This textbook has been comprehensively written to acquaint the students with the fundamental concepts of sociology as well as provide an introduction to the diverse field of sociology. Students will be introduced to the origins of sociology as a discipline and would get acquainted with relevant topics such as inequality, institutions, control, change, disorganisation & problems in the society. Topics such as applied sociology and social thought have also been provided to give a complete

overview of the subject. This textbook not only caters as a primary text to the undergraduate students of Sociology but is also a useful reference for postgraduate students and aspirants appearing for various competitive examinations. With reference to India. Second edition of this detailed reference examining the social and political currents of contemporary Australian society. Ordered into three sections - demographic dimensions, social dimensions and politics - the volume utilises data for the national Census and representative national sample surveys. Includes new chapters on Aborigines, health and deviance. Also available in hardback. Indexed. Designed as a companion throughout any AS or A2 course, this volume should help students access, understand and revise for their exams using the textbook by Haralambos and Holborn. Structured around the 15 chapter headings of the fifth edition, each unit contains: at-a-glance specification links for both main boards at AS and A2 levels; relevant sections in the main textbook highlighted and summarised with marginal key points and headings; multiple choice questions to aid knowledge and understanding; a build your skills section with activities to develop evaluation; and exam practice questions and worked answers with examiner input. Contains over 2,500 alphabetically arranged entries providing definitions of terms and ideas related to sociology, along with cross-references, and biographical sketches of key individuals in the field. Exam Board: AQA Level & Subject: AS Sociology First teaching: September 2015 First exams: June 2016 AQA approved The revised edition of this widely acclaimed textbook provides a clear, accessible and comprehensive introduction to modern social theory. As with the first edition, the book is based around the themes of structure and action. After the introductory chapters which examine the nature of theory and its role in the social world, the book then turns to theories of action and the inability of those theories to comprehend social structures in a coherent way. Part 1 covers: Parson's structural-functionalism and the development of

conflict theory and neofunctionalism; rational choice theory; symbolic interactionism; ethnomethodology and structuration theory. Part 2 looks at structuralism, structuralist Marxism, and the development of post-structuralist and postmodernist theory. Part 3 examines Critical Theory and the work of Jurgen Habermas. In conclusion, Ian Craib discusses current trends in theory and what might be expected in the future. This second edition has been revised throughout. There are new chapters on rational choice theory and structuration theory and existing chapters have been extended to deal with the development of neofunctionalism, postmodernism and the recent works of Habermas as well as recent developments in other approaches. Throughout, the aim of the book is to demystify a difficult subject area, emphasising the practical and everyday nature of theoretical thinking in the context of making sense of a rapidly changing world. The late Ian Craib was Lecturer in Sociology at the University of Essex. This revised set of resources for Cambridge International AS and A Level Sociology syllabus (9699) is thoroughly updated for the latest syllabus. Written by a highly experienced author, the Coursebook provides comprehensive support for the syllabus. Accessible language combined with the clear, visually-engaging layout makes this an ideal resource for the course. Discussion of significant sociological research, case studies, explanation of key terms and questions within the text reinforce knowledge. Stimulating activities build interpretation and application as well as analytical and evaluation skills. Revision checklists help in consolidating understanding. The book provides complete exam support with each chapter culminating in exam-style questions and a further chapter dedicated to revision, and examination skills and practice. A Teacher's CD-ROM is also available. This book provides an illuminating introduction to a collection of readings on social theory and provides an overview of the socio-historical context and delineation of key thinkers and texts. It includes a new section exploring social theory at the limits of the social.

This text, specifically for AQA specifications, is designed to be easy and encouraging for students to use. The book contains updated material and activities together with a new chapter on study skills. It also indicates clearly where activities meet the new evidence requirements for key skills. The essential revision guide for A-level Sociology from trusted and best-selling author Ken Browne. Together with Sociology for AQA Revision Guide 1, this indispensable book provides everything you need to revise for the exams, with a clear topic-by-topic layout to recap key theories and central ideas. The revision guide maps perfectly onto Ken Browne, Jonathan Blundell and Pamela Law's Sociology for AQA Volume 2 with each topic cross-referenced to the main textbook so you can revisit any sections you need to. The book includes a guide to exam questions - and how to answer them - with sample worked answers showing how to achieve top marks. All specification options are covered, with exam tips throughout the book. With this revision guide to take you through the exam and Sociology for AQA Volume 2 to develop your sociological imagination, Ken Browne provides the complete resource for success in sociology. Comprehensive coverage of all GCSE specifications. Exam Board: Cambridge Assessment International Education Level & Subject: Cambridge International AS & A Level Sociology First teaching: September 2019 First examination: From 2021 Social life is in a constant process of change, and sociology can never stand still. As a result, sociology today is a theoretically diverse enterprise, covering a huge range of subjects and drawing on a broad array of research methods. Central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies, though our understanding of these concepts necessarily evolves and changes. This clear and jargon-free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so. Going beyond brief, dictionary-style definitions, Anthony Giddens and Philip W. Sutton provide an

