The Stars Askew is the highly anticipated sequel to the New Weird adventure begun by talented young author Rjurik Davidson. With the secessionists in power, Caeli-Amur has begun a new age. Or has it? The escaped House officials no longer send food, and the city is starving. When the moderate leader Aceline is murdered, the trail leads Kata to a mysterious book that explains how to control the fabled Prism of Alerion. But when the last person to possess the book is found dead, it becomes clear that a conspiracy is afoot. At its center is former House Officiate Armand, who has hidden the Prism. Armand is vying for control of the Directorate, the highest political position in the city, until Armand is betrayed and sent to a prison camp to mine deadly bloodstone. Meanwhile, Maximilian is sharing his mind with another being: the joker-god Aya. Aya leads Max to the realm of the Elo-Talern to seek a power source to remove Aya from Max's brain. But when Max and Aya return, they find the vigilants destroying the last remnants of House power. It seems the secessionists' hopes for a new age of peace and prosperity in Caeli-Amur have come to naught, and every attempt to improve the situation makes it worse. There are many self-help math books available, but none are quite like this one. Math Is Easy, So Easy, first separates math topics into those which are essential and nonessential. The struggling math student (and parent of a struggling math student) must be able to focus on the math topics which will return the greatest effect in the shortest amount of time. Furthermore, math teachers and math textbooks simply try to cover too much material, the bulk of which, has no impact on a student's successful completion of math up through calculus in high school. Second, Math Is Easy, So Easy, tries to provide clarity of instruction for a few problems which cover the important aspects of the essential topics. Contrary to most math teacher instruction, it is more important and beneficial to know a few key problems well, than to try to cover many problems

only superficially. If you are the parent of a student who is struggling in math, you know how frustrating it can be to get to the bottom of what your student really needs to know to survive and persist in math up through calculus in high school. You also know how important it is that your student stay in math as long as possible in high school, so that they are better prepared to enter and succeed in college. You also, no doubt, know how seemingly unreasonable your struggling student's math teacher can be in terms of communicating with you and your student. As a math teacher for many years now, Max wrote this book to help you and your struggling math student survive math with as few, "I hate math," outbursts as possible. Lastly, Max has personally witnessed many students who struggle in math in high school who then go on to mature into great engineers and scientists. This book will help your student to stay in math longer and be more successful. There is a separate book for each of six math classes: 7th Grade Math, Algebra I, Geometry I, Algebra II, Math Analysis and Calculus. There is a single "Combo" book with all six books in one. Make sure you get the right book for your needs. Nathaniel Max Rock, an engineer by training, has taught math in middle school and high school including math classes: 7th Grade Math, Algebra I, Geometry I, Algebra II, Math Analysis and AP Calculus. Max has been documenting his math curricula since 2002 in various forms, some of which can be found on MathForEveryone.com, StandardsDrivenMath.com and MathIsEasySoEasy.com. Max is also an AVID elective teacher and the lead teacher for the Academy of Engineering at his high school.

In Help Is Here, Max will give you the tools and encouragement you need to: Learn who the Spirit is and how the Spirit can help Become joyful, enthusiastic, and empowered as you draw closer to God Confidently take on any difficulty with the power of the Spirit Discover your unique gifts and purpose to further God's kingdom Help Is Here reminds us that our Good Shepherd doesn't just feed us; he leads us. This New Zealand book was written by Max Crarer of Wairoa while in his mid-70's. It tells the true story of how several years earlier he accidentally healed his Glaucoma (of 12 years standing) by the use of minerals and vitamins. Max was well known to listeners of Radio Pacific and shared his story with them before writing this book. There appears to be no other book like this in the world. Max Crarer's combination of herbs, vitamins and minerals have helped thousands. Following his healing, Max researched eye healings by studying the findings of eye researchers from all around the world. Since then, through his own experience and the numerous personal experiences of others and his Radio Pacific listeners, he has discovered a combination of herbs, minerals and vitamins that have helped thousands of NZ sufferers of various eye complaints. He calls this natural course of treatment 'Triple Therapy' as it combines the three effects of herbs, minerals and vitamins. This book reveals the full Triple Therapy treatment. