Editing—the next step in writing once the key ideas are put on paper—can be difficult to teach. For teachers, it is often difficult to find lessons to engage students in the process. For students, editing is frequently an afterthought. In *Key Strategies for Teaching Editing*, the authors present interesting meaningful ways to teach students good editing skills. Leochko and Rossi also show how students who use these editing skills can become good writers. *Key Strategies* is divided into three sections: punctuation, grammar, and spelling. Each section has several lessons. Each lesson includes: Reference Sheet — mini-lesson about rules and usage Editing Sheet — authentic piece of writing that gives students opportunities to apply writing conventions in meaningful ways Answer Key — answers for the editing sheet This new edition serves both as a reference guide for the experienced professional and as a preparation source for those desiring certifications. It's an invaluable resource and a must-have addition to every safety professional's library. *Safety Professional's Reference and Study Guide, Third Edition*, is written to serve as a useful reference tool for the experienced practicing safety professional, as well as a study guide for university students and those preparing for the Certified Safety Professional examination. It addresses major topics of the safety and health profession and includes the latest version of the Board of Certified Safety Professional (BCSP) reference sheet, a directory of resources and associations, as well as state and federal agency contact information. Additionally, this new edition offers new chapters and resources that will delight every reader. This book aids the prospective examination candidate and the practicing safety professional, by showing them, step-by-step, how to solve each question/formula listed on the BCSP examination and provide examples on how and when to utilize them. Paths to College and Career Jossey-Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts (ELA) curriculum and professional development resources for grades 6–12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6–12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes: Nationally recognized professional development from an organization that has been immersed in the new standards since their inception. Blended learning experiences for teachers and leaders that enrich and extend the learning. A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.
