Now in paperback, a fresh and funny contemporary YA rom-com about teens working as costumed characters in a local amusement park. Elouise (Lou) Parker is determined to have the absolute best, most impossibly epic summer of her life. There are just a few things standing in her way: She's landed a job at Magic Castle Playland . . . as a giant dancing hot dog. Her crush, the dreamy diving pirate Nick, already has a girlfriend, who is literally the princess of the park. But Lou's never liked anyone, guy or otherwise, this much before, and now she wants a chance at her own happily ever after. Her best friend, Seeley, the carousel operator, has always been up for anything, but she's decidedly not on board when it comes to Lou's quest to set her up with the perfect girl or Lou's scheme to get close to Nick. And it turns out that this will be their last summer at Magic Castle Playland--ever--unless she can find a way to stop it from closing. Jennifer Dugan's sparkling debut coming-of-age queer romance stars a princess, a pirate, a hot dog, and a carousel operator who find love--and themselves--in unexpected people and unforgettable places. Creator Pat Brady received the 2004 Reuben Award for Outstanding Cartoonist of the Year from the National Cartoonists Society. He's previously been honored as a nominee for the award seven times, and Rose is Rose has been nominated five times for the

Society's Best Newspaper Comic Strip Award. Rose is Rose has long garnered attention from fans across the country and around the world. When the National Cartoonists Society named Rose creator Pat Brady Outstanding Cartoonist of 2004 it only confirmed what those readers already knew in their hearts: Brady rolls out one of the best strips in the business. Red Carpet Rose is Brady's first book since he received the NCS honors. As the seven previous Rose is Rose books have done before, this one continues the tales of the hilarious Gumbo family: Rose, her husband, Jimbo, and their devilish, delightful, and demanding son, Pasquale. Brady deftly captures the innocent and ageless qualities of wonder and awe at the world's boundless experiences, as seen through the lives of his beloved characters. Whether the Gumbos are sharing a simple family moment in the park, Pasquale is pushing his little-boy limits, or Rose is morphing into her Biker Chic alter ego, this Rose is Rose compilation of daily and Sunday strips delivers all the fun, laughter, and family-loving moments that mark Brady's work. This is cartooning at its best! "A futuristic fantasy in which the fate of the world's energy source is in the hands of a prince and princess who are rivals"-- Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress. To many in the West, the name Cambodia still conjures up indelible images of destruction and death, the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s. Sebastian Strangio, a journalist based in the capital city of Phnom Penh, now offers an eye-opening appraisal of modern-day Cambodia in the years following its emergence from bitter conflict and bloody upheaval. In the early 1990s, Cambodia became the focus of the UN's first great post-Cold War nation-building project, with billions in international aid rolling in to support the fledgling democracy. But since the UN-supervised elections in 1993, the nation has slipped steadily backward into neo-authoritarian rule under Prime Minister Hun Sen. Behind a mirage of democracy, ordinary people have few rights and corruption infuses virtually every facet of everyday life. In this lively and compelling study, the first of its kind, Strangio explores the present state of Cambodian society under Hun Sen's leadership, painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past. NEW YORK TIMES BESTSELLER • "A powerfully imagined novel . . . [a] profoundly moving book that engages the heights and depths of human experience."—Los Angeles Times It is September 8, 1943, and fourteen-year-old Claudette Blum and her father are among the thousands of Jewish refugees scrambling over the Alps toward Italy, where they hope to find safety now that the Italians have broken from Germany and made a separate peace with the Allies. The Blums will soon discover that Italy is anything but peaceful, as it quickly becomes an open battleground for the Nazis, the Allies, Resistance fighters, Jews in hiding, and ordinary Italian civilians trying to survive. Tracing the lives of a handful of fascinating characters—a charismatic Italian Resistance leader, a priest, an Italian rabbi's family, a disillusioned German doctor—Mary Doria Russell tells the little-known story of the vast underground effort by Italian citizens who saved the lives of 43,000 Jews during the final phase of World War II. A Thread of Grace puts a human face on history. Praise for A Thread of Grace "An addictive page-turner . . . [Mary Doria] Russell has an astonishing story to tell—full of action, paced like a rapid-fire thriller, in tense, vivid scenes that move with cinematic verve."—The Washington Post Book World "Hauntingly beautiful, utterly unforgettable."—San Francisco Chronicle "Rich . . . Based on the heroism of ordinary people, [A Thread of Grace] packs an emotional punch."—People "[A] deeply felt and compellingly written book . . . The progress of each character's life is marked or measured by acts of grace. . . . Russell is a smart, passionate and imaginative writer."—Cleveland Plain Dealer "A feat of storytelling . . . an important book [that] needs to be widely read."—Portland Oregonian "Mary Doria Russell's fans (and aren't we all?) will rejoice to see her new novel on the shelves. A Thread of Grace is as ambitious, beautiful, tense, and transforming as any of us could have hoped."—Karen Joy Fowler, author of The Jane Austen Book Club "A story of love and war, A Thread of Grace speaks to the resilience and beauty of the human spirit in the midst of unimaginable horror. It is, unquestionably, a literary triumph."—David Morrell, author of The Brotherhood of the Rose and First Blood From GPO Bookstore's Website: Authors with diverse backgrounds in science, history, anthropology, and more, consider culture in the context of the cosmos. How does our knowledge of cosmic evolution affect terrestrial culture? Conversely, how does our knowledge of cultural evolution affect our thinking about possible cultures in the cosmos? Are life, mind, and culture of fundamental significance to the grand story of the cosmos that has generated its own self-understanding through science, rational reasoning, and mathematics? Book includes bibliographical references and an index. Presents a simple approach to French grammar intended to give the reader a basic command of the language with a minimum of jargon and unnecessary material, with an audio CD, maps, cultural tips, and links to Internet sites. This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these

animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.

