Experience the grandeur of the remote Scottish Highlands and Madrid in this USA TODAY bestselling "beautifully written...magical adventure" (Woman's World) following two women connected across time and distance as they search for the truth of their place in the world. Tiggy D'Aplière spends her days reveling in the raw beauty of the Scottish Highlands, where she works at a deer sanctuary. But when the sanctuary is forced to close, she decides to take a job as a wildlife consultant on the vast estate of the elusive and troubled Charlie Kinnaird. She has no idea that the move will not only irrevocably alter her future, but also bring her face-to-face with her past. At the estate, she meets Chilly, an elderly Romani man who fled

from Spain seventy years earlier. He tells her that not only does she possess a sixth sense passed down from her ancestors, but it was foretold long ago that he would be the one to send her back home. Back in 1912, in the poor Romani community outside the city walls of Granada, Lucía Amaya-Albaycin is born. At the tender age of ten, Lucía is whisked away by her ambitious father to dance in the flamenco bars of Barcelona. And while Lucía perfects her skills—eventually becoming the greatest flamenco dancer of her generation—tensions in Spain boil over into civil war, forcing Lucía and her troupe of dancers to flee for their lives. As they travel in search of a safe haven, Lucía’s long-held dream of going to New York may be in grasp. But to pursue it, she must choose between her love for her career and the man she adores. “A breathtaking adventure brimming with cruelty, tragedy, passion, [and] obsession” (Lancashire Evening Post, UK), *The Moon Sister* follows these two women on their journey to

discover their true destinies—but at the risk of potentially losing the men they had hoped to build futures with. A brave and simple story, written in the alternating voices of its two heroines, this is a touching story of the redemptive power of friendship from an award-winning author. The last thing either Jana (13) or Louise (17) is looking for on this hot and boring summer is a friend of totally the wrong age. But then one day, they abandon their responsibilities and irritating families, and head off in a 'borrowed' car for a day by the lake. Their adventure is simple -- beer, ice-cream, swimming, singing -- but the friendship it forges between them turns out to be profound. When Jana experiences loss, it is only Louise's tender and funny postcards that can haul her out of depression -- right out of her bedroom window and off on another adventure. Shortlisted for the 2018 Waterstones Childrens Book Prize. A dragon with a short temper is not a good combination, as Fergal's family and friends soon

find out. He burns the dinner (literally), reduces the football goal to ashes and absolutely cannot play a nice, quiet board game. It is only when he starts to notice other animals have clever tricks to calm down that Fergal begins to win back his friends, especially when he discovers dragons can cool off in a very handy way. Chronicles from the Holy City With A User's Guide to Neglectful Parenting, the trademark dry humor that pervades Guy Delisle's landmark and praised graphic travelogues takes center stage. Quick, light vignettes play on the worries and cares any young parent might have, and offer wry solutions to the petty frustrations of being a dad who works from home. Readers familiar with Delisle's stranger-in-a-strange-land technique for storytelling (employed in Jerusalem, Pyongyang, Burma Chronicles, and Shenzhen) will recognize the titular parent in this book; Delisle's travelogues were simultaneously portraits of complex places and times, and portraits of a stay-at-home dad's ever-changing relationship with his children while his wife is out working for Doctors Without Borders. The relationship between young child and all-too-irony-aware parent is beautifully done here, and Delisle's loose flowing style has been set free, creating a wonderful sense of motion throughout. A User's Guide to Neglectful

Parenting is an intimate, offbeat look at the joys of parenting. A User's Guide to Neglectful Parenting has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to Drawn & Quarterly since the early days, her translations include acclaimed titles such as the Aya series by Marguerite Aboutet and Clément Oubrerie, Hostage by Guy Delisle, and Beautiful Darkness by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal. "You know how, since the dawn of humanity, great philosophers and poets have dedicated their entire lives to exploring concepts like love, life itself, logic, and sorrow? Well, those great philosophers and poets are dead now, so I win." — Shen Emotions Explained With Buff Dudes is your fully illustrated guide to the hyper-conflicted, tragicomic feelings of our

age. Featuring the resilient, shaggy-haired Shen, this debut collection of Owlurd Comix is a tale of triumph and survival — of getting your ass kicked by sleep deprivation and student loans, but never losing hope. Most of all, it's an amusing, instructive journey through a vast array of emotions, including those best explained with dudes who are buff. School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on

how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal Homicide detective Levi Abrams is barely holding his life together. He's reeling from the fallout of a fatal shooting, and his relationship with his boyfriend is crumbling. The last thing he's prepared for is a serial killer stalking the streets of Las Vegas. Or how he keeps getting thrown into the path of annoyingly charming bounty hunter Dominic

