#1 New York Times bestselling author J. D. Robb continues her “sexy and suspenseful” (Publishers Weekly) In Death series in this futuristic thriller in which technology and humanity collide—and a new computer virus has become the latest form of terrorism... Reva Ewing was a former member of the Secret Service, and then a security specialist for Roarke Enterprises—until she was found standing over the dead bodies of her husband, renowned artist Blair Bissel, and her best friend. But Lieutenant Eve Dallas believes there was more to the killing than jealous rage—all of Bissel’s computer files were deliberately corrupted. To Roarke, it’s the computer attack that poses the real threat. He and Reva have been under a code-red government contract to develop a program that would shield against techno-terrorists. But this deadly new breed of hackers isn’t afraid to kill to protect their secret—and it’s up to Lieutenant Eve Dallas to shut them down before the nightmare can spread to the whole country. Eve Dallas deals with a homicide—and the holiday season—in this thrilling In Death novel from #1 New York Times bestselling author J. D. Robb. Personal trainer Trey Ziegler was in peak physical condition. If you didn’t count the kitchen knife in his well-toned chest. Lieutenant Eve Dallas soon discovers a lineup of women who were loved and left by the narcissistic gym rat. While Dallas sorts through the list of Ziegler’s enemies, she’s also dealing with her Christmas shopping list—plus the guest list for her and her billionaire husband’s upcoming holiday bash. Feeling less than festive, Dallas tries to put aside her distaste for the victim and solve the mystery of his death. There are just a few investigating days left before Christmas, and as New Year’s 2061 approaches, this homicide cop is resolved to stop a cold-blooded killer. In this novel in the #1 New York Times bestselling series known for its tantalizing blend of romance, suspense, and futuristic police procedural, New York cop Eve Dallas faces her most ingenious foe: a “secret admirer” who taunts her with letters...and kills without mercy. An unknown bomber is stalking New York City. He is sending Eve Dallas taunting letters promising to wreak mass terror and destruction among the “corrupt masses.” And when his cruel web of deceit and destruction threatens those she cares for most, Eve fights back. It’s her city...it’s her job...and it’s hitting too close to home. Now, in a race against a ticking clock, Eve must make the pieces fit—before the city falls. In this thriller in the #1 New York Times bestselling In Death series, Lieutenant Eve Dallas discovers that deep hatred can seethe within the closest relationships when she hunts down a

man who murdered his own family. Lieutenant Eve Dallas has plenty to be grateful for, especially Roarke's big Irish family, which is a joyful improvement on her own dark childhood. Other couples aren't as lucky. The Reinholds, for example, are lying in their home stabbed and bludgeoned almost beyond recognition. Those who knew them are stunned—and heartbroken by the evidence that they were killed by their own son. Turns out that twenty-six-year-old Jerry is not only capable of brutality but has taking a liking to it. With the money he's stolen from his parents and a long list of grievances, he intends to finally make his mark on the world. Eve and her team already know the who, how, and why of this murder. What they need to pinpoint is where Jerry's going to strike next. Hailed as a classic of speculative fiction, Marge Piercy's landmark novel is a transformative vision of two futures—and what it takes to will one or the other into reality. Harrowing and prescient, *Woman on the Edge of Time* speaks to a new generation on whom these choices weigh more heavily than ever before. Connie Ramos is a Mexican American woman living on the streets of New York. Once ambitious and proud, she has lost her child, her husband, her dignity—and now they want to take her sanity. After being unjustly committed to a mental institution, Connie is contacted by an envoy from the year 2137, who shows her a time of sexual and racial equality, environmental purity, and unprecedented self-actualization. But Connie also bears witness to another potential outcome: a society of grotesque exploitation in which the barrier between person and commodity has finally been eroded. One will become our world. And Connie herself may strike the decisive blow. Praise for *Woman on the Edge of Time* “This is one of those rare novels that leave us different people at the end than we were at the beginning. Whether you are reading Marge Piercy's great work again or for the first time, it will remind you that we are creating the future with every choice we make.”—Gloria Steinem “An ambitious, unusual novel about the possibilities for moral courage in contemporary society.”—The Philadelphia Inquirer “A stunning, even astonishing novel . . . marvelous and compelling.”—Publishers Weekly “Connie Ramos's world is cuttngly real.”—Newsweek “Absorbing and exciting.”—The New York Times Book Review

