Welcome to Poptropica English, a six level primary English series that engages young learners like never before. The unique combination of beautiful in-class materials and fun-filled online activities, songs and games, creates a world of excitement and adventure that kids won't want to leave. "Mr. Trelawney, Dr. Livesey, and the rest of the gentlemen have asked me to describe our voyage to Treasure Island from beginning to end, concealing nothing but the exact location of the island, and that too only because there is still unearned treasure there. Thus I take up the pen in this year of salvation 17... and transport myself back to the time when my father kept the inn at the "Admiral Benbow", and when the tanned old sailor with the saber scar on his face first took up residence under our roof." R.L.S. - Gröls Classics English Edition A 17th century Italian nobleman is marooned on an empty ship in this "astonishing intellectual journey" by the author of Foucault's Pendulum (San Francisco Chronicle). In the year 1643, a violent storm in the South Pacific leaves Roberto della Griva shipwrecked—on a ship. Swept from the Amaryllis, he has managed to pull himself aboard the Daphne, anchored in the bay of a beautiful island. The ship is fully provisioned, he discovers, but the crew is missing. As Roberto explores the different cabinets in the hold, he looks back on various episodes from his life: Ferrante, his imaginary evil brother; the siege of Casale, that meaningless chess move in the Thirty Years' War in which he lost his father and his illusions; and the lessons given him on Reasons of State, fencing, the writing of love letters, and blasphemy. In this "intellectually stimulating and dramatically intriguing" novel, Umberto Eco conjures a young dreamer searching for love and meaning; and an old Jesuit who, with his clocks and maps, has plumbed the secrets of longitudes, the four moons of Jupiter, and the Flood (Chicago Tribune). Carefully edited for modern readers to allow for easier reading Peg-legged pirates, colorful parrots, and plundered riches--they're all here in Robert Louis Stevenson's classic seafaring adventure. When young Jim Hawkins decides to follow a map to buried treasure, he must befriend or outsmart memorable characters such as pirate Long John Silver, captain Billy Bones, and island man Ben Gunn. Mutinous plans, mysterious deaths, and a tangle of double crosses keep Jim guessing all the way to the prize. Inspired by real-life seafarers, Stevenson captures the adventurous spirit of the times and the imagination of readers, young and old alike. A REESE'S BOOK CLUB PICK Winner of the 2022 BookTube Silver Medal in Fiction * Shortlisted for the Women's Prize for Fiction "A wise novel of love and grief, roots and branches, displacement and home, faith and belief. Balm for our bruised times." -David Mitchell, author of Utopia Avenue A rich, magical new novel on belonging and identity, love and trauma, nature and renewal, from the Booker-shortlisted author of 10 Minutes 38 Seconds in This Strange World. Two teenagers, a Greek Cypriot and a Turkish Cypriot, meet at a taverna on the island they both call home. In the taverna, hidden beneath garlands of garlic, chili

peppers and creeping honeysuckle, Kostas and Defne grow in their forbidden love for each other. A fig tree stretches through a cavity in the roof, and this tree bears witness to their hushed, happy meetings and eventually, to their silent, surreptitious departures. The tree is there when war breaks out, when the capital is reduced to ashes and rubble, and when the teenagers vanish. Decades later, Kostas returns. He is a botanist looking for native species, but really, he's searching for lost love. Years later a *Ficus carica* grows in the back garden of a house in London where Ada Kazantzakis lives. This tree is her only connection to an island she has never visited--- her only connection to her family's troubled history and her complex identity as she seeks to untangle years of secrets to find her place in the world. A moving, beautifully written, and delicately constructed story of love, division, transcendence, history, and eco-consciousness, *The Island of Missing Trees* is Elif Shafak's best work yet. Welcome to Poptropica English, a six level primary English series that engages young learners like never before. The unique combination of beautiful in-class materials and fun-filled online activities, songs and games, creates a world of excitement and adventure that kids won't want to leave. "A wordless graphic novel in which twelve-year-old Marisol must adapt to a new life 1960s Brooklyn after her parents send her to the United States from Cuba to keep her safe during Castro's regime."-- This book is part of the Island Alphabet Books series, which features languages and childrens' artwork from the U.S.