Russo. Dominic likes his life free of complications. That means no tangling with cops--especially prickly, uptight detectives. But when he stumbles across one of the Seven of Spades's horrifying crime scenes, he can't let go, despite Levi's warnings to stay away. The Seven of Spades is ruthless and always two moves ahead. Worst of all, they've taken a dangerously personal interest in Levi and Dominic. Forced to trust each other, the two men race to discover the killer's identity, revealing hidden truths along the way and sparking a bond neither man expected. But that may not be enough to protect them. This killer likes to play games, and the deck is not stacked in Levi and Dominic's favor. Hunting for the bad guys has never been so dangerous . . . My name is Rory Forseti, and I attend the Colorado branch of Mythos Academy, a school of warrior kids, powerful artifacts, and mythological monsters. I'm a student, a fierce Spartan warrior, and a member of Team Midgard, a group of kids and adults tasked with

stopping the evil Reapers of Chaos. There is one Reaper I'm determined to hunt down above all others: Covington, the man who murdered my parents. So when the Midgard gets a tip that Covington is going to try to steal a dangerous artifact, I'm ready to fight. But the situation is far more complicated than it seems, and the Reapers aren't my only enemies. I'll have to use all my Spartan strength and skills to survive this. And even then, it might be my blood that gets spilled . . . Otta grabbed one of the pencil-sized charged breathing sticks and clicked it in place inside her recorder camera helmet. The hydreliox mix would last for the next five hours, even in more than 300 feet. Impatiently, she waited for the water gate to fill with seawater and open up her path outside. Breathing deeply, she checked her instruments while the water kept rising slowly all around her body. As soon as the gate had opened wide enough, Otta turned on her scooter to drag her outside. Her bare hands felt the warmth of the ocean, but the suit kept her from sweating. The reef formed a steep slope in this area, and she glided towards it in a wide right hand bend. The digital depth meter on the inside of her visor indicated 170 feet. Otta's gaze swept across the

chalk-white wall. No sign of life, not even algae or sponges - only the bizarre skeletal shapes of dead corals. She turned around and saw the outline of the underwater laboratory disappear in the distance. Systematically, she searched the reef to her left and the sea in front for any signs of change. Her LFA sonar kept sending deep frequency clicks, but nothing seemed to move around her." But there is something monstrous lurking for her in the deep blue ... Tom has a fractured ankle . . . can he come up with fun stuff to do until the cast comes off? Tom Gates has fractured his ankle and is totally FED UP. That is until he starts to think up fun stuff to do while he's waiting for the cast to come off: making up a secret language with Norman; having his friends over to try out his crutches; sitting by the window spying on his street; and most of all, trying to get his hands on a caramel doughnut from the new bakery in town. In the Michigan of 1996, "seventeen-year-old Joel Teague has a new prescription from his

Dubbed 'Solo' after his favorite Star Wars character, Joel works his way up the not-so-corporate ladder without anyone suspecting What Was Wrong With Him. Peter Handke, a giant of Austrian literature, has produced decades of fiction, poetry, and drama informed by some of the most tumultuous events in modern history. But even as these events shaped his work, the presence of his mother--a woman whose life spanned the Weimar Republic, both world wars, and the postwar consumer economy--loomed even larger. In Storm Still, Handke's most recent work, he returns to the land of his birth, the Austrian province of Carinthia. There on the

Jaunfeld, the plain at the center of Austria's Slovenian settlement, the dead and the living of a family meet and talk. Composed as a series of monologues, *Storm Still* chronicles both the battle of the Slovene minority against Nazism and their love of the land. Presenting a panorama that extends back to the author's bitter roots in the region, *Storm Still* blends penetrating prose and poetic drama to explore Handke's personal history, taking up themes from his earlier books and revisiting some of their characters. In this book, the times of conflict and peace, war and prewar, and even the seasons themselves shift and overlap. And the fate of an orchard comes to stand for the fate of a people. "Numerous pleasures await the reader who delves into the fabric of Peter Handke's prose. . . A subtle writer of unostentatious delicacy, Handke excels at fiction that, as it grows, coils around itself like wisteria. . . This is where the French New Novel might have gone if pushed."--Paul West, Washington

