"From the Publisher: Need help learning French? Is grammar a problem? Thousands of students like you have found the solution in the clear, simple text of English Grammar for Students of French. This easy-to-use handbook is specifically designed to teach you the English grammar you need in order to learn French grammar more quickly and efficiently. Look at the features of what you'll find in a typical section: an explanation of a concept as it applies to English; a presentation of the same concept as it applies to French; the similarities and differences between the two languages, stressing common pitfalls for English speakers; step-by-step instructions on how to select the correct form; review exercises with answer key."--Google Books viewed July 29, 2021. Plain English is an essential tool for effective communication. Information transmitted in letters, documents, reports, contracts, and forms is clearer and more understandable when presented in straightforward terms. The Oxford Guide to Plain English provides authoritative guidance on how to write plain English using easy-to-follow guidelines which cover straightforward language, sentence length, active and passive verbs, punctuation, grammar, planning, and good organization. This handy guide will be invaluable to writers of all levels. It provides essential guidelines that will allow readers to develop their writing style, grammar, and punctuation. The book also offers help in understanding official jargon and legalese giving the plain English alternatives. This guide gives hundreds of real examples and shows 'before and after' versions of texts of different kinds which will help readers to look critically at their own writing. Helpfully organized into 21 short chapters, each covering a different aspect of writing. Clearly laid out, and easy to use, the Oxford Guide to Plain English is the best guide to writing clear and helpful documents. The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like

creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions. The Complete Guide to ACT English provides a comprehensive review of all the grammar and rhetoric concepts tested on the ACT English test. A complete chapter is dedicated to each concept, and end-chapter-exercises allow students to transfer their skills to test-style questions. Cumulative reviews are designed to ensure that key material covered early on is not forgotten, and two full-length practice test accompanied by thorough explanations give students the opportunity to assess their progress. As a bonus, this book includes an index of all the English questions in The Official ACT Prep Guide, 2018. The official style guide followed by The Times and The Sunday Times. Uncover the rules, conventions and policies on spelling, grammar and usage followed by the journalists, contributors and editors working on the Times and Sunday Times newspapers. Now updated with all the latest policy decisions. The Connect with English Home Viewers Guides, while not primarily designed for the classroom market, can be used by programs that want an extremely brief, low-level comprehension guide to the entire 48 episode series. There is the added advantage of having an all English or 4 bilingual versions (see above). This book is a self-study guide companion to the first book, My Father(less) Story. The questions inside will stir your fatherless heart and soul. Hopefully, you will better understand yourself as fatherless boys and girls. Read on and fill in the answers. "Former New York Times Book Review editor and linguistic expert O'Conner...updates her bestselling guide to grammar, an invigorating and entertaining dissection of our ever-evolving language." - Publishers Weekly In this new edition of Woe Is I, Patricia T. O'Conner unties the knottiest grammar tangles and displays the same lively humor that has charmed and enlightened grateful readers for years. With new chapters on spelling and punctuation, and fresh insights into the rights, wrongs, and maybes of English grammar and usage, Woe Is I offers down-to-earth explanations and plain-English solutions to the language mysteries that bedevil all of us. The Global English Style Guide illustrates how much you can do to make written texts more suitable for a global audience. Accompanied by an abundance of clearly explained examples, the Global English guidelines show you how to write documentation that is optimized for non-native speakers of English, translators, and even machine-translation software, as well as for native speakers of English. You'll find dozens of guidelines that you won't find in any other source, along with thorough explanations of why each guideline is useful. Author John Kohl also includes revision strategies, as well as caveats that will help you avoid applying guidelines incorrectly. Focusing primarily on sentence-level stylistic issues, problematic grammatical constructions, and terminology issues, this book addresses the following topics: ways to simplify your writing style and make it consistent; ambiguities that most writers and editors are not aware of, and how to eliminate those ambiguities; how to make your sentence structure more explicit so that your sentences are easier for native and non-native speakers to read and understand; punctuation and capitalization guidelines that improve readability and make translation more efficient; and how language technologies such as controlled-authoring software can facilitate the adoption of Global English as a corporate standard. This text is intended for anyone who uses written English to communicate technical information to a global audience. Technical writers, technical editors, science writers, and training instructors are just a few of the professions for which this book is essential reading. Even if producing technical information is not your primary job function, the Global English guidelines can help you communicate more effectively with colleagues around the world. At first glance A Guide to English Literature may seem to be no more than a short bibliography of English literature with perhaps rather more extensive--and certainly more outspoken--comments on the principal editions, commentaries, biographies, and critical works than bibliographies usually provide. But it is something more: this guide contains long "inter-chapters" that provide reinterpretations of the principal periods of English literature in the light of modern research, as well as two final sections summarizing in unusual detail the literary criticism that exists in English and

