Figure Drawing Atelier Mar 28 2023 "The best way to learn about art is to make it. Discover the secrets of great figure drawing as you sketch along with past and present masters. This working artist's sketchbook guides you from beginning gestures to delicate rendering. It's your art, your tradition, your time. Take your voice and add it to the tradition as if the history of art has saved the best for now."-- Juliette Aristides Figure Drawing Atelier offers a comprehensive, contemporary twist to the very traditional atelier approach to the methods that instruct artists on the techniques they need to successfully draw and ultimately paint the figure. The book offers art instruction, practical and progressive lessons on drawing the figure, and high-quality sketchbook paper in a beautiful package that includes blank pages for sketching and copying. Artists will then have a record of their process, like with a sketchbook, which many artists like to document and save. In this elegant and inspiring workbook, master contemporary artist and author Juliette Aristides breaks down the figure drawing process into small, manageable lessons, presents them progressively, introduces time-tested principles and techniques in the atelier tradition that are easily accessible, and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best way to learn about art. Every artist needs to learn to master figure drawing. Ateliers have produced the greatest artists of all time--and now that educational model is experiencing a renaissance. These studios, a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. Figure Drawing Atelier is like having an atelier in a book--and the master is Juliette Aristides, a classically trained artist and best-selling art-instruction author with almost rock star popularity in the contemporary world of representational art. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the principles of realistic figure drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, this book offers a serious art course for serious art students and beginners alike.

Lessons in Classical Drawing (Enhanced Edition) Apr 28 2023 The practice of drawing...distilled to its essential elements. Embedded with videos, beautifully filmed in Florence, Italy, that provide real-time drawing lessons so that any gaps in the learning process are filled in with live instruction. In this elegant and inspiring primer, master contemporary artist and author Juliette Aristides breaks down the drawing process into small, manageable lessons; introduces time-tested principles and techniques that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings.

Your Year in Art: Watercolor Dec 01 2020 Overcome your creative blocks and fears and start painting with confidence with Your Year in Art: Watercolor! Filled with weekly art challenges, step-by-step watercolor lessons, helpful tips and techniques, and gorgeous artwork, this follow-up to the drawing-focused Your Year in Art is a must-have for any watercolor artist. Written and illustrated by Kristin Van Leuven, owner of the popular online art shop Hello Lovely People and author of Modern Watercolor (Walter Foster Publishing), Your Year in Art: Watercolor seeks to motivate and inspire. The book is divided into weekly art challenges and prompts that cover appealing themes like florals, birds, and portraits, as well as inspirational ideas for painting patterns, holiday decorations, scenery, and so much more. Lessons and prompts are guided but invite personalization so you can build your skills while celebrating your own unique style. If you're a beginning artist, you might feel intimidated

by watercolor, a medium that doesn't allow for many errors. However, Kristin Van Leuven makes watercolor fun and approachable with her easy-to-follow tips and free-flowing, expressive style. With her guidance, you'll learn to embrace imperfection and use the lessons as inspiration, rather than something to imitate exactly. With *Your Year in Art: Watercolor*, develop your own painting style and express yourself using watercolor!

[L'art du faux marbre](#) Jan 14 2022 Ce livre présente les réalisations de Pierre Lefumat dans son domaine d'excellence - l'imitation des marbres. Après avoir expliqué les techniques de base, le livre détaille des réalisations exceptionnelles peintes par l'auteur. Ce livre constitue un témoignage et l'illustration de ce qui se fait de mieux en matière d'imitation des marbres.

Light for the Artist Dec 25 2022 Intermediate and advanced art students receive a broad vocabulary of effects with this in-depth study of light. Diagrams and paintings illustrate applications of principles to figure, still life, and landscape paintings.

[Drawing Atelier - The Figure](#) Jun 18 2022 Arguably the most challenging of subjects for the artist, the human figure also offers opportunities for works of incredible beauty and complexity. In this book, one of today's leading figurative artists shares techniques and approaches for drawing the human form. With a reverent grounding in the methods of the Old Masters and keen perspective developed over Jon DeMartin's 20+ years of making and teaching art, this comprehensive workshop focuses on the power of line and how it can be used to achieve a convincing sense of dimension and life. Beautifully illustrated with classical drawings as well as step-by-step progressions, these lessons explore the enlightening practice of copying, how to use proportion and measurement wisely, drawing the head and its features, rendering the figure in motion, short-pose exercises, and much, much more. Throughout, artists will master techniques for achieving a compelling "living force" in their drawings, while building a base of understanding that will ultimately make the process more intuitive and enjoyable.

