ESL Conversation Dialogues Scripts 1-10 Volume 1: English
Phrasal Verbs Aug 03 2021 The ebook - ESL Conversation
Dialogues Scripts 1-10. For Tutors Teaching Mature Upper
Intermediate to Advanced ESL Students in Private English
Language Lessons. Volume 1: English Phrasal Verbs I - has been
developed to fulfill a demand in the ESL industry for more realistic
style conversations for use in private tuition, as well as pair
group work in the adult classroom. This volume includes the following
dialogues: Dialogue 01: A Visit to the Hospital Dialogue 02: Vacations
Holidays and Business Dialogue 03: Backpackers and Homestay
Hostels Dialogue 04: Buying a House Dialogue 05: Buying a Car
Dialogue 06: Getting a Savings Account at the Bank Dialogue 07: Life
After High School Dialogue 08: Touring Dialogue 09: Kitchen
Party Dialogue 10: Markets and More These have been
reformatted for use on a variety of platforms, so that users can
practice reading the dialogues out loud, and discuss the language
used with their tutor or with each other. These eBooks just
contain dialogues. It is up to the tutor or teacher to create their
own lessons around these conversation dialogues. As a private
conversation and pronunciation tutor for over 16 years, I've
always found dialogues to be useful in vocabulary acquisition,
pronunciation practice, confidence building, and more besides.
Students regularly comment on how useful the dialogues are and
always request more, which is why there are now 10 volumes in
the series with more on the way. Volume 1 contains general
dialogues with a number of common phrasal verbs thrown in to
challenge the student. While upper intermediate level and above
is recommended, these dialogues can also be used to challenge

upper beginners into improving their reading and pronunciation skills. Approximately 4000 words

Advanced English Discussion Topics 08 2022 The lessons that follow can be adapted to run from 30 to 90 minutes. They often start with about 5-10 minutes of free talking. This can be about how the students are, what they have been doing or plan to do, as well as contributions from the teacher. The structure of the lessons is modular, with clear and obvious steps to take. Everything is done with the teacher's preparation work. Depending on the student's ability, topics might need a quick worksheet or short classroom activity at the start of the lesson, and you will need to set aside time to devise this. The purpose of each lesson is for students to gain confidence and increase their vocabulary by talking about different topics. If they are unsure about what to do, this means that introductory work is needed first. I have taught classes of anything up to twenty students using these materials. They are easy to adapt depending on your classroom size and level. For example, with a large class you can encourage smaller groups to discuss topics together and then ask students to share their ideas with the whole class. Be aware of students' sensitivities. Some students may be a little nervous about expressing their opinions and emotions in front of the class. However, over time, they will come to realize that everyone else feels the same and their confidence will improve.

Compelling Conversations 06 2021 This English as a Foreign Language (EFL) textbook includes thematic chapters to create quality conversations and uses conversation starter questions, interview questions, classic quotations, paraphrasing exercises, and traditional proverbs to create hours of English conversation.

Varieties of Questions in English Conversations Feb 26 2021 This

book examines relations which hold between morphosyntactic form and communicative function in discourse by examining function correlations of noninterrogative questions in ordinary English conversation. So-called nontypical declarative and nonclausal questions are identified functionally. The role morphosyntax plays in the production and interpretation of these forms as doing questioning is then considered. Speakers are shown to use specific patterns of morphosyntactic marking which enable recipients to interpret noninterrogatives as functional questions. Explanations for morphosyntactic patterns found in the data are stated in terms of discourse use.

Mastering the American Accent with Online Audio Oct 15 2020

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product.

Mastering the American Accent is an easy-to-follow approach to reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

The Black Book of Speaking Fluent English: The Quickest Way to Improve Your Spoken English May 20 2020 In the world we are living in, English has become the common language that people from different countries and cultures can use to communicate with one another. There are many reasons why people would want to learn English, but for a lot of them; it is work-related. Most large companies around the world require their employees to speak English. In some cases, these companies are requiring their workers to only use English at the workplace. English has also been referred to as "the language of business." If you have ambitions to become an international businessman or to work at some bigger companies, it's almost essential that you're able to speak English fluently. From The Intermediate Level to The Advanced Level From my years of teaching, I am confident to say that it is easy for an English learner to go

beginner English level to an intermediate English level. However, it takes more time to go from an Intermediate level to an advanced English level. A lot of students have studied English for years but still aren't able to speak English on an advanced level. They have tried many methods, attending classes, learning to pronounce every single word and even getting a private English tutor to improve their spoken English, yet they still have a hard time pronouncing English words correctly or feeling too nervous to speak.

The Best Proven Way to Learn and Speak English is in this book, Christopher Hill, "THE INTERNATIONAL ESL PROFESSOR " (with 20+ years of experience) will show you powerful unique ways to rapidly improve your spoken English. With topics you already have interest in, you will find out how easy and effortless to learn and speak fluent English. This effective method is simple, yet powerful. You will be able to learn and improve your spoken English 3 to 5 times faster compared to the traditional way of learning.

Inside This Black Book, You will Discover:

- The 3 Golden Rules of Speaking Fluent English
- Power of Immersion
- The Process of Shadowing
- How Intensive Listening works
- The Best Accent Reduction Techniques

Fearless Fluency Apr 23 2023 Do you speak English confidently? Or are you paralysed by fear? It's hard enough to learn English. But when you're not confident? It's even harder. This book will take you through the confident English speaker mindset and will show you how to speak with confidence (and every time) you speak English. I was never confident... I was younger I was shy and not confident in front of people, this held me back and made improving my second language difficult. I never took the opportunities I had to really use my Japanese because I was afraid. Fearless Fluency will show you how to speak English confidently and fluently. Yes, I've been there. And this is why I know you CAN overcome your fear of speaking English if you want to. If you want to speak English confidently and be more confident in your everyday life, it's likely you're going to need to make changes to the way that you think and behave. But pay attention, apply the lessons I share, and your confidence will grow. Here's just some of what you'll learn: why some people succeed in English, and others fail (make your own mind succeed). what confidence REALLY is (hint: it's probably not what you think, and this is making it hard for you to overcome your fear). A lesson from the film Jurassic World that could help you speak confident English (and be happier in life in general). How to stand out as confident in English, and gain the respect of everyone around you. The "Three Fears" of speaking English as a second language (and how to overcome them easily, by yourself). The evolutionary reason you feel nervous and afraid when you have to speak English (and the shocking truth about human beings... but just knowing this is enough to break the bad habits). How the most famous, successful people in the world became confident.

successful... and how you can (and should) copy what they do with your English. The true meaning of "failure" that you won't find in any dictionary. The unconventional secret to doing a job interview confidently in English. How to eliminate embarrassment from your life quickly and easily. A lesson from one of the world's most successful beer brands that you can (and should) apply to everything you do. One simple habit that has nothing to do with speaking English... BUT can help you to be much more confident in English. WHO is Julian? Julian Northbrook is an unconventional punk of the business English learning world and a leading expert in English education and direct response marketing, he's fully equipped to drag you kicking and screaming from English-mediocrity to speaking at an outstanding level. After being turned down for his dream job in the art industry, Julian suffered three long years as a crap Japanese speaker who understands exactly what it's like to feel like a total idiot every time you speak. But Julian overcame his language problems, mastered the language, and went on to work first as a freelance translator, then as an executive member of a Japanese company. But he soon grew sick of the corporate world and left to do something more satisfying - teaching people how to speak English at an extraordinary level.