recent scholarship in the field. The purpose of this book, then, is to provide the reader with convenient access to a disciplined study of the texts themselves. This guide proposes itself as a new kind of literary history. The conventional history of literature has often tended to become a substitute for the reading of the literature it describes: the better the history, the greater the temptation to substitute it. The present combination of reading lists and inter-chapters cannot be a substitute for anything else. Meaningless as literature in themselves, they nevertheless provide the necessary preliminary information to meaningful reading. Since oddities of arrangement derive from these assumptions, the authors are not arranged alphabetically. Instead there are chronological compartments--with the divisions circa 1500, 1650, and 1800--in which authors succeed each other in the order of their births. This pioneering handbook is primarily a bibliographical laborsaving device. It is meant mostly for students and the general reader in that it stops where original research by the reader is expected to begin. However, the last chapter on literary scholarship is devoted specifically to the research specialist and provides indispensable equipment for the reader. There is also a general section on literary criticism which will be of use to all.

F.W. Bateson (1901-1978) was University Lecturer in English Literature at Oxford and a Fellow and Tutor of Corpus Christi College. Founder and editor of the periodical *Essays in Criticism*, he is also editor of the four-volume *Cambridge Bibliography of English Literature* and the author of a number of critical studies of English poetry and drama. First published in 1983, *A Guide to Twentieth Century Literature in English* is a detailed and comprehensive guide containing over 500 entries on individual writers from countries including Africa, Australia, Canada, the Caribbean, India, Ireland, New Zealand, Pakistan, Sri Lanka, and the UK. The book contains substantial articles relating to major novelists, poets, and dramatists of the age, as well as a wealth of information on the work of lesser-known writers and the part they have played in cultural history. It focuses in detail on the character and quality of the literature itself, highlighting what is distinctive in the work of the writers being discussed and providing key biographical and contextual details. *A Guide to Twentieth Century Literature in English* is ideal for those with an interest in the twentieth century literary scene and the history of literature more broadly.

*Write in Style* is aimed at all for whom clarity and accuracy of expression are important skills. All the main styles and grammatical rules are covered, their sense explained and vivid examples given of how not to write. Plenty of sound and meticulous advice is offered in a friendly and enthusiastic tone and a large part of the book covers specific types of writing, from essays and articles to minutes and reportage. The many illustrations, examples and exercises throughout help the reader put into practice the techniques and skills the book explores. "Designed to debunk the myth that the Reading Comprehension section cannot be approached strategically, this book presents material useful for students at a wide range of score levels"--page [4] of cover. It's 1977 and life in Iran is becoming unpredictable. The Shah will be overthrown and events are about to take place on the world stage. But for five-year-old Shappi Khorsandi all this means is that she must flee, leaving behind a mad extended Iran clan and everything she has ever known. Shappi and her beloved brother Peyvand arrive with their parents in London - all cold weather and strange food - without a word of English. If adapting to a new culture isn't troubling enough, it soon becomes clear that the Ayatollah's henchmen are in pursuit. With the help of MI5, Shappi's family go into hiding. So apart from checking under the family car for bombs every morning, Shappi's childhood is like any other kids' - swings in the park, school plays, kiss-chase and terrorists. 'An extraordinary story...really funny and warm' Graham Norton