Essential Techniques of Landscape Drawing Nov 11 2021 This beginner's guide to drawing in graphite pencil uses step-by-step exercises to teach fundamental methods for rendering all aspects of the natural landscape, with additional lessons on using charcoal, colored pencil, pastel, and other media. Following in the footsteps of author, artist, and art instructor Suzanne Brooker's previous title *The Elements of Landscape Oil Painting*, this book pairs the most universally-pursued topic for artists (drawing) with the popular subject matter of the natural landscape. Brooker breaks down landscapes into their various elements—including the earth, water, air, and trees—to convey how the fundamentals of drawing are applied to capture each aspect. Using the graphite pencil as her baseline instrument, Brooker provides you with step-by-step lessons that help you improve your rendering skills and re-create the beauty of the world outdoors. Examples from art history and contemporary masters supplement these lessons. The end result is a drawing instruction book that provides artists with everything they need to render landscapes no matter their skill level.

Still Life Painting Atelier Sep 02 2023 The equivalent of a foundation course in traditional oil painting for beginning to intermediate level artists, this in-depth book uses the still life as a practical way to master oil techniques. The still life is a practical, forgiving genre as it does not require the likeness of a portrait or the accurate proportions of the figure and, unlike the landscape, it doesn't change with the weather. Instead, it gives aspiring artists ample time to study and the opportunity to look closer. It can be used as a purely formal subject for drawing and painting techniques, or a platform for emotional expression using personal symbolism and imagery. However, though the still life is used throughout as a teaching tool, this is first and foremost a book about oil painting. It begins with simple compositions that build to more complex arrangements. Starting with essential information on how to best set up your studio—including lighting, equipment, materials (paints, solvents, brushes, mediums), and preparing your canvas and paper for oil painting—*Still Life Painting Atelier* then offers concrete lessons in a logical progressive sequence, with step-by-step illustrations, finished paintings, diagrams and tips. Chapters cover: • How to address composition through thumbnail sketches and line drawings • Using underpainting to study the characteristics of light and shade • The basics of color theory and color mixing • How to use a variety of brushes to

create sharp and soft edges • Techniques that are helpful when painting metal and glass • How to apply glazing and scumbling to bring luminosity and texture

The Artist's Complete Guide to Figure Drawing Apr 04 2021 Many of us want to learn “how to draw.” But as artist Anthony Ryder explains, it’s much more important to learn what to draw. In other words, to observe and draw what we actually see, rather than what we think we see. When it comes to drawing the human figure, this means letting go of learned ideas and expectation of what the figure should look like. It means carefully observing the interplay of form and light, shape and line, that combine to create the actual appearance of human form. In *The Artist’s Complete Guide to Figure Drawing*, amateur and experienced artists alike are guided toward this new way of seeing and drawing the figure with a three-step drawing method. The book’s progressive course starts with the block-in, an exercise in seeing and establishing the figure’s shape. It then build to the contour, a refined line drawing that represents the figure’s silhouette. The last step is tonal work on the inside of the contour, when light and shadow are shaped to create the illusion of form. Separate chapters explore topics critical to the method: gesture, which expresses a sense of living energy to the figure; light, which largely determines how we see the model; and form, which conveys the figure’s volume and mass. Examples, step-by-steps, and special “tips” offer helpful hints and practical guidance throughout. Lavishly illustrated with the author’s stunning artwork, *The Artist’s Complete Guide to Figure Drawing* combines solid instruction with thoughtful meditations on the art of drawing, to both instruct and inspire artists of all levels.

William McGregor Paxton, 1869-1941 May 06 2021

Classical Drawing Atelier Oct 03 2023 Ateliers have produced the greatest artists of all time—and now that educational model is experiencing a renaissance. These studios, a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. *Classical Drawing Atelier* is an atelier in a book—and the master is Juliette Aristides, a classically trained artist. The Canadian Backwoods Colouring Book Jul 28 2020 The lush beauty of Canada's wildlife and landscape is brought to life in a colouring book along with excerpts from the country's greatest writers. Featuring 40 gorgeous illustrations paired with excerpts from some of Canada's most beloved poets and writers, *The Canadian Backwoods Colouring Book* will satisfy all your colouring needs throughout the year. Beginning in January, this book will take you through each month and season, exploring the wildlife and landscapes that define Canada.

