This volume which completes the internationally acclaimed three-volume commentary on St Matthew's Gospel includes a verse-by-verse and section-by-section commentary in which all linguistic, historical, and theological issues are discussed in detail. A complete index to all three volumes is included. The Pulpit Commentary was first published between 1880 and

1919 and is a highly respected work written by conservative, trustworthy men. Containing over 22,000 pages and 95,000 entries, it is one of the largest and best-selling homiletic commentary sets of all time. It was directed by editors Joseph Exell and Henry Donald Maurice Spence-Jones and utilized more than 100 authors over a 30-year span. When reading this commentary, it is not difficult to see why it has remained a favorite amongst pastors for more than 100 years. There are three key elements which set this apart from its contemporaries, the first being that it gives an exposition, or verse-by-verse, annotation of each verse in the Bible. The second element is that it explores the framework of the text, the homiletics. Finally, it supplies the homilies with multiple model sermons from various authors. Also included is a translation as well as historical and geographical information. The Evangelical Magazine and Missionary Chronicle declared, "This commentary bids fair to take a conspicuous place among the ever-multiplying aids to the study of the Holy Scriptures. It will revive the great work of Lange, and will far exceed the Speaker's Commentary in the bulk and fullness of its material. The peculiarity of the Pulpit Commentary is that it offers special assistance to the preacher: first by giving him a critical and exegetical exposition of the text of Scripture, and then providing him with succinct and helpful directions as to the

preachable aspects of the chapter and paragraph already explained." The print edition of this set typically retails for more than \$1,000 making the current offered price a very good bargain. Due to its size, it has been broken up into nine separate volumes: Volume 1 Genesis to Joshua Volume 2 Judges to 2 Kings Volume 3 1 Chronicles to Job Volume 4 Psalms to Song of Songs Volume 5 Isaiah to Daniel Volume 6 Hosea to Malachi Volume 7 Matthew to John Volume 8 Act to Philippians Volume 9 Colossians to Revelation The footnotes have been placed in line with the text with each footnote number enclosed in red brackets (i.e.: []) and the text in green. The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The volume is divided into two large sections. Part I, which covers Tomes I-V, is dedicated to individual bibliographies organized according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II, which covers Tomes VI-VII, is dedicated to shorter, individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible, and thus the bibliography is not

limited to any specific time period but instead spans the entire history of Kierkegaard studies. End-Years Commentary is not like any other Christian book that has landed on your hands. As the writer puts it, it is strange: Truth is stranger than fiction, so they say. Written in simple, articulate English and never dragging anywhere in this four-hundred-page book, End-Years Commentary will surely pique its readers' curiosity and hold their attention from start to finish as it uses the Old Testament against the books of Matthew and Mark and anagrams to prove that Christ is a fake, a sinner, a robber of Solomon's writings, a braggart, a serpent, a liar, an egocentric trickster who did not honor his mother, a plagiarist, and a more repugnant character that you never thought about. It is

factually shown that, for two thousand years, the Christians have worshipped a false savior. Would you like to know how Jesus and his disciples added words to the Bible, which was long prophesied in the book of Proverbs? Were you taught of the lie that the New Testament is an improvement of the Old Testament and the Law of Moses? Were you taught to believe the plagiarism that is the New Testament is from God? Do you really believe Christ died for our sins? End-Years Commentary has the answers, and it answers more than satisfactorily. Recognized as a masterly commentary when it first appeared, Frederick Dale Bruner's study of Matthew is now available as a greatly revised and expanded two-volume work -- the result of seven years of careful refinement, enrichment, and updating. Through this commentary, crafted especially for teachers, pastors, and Bible students, Bruner aims "to help God's people love what Matthew's Gospel says." Bruner's work is at once broadly historical and deeply theological. It is historical in drawing extensively on great church teachers through the centuries and on the classical Christian creeds and confessions. It is theological in that it unpacks the doctrines in each passage, chapter, and section of the Gospel. Consciously attempting to bridge past and present, Bruner asks both what Matthew's Gospel said to its first hearers and what it says to readers today. As a result,