When Linley Sambourne died in 1910, a host of obituaries paid tribute to his long career as a cartoonist and his contribution to late Victorian and Edwardian political satire. For more than forty years he had been a draughtsman for the comic magazine *Punch*,

rising to the position of 'First Cartoonist' in his final decade. To his many friends Sambourne was a natural humorist, a teller of comic tales, a lively and cheerful companion. He was a frequent guest of the rich and successful, but his origins were very different. Sambourne rose in the world through a blend of talent and hard work. He is remembered for his imaginative and stylized cartoons, often reproduced as illustrations to studies of the social and political mores of his time. "This quirky Swedish love story is the antidote to all of those Hallmark movies you've been bingeing." — Elle Canada

For readers of quirky Scandinavian fiction comes this charming and witty debut novel by Emmy Abrahamson—perfect for fans of Jonas Jonasson. Love stinks. Or maybe it just needs a shower . . . Vienna: famous for Mozart, waltzes, and pastry; less famous for Julia, a Swedish transplant who spends her days teaching English to unemployed Austrians and her evenings watching Netflix with her cat or club hopping with a frenemy. An

aspiring novelist, Julia's full of ideas for future bestsellers: A writer moves his family to a deserted hotel in the dead of winter and spirals into madness! A homely governess loves a brooding man whose crazy wife is locked up in the attic! Fine, so they've been done. Doesn't mean Julia won't find something original. Then something original finds Julia—sits down next to her on a bench, as a matter of fact. Ben is handsome (under all that beard) and adventurous (leaps from small bridges in a single bound). He's sexy as hell and planning to shuffle off to Berlin before things can get too serious. Oh, and Ben lives in a public park. Thus begins a truth stranger than any fiction Julia might have imagined: a whirlwind relationship with a guy who shares her warped sense of humor and shakes up the just-okay existence she's been too lazy to change. Ben challenges her to break out; she challenges him to settle down. As weeks turn to months, Julia keeps telling herself that this is a chapter in her life,

not the whole book. If she writes the ending, she can't get hurt. But what if the ending isn't hers to write? After receiving the shock of a lifetime -- seeing his big sister, Delia, without her sunglasses on -- Tom is trying to gear himself up for sports day at school. It does not help that his dad is training for the parents' race on that day - and plans to Jonas, Maria, and Lotta, the rambunctious Nyman children, have a year of exciting adventures and prove themselves to be unpredictable. **YOU DESERVE THIS** - Healthy, balanced and delicious bowl recipes by fitness icon Pamela Reif. A funny, festive picture book about Paddington, the beloved, classic bear from darkest Peru. Even as a young man, Hamid Farsi is acclaimed as a master of the art of calligraphy. But as time goes by, he sees that weaknesses in the Arabic language and its script limit its uses in the modern world. In a secret society, he works out schemes for radical reform, never guessing what risks he is running. His beautiful wife, Noura, is ignorant of the great plans on her husband's mind. She knows only his cold, avaricious side and so it is no wonder she feels flattered by the

attentions of his amusing, lively young apprentice. And so begins a passionate love story of a Muslim woman and a Christian man. From the turn of the twentieth century to the 1950s, a group of transgender people on both sides of the Atlantic created communities that profoundly shaped the history and study of sexuality. By exchanging letters and pictures among themselves they established private networks of affirmation and trust, and by submitting their stories and photographs to medical journals and popular magazines they sought to educate both doctors and the public. *Others of My Kind* draws on archives in Europe and North America to tell the story of this remarkable transatlantic transgender community. This book uncovers threads of connection between Germany, the United States, and the Netherlands to discover the people who influenced the work of authorities like Magnus Hirschfeld, Harry Benjamin, and Alfred Kinsey not only with their clinical presentations, but

also with their personal relationships. It explores the ethical and analytical challenges that come with the study of what was once private, secret, or unacceptable to say. With more than 170 colour and black and white illustrations, including many stunning, previously unpublished photographs, *Others of My Kind* celebrates the faces, lives, and personal networks of those who drove twentieth-century transgender history. In 1819, kidnapped chef Owen Wedgwood transforms meager shipboard supplies into sumptuous meals at the behest of his kidnapper, pirate queen Mad Hannah Mabbot, while she pushes her exhausted crew to track down a deadly privateer.