[The Charles Bague Drawing Course](#) Jan 31 2021 Nearly 200 plates from the master teacher's famous 19th-century drawing course comprise drawings of casts, chiefly from antiquity; lithographs in the style of drawings by Renaissance and modern masters; and male nudes. This affordable volume constitutes an essential guide for professional artists, students, art historians, and collectors.

Guernica Jan 02 2021 Of all the great paintings in the world, Picasso's *Guernica* has had a more direct impact on our consciousness than perhaps any other. In this absorbing and revealing book, Gijs van Hensbergen tells the story of this masterpiece. Starting with its origin in the destruction of the Basque town of Gernika in the Spanish Civil War, the painting is then used as a weapon in the propaganda battle against Fascism. Later it becomes the nucleus of the Museum of Modern Art in New York and the detonator for the Big Bang of Abstract Expressionism in the late 1940s. This tale of passion and politics shows the transformation of this work of art into an icon of many meanings, up to its long contested but eventually triumphant return to Spain in 1981.

Beginning Drawing Atelier May 30 2023 Written by a well-known artist and best-selling art-instruction author with almost rock-star popularity in the contemporary world of representational

art, *Beginning Drawing Atelier*, with its unique workbook/sketchbook approach, and high-quality paper, offers a comprehensive and contemporary twist on traditional Atelier art instruction practices. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best place to learn about art. Every artist needs to learn basic drawing skills. In this elegant and inspiring workbook, master contemporary artist and best selling author Juliette Aristides breaks down the drawing process into small, manageable lessons; presents them progressively; introduces time-tested principles and techniques in the Atelier tradition that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings. What makes this approach unique is the fact that it includes blank pages for copying and practicing within each lesson, facilitating traditional Atelier methods. Ateliers have produced the greatest artists of all time--and now that educational model is experiencing a renaissance. These studios, in a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. *Beginning Drawing Atelier* is like having an atelier in a book--and the master is Juliette Aristides, a classically trained artist. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the principles of realist drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, the approach in this new book offers serious art courses for serious art students.

[The Art of Composition](#) Feb 24 2023

Classical Painting Atelier Nov 04 2023 Want to paint more like Manet and less like Jackson Pollock? Students of art hailed *Classical Drawing Atelier*, Juliette Aristides's first book, as a dynamic return to the atelier educational model. Ateliers, popular in the nineteenth century, teach emerging artists by pairing them with a master artist over a period of years. The educational process begins as students copy masterworks, then gradually progress to painting as their skills develop. The many artists at every level who learned from *Classical Drawing Atelier* have been clamoring for more of this sophisticated approach to teaching and learning. In *Classical Painting Atelier*, Aristides, a leader in the atelier movement, takes students step-by-step through the finest works of Old Masters and today's most respected realist artists to reveal the principles of creating full-color realist still lifes, portraits, and figure paintings. Rich in tradition, yet practical for today's artists, *Classical Painting Atelier* is ideal for serious art students seeking a timeless visual education.

Cours de Dessin Oct 11 2021 The Charles Bargue and Jean-Léon Gérôme drawing course was originally published by Goupil & Cie between 1866-1871 and consisted of 187 individual lithographs meant for copying by students at atelier art schools. Many famous artists copied from these plates as part of their art studies including Picasso, Van Gogh, and John Singer Sargent. This book contains 130 illustrations from parts I and III of the drawing course.

Hanserbooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

[Pastel Painting Atelier](#) Nov 23 2022 A comprehensive guide that explores pastel's relatively unexamined past, reveals her own personal influences and approaches, and guides you toward the discovery and mastery of your own vision. It provides a selection of works by masters such as James

Abbott McNeill Whistler and Eugene Delacroix.