his commentary is profoundly relevant to contemporary congregations and to those who guide them. Bruner's commentary is replete with lively, verse-by-verse discussion of Matthew's text. While each chapter expounds a specific topic or doctrine, the book's format consists of a vivid, original translation of the text followed by faithful exegesis and critical analysis, a survey of historical commentary on the text, and current applications of the text or theme under study. In this revision Bruner continues to draw on the best in modern scholarship -- including recent work by W. D. Davies and Dale C. Allison Jr., by Ulrich Luz, and by many others -- adding new voices to the reading of Matthew. At the same time he cites the classic commentaries of Chrysostom, Jerome, Augustine, Luther, Calvin, Bengel, and the rest, who, like Bruner himself, were not simply doctrinal teachers but also careful exegetes of Scripture. Such breadth and depth of learning assure that Bruner's Matthew will remain, as a reviewer for Interpretation wrote, "the most dog-eared commentary on the shelf." Volume 1 of Bruner's commentary is called The Christbook because the first twelve chapters of Matthew are focused on the nature and work of Christ. As Bruner proceeds through these chapters, he shows how Matthew presents, step by step, central themes of Christology: Jesus' coming (chapters 1-4), his teaching (5-7), his miracles (8-9), his sermon on mission (10), and

his person (11 12). Throughout the book there are also thoughtful discussions of significant topics such as baptism, marriage, Jewish-Christian relations, and heaven and hell. Eminently readable, rich in biblical insight, and ecumenical in tone, Bruner's two-volume commentary on Matthew now stands among the best in the field. Readers of the New Testament often encounter quotes or allusions to Old Testament stories and prophecies that are unfamiliar or obscure. In order to fully understand the teachings of Jesus and his followers, it is important to understand the large body of Scripture that preceded and informed their thinking. Leading evangelical scholars G. K. Beale and D. A. Carson have brought together a distinguished team to provide readers with a comprehensive commentary on Old Testament quotations, allusions, and echoes that appear from Matthew through Revelation. College and seminary students, pastors, scholars, and interested lay readers will want to add this unique commentary to their reference libraries. Contributors Craig L. In this Verse by Verse Bible Commentary, Steve Waldron explores the straightforward meaning of the Book of Genesis. Topics

that are discussed are: 1) Are the six days in Genesis 1 literal days? 2) Was there a Pre-Adamite World and a satanic flood? 3) Who are the sons of God in Genesis 6? 4) Did fallen angels marry women? 5) Who are the giants mentioned in Genesis 6 (Nephillim)? 6) Were Dinosaurs in the Garden of Eden and the Ark of Noah? 7) How big was the Ark of Noah? 8) What was Cain's Curse? 9) Did serpents really used to walk on two legs? 10) Are there two different creation accounts in Genesis 1 and 2? 11) Did the Israelites really believe there was a dome above the earth with sluices for watering the earth? 12) Was the fruit in the Garden of Eden an apple? 13) Did Adam and Eve have children before they fell? 14) Where did Cain get his wife? 15) Was the earth really created on October 23rd 4004 BC at midnight in the Garden of Eden? These, and many other fascinating questions are all answered in this book. To the unstudied eye, St. Matthew's gospel can seem a terse narrative, almost a historical document and not the tremendously spiritual (and doctrinal) storehouse that it is. In his third volume of meditations on Matthew (chapters 19-25), Erasmo Leiva continues to show Matthew's prose to be not terse so much as economical--astoundingly so given its depth. The lay reader can derive great profit from reading this. Each short meditation comments on a verse or two, pointing to some facet of the text not immediately apparent, but rich