Assesses the life of nineteenth-century engineer and technological utopian John Aldolphus Etzler against a backdrop of his time and legacy, offering insight into his ideas about why growth, wealth, and social expansion are not necessarily beneficial. Reprint. Police lieutenant Eve Dallas must contend with an admirer who is killing innocent people to prove his devotion. **THE FIRST NOVEL IN J. D. ROBB'S #1 NEW YORK TIMES BESTSELLING IN DEATH SERIES** In the year 2058, technology completely rules the world. But for New York City Detective Eve Dallas, one irresistible impulse still rules the heart: passion... Eve Dallas is a New York police lieutenant hunting for a ruthless killer. In over ten years on the force, she's seen it all—and knows her survival depends on her instincts. And she's going against every warning telling her not to get involved with Roarke, an Irish billionaire—and a suspect in Eve's murder investigation. But passion and seduction have rules of their own, and it's up to Eve to take a chance in the arms of a man she knows nothing about—except the addictive hunger of needing his touch. This “disturbing yet fascinating” exploration of mass mania through the ages explains the biological and psychological roots of irrationality (Kirkus Reviews). From time immemorial, contagious narratives have spread through susceptible groups—with enormous, often disastrous, consequences. Inspired by Charles Mackay's nineteenth-century classic *Memoirs of Extraordinary Popular Delusions and the Madness of Crowds*, neurologist and author William Bernstein examines mass delusion through the lens of current scientific research in *The Delusions of Crowds*. Bernstein tells the stories of dramatic religious and financial mania in western society over the last five hundred years—from the Anabaptist Madness of the 1530s to the dangerous End-Times beliefs that pervade today's polarized America; and from the South Sea Bubble to the Enron scandal and dot com bubbles. Through Bernstein's supple prose, the participants are as colorful as their “desire to improve one's well-

being in this life or the next.” Bernstein’s chronicles reveal the huge cost and alarming implications of mass mania. He observes that if we can absorb the history and biology of this all-too-human phenomenon, we can recognize it more readily in our own time, and avoid its frequently dire impact. Five twists on classic fairy tales from five mesmerizing authors—including “Taken in Death,” a Lieutenant Eve Dallas story from #1 New York Times bestselling author J. D. Robb. Once upon a time, in a world far removed from the days when fairy tales were new, five bestselling authors spin versions that take the classic stories into a new dimension. You’ll recognize Hansel and Gretel, Cinderella, Sleeping Beauty, and other enduring characters, but they’ll exist in realms beyond your imagination, where the familiar is transformed into the extraordinary and otherworldly. Find happily ever after with... MIRROR, MIRROR From #1 New York Times bestselling author J. D. Robb comes a tantalizing novel in the futuristic In Death series, as Detective Eve Dallas searches for a Casanova killer with a deadly appetite for seduction... Dante had been courting his victim in cyberspace for weeks before meeting her in person. A few sips of wine and a few hours later, she was dead. The murder weapon: a rare, usually undetectable date-rape drug with a street value of a quarter million dollars. Detective Eve Dallas is playing and replaying the clues in her mind. The candlelight, the music, the rose petals strewn across the bed—a seduction meant for his benefit, not hers. He hadn’t intended to kill her. But now that he had, he is left with only two choices: to either hole up in fear and guilt. Or start hunting again... ‘Fascinating and compassionate’ Horatio Clare The King of France – thinking he was made of glass – was terrified he might shatter...and he wasn’t alone. After the Emperor met his end at Waterloo, an epidemic of Napoleons piled into France’s asylums. Throughout the nineteenth century, dozens of middle-aged women tried to convince their physicians that they were, in fact, dead. For centuries we’ve dismissed delusions as something for doctors to sort out behind locked doors. But delusions are more than just bizarre quirks – they hold the key to collective anxieties and traumas. In this groundbreaking history, Victoria Shepherd uncovers stories of delusions from medieval times to the present day and implores us to identify reason in apparent madness. Lieutenant Eve Dallas must foil a terrorist plot in this explosive thriller in the #1 New York Times bestselling In Death series. It was just another after-work happy hour at a bar downtown—until the madness descended. And after twelve minutes of chaos and violence, more than eighty people lay dead. Lieutenant Eve Dallas is trying to sort out the inexplicable events. Surviving witnesses talk about seeing things—monsters and swarms of bees. They describe sudden, overwhelming feelings of fear and rage and paranoia. When forensics makes its report, the mass delusions make more sense: it appears the bar patrons were exposed to a cocktail of chemicals and illegal drugs that could drive anyone into temporary insanity—if not kill them outright. But that doesn’t explain who would unleash such horror—or why. Eve’s husband, Roarke, happens