*Handbook of Mindfulness Jul 28 2023 This handbook explores mindfulness philosophy and practice as it functions in today's socioeconomic, cultural, and political landscape. Chapters discuss the many ways in which classic concepts and practices of mindfulness clash, converge, and influence modern theories and methods, and vice versa. Experts across many disciplines address the secularization and commercialization of Buddhist concepts, the medicalizing of mindfulness in therapies, and progressive uses of mindfulness in education. The book addresses the rise of the, "mindfulness movement", and the core concerns behind the critiques of the growing popularity of mindfulness. It covers a range of dichotomies, such as traditional versus modern, religious versus secular, and commodification versus critical thought and probes beyond the East/West binary to larger questions of economics, philosophy, ethics, and, ultimately, meaning. Featured topics include: A compilation of Buddhist meditative practices. Selling*

*mindfulness and the marketing of mindful products. A meta-critique of mindfulness critiques - from McM mindfulness Mindfulness-based interventions in clinical psychology and neuroscience. Corporate mindfulness and usage in the workplace. Community-engaged mindfulness and its role in social justice. The Handbook of Mindfulness is a must-have resource for clinical psychologists, complementary and alternative medicine professionals/practitioners, neuroscientists, and educational and business/management leaders and policymakers as well as related mental health, medical, and educational professionals/practitioners.*

*The Imagined Organization Apr 25 2023 This book represents a narrative quest for a symbolic grounding to help leaders in times when stable social structures and institutions dissolve and disappear. Monika Kostera approaches this sense-making process through innovative research methods, collecting stories from participants and exploring plots and outcomes of an imagined meeting between two symbolic worlds: one of the internal and imaginative and the other of the external and corporate.*

*The Smell of Kerosene Sep 06 2021 This book puts the reader in the pilot's seat for a "day at the office" unlike any other. The Smell of Kerosene tells the dramatic story of a NASA research pilot who logged over 11,000 flight hours in more than 125 types of aircraft. Donald Mallick gives the reader fascinating first-hand description of his early naval flight training, carrier operations, and his research flying career with NASA. After transferring to the NASA Flight Research Center, Mallick became involved with projects that further pushed the boundaries of aerospace technology. These included the giant delta-winged XB-70 supersonic airplane, the wingless M2-F1 lifting body vehicle, and triple-sonic YF-12 Blackbird. Mallick also test flew the Lunar Landing Research Vehicle and helped develop techniques used in training astronauts to land on the Moon.*

*Ship of Fools Oct 07 2021 This "dazzling" National Book Award finalist set aboard an ocean liner in 1931 reflects the passions and*

*prejudices that sparked World War II (San Francisco Chronicle). August 1931. An ocean liner bound for Germany sets out from the Mexican port city of Veracruz. The ship's first-class passengers include an idealistic young American painter and her lover; a Spanish dance troupe with a sideline in larceny; an elderly German couple and their fat, seasick bulldog; and a boisterous band of Cuban medical students. As the Vera journeys across the Atlantic, the incidents and intrigues of several dozen passengers and crew members come into razor-sharp focus. The result is a richly drawn portrait of the human condition in all its complexity and a mesmerizing snapshot of a world drifting toward disaster. Written over a span of twenty years and based on the diary Katherine Anne Porter kept during a similar ocean voyage, Ship of Fools was the bestselling novel of 1962 and the inspiration for an Academy Award-winning film starring Vivien Leigh. It is a masterpiece of American literature as captivating today as when it was first published more than a half century ago. This ebook features an illustrated biography of Katherine Anne Porter, including rare photos from the University of Maryland Libraries.*

*In the King's Name Jul 16 2022 Filled with high-seas intrigue and sharp tensions, this nautical novel takes an intense voyage into the heart of Napoleonic-era Africa. The year is 1819 and Captain Adam Bolitho has been sent on an urgent but risky mission to make a fast passage from Plymouth to Freetown, West Africa, with secret orders for the senior officer stationed there. Due to the slave trade being declared illegal, ships in every harbor are waiting to be scrapped and officers have been cut loose without hope of future commands, thus Adam soon finds himself the object of envy and jealousy. In Africa he discovers unexpected allies and faces an enemy far more*