with meaning. Leiva's work is scholarly but eminently approachable by the lay reader. The tone is very much of "taste and see how good the Lord is" and an invitation of "friend, come up higher!." The goal of the book is to help the reader experience the heat of the divine heart and the light of the divine Word. Leiva comments on the Greek text, demonstrating nuances in the text that defy translation. He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God. His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus. The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research. The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars. The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications. The volume is divided into two large sections. Part I, which covers Tomes I-V, is dedicated to individual bibliographies organized according to specific language. This includes extensive bibliographies of works on Kierkegaard in some 41 different languages. Part II, which covers Tomes VI-VII, is dedicated to shorter, individual bibliographies organized according to

specific figures who are in some way relevant for Kierkegaard. The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible, and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies. For over one hundred years, the International Critical Commentary series has held a special place among works on the Bible. It has sought to bring together all the relevant aids to exegesis — linguistic and textual no less than archaeological, historical, literary and theological—with a level of comprehension and quality of scholarship unmatched by any other series. No attempt has been made to secure a uniform theological or critical approach to the biblical text: contributors have been invited for their scholarly distinction, not for their adherence to any one school of thought. The first paperback editions to be published cover the heart of the New Testament, providing a wealth of information and research in accessible and attractive format. Lange's Commentary on the Old and New Testaments, translated, revised, edited and enlarged from the German editions of John Peter Lange and many contributors, and edited by Philip Schaff. Lange's Commentary on the entire Bible has remained one of the most useful and valuable work of its kind. It is conservative in theology and universal in hermeneutics. Delmarva Publications is proud to make it

available in digital format. The original work was completed in 63 volumes, but we have made it available in 9 volumes they are: Volume 1 - Genesis to Ruth Volume 2 -1 Samuel to Esther Volume 3 - Job to Ecclesiastes Volume 4 - Song of Songs to Lamentations Volume 5 - Ezekiel to Malachi Volume 6 - Matthew to John Volume 7 - Acts to 2 Corinthians Volume 8 - Galatians to 2 Timothy Volume 9 -Titus to Revelation

General editor Lloyd J. Ogilvie brings together a team of skilled and exceptional communicators to blend sound scholarship with life-related illustrations. The design for the Preacher's Commentary gives the reader an overall outline of each book of the Bible. Following the introduction, which reveals the author's approach and salient background on the book, each chapter of the commentary provides the Scripture to be expounded. The New King James Bible has been chosen for the Preacher's Commentary because it combines with integrity the beauty of language, underlying Hebrew and Greek textual basis, and thought-flow of the 1611 King James Version, while replacing obsolete verb forms and other archaisms with their everyday contemporary counterparts for greater readability. Reverence for God is preserved in the capitalization of all pronouns referring to the Father, Son, or Holy Spirit. Readers who are more comfortable with another translation can readily find the parallel passage by means of the chapter and verse

reference at the end of each passage being explicated. The paragraphs of exposition combine fresh insights to the Scripture, application, rich illustrative material, and innovative ways of utilizing the vibrant truth for his or her own life and for the challenge of communicating it with vigor and vitality. The detailed and wide-ranging

Penn Commentary on "Piers Plowman" places the allegorical dream-vision of the poem within the literary, historical, social, and intellectual contexts of late medieval England, and within the long history of critical interpretation of the work, assessing past scholarship while offering original materials and insights throughout. The authors' line-by-line, section by section, and passus by passus commentary on all three versions of the poem and on the stages of its multiple revisions reveals new aspects of the poem's meaning while assessing and summarizing a complex and often divisive scholarly tradition. The volumes offer an up-to-date, original, and open-ended guide to a poem whose engagement with its social world is unrivaled in English literature, and whose literary, religious, and intellectual accomplishments are uniquely powerful. The Penn Commentary is designed to be equally useful to readers of the A, B, or C texts of the poem. It is geared to readers eager to have detailed experience of Piers Plowman and other medieval literature, possessing some basic knowledge of Middle English language and literature, and interested in pondering further the particularly difficult relationships to both that this poem possesses. Others, with interest in poetry of all periods, will find the extended and detailed commentary useful precisely because it does not seek to avoid the poem's challenges but seeks instead to provoke thought about its intricacy and poetic