to own the bar, but he’s convinced the attack wasn’t directed at him. It’s bigger than that. And if Eve can’t figure it out fast, it could happen again, anytime, anywhere. Because it’s airborne... When her husband discovers evidence of 12 murders while demolishing a former New York shelter for troubled teens, Lieutenant Eve Dallas tracks down the stories of each victim only to realize that they are connected by someone Eve knows. In this thrilling novel in the #1 New York Times bestselling In Death series, Lieutenant Eve Dallas finds herself in the middle of a conspiracy when she investigates the disappearance of a former U.S. Senator. Just as Dennis Mira is about to confront his cousin Edward about selling the West Village brownstone that belonged to their grandfather, he gets a shock: Edward is in front of him, bruised and bloody...and then everything goes black. When Dennis comes to, Edward is gone. Luckily Dennis’s wife is a top profiler for the NYPSD—and a close colleague of Lieutenant Eve Dallas. Now Eve is determined to uncover the secrets of Edward Mira and learn what enemies he may have made in his long career as a lawyer, judge, and senator. A badge and a billionaire husband can get you access to places others can’t go, and Eve intends to shine some light on the dirty deals and dark motives behind the disappearance of a powerful man, the family discord over a multimillion-dollar piece of real estate...and a new case that no one saw coming. "Perhaps because he is such an unlikely Tolstoyan, Viktor Shklovsky's writing on Tolstoy is always absorbing and often brilliant." Russian Review In this crime thriller in the #1 New York Times bestselling series, Lieutenant Eve Dallas tracks a pair of Bonnie and Clyde copycats whose heated passion for each other is fueled by cold brutality. When Eve Dallas examines a fresh body in a seedy alleyway in downtown Manhattan, the victim’s injuries are so extensive that she almost misses the clue. Carved into the skin is the shape of a heart—initials inside reading “E” and “D”... In Arkansas, Ella-Loo and her recently released ex-con boyfriend, Darryl, don’t ever intend to part again. So they hit the road, but then things get a little messy and they wind up killing someone—an experience that stokes a fierce, wild desire in Ella-Loo. A desire for Darryl. And a desire to kill again. As they cross state lines on their way to New York to find the life they think they deserve, they leave a trail of evil behind them. But now they’ve landed in the jurisdiction of Lt. Dallas and her team at the New York Police and Security Department. And, with her husband Roarke at her side, Eve has every intention of hunting them down and giving them what they truly deserve... Winner of the Pulitzer prize in 1974 and the culmination of a life's work, *The Denial of Death* is Ernest Becker's brilliant and impassioned answer to the 'why' of human existence. In bold contrast to the predominant Freudian school of thought, Becker tackles the problem of the vital lie - man's refusal to acknowledge his own mortality. The book argues that human civilisation is a defence against the knowledge that we are mortal beings. Becker states that humans live in both the physical world and a symbolic world of meaning, which is where our 'immortality project' resides. We create in order to become immortal - to become part of something we believe will last forever. In this way we hope to give our lives meaning. In *The Denial of Death*, Becker sheds new light on the nature of humanity and issues a call to life and its living that still resonates decades after it was written. In this thriller in the #1 New York Times bestselling In Death series, Lieutenant Eve Dallas must solve the murder of an actress whose final role was to die for... Lieutenant Eve Dallas is no party girl, but she’s managing to have a reasonably good time at the celebrity-packed bash celebrating *The Icove Agenda*, a film based on one of her famous cases. It’s a little spooky seeing the actress playing her, who looks as though she could be her long-lost twin. Not as unsettling, though, as seeing the actress who plays Peabody—drowned in the lap pool on the roof of the director’s luxury building. Talented but rude and widely disliked, K.T. Harris made an embarrassing scene during dinner. Now she’s at the center of a crime scene—and Eve is more than ready to get out of her high heels and strap on her holster to step into the role she was born to play: cop. When a pair of young lovers, employees of a prestigious accounting firm, are brutally murdered, mid-twenty-first-century lieutenant Eve Dallas finds the case complicated by the suspicious disappearance of a pregnant woman. By

