Bangladesh is a lush, green country situated on the fertile Ganges delta, adjacent to the Indian state of West Bengal. Although there are hilly areas in the northeast, this densely populated country is mostly flat, and criss-crossed by many rivers. Much of its coastline forms part of the world's largest mangrove forests, the Sundarbans, home to the Royal Bengal tiger and many other flora and fauna. Bangladesh is young country with an ancient history. The province of Bengal was divided when India became independent in 1947, and its mainly Muslim eastern part became East Pakistan. This was followed by years of upheaval, and in 1971, after a freedom movement and a war, the east Bengali people finally gained independence as the People's Republic of Bangladesh. Most Bangladeshis live in rural areas, and the majority are Muslims. Historically they have lived in harmony with many other faiths. Bengali, or Bangla, is the lingua franca, and there are several regional dialects. Once the hub of the southern Silk Route, the Bengal delta

region has a long and rich cultural tradition. Over the centuries it has been influenced by Hinduism, Jainism, Buddhism, Islam, and Christianity. It is a land of writers, saints, scientists, thinkers, composers, painters, and film-makers. It is famous for its music, dance, and drama; arts and crafts; folklore; languages and literature; philosophy and religion; festivals and celebrations; and its distinctive cuisine and culinary tradition. Bangladesh has been regularly hit by floods and cyclones, but, contrary to what the world usually hears about natural disasters and poverty, there is positive economic growth and the country is one of southeast Asia's largest exporters of garments to Western markets. Despite the hardships they endure the Bangladeshis are resilient, friendly, and hospitable, and welcome all visitors with a warm smile. This book introduces you to the people beyond the headlines, and offers invaluable advice on what to expect and how to behave in different situations, whether you are a tourist or traveling on business. Lisa studied abroad in college, and for their honeymoon Lisa and her husband toured Europe. During her travels to Malta, an older man tried to give her some advice based on his own experience living on the island since he was a young boy. She was not sure if she should talk to the stranger but was interested in his advice. When traveling to some places she was wary to talk to locals because she was afraid that they weren't being genuine. Through her travels, Lisa learned how much locals had to share with tourists. Lisa created the Greater Than a Tourist book series to help connect people with locals. A topic that locals are very passionate about sharing.
