Ecclesiazusae, probably produced in 391 BC, is at once a typically Aristophanic fantasy of gender inversion, obscenity and farce, the earliest surviving work in the western Utopian tradition, and the source of a blueprint for a communist society on which Plato may well have drawn in his Republic. Aristophanes' classic play follows a group of women as they gain control of the Athenian government and attempt to reform society. This satire is as relevant now as it was in Ancient Greece. The women of Athens concoct a daring scheme: penetrate the male-dominated Assembly disguised as men and vote themselves into power, after which they will overturn the old laws and inaugurate a new society where all are equal and where property and sex, too! is shared. This new translation of Aristophanes' last extant play recaptures the spirit, the bawdiness, and the brilliance of this rollicking farce, which is at the same time a profound critique of contemporary Greek customs and manners. The women of Athens gather to sneak into the congress and vote the men out of office. The Congresswomen is bawdy, slapstick, and wildly funny - but it is also pointed. Aristophanes pokes fun at his own Utopian vision, but he is really concerned with the enjoyment of life. He adds to this enjoyment not only by lampooning all of society but also by reminding of the delights of love, food, and peace. - from inside cover. Aristophanes' "Ecclesiazusae", written in the early 4th Century BC, marks a crossroads in his career. Post-dating the Peloponnesian War, it reflects a late change in his writing and a much changed society. This edition includes the complete text. The reality is that little is known of Aristophanes' actual life but eleven of his forty plays survive intact and upon those rest his deserved reputation as the Father of Comedy or, The Prince of Ancient Comedy. Accounts agree that he was born sometime between 456 BC and 446 BC. Many cities claim the honor of his birthplace and the most probable story makes him the son of Philippus of Ginea, and therefore only an adopted citizen of Athens, a distinction which, at times could be cruel, though he was raised and educated in Athens. His plays are said to recreate the life of ancient Athens more realistically than any other author could. Intellectually his powers of ridicule were feared by his influential contemporaries; Plato himself singled out Aristophanes' play *The Clouds* as a slander that contributed to the trial and condemning to death of Socrates and although other satirical playwrights had also caricatured the philosopher his carried the most weight. His now lost play, *The Babylonians*, was denounced by the demagogue Cleon as a slander against the Athenian polis. Aristophanes seems to have taken this criticism to heart and thereafter caricatured Cleon mercilessly in his subsequent plays, especially *The Knights*. His life and playwriting years were undoubtedly long though again accounts as to the year of his death vary quite widely. What can be certain is that his legacy of surviving plays is in effect both a treasured legacy but also in itself the only surviving texts of Ancient Greek comedy. Excerpt from *The Ecclesiazusae* of Aristophanes: Acted at Athens in the Year B. C. 393, the Greek d104 Revised, With a Translation

Into Corresponding Metres, Introduction and Commentary The Ecclesiazusae has come down to us unaccompanied by any didascalia or other evidence of its date, beyond what may be gathered from the play itself and the comments of the Greek Scholiasts thereon. But the information derivable from these sources makes it abundantly clear that the play was exhibited in the spring of the year B.C. 393, in the third year of the 96th Olympiad, when Ebulides was archon. And Praxagora, their leader, delivers a speech of considerable length, in the serious part of which she is doubtless expounding the poet's own views respecting the political condition of Athens. "Then again this Alliance, when we were deliberating about it, they vowed that not to conclude it would be the ruin of the State: but when once it was concluded, they were disgusted with it; and the orator who persuaded them into it had straightway to cut and run." This study shows that the "Ecclesiazusae" is an affirmation of the importance of persuasion in the fourth-century democracy.; Praxagora, the attractive and articulate female protagonist, virtually personifies "peitho," the realm of both political persuasion and erotic seduction. The ability of "peitho" to address both public and private motivations makes it the perfect instrument to resolve the tension in the fourth century between selfishness and civic participation. This is, after all, the central issue in the later episodes of the play. Ecclesiazusae by Aristophanes with Eb Major Scale Atherma A.