the author of *Memory in Death*. 500,000 first printing. From the winner of the Nobel Prize in Literature and author of the Booker Prize-winning novel *The Remains of the Day* comes this stunning work of soaring imagination. Born in early twentieth-century Shanghai, Banks was orphaned at the age of nine after the separate disappearances of his parents. Now, more than twenty years later, he is a celebrated figure in London society; yet the investigative expertise that has garnered him fame has done little to illuminate the circumstances of his parents' alleged kidnappings. Banks travels to the seething, labyrinthine city of his memory in hopes of solving the mystery of his own painful past, only to find that war is ravaging Shanghai beyond recognition—and that his own recollections are proving as difficult to trust as the people around him. Masterful, suspenseful and psychologically acute, *When We Were Orphans* offers a profound meditation on the shifting quality of memory, and the possibility of avenging one's past. Detective Eve Dallas searches the darkest corners of Manhattan for an elusive killer with a passion for collecting souls in this novel in the #1 New York Times bestselling *In Death* series. On one of the city's hottest nights, New York Police Lieutenant Eve Dallas is sent to Central Park—and into a hellish new investigation. The victim is found on the rocks, just above the still, dark water of the lake. Around her neck is a single red ribbon. Her hands are posed, as if in prayer. But it is the eyes—removed with the precision of a surgeon—that have Dallas most alarmed. As more bodies turn up, each with the same defining scars, Eve is frantic for answers. Against her instincts, she accepts help from a psychic who offers one vision after another—each with shockingly accurate details of the murders. And when partner and friend Peabody is badly injured after escaping an attack, the stakes are raised. Are the eyes a symbol? A twisted religious ritual? A souvenir? With help from her husband, Roarke, Dallas must uncover the killer's motivation before another vision becomes another nightmare... Lieutenant Eve Dallas must immerse herself in her billionaire husband Roarke's world of big business to uncover the identity of a hit man in this thriller in the #1 New York Times bestselling *In Death* series. On Manhattan's East Side a woman lies dead at the bottom of the stairs, stripped of all her valuables. Most cops might call it a mugging gone wrong, but Lieutenant Eve Dallas knows better. A well-off accountant and a beloved wife and mother, Marta Dickenson doesn't seem the type to be on anyone's hit list. But when Eve and her partner, Peabody, find blood inside the building, the lieutenant knows Marta's murder was the work of a killer who's trained, but not professional or smart enough to remove all the evidence. But when someone steals the files out of Marta's office and the killer's violent streak begins to escalate, Eve knows she has to draw him out, even if it means using herself as bait... In this thriller in the #1 New York Times bestselling *In Death* series, it's game over for the criminals who cross Lieutenant Eve Dallas as she investigates the murder of a virtual reality wunderkind. Bart Minnock, founder of the computer gaming giant U-Play, is found in his locked private playground, in a pool of blood, his head separated from his body. Despite his violent end, Eve can't find anyone—girlfriend and business partners included—who seemed to have a problem with the enthusiastic, high-spirited millionaire. Of course gaming, like any business, has its fierce rivalries and dirty tricks—as Eve's husband, Roarke, one of U-Play's competitors, knows well. But Minnock was not naïve, and he knew how to fight back in the real world as well as the virtual one. Eve and her team are about to enter the next level of police work, in a world where fantasy is the ultimate seduction—and the price of defeat is death... 'What would cause someone to want so many people, surely many of them strangers, to slaughter each other?' The scene that greets Lieutenant Eve Dallas one terrible evening in New York is more shocking than she has ever witnessed. The downtown bar is strewn with bodies - office workers who have been sliced, bludgeoned or hacked to death with the nearest weapon available, turning on each other in a desperate blinding rage. As Eve and her husband Roarke - who owns the bar among his many properties - investigate the city, they link the attacks back to the Urban Wars and the chemical warfare used all

those years ago. With another slaughter imminent, Eve must turn to unexpected sources to stop a killer pursuing revenge by creating mass carnage . . . In order to accurately describe and diagnose psychiatric illness, practitioners require in-depth knowledge of the signs and symptoms of behavioral disorders. Descriptive Psychopathology provides a broad review of the psychopathology of psychiatric illness, beyond the limitations of the DSM and ICD criteria. Beginning with a discussion of the background to psychiatric classification, the authors explore the problems and limitations of current diagnostic systems. The following chapters then present the principles of psychiatric examination and diagnosis, described with accompanying patient vignettes and summary tables, and related to different diagnostic concerns. A thought-provoking conclusion proposes a restructuring of psychiatric classification based on the psychopathology literature and its validating data. Written for psychiatry and neurology residents, clinical psychologists, behavioral neurologists, clinical psychology students and psychiatric nurse practitioners, it is invaluable to anyone who accepts the responsibility for