*powerful and ruthless than any he has known before.*

*McMindfulness Nov 20 2022 A lively and razor-sharp critique of mindfulness as it has been enthusiastically co-opted by corporations, public schools, and the US military. Mindfulness is now all the rage. From celebrity endorsements to monks, neuroscientists and meditation coaches rubbing shoulders with CEOs at the World Economic Forum in Davos, it is clear that mindfulness has gone mainstream. Some have even called it a revolution. But what if, instead of changing the world, mindfulness has become a banal form of capitalist spirituality that mindlessly avoids social and political transformation, reinforcing the neoliberal status quo? In *McMindfulness*, Ronald Purser debunks the so-called "mindfulness revolution," exposing how corporations, schools, governments and the military have co-opted it as technique for social control and self-pacification. A lively and razor-sharp critique, Purser busts the myths its salesmen rely on, challenging the narrative that stress is self-imposed and mindfulness is the cure-all. If we are to harness the truly revolutionary potential of mindfulness, we have to cast off its neoliberal shackles, liberating mindfulness for a collective awakening.*

*Edward Everett Jul 24 2020 "Edward Everett's career coincided with the beginning of industrialism, the coming of railroads, and a revolution in water transportation. It also coincided with the beginnings of large-scale immigration, the rapid development of urban centers, and the rise of the anti-slavery movement. These silent forces transformed society and brought about one of the most turbulent political eras in the nation's history. Divisive sectional interests, the rise of the new two-party system, and territorial expansion changed the political arena. Everett entered politics as this new era began. He was already a public man. He shone brightly as editor of the nation's first literary magazine, the North American Review, thrilled throngs with his oratory, and was accepted in the community as an intellectual. He rejected the narrow sectionalism of the New England Federalists and wholeheartedly accepted the political teachings of Edmund Burke." "His strengths on entering office were impressive. He was well informed as to the political developments in Europe, had a command of several foreign languages, rejected orthodox theology, and achieved a broad outlook--and he had a marvelously free-flowing pen. He won the hearts of young people of Boston with his Phi Beta Kappa address, which portrayed a bright and rich cultural future for the nation." "Certain points of view were already deeply ingrained. He was a nationalist, but his nationalism was not of the Fourth of July fervor variety. He dreamt that it was the destiny of the republic to demonstrate a people's representative government that could be successful. He valued the country's British heritage; more particularly its tradition of civil rights, its check and balance system, and British balance in a revolutionary age. Everett possessed three hatreds: he despised racism, he was disgusted with anti-Catholicism, and he had a dread of political demagoguery. He was soon to demonstrate one weakness: while he did not lack courage, he sometimes retreated when the going got rough." "This book examines Everett's responses to the changes going on about him.*

*How did these changes challenge him? Democratic institutions are slow to mature. The nation was entering the modern age. A national economy was emerging that called for a stronger Union--powerful enough to solve the conflict between states' rights and greater centralization. Everett was in the forefront in supporting these changes; however, he was at times demobilized by the unsolved problem of how to free the country of slavery without destroying the Union. This weighed heavily on Everett, and caused him to be unduly cautious. The Civil War emancipated him from his dilemma that, at times, stood in the way of his assuming a stronger leadership role."--BOOK JACKET. *The Shadow of Saganami Aug 25 2020 STUDENTS OF HONOR . . . The Star Kingdom of Manticore is once again at war with the Republic of Haven after a stunning sneak attack. The graduating class from Saganami Island, the Royal Manticoran Navy's academy, are going straight from the classroom to the blazing reality of all-out war. Except for the midshipmen assigned to the heavy cruiser HMS Hexapuma, that is. They're being assigned to the Talbott Cluster, an out of the way backwater, far from the battle front. The most they can look forward to is the capture of the occasional pirate cruiser and the boring duty of supporting the Cluster's peaceful integration with the Star Kingdom at the freely expressed will of eighty percent of the Cluster's citizens. With a captain who may have seen too much of war and a station commander who isn't precisely noted for his brilliant and insightful command style, it isn't exactly what the students of Honor Harrington, the "Salamander," expected. But things aren't as simple  $\frac{3}{4}$  or tranquil  $\frac{3}{4}$  as they appear. The "pirates" they encounter aren't what they seem, and the "peaceful integration" they expected turns into something very different. A powerful alliance of corrupt Solarian League bureaucrats and ruthless interstellar corporations is determined to prevent the Cluster's annexation by the Star Kingdom . . . by any means*

