subjects' lives unravel from simple beginnings -- a trip to the hair dresser, a cleaning woman's passion for knitting, lunch in a Chinese restaurant but gradually the veneer of

ordinariness is peeled back to expose pain, reveal desire, or express the intensity of joy in color and creation. These stories are all about human beings: about how little we can know (or may care to know) about the people with whom we spend our lives, and how tragic the results of that ignorance or indifference can be.

ANGELS AND INSECTS Feb 21 2023

Angels & Insects Oct 29 2023 In these breathtaking novellas, A.S. Byatt returns to the territory she explored in *Possession*: the landscape of Victorian England, where science and spiritualism are both popular manias, and domestic decorum coexists with brutality and perversion. *Angels and Insects* is "delicate and confidently ironic.... Byatt perfectly blends laughter and sympathy [with] extraordinary sensuality" (San Francisco Examiner).

Why Rebel Sep 23 2020 'If bravery itself could write, it would write like she does' John Berger *Why rebel?* Because our footprint on the Earth has never mattered more than now. How we treat it, in the spirit of gift or of theft, has never been more important. Because we need a politics of kindness, but the very opposite is on the rise. Libertarian fascism, with its triumphal brutalism, its racism and misogyny - a politics that loathes the living world. Because nature is not a hobby. It is the life on which we depend, as Indigenous societies have never forgotten. Only when it is dark enough can you see the stars, and they are lining up now to write rebellion across the skies. From the author of *Wild*, this passionate, poetic manifesto for urgent rebellion is also a paean to the deep and extraordinary beauty of the natural world. 'Jay Griffiths helped redefine activism for a generation, combining detailed

research with a poet's flair for language. Her works defy categorisation and fizz with original ideas and excitement' Byline Times 'Jay's writing has reduced me to hot throbs of grief; through beauty and subtlety, to the depths of the hurt of these times . . . and what a liberation to express this, to free the space in my chest to feel the love that propels me forwards' Gail Bradbrook 'Chewy, erudite, filled with swing: this is a dazzling book, urgent without ever being worthy, a book that crackles. Why Rebel is a Tardis, to read it is to enter the massive, a deep interior that hydrates vocation in a time of trouble' Martin Shaw 'This short book is beautifully written, and packs a powerful emotional punch. I found myself welling up as I reached the end. At this desperate moment in human history, Why Rebel is surely part of the wake-up call we need' Prof. Rupert Read 'There's a book called Life and Fate and in it, it says that when surrounded by death and destruction the most human thing to do is to engage in an act of kindness. Jay's book is such an act' Roger Hallam

Angels & Insects Aug 15 2022

The Fallen Jan 20 2023 When the body of the Archangel Uriel is murdered on holy ground, it is up to Hunter (A private eye with a memory loss problem) to try and figure out the identity of the killer. But as Hunter delves deeper, he finds himself in the middle of a theological cover-up surrounding a killer who is hell bent on destroying Heaven and taking out God in the process. Will Hunter be able to stop the killer before they destroy God, or will the killer have their chance to see Heaven burn?

Angels & Insects Two Novellas Jun 01 2021

Six-Legged Soldiers Jun 25 2023 Examines how insects have been used as weapons in wartime conflicts throughout history, presenting as examples how scorpions were used in Roman times and hornets nests were used during the Middle Ages in siege warfare and how insects have been used in Vietnam, China, and Korea.

An Embroidery Sampler Feb 26 2021 This extensive volume of design ideas is perfect for the beginner and the expert sewer alike. Choose from dozens of classic themes with detailed instructions for each.

Four Hours of Fury Aug 23 2020 “Compellingly chronicles one of the least studied great episodes of World War II with power and authority...A riveting read” (Donald L. Miller, New York Times bestselling author of *Masters of the Air*) about World War II’s largest airborne operation—one that dropped 17,000 Allied paratroopers deep into the heart of Nazi Germany. On the morning of March 24, 1945, more than two thousand Allied aircraft droned through a cloudless sky toward Germany. Escorted by swarms of darting fighters, the armada of transport planes carried 17,000 troops to be dropped, via parachute and glider, on the far banks of the Rhine River. Four hours later, after what was the war’s largest airdrop, all major objectives had been seized. The invasion smashed Germany’s last line of defense and gutted Hitler’s war machine; the war in Europe ended less than two months later. *Four Hours of Fury* follows the 17th Airborne Division as they prepare for Operation Varsity, a campaign that would rival Normandy in scale and become one of the most successful and important of the war. Even as the Third Reich began to implode, it was vital for Allied troops to have

direct access into Germany to guarantee victory—the 17th Airborne secured that bridgehead over the River Rhine. And yet their story has until now been relegated to history’s footnotes. In this viscerally exciting account, paratrooper-turned-historian James Fenelon “details every aspect of the American 17th Airborne Division’s role in Operation Varsity...inspired” (The Wall Street Journal). Reminiscent of *A Bridge Too Far* and *Masters of the Air*, *Four Hours of Fury* does for the 17th Airborne what *Band of Brothers* did for the 101st. It is a captivating, action-packed tale of heroism and triumph spotlighting one of World War II’s most under-chronicled and dangerous operations.

Angels and Insects Feb 09 2022 A collection of short stories including subjects as diverse as memories, marriage, insects and ghosts. A.S. Byatt's other books include "Possession, winner of the 1990 Booker Prize.

Angels and Insects Jan 08 2022

The Fascinating World of Beetles Jul 02 2021 An exciting overview of some of the over 300,000 varieties of beetles found in the world. Includes diagrams with labeled body parts, plus information on beetles from larvae stage to maturity.

Critical Terms for Animal Studies Jan 28 2021 Alexandra Horowitz, Peter Singer, Barbara King, Christine Korsgaard, and others explore the core concepts of this interdisciplinary field: “Recommended.” —Choice Animal Studies is a rapidly growing interdisciplinary field devoted to examining, understanding, and critically evaluating the complex relationships between humans and other animals. Scholarship in Animal Studies draws on a variety of methodologies to

explore these multi-faceted relationships in order to help us understand the ways in which other animals figure in our lives and we in theirs. Bringing together the work of a group of internationally distinguished scholars, *Critical Terms for Animal Studies* offers distinct voices and diverse perspectives, exploring significant concepts and asking important questions. What do we mean by anthropocentrism, captivity, empathy, sanctuary, and vulnerability, and what work do these and other critical terms do in Animal Studies? How do we take non-human animals seriously, not simply as metaphors for human endeavors, but as subjects themselves? Sure to become an indispensable reference for the field, *Critical Terms for Animal Studies* not only provides a framework for thinking about animals as subjects of their own experiences, but also serves as a touchstone to help us think differently about our conceptions of what it means to be human, and the impact human activities have on the more than human world. “The subject of animal studies is at a crucial stage, still being mapped out and defining itself, and this volume is very useful, given its conciseness, its all-star cast of contributors, and its breadth in providing a guide to some of the key ideas.” —Colin Jerolmack, New York University

Creative Haven Beautiful Angels Coloring Book Jun 20 2020 From a celestial angel posed against a background of planets and stars to angels representing each of the four seasons, these 31 illustrations will captivate colorists with their originality and stunning details.
