Practice Makes Perfect: Basic English is a trusted companion to your English-learning experience. In each bite-sized lesson, author Julie Lachance explains one - and only one - grammar concept and includes many clear examples. The accompanying fun and interesting exercises let you practice, practice, practice what you have learned. Although these

lessons are purposely short so you can complete them in twenty minutes or less, you can go at a pace that works for you. Teachers are obsessed with telling you what to learn. The problem is, nobody teaches you how to learn. This is all about to change. In his new book, How To English, Adam David Broughton shares a revolutionary and powerful system that teaches you exactly how to make incredible progress in all aspects of English. In How To English, you will learn 62 practical techniques to become an independent learner in 31 days, and everything you will ever need to get the level you've always wanted in English and enjoy the process. How to master English fluency How to listen perfectly in English How to stop making mistakes in English How to improve your pronunciation How to expand your vocabulary in English How to have perfect English grammar How to stay motivated, be disciplined and create a habit ...and 55 other amazing techniques. Everyone knows that it's not what you do in class that determines your progress in English, it's what you do when you are not in class. However, English learners often don't know what to do. As a result, at some point, every English learner stops making progress. Then they get frustrated. How To English is the antidote to this frustration. When you learn how to learn English, you never need to worry about what you learn in English. This two-book series was written specifically for English language learners and covers all the basic grammar topics for beginners. Contains clear and concise explanations of the rules and illustrates them with numerous examples. The "Did You Know?" and "Grammar Help" notes add further to the understanding of basic grammar. Special areas of attention include: * parts of speech, verb tenses and irregular verbs * phrases and clauses and sentence structure * direct and indirect speech * punctuation and contractions * the major forms of written communication * the basic rules of editing About the author: After applying the rules of grammar in the business world for over 30 years, Annette Harrison graduated from a TESOL course (Teaching English to Speakers of Other Languages) in 1996. She noticed a lack of easy-to-understand English grammar guides so she started to write her own notes for her students - the early stages of this book. Annette teaches ESL (English as a Second Language) in the community; helps international students gain a higher IELTS score; and she teaches on a TESOL course regularly. She also teaches English grammar in the community - helping businesses with effective communication, primary and high school teachers, and high school students struggling with their writing. "For students at a pre-intermediate level". This two-book series was written specifically for English language learners and covers all the basic grammar topics for beginners. Contains clear and concise explanations of the rules and illustrates them with numerous examples. The "Did You Know?" and "Grammar Help" notes add further to the understanding of basic grammar. - Additional audio recordings of the most difficult sounds to pronounce in English
- All aspects of grammar and basic vocabulary that a first-year student needs to know

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades - no, for centuries - have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar - and you certainly don't have to diagram sentences - in order to speak and write correct English. So rest assured - English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single

sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs - oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you! Downtown is a five-level, integrated skills series designed to give adult learners the comprehensive language skills needed for success in everyday life. With Downtown's traditional grammar sequence and solid coverage of federal, state, and local standards, teaching to the standards has never been easier. "With a time-tested approach that has helped millions of students around the world, Basic English Grammar uses grammar as the springboard to practice speaking, writing, listening, and reading skills. The fifth edition has been extensively revised to keep pace with advances in theory and practice, particularly from cognitive science. Now more than ever, teachers will find an extensive range of presentation, activities, and tasks to meet the specific needs of their classes." -back cover. The text, Basic English Grammar and Usage, is a comprehensive grammar book that examines a number of fundamental issues on English grammar and usage. It begins with the definition and concept of language generally, and then, attempts a historical overview

of the English language as the basis for understanding the nature of the language. In addition, the authors discuss some tenuous aspects of English mechanics; treat English word structure as a basic element of the vocabulary and grammar of the language; probe into the delicate nature of the English homophones, homonyms and concord. Parts of speech are considered crucial to the understanding of the English grammar and so are treated as a separate unit of the book. Again, various aspects of the phrase, clause and sentence structures are elaborately handled, not just for beginners, but also for those at advanced levels of learning. It is hoped that readers will find this book an interesting resource for classic scholarship. This book presents grammar structures in short example sentences accompanied by concise notes on form and use. Blending communicative and interactive approaches with tried-and-true grammar teaching, "Basic English Grammar, " Third Edition, by Betty Schramper Azar and Stacy A. Hagen, offers concise, accurate, level-appropriate grammar information with an abundance of exercises, contexts, and classroom activities.