the care of patients with behavioral syndromes. A Behavioral Scientist Notable Book of 2021 A Next Big Idea Club Best Nonfiction of 2021 From the New York Times best-selling author and host of Hidden Brain comes a thought-provoking look at the role of self-deception in human flourishing. Self-deception does terrible harm to us, to our communities, and to the planet. But if it is so bad for us, why is it ubiquitous? In Useful Delusions, Shankar Vedantam and Bill Mesler argue that, paradoxically, self-deception can also play a vital role in our success and well-being. The lies we tell ourselves sustain our daily interactions with friends, lovers, and coworkers. They can explain why some people live longer than others, why some couples remain in love and others don't, why some nations hold together while others splinter. Filled with powerful personal stories and drawing on new insights in psychology, neuroscience, and philosophy, Useful Delusions offers a fascinating tour of what it really means to be human. #1 NEW YORK TIMES BESTSELLER (February 2019) Lieutenant Eve Dallas fights to save the innocent—and serve justice to the guilty—on the streets of New York in Connections in Death, the gritty and gripping new In Death novel from #1 New York Times bestselling author J.D. Robb. Homicide cop Eve Dallas and her billionaire husband, Roarke, are building a brand-new school and youth shelter. They know that the hard life can lead kids toward dangerous crossroads—and with this new project, they hope to nudge a few more of them onto the right path. For expert help, they hire child psychologist Dr. Rochelle Pickering—whose own brother pulled himself out of a spiral of addiction and crime with Rochelle's support. Lyle is living with Rochelle while he gets his life together, and he's thrilled to hear about his sister's new job offer. But within hours, triumph is followed by tragedy. Returning from a celebratory dinner with her boyfriend, she finds Lyle dead with a syringe in his lap, and Eve's investigation confirms that this wasn't just another OD. After all his work to get clean, Lyle's been pumped full of poison—and a neighbor with a peephole reports seeing a scruffy, pink-haired girl fleeing the scene. Now Eve and Roarke must venture into the gang territory where Lyle used to run, and the ugly underground world of tattoo parlors and strip joints where everyone has taken a wrong turn somewhere. They both believe in giving people a second chance. Maybe even a third or fourth. But as far as they're concerned, whoever gave the order on Lyle Pickering's murder has run out of chances... #1 New York Times bestselling author J. D. Robb presents an intense and terrifying case for New York homicide cop Eve Dallas: one that will take her all the way to the city that named her—and plunge her into the nightmares of her childhood... When a monster named Isaac McQueen—taken down by Eve back in her uniform days—escapes from Rikers, he has two things in mind. One is to take up where he left off, abducting young victims and leaving them scarred in both mind and body. The other is to get revenge on the woman who stopped him all those years ago. Echoes in Death, the chilling new suspense novel from #1 New York Times bestselling author J.D. Robb is the perfect entry

point into the compelling In Death police procedural series featuring Lieutenant Eve Dallas. As NY Lt. Eve Dallas and her billionaire husband Roarke are driving home, a young woman—dazed, naked, and bloody—suddenly stumbles out in front of their car. Roarke slams on the brakes and Eve springs into action. Daphne Strazza is rushed to the ER, but it's too late for her husband Dr. Anthony Strazza. A brilliant orthopedic surgeon, he now lies dead amid the wreckage of his obsessively organized town house, his three safes opened and emptied. Daphne would be a valuable witness, but in her terror and shock the only description of the perp she can offer is repeatedly calling him "the devil"... While it emerges that Dr. Strazza was cold, controlling, and widely disliked, this is one case where the evidence doesn't point to the spouse. So Eve and her team must get started on the legwork, interviewing everyone from dinner-party guests to professional colleagues to caterers, in a desperate race to answer some crucial questions: What does the devil look like? And where will he show up next? When a cop killer cuts loose in a club called Purgatory, New York Detective Eve Dallas descends into an underground criminal hell in this novel in the #1 New York Times bestselling In Death series. In an uptown strip joint, a cop is found bludgeoned to death. The weapon's a baseball bat. The motive's a mystery. It's a case of serious overkill that pushes Eve Dallas straight into overdrive. Her investigation uncovers a private club that's more than a hot spot. Purgatory's a last chance for atonement where everyone is judged. Where your ultimate fate depends on your most intimate sins. And where one cop's hidden secrets are about to plunge innocent souls into vice-ridden damnation... A new novel in the #1 New York Times bestselling series: Lt. Eve Dallas must separate rumors from reality when a woman who traffics in other people's secrets is silenced. The