autour du monde francophone. Avec des escales dans neuf pays différents, les expériences à vivre et les nouveaux amis à rencontrer en cours de route ne manquent pas! Follow along with Pierre on his adventure around the Francophone world. With stops in nine different countries, there's no shortage of experiences to learn from and new friends to meet along the way! Joshua Slocum a été le premier navigateur à avoir réussi le tour du monde en solitaire. Il nous a laissé un passionnant journal de bord où il raconte son aventure. Parti de Boston le 24 avril 1895, il y revint le 27 juin 1898, après avoir parcouru plus de 46 000 milles à bord du Spray. Depuis, tous les navigateurs solitaires se déclament de Joshua Slocum comme de leur grand ancêtre commun, celui qui a montré la route et qui a été suivi par tant de disciples. This is an English translation from 1772 of the famous Voyage Autour du Monde (1771) by Louis de Bougainville (1729-1811), French admiral and explorer. Describing de Bougainville's adventures on the voyage, it includes graphic descriptions of the discomforts and perils of sea voyages in the eighteenth century. This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Despite altruistic goals, humanitarianism often propagates foreign, and sometimes unjust, power structures where it is employed. Tracing the visual rhetoric of French colonial humanitarianism, Peter J. Bloom's unexpected analysis reveals how the project of remaking the colonies in the image of France was

integral to its national identity. French Colonial Documentary investigates how the promise of universal citizenship rights in France was projected onto the colonies as a form of evolutionary interventionism. Bloom focuses on the promotion of French education efforts, hygienic reform, and new agricultural techniques in the colonies as a means of renegotiating the social contract between citizens and the state on an international scale. Bloom's insightful readings disclose the pervasiveness of colonial iconography, including the relationship between "natural man" and colonial subjectivity; representations of the Senegalese Sharpshooters as obedient, brave, and sexualized colonial subjects; and the appeal of exotic adventure narratives in the trans-Saharan film genre. Examining the interconnection between French documentary realism and the colonial enterprise, Bloom demonstrates how the colonial archive is crucial to contemporary Peter J. Bloom is associate professor of film and media studies at the University of California-Santa Barbara. y debates about multiculturalism in France. Dans ce nouveau projet Nicolas Henry met en sc è ne non plus des grands parents autour du monde comme pr é c é demment mais des communaut é s enti è res, sur des th é matiques comme les changements de traditions, la nature, la famille, mais aussi la discrimination ou encore le droit de choisir son amour. Ces mises en sc è ne participatives - qui ont fait le succ è s du photographe -, plus spectaculaires encore que son travail pr é c é dent, sont compos é es de d é cors grand format à la fronti è re du th é â tre et de l'installation, r é alis é s avec l'aide d'une partie du village ou du quartier. Ce livre montre ce nouveau travail pour la premi è re fois et sera accompagn é de nombreuses expositions. "Les photos de Nicolas Henry sont une d é monstration parfaite de cette mythique

phrase de Shakespeare : "Le monde entier est un théâtre, et tous, hommes et femmes, n'en sont que les acteurs". Grâce à son œil de poète et sa façon unique de photographier le monde dans lequel nous vivons, il redonne toute sa splendeur à l'humanité dans une vision magique et utopique, où la beauté de l'homme et de la nature rayonne dans chaque image". Irina Brook With this book Troelstra gives us a superb overview of natural history travel narratives.
