Allen and Greenough's New Latin Grammar Dec 19 2022 A venerable resource for more than a century, this is the finest Latin grammar reference available. Concise, comprehensive, and well organized, it places a wealth of advice on usage, vocabulary, diction, composition, and syntax.

Easy Spanish Phrase Book NEW EDITION Nov 06 2021 Up-to-date volume, organized for quick access to phrases related to greetings, transportation, shopping, emergencies, other common circumstances. Over 700 entries include terms for modern telecommunications, idioms, slang. Phonetic pronunciations accompany phrases.

[Essential Swedish Grammar](#) Jun 13 2022 Designed for those with limited learning time, this book is not a condensed outline of all aspects of Swedish grammar. Rather, it focuses on simple everyday communication, helping students use previously learned phrases and vocabulary more effectively and with great versatility. After introductory discussions of vocabulary building, word order and the formation of negative sentences and questions, the author offers concise, easy-to-follow coverage of the parts of speech. Numerous examples are included to demonstrate each rule of grammatical usage with the emphasis throughout on simple constructions rather than complicated ones. A selection of useful expressions and a glossary of grammatical terms round out this excellent, inexpensive guide, perfect for self-study or as an adjunct to a language course. Whether you are just beginning the study of Swedish or wish to review the fundamentals, Essential Swedish Grammar enables you to learn in a systematic way, at your own rate, guided by your own requirements and interests.

[Essential Italian Grammar](#) Oct 25 2020 Very useful manual presents all the Italian really needed in everyday life and contemporary situations, without trivia or archaic material. Clearly presented with many shortcuts and timesavers, it is an ideal supplement to a phrase or record course, and the most efficient system for adults with limited learning time.

Language and Myth Apr 11 2022 In this important study, Cassirer analyzes the non-rational thought processes that go to make up culture. Includes studies of the metaphysics of the Bhagavat Gita, Ancient Egyptian religion, symbolic logic, and more.

Easy Spanish Step-By-Step Nov 25 2020 A proven grammar-based approach that gets you communicating in Spanish with confidence, right away Easy Spanish Step by Step proves that a solid grounding in grammar basics is the key to mastering a second language. Grammatical rules and concepts are clearly explained in order of importance, and more than 300 verbs and key terms are introduced on the basis of frequency. Numerous exercises and engaging readings help learners quickly build their Spanish speaking and comprehension prowess.

Essential Japanese Grammar Aug 15 2022 Although not a member of the Indo-European language family, Japanese is not too difficult grammatically for an English speaker. It is astonishingly regular in its formations — exceptions and irregularities can usually be numbered on one's fingers — and once the student masters a few conventions of linguistic classifications of experience, he will find that he can express most of his wants. This is the first Japanese grammar written for the adult with a limited objective in studying Japanese: to express oneself orally with reasonable accuracy; to understand simple material addressed to oneself; and to be able to analyze, understand, and enlarge material in a phrase approach. The author has limited this book to modern colloquial Japanese, and does not overburden the student with literary language, rarely used alternate forms, unnecessary abrupt forms, causatives and direct conditionals, and similar forms that might be required for a full knowledge of the written language. On the other hand, this book is not simplified Japanese, nor baby Japanese, nor kitchen Japanese. It is the full idiomatic language, with thorough treatments of the material you really need: the noun, pronoun, adjective, demonstrative words, adverb, verb, negative forms, Chinese forms, courtesy and honorific forms, idiomatic constructions, word order, relationship of ideas, syntax, etc. Emphasis has been placed upon clarity of exposition, so that the English-speaking reader can understand what is really happening in Japanese, even if he has never studied any foreign language before. For this reason, explanation rather than brute memory work is stressed, examples are given for all constructions, and both word-for-word and free translations are given, to acquaint the reader with thought processes. Hints are given on avoiding difficult constructions. Japanese is presented in the Romaji transliteration, which can be read at sight. Characters are not used.

Gildersleeve's Latin Grammar Apr 23 2023

1001 Easy German Phrases Feb 26 2021 The easy way to learn the most common words and phrases, this up-to-date reference incorporates terms related to computers, cell phones, and other digital technology, along with slang and other 21st-century vernacular. Written by highly experienced lecturers in the field, Essential German Grammar is an invaluable resource for intermediate and advanced students of German (CEFR levels A2 to B2, ACTFL Novice High to Intermediate High). It is designed to function equally as a free-

standing grammar or as a foundation grammar for Hammer's German Grammar and Usage and is suitable for both classroom use and self-study. *The Way of the Linguist* Jun 20 2020 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Essential Portuguese Grammar Jun 25 2023 DIVLogical, developmental presentation includes all the necessary tools for speech and comprehension and features numerous shortcuts and timesavers. Ideal as an introduction, supplement, or refresher. /div

Arabic Grammar Sep 28 2023 Anyone studying literary or classical Arabic beyond the elementary or tourist level will need this book. No other English-language grammar of the Arabic language is as thorough as this classic reference. The work was originally published in German in 1844-45 by Karl Paul Caspari, a theologian and orientalist. In 1859 English scholar W. Wright published this masterly translation of Caspari's work, with numerous additions and corrections. Unlike many more recent grammars, this work contains few inaccuracies or errors. Moreover, although it is a reference grammar, it cites many examples of sentences, phrases, and figures of speech found in classical Arabic prose and poetry. Originally published in two volumes, it has been republished here in one volume; however, the original arrangement has been retained. Thus, Volume One covers orthography and orthoëpy, and parts of speech (including extensive coverage of verbs and nouns, numerals and the particles). Volume Two deals with syntax, including the component parts of a sentence, the sentence in general, and different kinds of sentences. A final section discusses prosody. Three indexes assist students in finding words, constructions, and grammatical categories. This third edition incorporates a number of helpful revisions, additions and corrections made to the second edition by W. Robertson Smith and M. J. de Goeje. The result is an unmatched resource for English-speaking students wishing to master the intricacies of Arabic.

Russian Folktales from the Collection of A. Afanasyev Jul 02 2021 A rich world of the imagination that will captivate readers of all ages, this compilation's tales include *The Princess-Frog*, *The Tale of Prince Ivan*, *The Firebird and the Gray Wolf*, many others.