chic Manhattan nightclub Du Vin is not the kind of place Eve Dallas would usually patronize, and it's not the kind of bar where a lot of blood gets spilled. But that's exactly what happens one cold February evening. The mortally wounded woman is Larinda Mars, a self-described "social information reporter," or as most people would call it, a professional gossip. As it turns out, she was keeping the most shocking stories quiet, for profitable use in her side business as a blackmailer. Setting her sights on rich, prominent marks, she'd find out what they most wanted to keep hidden and then bleed them dry. Now someone's done the same to her, literally—with a knife to the brachial artery. Eve didn't like Larinda Mars. But she likes murder even less. To find justice for this victim, she'll have to plunge into the dirty little secrets of all the people Larinda Mars victimized herself. But along the way, she may be exposed to some information she really didn't want to know... 2018 Christy Award winner! By March of Owen Edmonds's senior year, eleven students at Masonville High School have committed suicide. Amid the media frenzy and chaos, Owen tries to remain levelheaded—until he endures his own near-death experience and wakes to a distressing new reality. The people around him suddenly appear to be shackled and enslaved. Owen frantically seeks a cure for what he thinks are crazed hallucinations, but his delusions become even more sinister. An army of hideous, towering beings, unseen by anyone but Owen, are preying on his girlfriend and classmates, provoking them to self-destruction. Owen eventually arrives at a mind-bending conclusion: he's not imagining the evil—everyone else is blind to its reality. He must warn and rescue those he loves . . . but this proves to be no simple mission. Will he be able to convince anyone to believe him before it's too late? Owen's heart-pounding journey through truth and delusion will force him to reconsider everything he believes. He both longs for and fears the answers to questions that are quickly becoming too dangerous to ignore. In this thriller in the #1 New York Times bestselling phenomenon, Eve Dallas tracks down those who break the law—including the ones sworn to uphold it. Detective Eve Dallas and her partner, Peabody, are following up on a senseless crime—an elderly grocery owner killed by three stoned punks for nothing more than kicks and snacks. This is Peabody's first case as primary detective—good thing she learned from the master. But soon Peabody stumbles upon a trickier situation. After a hard workout,

she's all alone in the locker room when the gym door clatters open, and—while hiding inside a shower stall trying not to make a sound—she overhears two fellow officers arguing. It doesn't take long to realize they're both crooked—guilty not just of corruption but of murder. Now Peabody, Eve, and Eve's husband, Roarke, are trying to get the hard evidence they need to bring down the dirty cops—knowing all the while that the two are willing to kill to keep their secret. Lieutenant Eve Dallas must take down a group of terrorists who use a computer virus to kill in this thriller in the #1 New York Times bestselling *In Death* series. Louie Cogburn had spent three days holed up in his apartment, staring at his computer screen. His pounding headache was unbearable—like spikes drilling into his brain. And it was getting worse. Finally, when someone knocked at his door, Louie picked up a baseball bat, opened the door, and started swinging... The first cop on the scene fired his stunner twice and Louie died instantly. Detective Eve Dallas has taken over the investigation, but there's nothing to explain the man's sudden rage or death. The only clue is a bizarre message left on his computer screen: Absolute Purity Achieved. And when a second man dies under nearly identical circumstances, Dallas starts racking her brain for answers and for courage to face the impossible...that this might be a computer virus able to spread from machine to man... In this novel in the #1 New York Times bestselling *In Death* series, Lieutenant Eve Dallas faces a serial killer who offers his victims eternal youth by taking their life... After a tip from a reporter, Eve Dallas finds the body of a young woman in a Delancey street dumpster. Just hours before, the news station had mysteriously received a portfolio of professional portraits of the woman. The photos seemed to be nothing out of the ordinary for any pretty young woman starting a modeling career. Except that she wasn't a model. And that these photos were taken after she had been murdered. Now Dallas is on the trail of a killer who's a perfectionist and an artist. He carefully observes and records his victim's every move. And he has a mission: to own every beautiful young woman's innocence, to capture her youth and vitality—in one fateful shot... In one of the most striking opening scenes ever written, a bizarre ballooning accident and a chance meeting give birth to an obsession so powerful that an ordinary man is driven to the brink of madness and murder by another's delusions. Ian McEwan brings us an unforgettable story—dark, gripping, and brilliantly crafted—of how life can change in an instant.