-affiliated Pacific. Each hardcover book contains the complete alphabet for the language, four or five examples for each letter, and a word list with English translations. The series was co-published with Pacific Resources for Education and Learning, a non-profit corporation that works collaboratively with school systems to enhance education across the Pacific. A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, *Lord of the Flies* is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on *Lord of the Flies* by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home. Instead of memorizing vocabulary words, work your way through an actual well-written novel. Even novices can follow along as each individual English paragraph is paired with the corresponding Russian paragraph. It won't be an easy project, but you'll learn a lot. Puerto Rico, *The Island of Enchantment* showcases many of the island's picturesque sites in rich, beautiful photography including many panoramics. This book offers a small glimpse into the island's rich history including modern day Puerto Rico through stunning images. Includes maps of Puerto Rico, Culebra, Vieques and the Caribbean. Also includes a spectacular three page fold out panoramic insert of Old San Juan. "Squire Trelawney, Dr. Livesey, and the rest of these gentlemen having asked me to write down the whole particulars about Treasure Island, from the beginning to the end, keeping nothing back but the bearings of the island, and that only because there is still treasure not yet lifted, I take up my pen in the year of grace 17 and go back to the time when my father kept the Admiral Benbow inn and the brown old seaman with the sabre cut first took up his lodging under our roof. I remember him as if it were yesterday, as he came plodding to the inn door, his sea-chest following behind him in a hand-barrow—a tall, strong, heavy, nut-brown man, his tarry pigtail falling over the shoulder of his soiled blue coat, his hands ragged and scarred, with black, broken nails, and the sabre cut across one cheek, a dirty, livid white. I remember him looking round the cover and whistling to himself as he did so, and then breaking out in that old sea-song that he sang so often afterwards." "*Treasure Island*" by Robert Louis Stevenson was first published as a book in 1883. The influence of "*Treasure Island*" on popular perceptions of pirates is enormous. Robert Louis Stevensons novel became one of the most

frequently dramatized narrations worldwide. The first book length study of the conceptualization and representation of islands in popular fiction. Welcome to Poptropica English, a six level primary English series that engages young learners like never before. On March 24, 1865, a balloon carrying five persons escaping from Richmond, capital of the Confederacy during the American Civil War, falls into the sea. Caught in a storm, the balloon had flown some seven thousand miles in five days. The five passengers are Captain Cyrus Harding, an engineer in General Grant's army; his black servant, Nebuchadnezzar, known as Neb; Gideon Spilett, a reporter; Jack Pencroft, a sailor; and Herbert Brown, the fifteen-year-old orphan son of one of Pencroft's former sea captains. The balloon falls near an uncharted island, and Harding, together with his dog, Top, is washed overboard. Once its load is lightened, the balloon then deposits the other travelers on the shore of the island. The next morning, Neb looks for his "master" while the others explore the island. The next day, Herbert, Pencroft, and Spilett take stock of their resources, which consist of the clothes they wear, a notebook, and a watch. They suddenly hear Top barking. The dog leads them to Captain Harding, who, having been unconscious, is at a loss to explain how he arrived at a place more than a mile away from the shore. Birdie Cousins has thrown herself into the details of her daughter Chess's lavish wedding, from the floating dance floor in her Connecticut back yard to the color of the cocktail napkins. Like any mother of a bride-to-be, she is weathering the storms of excitement and chaos, tears and joy. But Birdie, a woman who prides herself on preparing for every possibility, could never have predicted the late-night phone call from Chess, abruptly announcing that she's cancelled her engagement. It's only the first hint of what will be a summer of upheavals and revelations. Before the dust has even begun to settle, far worse news arrives, sending Chess into a tailspin of despair. Reluctantly taking a break from the first new romance she's embarked on since the recent end of her 30-year marriage, Birdie circles the wagons and enlists the help of her younger daughter Tate and her own sister India. Soon all four are headed for beautiful, rustic Tuckernuck Island, off the coast of Nantucket, where their family has summered for generations. No phones, no television, no grocery store - a place without distractions where they can escape their troubles. But throw sisters, daughters, ex-lovers, and long-kept secrets onto a remote island, and what might sound like a peaceful getaway becomes much more. Before summer has ended, dramatic truths are uncovered, old loves are rekindled, and new loves make themselves known. It's a summertime story only Elin Hilderbrand can tell, filled with the heartache, laughter, and