*A comprehensive introduction to Old English*, combining simple, clear philology with the best literary works to provide a compelling and accessible beginners' guide. Provides a comprehensive introduction to Old English Uses a practical approach suited to the needs of the beginning student Features selections from the greatest works of Old English literature, organized from simple to more challenging texts to keep pace with the reader Includes a discussion of Anglo-Saxon literature, history, and culture, and a bibliography directing readers to useful publications on the subject Updated throughout with new material including the first 25 lines from *Beowulf* with detailed annotation and an explanation of Grimm's and Verner's laws

*The Complete Guide to English Usage for Australian Students* has been a trusted reference book for Australian secondary students for more than 25 years. The fifth edition retains the comprehensiveness and reliability of the previous edition but has been extensively revised to accurately reflect the new Australian Curriculum, including the use of grammatical terms such as a nominalisation, a connective and a noun group. The *Communication through Writing* section has been re-arranged and extended to reflect the Australian Curriculum categories for types of text (imaginative texts,

informative texts, and argumentative or persuasive texts). The Appendix on functional grammar has been retained and is a useful guide to some of the unfamiliar Australian Curriculum terminology, including concepts like modality and cohesion. The Complete Guide has an abridged version called The Shorter Guide. Doing English Language provides a concise, lively and accessible introduction to the field of English Language studies for readers who have little or no prior knowledge of the subject. This book is divided into three main sections covering definitions, models and applications and will address the fundamental questions about studying language. This book is a user-friendly guide to English literature from 1960 to the present. From Philip Larkin, Seamus Heaney to Caryl Churchill, Tom Stoppard and Alan Bennett, the book is essential reading for all readers of contemporary writing. Searchable electronic version of print product with fully hyperlinked cross-references. Highlights the unique character and behavior of the nation. Frank, irreverent, funny--almost guaranteed to cure Xenophobia. Reader's Guide Literature in English provides expert guidance to, and critical analysis of, the vast number of books available within the subject of English literature, from Anglo-Saxon times to the current American, British and Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study. This entertaining and highly readable book gives anyone writing in the sciences a clear and easy-to-follow guide to the English language. English is often regarded as one of the most difficult languages to master. Yet while the English language has a vocabulary of upwards of 500,000 words, it only uses nine parts of speech, and all of these words fall into one (or more) of those nine categories. Scientific English: A Guide for Scientists and Other Professionals, Third Edition contains many simple revelations like this that make effective scientific writing in English easy, even for those whose fluency is in another language. The book is organized around a basic guide to English grammar that is specifically tailored to the needs of scientists, science writers, science educators, and science students. The authors explain the goals of scientific writing, the role of style, and the various kinds of writing in the sciences, then provide a basic guide to the fundamentals of English and address problem areas such as redundancies, abbreviations and acronyms, jargon, and foreign terms. Email, online publishing, blogs, and writing for the Web are covered as well. This book is designed to be an enlightening and entertaining read that can then be retained as a practical scientific writing reference guide. A revised and updated edition of the iconic grammar guide for the 21st century. In this expanded and updated edition of Woe Is I, former editor at The New York Times Book Review Patricia T. O'Conner unties the knottiest grammar tangles with the same insight and humor that have charmed and enlightened readers of previous editions for years. With fresh insights into the rights, wrongs, and maybes of English grammar and usage, O'Conner offers in Woe Is I down-to-earth explanations and plain-English solutions to the language mysteries that bedevil all of us. "Books about English grammar and usage are... never content with the status quo," O'Conner writes. "That's because English is not a stay-put language. It's always changing--expanding here, shrinking there, trying on new things, casting off old ones... Time doesn't stand still and neither does language." In this fourth edition, O'Conner explains how the usage of an array of words has evolved. For example, the once-shunned "they," "them," and "their" for an unknown somebody is now acceptable. And the battle between "who" and "whom" has just about been won, O'Conner says (hint: It wasn't by "whom"). Then there's the use of "taller than me" in simple comparisons, instead of the ramrod-stiff "taller than I." "May" and "might," "use to" and "used to," abbreviations that use periods and those that don't, and the evolving definition of "unique" are all explained here by O'Conner. The result is an engaging, up-to-date and jargon-free guide to every reader's questions about grammar, style, and usage for the 21st century. Attention: The page for this book has moved! The Complete Guide to ACT English, 2nd Edition, can now be purchased at <http://www.amazon.com/Complete-Guide-ACT-English-2nd/dp/1530072808>. Written by a top tutor whose students regularly achieve ACT English scores in the mid-30s, The Complete Guide to ACT English is the only book that offers a comprehensive review of all ACT grammar and rhetoric topics. Includes step-by-step explanations of errors in all their forms; dozens of ACT-style exercises that help you move from understanding rules to applying them in context; and cumulative reviews that allow you to practice a progressively wider range of concepts in a passage. Also includes a complete index of English questions from The Real Guide to the ACT, grouped both by topic and by test. This book, written by a team of experts from many countries, provides a comprehensive account of the ways in which translation has brought the major literatures of the world into English-speaking culture. Part I discusses theoretical issues and gives an overview of the history of translation into English. Part II,

