"Patric is going to be the Ina Garten of laundry." —Good Day L.A. A MOST ANTICIPATED BOOK by GMA.com, The Washington Post, Working Mother, Good Day L.A., and more! Patric Richardson, aka the "Laundry Evangelist, " reveals his revolutionary methods for cleaning clothes—and making

laundry loads more fun. Doing laundry is rarely anyone's favorite task. But to Patric Richardson, laundry isn't just fun—it's a way of life. After years of running Laundry Camp at the Mall of America for thousands of eager learners, he's ready to share his tips, tricks, and hacks—bringing surprise and delight to this commonly dreaded chore. Sorting your laundry? It's not all about whites and darks. Pondering the wash cycles? Every load, even your delicates, should be washed using express or quick-wash on warm. Facing expensive dry cleaning bills? You'll learn how to wash everything—yes everything—at home. And those basically clean but smelly clothes? Richardson has a secret for freshening those too (hint: it involves vodka, not soap). Changing your relationship with laundry can also change your life. Richardson's handy advice shows us how to save time and money (and the planet!) with our laundry—and he intersperses it all with a healthy dose of humor, real-life laundry stories, and lessons from his Appalachian upbringing and career in fashion. Laundry Love will make you wonder why you ever stressed about ironing, dry cleaning, or (god forbid) red wine spills on your new couch. No matter the issue, Richardson is here to help you make laundry miracles happen—wrinkles and stains be damned. With humor and grace, the memoir of a first-generation Chinese American in New York City *Our Laundry, Our Town* is a memoir that decodes and processes the fractured urban oracle bones of Alvin Eng's upbringing in Flushing, Queens in the 1970s. Back then, his family was one of the few immigrant Chinese families in a far-flung neighborhood in New York City. His parents had an arranged marriage and ran a Chinese Hand Laundry. From behind the counter of his parent's laundry and within the confines of a household that was rooted in a different century and culture, he sought to reconcile this insular home life with the turbulent yet inspiring street life that was all around them—from the faux martial arts of tv's Kung Fu to the burgeoning underworld of the punk rock scene. In the 1970s, NYC, like most of the world, was in the throes of regenerating itself in the wake of major social and cultural changes resulting from the Counterculture and Civil Rights movements. And by the 1980s, Flushing had become NYC's second Chinatown. But Eng remained one of the neighborhood's few Chinese citizens who could not speak fluent Chinese. Finding his way in the downtown theater and performance world of Manhattan, he discovered the under-chronicled Chinese influence on Thornton Wilder's foundational Americana drama, *Our Town*. This discovery became the unlikely catalyst for a psyche-healing pilgrimage to Hong Kong and Guangzhou, China—his ancestral home in southern China—that led to writing and performing his successful autobiographical monologue, *The Last Emperor of Flushing*. Learning to tell his own story on stages around the world was what proudly made him whole. As cities, classrooms, cultures, and communities the world over continue to re-examine the parameters of diversity, equity, and inclusion, *Our Laundry, Our Town* will reverberate with a broad readership. The first novel in Hugo Award-winning author Charles Stross's witty Laundry Files series. Bob Howard is a low-level techie working for a super-secret government agency. While his colleagues are out saving the world, Bob's under a desk restoring lost data. His world was dull and safe - but then he went and got Noticed. Now, Bob is up to his neck in spycraft, parallel universes, dimension-hopping terrorists, monstrous elder gods and the end of the world. Only one thing is certain: it will take more than a full system reboot to sort this mess out . . . For Cheryl Mendelson, laundering is the best part of housekeeping. It's full of physical pleasures—the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocketbook. It doesn't take much time or effort. What it takes is knowledge, and *Laundry* is the comprehensive, entertaining, and inspiring book on the art of laundering. Culled

from the bestselling *Home Comforts*, with revised and updated information and a new introduction, *Laundry* is an indispensable guide to caring for all the cloth in one's home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, *Laundry* celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. *Laundry* combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering. *The Laundry Room* dramatizes a fascinating moment in the history of the founding of Israel as a self-ruling nation. Based on actual events, Lynda Lippmann-Lockhart follows the lives of several young Israelis as they found a kibbutz and run a clandestine ammunition factory, which supplied Israeli troops fighting against Arab forces following the end of British occupation in the late 1940s. Under British rule, it was illegal for Israelis to possess firearms, so it was necessary not only to create and stockpile bullets for the coming war, but to do so in secret. The ingenuity, courage, and sheer audacity displayed by the members of the code-named "Ayalon Institute," as they operated their factory right under the noses of the British military, make for an intriguing tale. Lippmann-Lockhart shows readers what it might have been like to be one of the young pioneers whose work truly impacted the outcome of Israel's fight for independence. The Ayalon Institute remains standing to this day, and the secret hidden under the kibbutz's laundry room was not revealed until the 1970s. It was made a National Historic Site in 1987 and is open to the public every day of the year except Yom Kippur." Henry helps his father set the table and prepare tacos for dinner. Combining archival research in Chinese language sources with oral history interviews, Renqiu Yu examines the Chinese Hand Laundry Alliance (CHLA), an organization that originated in 1933 to help Chinese laundry workers break their isolation in American society. Yu brings to life the men who labored in New York laundries, depicting their meager existence, their struggles against discrimination and exploitation, and their dreams of returning to China. The persistent efforts of the CHLA succeeded in changing the workers' status in American society and improving the image of the Chinese among the American public. Yu is especially concerned with the political activities of the CHLA, which was founded in reaction to proposed New York City legislation that would have put the Chinese laundries out of business. When the conservative Chinese social organization could not help the launderers, they broke with tradition and created their own organization. Not only did the CHLA defeat the legislative requirements that would have closed them down, but their "people's diplomacy" won American support for China during its war with Japan. The CHLA staged a campaign in the 1930s and 40s which took as its slogan, "To Save China, To Save Ourselves." Focusing on this campaign, Yu also examines the complex relationship between the democratically oriented CHLA and the Chinese American left in the 1930s. Henry is a great helper! He can even help with laundry. "Two bored badgers have run out of things to do until their mom suggests they help with the laundry"-- "A bizarre yet effective yoking of the spy and horror genres." —The Washington Post Book World *The Lovecraftian Singularity* has descended upon the world in

The Labyrinth Index, beginning an exciting new story arc in Charles Stross' Hugo Award-winning Laundry Files series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations?