surprises that have made her page-turning, bestselling novels as much a part of summer as a long afternoon on a sunny beach. Illustrated with children's artwork collected by the Regional Educational Laboratory at Pacific Resources for Education and Learning (PREL), the book features 4 or 5 illustrated examples for each letter as well as a word list of English translations. It won't be an easy project, but you'll learn a lot In a riveting, groundbreaking narrative, Russell Shorto tells the story of New Netherland, the Dutch colony which pre-dated the Pilgrims and established ideals of tolerance and individual rights that shaped American history. "Astonishing . . . A book that will permanently alter the way we regard our collective past." --The New York Times When the British wrested New Amsterdam from the Dutch in 1664, the truth about its thriving, polyglot society began to disappear into myths about an island purchased for 24 dollars and a cartoonish peg-legged governor. But the story of the Dutch colony of New Netherland was merely lost, not destroyed: 12,000 pages of its records--recently declared a national treasure--are now being

translated. Russell Shorto draws on this remarkable archive in *The Island at the Center of the World*, which has been hailed by *The New York Times* as “a book that will permanently alter the way we regard our collective past.” The Dutch colony pre-dated the “original” thirteen colonies, yet it seems strikingly familiar. Its capital was cosmopolitan and multi-ethnic, and its citizens valued free trade, individual rights, and religious freedom. Their champion was a progressive, young lawyer named Adriaen van der Donck, who emerges in these pages as a forgotten American patriot and whose political vision brought him into conflict with Peter Stuyvesant, the autocratic director of the Dutch colony. The struggle between these two strong-willed men laid the foundation for New York City and helped shape American culture. *The Island at the Center of the World* uncovers a lost world and offers a surprising new perspective on our own. Instead of memorizing vocabulary words, work your way through an actual well-written novel. Even novices can follow along as each individual English paragraph is paired with the corresponding French paragraph. It won't be an easy project, but you'll learn a lot. Hortense Joseph arrives in London from Jamaica in 1948 with her life in her suitcase, her heart broken, her resolve intact. Her husband, Gilbert Joseph, returns from the war expecting to be received as a hero, but finds his status as a black man in Britain to be second class. His white landlady, Queenie, raised as a farmer's daughter, befriends Gilbert, and later Hortense, with innocence and courage, until the unexpected arrival of her husband, Bernard, who returns from combat with issues of his own to resolve. Told in these four voices, *Small Island* is a courageous novel of tender emotion and sparkling wit, of crossings taken and passages lost, of shattering compassion and of reckless optimism in the face of insurmountable barriers---in short, an encapsulation of that most American of experiences: the immigrant's life. The island, of course, is England. Having considered the modern writers of America in *A Homemade World* and Ireland in *A Colder Eye*, Kenner turns to the third of International Modernism's "three provinces." His judgment is often harsh -- he argues that in the last quarter of the twentieth century "there's no longer an English literature" -- but his book is a pure delight in its pungent, lively, and thoughtful amalgam of anecdote and critical analysis, detective work and celebration. In this runaway *New York Times* bestseller, a harrowing near-death experience brings together an English teacher and her student as they struggle to survive on a desert island. Sixteen-year-old T.J. Callahan has no desire to go anywhere. With his cancer in remission, all he wants is to get back to his normal life. But his parents insist that he spend the summer catching up on the school he missed while he was sick. Anna Emerson is a thirty-year-old English teacher who has been worn down by the cold Chicago winters and a relationship that's going nowhere. To break up the monotony of everyday life, she jumps at the chance to spend the summer on a tropical island tutoring T.J. Anna and T.J. board a private plane headed to the Callahans' summer home, but as they fly over the Maldives' twelve hundred islands, the unthinkable happens: their plane crashes in shark-infested waters. They make it to shore, but soon discover they're stranded on an uninhabited island. At first, their only thought is survival. But as the days turn to weeks, and then months, and as birthdays pass, the castaways must brave violent tropical storms, the many dangers lurking in the sea, and the worst threat of all---the possibility that T.J.'s cancer could return. With only each other for love and support, these two lost souls must come to terms with their situation and find companionship in one another in the moments they need it most.