Richard F. Lack Aug 28 2020 RICHARD F. LACK (1928-2009) was one of the most important and distinguished artists of the last half of the twentieth century. Over the span of sixty-three years he completed more than 1,300 paintings, drawings, sketches, studies, etchings, woodcuts, and watercolors. Early in his career he received thirty-four Gold Medals, Best of Show, People's Choice awards, and several scholarships for his atelier (1971-1992); 100 highly trained painters completed Lack's program, many of whom are accomplished artists recognized nationally today.

The Sight-Size Cast Jun 26 2020 Within *The Sight-Size Cast* is everything you ever wanted to know about Sight-Size cast drawing and painting, impressionistic seeing, and the ways in which many of the ateliers that stem from R. H. Ives Gammell and Richard Lack teach their students. You can learn how to see through Sight-Size with Darren Rousar's book, *The Sight-Size Cast*.

Painting the Woods Jul 08 2021 When first-time author and artist Deborah Paris stepped into Lennox Woods, an old-growth southern hardwood forest in northeast Texas, she felt a disruption that was both spatial and temporal. Walking the remnants of an old wagon trail past ancient stands of pine, white oak, elm, hickory, sweetgum, maple, hornbeam, and red oak, she felt drawn into a reverie that took her back to "the beginning, both physically and metaphorically." *Painting the Woods: Nature, Memory and Metaphor* explores the experience of landscape through the lens of art and art-making. It is a place-based meditation on nature, art, memory, and time, grounded in Paris's experiences over the course of a year in Lennox Woods. Her account unfolds through the twin arcs of the changing seasons and her creative process as a landscape painter. In the tradition of Annie Dillard's *Pilgrim at Tinker Creek*, narrative passages interweave with observations about the natural history of Lennox Woods, its flora and fauna, art history, the science of memory, Transcendentalist philosophy, the role of metaphor in creative work, and even loop quantum gravity theory. Each chapter explores a different aspect of the forest and a different step in the art-making process, illuminating our connection to the natural world through language, comprehension of time, and visual depictions of the landscape. The complex layers of the forest and Paris's journey through it emerge as metaphors for the larger themes of the book, just as the natural world underpins the art-making drawn from it. Like the trail that winds through Lennox Woods, memory and time intertwine to provide a path for understanding nature, art, and our relationship to both.

Copying the Master and Stealing His Secrets Oct 30 2020 *Copying the Master and Stealing His Secrets* examines the transmission of painting traditions in Japan from one generation to the next. The contributors emphasize the relationship between inborn abilities and those skills taught in the course of learning how to paint. They focus their discussion on a group of painting masters loosely associated with the prestigious Kano painting atelier, Japan's de facto painting academy throughout the Tokugawa period (1615-1868) and into the early modern era. By delving into why, how, and what these painters transmitted to students through their teaching, readers gain insight into artistic and aesthetic sensibilities active in Japanese painting and a fuller appreciation of extant paintings within their cultural and historical contexts.

The Practice & Science of Drawing Sep 29 2020

[The Scandinavian Home](#) Sep 09 2021 Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Discover classic and contemporary Scandinavian style with specially commissioned photography of homes in Denmark, Norway, Sweden, and Finland. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors. Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter months—not just literally with log burners, but also through incorporating wood and natural materials. Here Niki Brantmark, owner of the interior design blog *My Scandinavian Home*, presents a wide-ranging collection of these beautiful homes and explores how the Scandinavian lifestyle is

reflected in them all. The first chapter, Urban Living, features styles ranging from minimalist to bohemian, and pale palettes to dramatic dark colors. By contrast, the Country Homes tend to have a softer, calmer feel, through color and textiles, in line with a slower pace of life. Finally, the spectacular Rural Retreats include a mountain cabin, beach house, and rustic summer cottage, and demonstrate how having somewhere to escape to is so important to many Scandinavians. This collection of stunning interiors will put Scandi style within every reader's reach.

Traditional Oil Painting Jul 20 2022 "Traditional Oil Painting is that rare sourcebook that comprehensively covers the most advanced techniques and concepts of oil painting"--P. [2] of cover.