the bulk of the work, arranged by language of origin, offers critical discussions, with bibliographies, of the translation history of specific texts (e.g. the Koran, the Kalevala), authors (e.g. Lucretius, Dostoevsky), genres (e.g. Chinese poetry, twentieth-century Italian prose) and national literatures (e.g. Hungarian, Afrikaans).

**NATIONAL BESTSELLER** • The best-selling author of *The River* returns with a heart-racing thriller about a young man who is hired by an elite fishing lodge in Colorado, where he uncovers a plot of shocking menace amid the natural beauty of sun-drenched streams and forests. "Peter Heller is the poet laureate of the literary thriller." —Michael Koryta, *New York Times* best-selling author of *Those Who Wish Me Dead*

Kingfisher Lodge, nestled in a canyon on a mile and a half of the most pristine river water on the planet, is known by locals as "Billionaire's Mile" and is locked behind a heavy gate. Sandwiched between barbed wire and a meadow with a sign that reads "Don't Get Shot!" the resort boasts boutique fishing at its finest. Safe from viruses that have plagued America for years, Kingfisher offers a respite for wealthy clients. Now it also promises a second chance for Jack, a return to normalcy after a young life filled with loss. When he is assigned to guide a well-known singer, his only job is to rig her line, carry her gear, and steer her to the best trout he can find. But then a human scream pierces the night, and Jack soon realizes that this idyllic fishing lodge may be merely a cover for a far more sinister operation. A novel as gripping as it is lyrical, as frightening as it is moving, *The Guide* is another masterpiece from Peter Heller. Aimed at students in the final year of secondary education or beginning degrees, this immensely readable book provides the ideal introduction to studying English literature. The book will: \* orientate you, by explaining what you are doing when you 'do English' \* equip you for future study, by introducing current ideas literature, context and interpretation \* enable you to bridge the gap between 'traditional' and 'theoretical' approaches to literature, showing why English has had to change and what those changes mean for you. Doing English deals with the exciting new ideas and contentious debates that make up English today, covering a broad range of issues from the history of literary studies and the canon to Shakespeare, politics and the future of English. The second edition has been revised throughout and includes a new chapter on narrative. Robert Eaglestone's refreshingly clear explanations and advice make this volume essential reading for all those planning to 'do English' at advanced or degree level. For almost four decades, Made Simple books have set the standard for continuing education and home study. In answer to the changing needs of today's marketplace, the Made Simple series for the '90s presents a thoroughly up-to-the-minute portfolio of skills, information, and experience, with revised and updated editions of bestselling titles, plus a whole range of new subjects from personal finance to office management to desktop publishing. B & W illustrations throughout