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus. FROM BEST-SELLING AUTHOR AND AWARD-WINNING JOURNALIST MAX DAVIS You can know undeniably that Jesus is real and fully-present, even when your feelings and circumstances scream the opposite. Best-selling author and journalist Max Davis had his life turned upside down when he experienced a supernatural encounter with a nine-year-old, nonverbal, autistic boy named Josiah Cullen. This special boy, who lived in Minnesota, had prophetic visions and messages from God about Max, who lived in Louisiana, even though the two had never met or had any contact. These messages, which Josiah typed with one finger, were packed with amazing biblical insight and highly detailed specifics about Max's life--details that Josiah could not possibly have known unless they were revealed to him by the Holy Spirit. As a skeptical journalist who pursues truth, Max gained undeniable evidence that God is real and knows us personally. Even more compelling is that the prophetic messages centered around Max's personal prayer life. Just like in John 1:48 when Jesus let Nathanael know He saw him praying under the fig tree, through Josiah, God was letting Max know that He sees us when we pray too, even though circumstances often scream the opposite. Life can be brutal, and we tend to equate pain and struggle with the absence of God. Yet nothing could be further from the truth! Regardless of how things may appear, Jesus is real, alive, and fully present, and living in that awareness changes everything. In *Jesus, Josiah, and Me*, Max Davis shows you that it is possible to encounter the living Jesus in a richer and more tangible way--that you can cultivate an awareness of His reality and know your prayers are affecting outcomes. More than an amazing account of Max's encounter with an autistic boy that sparks faith and hope, it's a story that unveils the mystery of experiencing God's presence and power like never before! This book will encourage your faith by showing you that you can encounter the living Jesus in a richer and more tangible way. It will unveil the mystery of experiencing God's presence and power like never before. One of the most fiercely debated topics in modern Christianity centers on the inclusion of sexual and gender minorities into the full life of the church. Dozens of scholars have stepped forward, seeking to make a compelling case for LGBT+ inclusion based on their contextualized reading of the six traditional passages that refer to homosexuality in Scripture. But these arguments alone fall short of providing a comprehensive framework for radical inclusion of LGBT+ people. In *The Gospel of Inclusion*, pastor and public theologian Brandan Robertson offers a compelling assessment of the biblical texts, cultural context, and modern social movements to suggest that the entire thrust of the Christian gospel calls the church towards the deconstruction of all oppressive systems and structures and towards the creation of a world that celebrates the full spectrum of human diversity as a reflection of God's creative intention. In the "Max on Life" DVD-based study, Lucado addresses questions about the role of prayer, the purpose of pain, and the reason for our ultimate hope. Designed as a companion to the DVD, this participant's guide can be used for journaling or as a prompt for openhearted discussions with a small group. Are you feeling a little dry? Edgy and rigid? Forty-nine short inspirational stories offer encouragement to people who find themselves facing struggles, being tempered and crafted into the image of God through challenging circumstances. Beautiful gift book, previously published as *On the Anvil*. For anyone who lives with a sense of defeat and failure in their spiritual journey, here are the faith steps to better understand, face, and resist temptation and areas of attack-and live a victorious Christian life. If you're like 70 percent of working adults, you're still looking for your sweet spot. You're struggling to find meaning in your work, use for your talents, and a purpose for your days. Maybe you have settled for this kind of ho-hum existence. Maybe you think it's all that's out there. It's not. New York Times best-selling author, Max Lucado, says that we've each been created for a purpose, and when we discover that purpose, our lives will be radically different. When we live in our sweet spots--using the gifts we've been given to glorify God--we'll have satisfied lives. Full lives. For the first time, three of Max's favorite books on living full lives are available in one digital product. *Life to the Full* includes the complete versions of *Cure for the Common Life*, *Great Day Every Day*, and *Outlive Your Life* to help readers discover the life they were always intended to live. They are the Brotherhood of the Wheel: a secret society of truckers, bikers, nomads, and others who defend America's roads and rails from unnatural threats lying in wait for unwary travelers. Now a missing-person case leads to a string of roadside murders and mutilations that stretches back decades—and to a cult of murderous clowns who are far more than mere urban legends. Greasepaint and lunatic grins are the last things their victims ever see. And as if that's not trouble enough, trucker Jimmy Aussapile and his allies must also cope with a violent civil war within an outlaw biker gang long associated with the Brotherhood, as well as run-ins with a rival gang led by a fierce werewolf biker chick who fights tooth and claw to protect her pack. From Depression-era hobo camps to a modern-day trailer park hiding unearthly secrets, fear lurks just beyond the headlights for the Kings of the Road. It tells the true story of how several years earlier he accidentally healed his Glaucoma (of 12 years standing) by the use of minerals and vitamins. Max was well known to listeners of Radio Pacific and shared his story with them before writing this book. There appears to be no other book like this in the world. Max Crarer's combination of herbs, vitamins and minerals have helped thousands. Following his healing, Max researched eye healings by studying the findings of eye researchers from all around the world. Since then, through his own experience and the numerous personal experiences of others and his Radio Pacific listeners, he has discovered a combination of herbs, minerals and vitamins that have helped thousands of NZ sufferers of various eye complaints. He calls this natural course of treatment 'Triple Therapy' as it combines the three effects of herbs, minerals and vitamins. This book reveals the full Triple Therapy treatment. Shows teens how to use Christian faith to overcome daily problems which might appear to be overwhelming. Do you find it difficult to turn to prayer when you need it most?