Classic Portrait Painting in Oils Sep 21 2022 Discover a simple approach to capturing a world of beautiful skin tones Chris Saper takes the mystery and guesswork out of portrait painting while leaving its joy fully intact. Continuing the exploration started in her first book, *Painting Beautiful Skin Tones with Color & Light*, this sequel offers step-by-step demonstrations that cover an even wider range of ethnic groups and ages. You'll get professional advice on working from life, using reference photos, and combining the two approaches to create realistic likenesses that say something about the way you view an individual's unique beauty and character. Inside you'll find: A series of 14 step-by-step demonstrations of 7 diverse subjects painted from life and from photos that illustrate the advantages of each approach Techniques for seeing and recording accurate colors at live sittings, and retaining that accuracy when working from photographic references Tips on posing and lighting your subjects using both artificial and natural light sources Expert advice for shooting, selecting and working from reference photographs, including how to compose dynamic multiple-subject portraits Techniques for painting eyes, eyeglasses, mouths, wrinkles and other defining details Though the demonstrations and examples are done in oils, Saper's techniques are universal. Regardless of your medium or skill level, the lessons inside will make painting skin colors easier, the process more enjoyable and your great results more predictable.

Pastel Painting Atelier Jun 30 2023 Revel in the luminous and vibrant qualities of pastel with Ellen Eagle's essential course in the history, techniques, and practices of the medium. In this comprehensive yet intimate guide, Eagle explores pastel's rich but relatively unexamined past, reveals her own personal influences and approaches, and guides you toward the discovery and mastery of your own vision. In *Pastel Painting Atelier*, you will find:

- Advice on basic materials: guidance on building, storing, and organizing a collection of pastels; choosing the right paper; and the importance of experimentation
- Studio practice suggestions: ideas for creating your ideal working environment and recipes for making your own pastels and supports
- Study of the working process: lessons on proportion, gesture, composition, color, application, identifying and correcting problems, and recognizing when a work is finished
- Meditation on subject: cues for extrapolating the subtle details, presence, and temporal features of whatever you choose to paint
- Step-by-step demonstrations: Eagle's acute insights into her own works as they progress

A magnificent selection of works by masters such as James Abbott McNeill Whistler, Rosalba Carriera, Mary Cassatt, and Eugene Delacroix augment this guide, as do works by contemporary artists including Harvey Dinnerstein, Elizabeth Mowry, and Daniel Massad. Aimed at serious artists, this guide enlightens, instructs, and inspires readers to create brilliant and sensitive works in the historic medium of pastel.

Lessons in Classical Painting Jan 26 2023 A companion volume to *Lessons in Classical Drawing and an atelier* in book form, *Lessons in Classical Painting* breaks down the foundational skills and techniques of painting in a format that is accessible and manageable for all readers. With the same direct, easy-to-follow approach of Juliette Aristides's previous books, *Lessons in Classical Painting* presents aspiring artists with the fundamental skills and tools needed to master painting in the atelier style. With more than 25 years of experience in ateliers and as an art instructor, Aristides pairs personal examples and insights with theory, assignments and demonstrations for readers, discussions of technical issues, and inspirational quotes. After taking a bird's eye look at painting as a whole, Aristides breaks down painting into big picture topics like grisaille, temperature, and color, demonstrating how these key subjects can be applied by all painters.

The Elements of Landscape Oil Painting Apr 16 2022 A landscape painting guide for oil painters that breaks landscapes down into component elements from nature, and showcases tools and techniques used by classic and modern oil painters for bringing these scenes to life. Landscape painting is one of the most popular subjects for painters working in the medium of oils—from classic masters to contemporary artists. In *The Elements of Landscape Oil Painting*, established Watson-Guption author and noted instructor/painter Suzanne Brooker presents the fundamentals necessary for mastering landscape oil painting, breaking landscapes down into component parts: sky, terrain, trees, and water. Each featured element builds off the previous, with additional lessons on the latest brushes, paints, and other tools used by artists. Key methods like observation, rendering, and color mixing are supported by demonstration paintings and samples from a variety of the best landscape oil painters of all time. With *The Elements of Landscape Oil Painting*, oil painters looking to break into landscape painting or enhance their work will find all the necessary ingredients for success.