Intersections represents a newly emergent approach to the history of architecture that addresses both the relevance of critical theories to an historical understanding of architecture and the development of those theories. "Containing the public messages, speeches, and statements of the President", 1956-1992. Instant New York Times bestseller "Standing up to bullies is my kind of thing." How did Stormy Daniels become the woman willing to take on a president? In this book, Stormy Daniels tells her whole story for the first time: what it's like to be a leading actress and director in the adult film business, the full truth about her journey from a rough childhood in Louisiana onto the national stage, and everything about her interaction with Donald Trump that led to the nondisclosure agreement and the behind-the-scenes attempts to intimidate her. Stormy is funny, sharp, warm, and impassioned by turns. Her story is a thoroughly American one, of a girl who loved reading and horses and who understood from a very young age what she wanted?and who also knew she'd have to get every step of the way there on her own. People can't stop talking about Stormy Daniels. And they won't be able to stop talking about her fresh, surprising, completely candid, nothing-held-back book. EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

India, That Is Bharat, the first book of a comprehensive trilogy, explores the influence of European 'colonial consciousness' (or 'coloniality'), in particular its religious and racial roots, on Bharat as the successor state to the Indic civilisation and the origins of the Indian Constitution. It lays the foundation for its sequels by covering the period between the Age of Discovery, marked by Christopher Columbus' expedition in 1492, and the reshaping of Bharat through a British-made constitution-the Government of India Act of 1919. This includes international developments leading to the founding of the League of Nations by Western powers that tangibly impacted this journey. Further, this work also traces the origins of seemingly universal constructs such as 'toleration', 'secularism' and 'humanism' to Christian political theology. Their subsequent role in subverting the indigenous Indic consciousness through a secularised and universalised Reformation, that is, constitutionalism, is examined. It also puts forth the concept of Middle Eastern coloniality, which preceded its European variant and allies with it in the context of Bharat to advance their shared antipathy towards the Indic worldview. In order to liberate Bharat's distinctive indigeneity, 'decoloniality' is presented as a civilisational imperative in the spheres of nature, religion, culture, history, education, language and, crucially, in the realm of constitutionalism.

As a boy living in the Dinka tribe in what is now South Sudan, the youngest country in the world, Ayik Chut Deng was a member of the Sudanese People's Liberation Army (SPLA). During his time as a child soldier, he witnessed unspeakable violence and was regularly tortured by older boys. At age nineteen, he and his family escaped the conflict in Sudan and resettled in Toowoomba, Australia. But adjusting to his new life in small-town Queensland was more difficult than he anticipated. He was suffering from post-traumatic stress disorder that was misdiagnosed as schizophrenia, leading to years of erratic behaviour on the wrong medication. He struggled with drugs and alcohol, fought with his family and found himself in trouble with the law before he came to the painful realisation that his behaviour was putting his life, as well as the lives of his loved ones, at risk. As an adult now living in Brisbane, Ayik is a father, working as an actor and volunteering at his local youth centre. Overcoming a childhood filled with torture and war was a process of lifelong learning, choices and challenges that included a remarkable chance encounter with a figure from his past, and an appearance on national television. The Lost Boy is an honest and revealing account of the complexities of trauma, and one man's story of how he got to where he is today. In this spectacular New York Times bestselling father/son collaboration that "barrels along like a freight train" (Publishers Weekly), Stephen King and Owen King tell the highest of high-stakes stories: what might happen if women disappeared from the world of men? In a future so real and near it might be now, something happens when women go to sleep: they become shrouded in a cocoon-like gauze. If they are awakened, if the gauze wrapping their bodies is disturbed or violated, the women become feral and spectacularly violent. And while they sleep they go to another place, a better place, where harmony prevails and conflict is rare. One woman, the mysterious "Eve Black," is immune to the blessing or curse of the sleeping disease. Is Eve a medical anomaly to be studied? Or is she a demon who must be slain? Abandoned, left to their increasingly primal urges, the men divide into warring factions, some wanted to kill Eve, some to save her. Others exploit the chaos to wreak their own vengeance on new enemies. All turn to violence in a suddenly all-male world. Set in a small Appalachian town whose primary employer is a woman's prison, Sleeping Beauties is a wildly provocative, gloriously dramatic father-son collaboration that feels particularly urgent and relevant today. Shares strategies for expanding one's awareness of bird communication and maintaining a non-threatening presence in natural environments, explaining the sounds and behaviors that reflect various bird warnings, feelings and messages. 35,000 first printing.