extended discussion of each concept which sets it in historical and theoretical context, explores its main meanings in use, introduces relevant criticisms, and points readers to its ongoing development in contemporary research and theorizing. Organized in ten thematic sections, the book offers a portrait of sociology through its essential concepts, ranging from capitalism, identity and deviance to globalization, the environment and intersectionality. It will be essential reading for all those new to sociology as well as anyone seeking a reliable route map for a rapidly changing world. Level: A-level, undergraduate Subject: Sociology Themes and Perspectives is your essential A-level and undergraduate sociology guide. It's fully updated to match the latest sociology teaching, research and developments to support your learning about sociology today. Exam Board: AQA Level & Subject: A level Sociology First teaching: September 2015 First exams: June 2016 AQA approved Exam Board: AQA Level & Subject: AS and A Level Sociology (7191, 7192) First teaching: September 2015 First exams: June 2017 NEW YORK TIMES, USA TODAY, and PUBLISHERS WEEKLY BESTSELLER "Full of valuable insights to guide you."—WILL SMITH "Thoughtful and life-affirming . . . a must-read."—TONY ROBBINS "This book will put you back in charge of your own life."—TOM BRADY A new perspective on the overused and misunderstood concept of "karma" that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn't some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it's possible to become ensnared by your own

unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver's seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru's teachings, you will learn how to live intelligently and joyfully in a challenging world. Ideal as a companion for any course at AS and A2, this bite-sized textbook will help students access, understand and revise for their exams. Now in its eighth edition, this continues to be the indispensable guide to understanding the world we make and the lives we lead. Revised and updated throughout, it remains unrivalled in its vibrant, engaging and authoritative introduction to sociology. The authors provide a commanding overview of recent global developments and new ideas in sociology. Classic debates are also given careful coverage, with even the most complex ideas explained in an engaging way. Written in a fluent, easy-to-follow style, the book manages to be intellectually rigorous but still very accessible. With a strong focus on interactive pedagogy, it aims to engage and excite readers, helping them to see the enduring value of thinking sociologically. The eighth edition includes: a solid foundation in the basics of sociology: its purpose, methodology and theories; up-to-the-minute overviews of key topics in social life, from gender, personal life and poverty, to globalization, the media and politics; stimulating examples of what sociology has to say about key issues in our contemporary world, such as growing inequality, climate change and the rise of terrorism; a strong focus on global sociology and the ways that digital technologies are radically transforming our world; quality pedagogical features, such as Classic Studies and Global Society boxes, and Thinking Critically reflection points, as well as end-of-chapter activities inviting readers to engage with

popular culture and original research articles to gather sociological insights. The eighth edition sets the standard for introductory sociology. Complete with extensive supporting resources at www.politybooks.com/giddens, it is the ideal teaching text for first-year university and college courses, and will help to inspire a new generation of sociologists. Exam Board: AQA Level & Subject: AS / A-level Year 1 Sociology (7191, 7192) First teaching: September 2015 First exams: June 2017

This sixth edition of 'Sociology' has been updated to meet the demands of the new subject core for A level. Comprehensive in its coverage, it includes material on the latest topics of sociological debate. This handbook makes available to students a comprehensive resource reference in the field of sociology and social anthropology. Twelve-year-old Lacey is thrilled to be the first in her family to be admitted to secondary school, even though it means leaving her small Caribbean village and moving into town. Build a solid foundation for students to develop the skills and knowledge they need to progress with the updated edition of Richard Gross's best-selling introduction to Psychology. This 8th edition of Psychology: The Science of Mind and Behaviour is the essential guide to studying Psychology, helping over half a million students during its 30 years of publication. - Easily access psychological theories and research with user-friendly content and useful features including summaries, critical discussion and research updates. - Develop evaluative skills, with new evaluation boxes, encouraging students to put classic and contemporary studies into context. - Consolidate understanding by identifying common misconceptions. - Stay up to date with revised content and the latest psychological research. - Understand the research process with updated contributions from leading Psychologists including Elizabeth Loftus, Alex Haslam and David Canter. Sociology is experiencing what can only be described as hyperdifferentiation of theories - there are now many approaches competing for attention in the intellectual arena . From this perspective, we should see a

weeding out of theories to a small number, but this is not likely to occur because each of the many theoretical perspectives has a resource base of adherents. As a result, theories in sociology do not compete head on with each other as much as they coexist. This seminal reference work was brought together with an eye to capturing the diversity of theoretical activity in sociology - specifically the forefront of theory. Contributors describe what they themselves are doing right now rather than what others have done in the past. The goal of this volume is to allow prominent theorists working in a variety of traditions - who wouldn't usually come together - to review their work. The chapters in this volume represent a mix of theoretical orientations and strategies, but these these theories are diverse and represent the prominent theoretical discussions in sociology today. Some areas included are: Section I: Theoretical Methodologies and Strategies Section II: The Cultural Turn in Sociological Theorizing Section III: Theorizing Interaction Processes Section IV: Theorizing from the Systemic and Macrolevel Section V: New Directions in Evolutionary Theorizing Section VI: Theorizing on Power, Conflict, and Change SectionVII: Theorizing from Assumptions of Rationality This handbook will be of interest to those wanting a broad spectrum and overview of late 20th - early 21st century sociological theory. To provide the complete package for AS and A2 level Sociology (AQA, OCR and Edexcel), the bestselling textbook now comes with a fully photocopiable resource pack for teachers. 1. Sociological Perspectives 2. Social Stratification 3. Sex and Gender 4. Race, Ethnicity and Nationality 5. Poverty and Social Exclusion 6. Health 7. Crime and Deviance 8. Religion 9. Families and Households 10. Power, Politics and the State 11. Work, Unemployment and Leisure 11. Education 12. Culture and Identity 13. Communication and the Media 14. Methodology 15. Sociological Theory Building upon the success of previous editions, this fully revised edition of Sociology lays the foundations for understanding sociology in Australia. The depth and breadth of

the book ensures its value not only for first-year students, but for sociology majors requiring on-going reference to a range of theoretical perspectives and current debates. This fifth Australian edition continues to build on the book's reputation for coverage, clarity and content, drawing upon the work of leading Australian sociologists as well as engaging with global social trends and sociological developments.