achievements. Covering passages C.15-19 and B.13-17, Volume 4 of the Penn Commentary on "Piers Plowman" creates a complete vade mecum for readers, identifying and translating all Latin quotations, uncovering allusions, providing full cross-reference to other parts of the poem, drawing in relevant scholarship, and unraveling difficult passages. Like the other commentaries in the series, this volume contains an extensive overview and analysis of each passus, and the subdivisions within, large and small, and discusses all differences between the two versions. It pays careful attention to the poem at the literal level as well as to Latin texts that are analogues or even possible sources of Langland's thought and it emphasizes the comedy of the poem, of which these passages offer a number of examples. Davies and Allison are to be thoroughly commended on the fruits of their considerable toil.' Robert K. McIver, Seminary Studies The book of Job is a vivid testimony to pain, a plea for justice, and a wrenching theological debate about suffering and its causes. Central to this

debate are questions about the roles that God and humans play in causing human suffering and whether divine-human relationships can proceed in the midst of overwhelming anguish. Like a riddle, the text grasps readers' minds and emotions, inviting them to participate in Job's story and to work toward their own solution to the dilemmas of both Job and his friends. Overview of Commentary Organization

Introduction—covers issues pertaining to the whole

book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes: Pericope Bibliography—a helpful resource containing the most important works that pertain to each particular pericope. Translation—the author’s own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author’s notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues.

General Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary. Human beings depend more on technology than any other animal--the use of tools and weapons is vital to the survival of our species. What processes of biocultural evolution led to this unique dependence? Steven Kuhn turns to the Middle Paleolithic (Mousterian) and to artifacts associated with Neanderthals, the most recent human predecessors. His study examines the ecological, economic, and strategic factors that shaped the behavior of Mousterian tool makers, revealing how these hominids brought technological knowledge to bear on the basic problems of survival. Kuhn's main database consists of assemblages of stone artifacts from four caves and a series of open-air localities situated on the western coast of the Italian peninsula. Variations in the ways stone tools were produced, maintained, and discarded demonstrate how Mousterian hominids coped with the problems of keeping mobile groups supplied with the artifacts and raw materials they used on a daily basis. Changes through time in lithic technology were closely tied to shifting strategies for hunting and collecting food. Some of the most provocative findings of this study stem from observations about the behavioral flexibility of Mousterian populations and the role of planning in foraging and technology. The long period from the Renaissance to the nineteenth century supplied numerous sources for Kierkegaard's thought in any number of different fields. The present, rather heterogeneous volume covers the long period from the birth of Savonarola in 1452 through the beginning of the nineteenth century and into Kierkegaard's own time. The Danish thinker read authors representing vastly different traditions and time periods. Moreover, he also read a diverse range of genres. His interests concerned not just philosophy, theology and literature but also drama and music. The present volume consists of three tomes that are intended to cover Kierkegaard's sources in these different fields of thought. Tome II is dedicated to the wealth of theological and religious sources from the beginning of the Reformation to Kierkegaard's own day. It examines Kierkegaard's relations to some of the key figures of the Reformation

period, from the Lutheran, Reformed and Catholic traditions. It thus explores Kierkegaard's reception of theologians and spiritual authors of various denominations, most of whom are known to history primarily for their exposition of practical spirituality rather than theological doctrine. Several of the figures investigated here are connected to the Protestant tradition of Pietism that Kierkegaard was familiar with from a very early stage. The main figures in this context include the "forefather" of Pietism Johann Arndt, the Reformed writer Gerhard Tersteegen, and the Danish author Hans Adolph Brorson. With regard to Catholicism, Kierkegaard was familiar with several popular figures of Catholic humanism, Post-Tridentine theology and Baroque spirituality, such as François Fénelon, Ludwig Blosius and Abraham a Sancta Clara. He was also able to find inspiration in highly controversial and original figures of the Renaissance and the early Modern period, such as Girolamo Savonarola or Jacob Böhme, the latter of whom was at the time an en vogue topic among trendsetting philosophers and theologians such as Hegel, Franz von Baader, Schelling and Hans Lassen Martensen.