"Poptropica English is a six-level course for children learning English at primary level. It offers best practice methodology in the classroom, while also offering teachers and students an innovative digital environment in the shape of the unique Poptropica English World."--Page 6. Think of England, and anger hardly springs to mind as its primary national characteristic. Yet in *The Angry Island*, A. A. Gill argues that, in fact, it is plain old fury that is the wellspring for England's accomplishments. The default setting of England is anger. The English are naturally, congenitally, collectively and singularly livid much of the time. They're incensed, incandescent, splenetic, prickly, touchy, and fractious. They can be mildly annoyed, really annoyed and, most scarily, not remotely annoyed. They sit apart on their half of a damply disappointing little island, nursing and picking at their irritations. The English itch inside their own skins. They feel foreign in their own country and run naked

through their own heads. Perhaps aware that they're living on top of a keg of fulminating fury, the English have, throughout their history, come up with hundreds of ingenious and bizarre ways to diffuse anger or transform it into something benign. Good manners and queues, cul-de-sacs and garden sheds, and almost every game ever invented from tennis to bridge. They've built things, discovered stuff, made puddings, written hymns and novels, and for people who don't like to talk much, they have come up with the most minutely nuanced and replete language ever spoken -- just so there'll be no misunderstandings. The Angry Island by turns attacks and praises the English, bringing up numerous points of debate for Anglophiles and anyone who wonders about the origins of national identity. This book hunts down the causes and the results of being the Angry Island. Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind. Instead of memorizing vocabulary words, work your way through an actual well-written novel. Even novices can follow along as each individual English paragraph is paired with the corresponding Spanish paragraph. It won't be an easy project, but you'll learn a lot. First published in 1990. Although one of Jules Verne's lesser known novels, as part of his 'Extraordinary Voyages' collection, there is still much to enjoy about 'The Floating Island'*. Written in 1895 towards the end of his career this is an adventure novel with elements of sci-fi. A French string quartet traveling from San Francisco to their next engagement in San Diego, is diverted to Standard Island. Standard Island is an immense man-made island designed to travel the waters of the Pacific Ocean. The wealth of residents of the island can only be measured in millions. The quartet is hired to play a number of concerts for the residents during their tour of the islands (Sandwich, Cook, Society, etc.) of the South Pacific. The island seems an idyllic paradise; however, it is an island divided in two. The left half's population is led by Jem Tankerton and is known as the Larboardites. The right half's population is led by Nat Coverley and is known as the Starboardites. Despite the obstacles encountered on their journey, the two parties have a disagreement that threatens the future of the island itself. NEW YORK TIMES EDITORS' CHOICE • LONGLISTED FOR THE BOOKER PRIZE • A "beautifully and sparingly constructed" (The New York Times) novel about a lighthouse keeper with a mysterious past, and the stranger who washes up on his shores—An Island is the American debut of a major voice in world literature. "An Island by Karen Jennings is quite simply a revelation—a ferocious, swift chess game of a novel."—Paul Yoon, author of Run Me to Earth Samuel has lived alone on an island off the coast of an unnamed African country for more than two decades. He tends to his garden, his lighthouse, and his chickens, content with a solitary life. Routinely, the nameless bodies of refugees wash ashore, but Samuel—who understands that the government only values certain lives, certain deaths—always buries them himself. One day, though, he finds that one of these bodies is still breathing. As he nurses the stranger back to life, Samuel—feeling strangely threatened—is soon swept up in memories of his former life as a political prisoner on the mainland. This was a life that saw his country exploited under colonial rule, followed by a period of revolution and a brief, hard-won independence—only for the cycle of suffering to continue under a cruel dictator. And he can't help but recall his own shameful role in that history. In this stranger's presence, he begins to consider, as he did in his youth: What does it mean to own land, or to belong to it? And what does it cost to have, and lose, a home? A timeless and gripping portrait of regret, terror, and the extraordinary stakes of companionship, An Island is a story as page-turning as it is profound. The New York Times bestselling author of The House of the Spirits and A Long Petal of the Sea tells the story of one unforgettable woman—a slave and concubine determined to take control of her own destiny—in this sweeping historical novel that moves from the sugar plantations of Saint-Domingue to the lavish parlors of New Orleans at the turn of the 19th century "Allende is a master storyteller at the peak of her powers."