Portrait Painting Atelier Aug 01 2023 The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain unsurpassed to this day. The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills, especially in academic art circles. Fortunately for aspiring artists today who wish to learn the methods that allowed the Old Masters to achieve the luminous color and subtle tonalities so characteristic of their work, this knowledge has been preserved in hundreds of small traditional painting ateliers that persevered in the old ways in this country and throughout the world. Coming out of this dedicated movement, *Portrait Painting Atelier* is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools. Of particular value here is a demonstration of the Old Masters' technique of layering paint over a toned-ground surface, a process that builds from the transparent dark areas to the more densely painted lights. This method unifies the entire painting, creating a beautiful glow that illuminates skin tones and softly blends all the color tones. Readers will also find valuable instruction in paint mediums from classic oil-based to alkyd-based, the interactive principles of composition and photograph-based composition, and the anatomy of the human face and the key relationships among its features. Richly illustrated with the work of preeminent masters such as Millet, Géricault, and van Gogh, as well as some of today's leading portrait artists—and featuring seven detailed step-by-step portrait demonstrations—*Portrait Painting Atelier* is the first book in many years to so comprehensively cover the concepts and techniques of traditional portraiture.

Alla Prima Oct 23 2022 *Alla Prima* is a comprehensive guide to direct painting, characterised by bold, expressive brushwork and a painterly, atmospheric surface. It covers the history of the direct methods in both Europe and America. From there, it includes detailed step-by-step lessons and discussions on drawing structure, broken and smooth brushwork, and colour development.

Anselm Kiefer Feb 12 2022 Danièle Cohn, who has worked alongside Anselm Kiefer for many years, explains the central role the artist's studios play in his artistic process. To enter a painter's atelier is a rare privilege and the stuff of dreams, as if access to this intimate place were the key to the very act of creation. Entering an atelier allows us to see, in situ, the creative process in action, in the present; we are admitted into the space and virtually participate in the artistic act by our very presence, rather than simply observing from the outside. In this monograph, Danièle Cohn reveals how Anselm Kiefer's ateliers—and his organization and spatial distribution of them—are essential to his artistic activity as a painter and sculptor. While they serve as production areas and storage spaces, artists' studios are also physical representations of the mind and memory of an artist, where living and working spaces combine. This book takes the reader on an exploration through Kiefer's various ateliers and examines the crucial role they have in the creation of his works. From the attic of a former school or a disused brickyard in Germany, via an atelier in the rural surroundings in the south of France or the urban setting of the Marais in Paris, to his current studio on the outskirts of the French capital, we discover how Anselm Kiefer's work spaces have impacted his art.

[Foundations of Classical Oil Painting](#) May 18 2022 Professional painting instructor Lea Colie Wight

demystifies the formulaic process of oil painting into a simple approach to help you paint confidently and accurately in full color. Develop a core foundational skill set to develop your paintings and discover a signature way of working from life that can be applied to figure painting, portraits, landscapes and still life. Though the focus is on oils, the methods in this book can be applied to all painting mediums including as acrylic, pastel and watercolor. • Informative lessons and simple exercises help to build confidence and lay the foundations for successful oil painting • Learn a straightforward system for painting realistically with a focus on accurate color. • 4 full-length step-by-step demonstrations show how to paint a figure, a portrait, a still life and a landscape

The Academy Aug 21 2022 The Academy is a two-year training program focusing on the methods and information presented in 19th century ateliers and academies. The second year painting program is detailed in this book. The fully illustrated text is organized into 3 sections. The first section provides schedules, course descriptions, supply lists, and assignment guidelines. The second section details concepts of painting, including materials, types of realism, numerous methods of applying paint, and important information on color. The third section is filled with illustrated demonstrations and step-by-step guides walking the student through processes first demonstrated in class. The end of the book follows with a glossary of terms, as well as suggested books, magazines, and artists for students to research. With nearly 500 full color images, 21 demonstrations, and tons of information that ties back to the methods and techniques of the old masters, this book provides a new and unique link to the art schools of the past without the cost or time of attending an atelier or school. This book initially began as an accompaniment to the assignments and lessons in class. From its initial inception, it has grown in content and evolved in format, and now can educate independently from The Academy program. It was, however, written in conjunction with a series of videos that dive into the topics and processes in greater detail. The videos offer nearly 100 hours of footage covering 22 demonstrations, 8 lectures, and instructions for all the assignments taught in class. Together the book and videos form the "Classical Painting Bundle." For more information about the videos, visit www.ReesFineArt.com. Timothy Rees trained and taught at the Palette and Chisel Academy in Chicago, IL before relocating to Scottsdale, AZ. Here he wrote, developed, and launched The Academy training program at Scottsdale Artists' School and Rees Atelier.