*necessary. Pirates, terrorists, genetic slavers, smuggled weapons, long-standing personal hatreds, and a vicious alliance of corporate greed, bureaucratic arrogance, and a corrupt local star nation with a powerful fleet, are all coming together, and only Hexapuma, her war-weary captain, and Honor Harrington's students stand in the path. They have only one thing to support and guide them: the tradition of Saganami. The tradition that sometimes a Queen's officer's duty is to face impossible odds . . . and die fighting. *By Schism Rent Asunder Jan 30 2021 The sequel to the New York Times best seller Off Armageddon Reef The world has changed. The mercantile kingdom of Charis has prevailed over the alliance designed to exterminate it. Armed with better sailing vessels, better guns and better devices of all sorts, Charis faced the combined navies of the rest of the world at Darcos Sound and Armageddon Reef, and broke them. Despite the implacable hostility of the Church of God Awaiting, Charis still stands, still free, still tolerant, still an island of innovation in a world in which the Church has worked for centuries to keep humanity locked at a medieval level of existence. But the powerful men who run the Church aren't going to take their defeat lying down. Charis may control the world's seas, but it barely has an army worthy of the name. And as King Cayleb knows, far too much of the kingdom's recent good fortune is due to the secret manipulations of the being that calls himself Merlin-a being that, the world must not find out too soon, is more than human. A being on*

*whose shoulders rests the last chance for humanity's freedom. Now, as Charis and its archbishop make the rift with Mother Church explicit, the storm gathers. *Methodical Illusion Oct 27 2020 The glamorous life of an international flight attendant can be anything but, as Vera Hanson discovered the morning one of her crew members was found murdered in a Paris hotel room. That morning began to put into focus some of the experiences of Vera's thirty year airline career, which she had purposely been avoiding. It caused her to look more deeply into the questions surrounding 9/11 that never made sense to a flight attendant, but that no one had seriously investigated. With the help of her pilot friend Jim Bowman, they embark on a cross country journey employing their wisdom, experience and intense research to uncover the mysteries of what really happened to the four airplanes and the people on them that fateful day. Written as a novel, Methodical Illusion has been excruciatingly researched from an insider's perspective, utilizing proprietary knowledge of airplanes, universal FAA protocols, standardized flight crew procedures and all hijacking policies. The results are the never before revealed answers to the daunting questions everyone has had, but few have dared ask aloud for fear of the repercussions that undoubtedly follow. Rebekah Roth is right on target with her mind blowing research which is guaranteed to open your eyes.*

*It's in the Bible!! Mar 12 2022 My Bible illustrations are intended to evoke curiosity in the Word. The texture and context of the written Word is rich, often mysterious, simple and complex. I have tried to illustrate these truths in my drawings. I want to entice you to*

*explore the Holy scripture that surrounds the illustrated scenes. I hope that you will want to know more about the particular situation illustrated and, sometimes more importantly, what preceded it and what the consequences are. Why did God write these particular words? Why did God choose these people to be in these situations? Why did God use angels to express His will? Why did God use animals to express His will? Why did God use people to express His will? I don't know. For me, visualizing a particular Bible scene helps define and interpret the intended message. Curiosity got the better of me so I put my imaginings to paper. I am happy with the results. I sincerely hope you enjoy these illustrations and that they are evocative enough to pursue the larger context of their meanings.*

*In Code Mar 24 2023 Originally published in England and cowritten with her father, "In Code" is "a wonderfully moving story about the thrill of the mathematical chase" ("Nature") and "a paeon to intellectual adventure" ("Times Educational Supplement"). A memoir in mathematics, it is all about how a girl next door became an award-winning mathematician. photo insert.*