—Los Angeles Times The daughter of an African mother she never knew and a white sailor, Zarité—known as Tété—was born a slave on the island of Saint-Domingue. Growing up amid brutality and fear, Tété found solace in the traditional rhythms of African drums and the mysteries of voodoo. Her life changes when twenty-year-old Toulouse Valmorain arrives on the island in 1770 to run his father's plantation, Saint Lazare. Overwhelmed by the challenges of his responsibilities and

trapped in a painful marriage, Valmorain turns to his teenaged slave Tété, who becomes his most important confidant. The indelible bond they share will connect them across four tumultuous decades and ultimately define their lives. Before New York Times bestselling author Bill Bryson wrote *The Road to Little Dribbling*, he took this delightfully irreverent jaunt around the unparalleled floating nation of Great Britain, which has produced zebra crossings, Shakespeare, Twiggie Winkie's Farm, and places with names like Farleigh Wallop and Titsey. This book is part of the Island Alphabet Books series, which features languages and childrens' artwork from the U.S.-affiliated Pacific. The series was co-published with Pacific Resources for Education and Learning, a non-profit corporation that works collaboratively with school systems to enhance education across the Pacific. This 1929 volume offers firsthand accounts of Haitian voodoo and witchcraft rituals. Author William Seabrook introduced the concept of the walking dead to the West with this illustrated travelogue. DigiCat Publishing presents to you this special edition of "Island" by Aldous Leonard Huxley. DigiCat Publishing considers every written word to be a legacy of humankind. that, captain! we are falling!" "For Heaven's sake heave out the ballast!" "There! the last sack is empty!" "Does the balloon rise?" "No!" "I hear a noise like the dashing of waves. The sea is below the car! It cannot be more than 500 feet from us!" "Overboard with every weight! . . . everything!" Such were the loud and startling words which resounded through the air, above the vast watery desert of the Pacific, about four o'clock in the evening of the 23rd of March, 1865. Few can possibly have forgotten the terrible storm from the northeast, in the middle of the equinox of that year. The tempest raged without intermission from the 18th to the 26th of March. Its ravages were terrible in America, Europe, and Asia, covering a distance of eighteen hundred miles, and extending obliquely to the equator from the thirty-fifth north parallel to the fortieth south parallel. Towns were overthrown, forests uprooted, coasts devastated by the mountains of water which were precipitated on them, vessels cast on the shore, which the published accounts numbered by hundreds, whole districts leveled by waterspouts which destroyed everything they passed over, several thousand people crushed on land or drowned at sea; such were the traces of its fury, left by this devastating tempest. It surpassed in disasters those which so frightfully ravaged Havana and Guadalupe, one on the 25th of October, 1810, the other on the 26th of July, 1825. From New York Times bestseller and Pulitzer Prize winner Junot Díaz comes a debut picture book about the magic of memory and the infinite power of the imagination. A 2019 Pura Belpré Honor Book for Illustration Every kid in Lola's school was from somewhere else. Hers was a school of faraway places. So when Lola's teacher asks the students to draw a picture of where their families immigrated from, all the kids are excited. Except Lola. She can't remember The Island—she left when she was just a baby. But with the help of her family and friends, and their memories—joyous, fantastical, heartbreaking, and frightening—Lola's imagination takes her on an extraordinary journey back to The Island. As she draws closer to the heart of her family's story, Lola comes to understand the truth of her abuela's words: "Just because you don't remember a place doesn't mean it's not in you." Gloriously illustrated and lyrically written, *Islandborn* is a celebration of creativity, diversity, and our imagination's boundless ability to connect us—to our families, to our past and to ourselves.
