U.S. Navy SEAL officers Jocko Willink and Leif Babin were sent to the most violent battlefield in Iraq and there they face a seemingly impossible mission: help secure Ramadi, a city deemed "all but lost." Sharing stories recounting acts of heroism, tragic loss, and victories, the SEAL Team Three's Task Unity Bruiser learns that leadership is the most important factor in the success or failure of a mission. The two returned home from deployment and created a SEAL leadership training that helped create the next generation of SEAL leaders. They then founded the Echelon Front which is a company teaching the leadership principles they learned from their own experiences. They helped startups and Fortune 500 companies alike from a range of industries build their high-performance teams and dominate their own battlefields. Sharing the mindset and principles that allowed the SEAL teams to become successful in their difficult missions, Extreme Ownership explains the process for applying leadership in any team, family or organization. ABOUT THE ORIGINAL BOOK The authors have translated their experiences on the battlefield into actionable steps towards successful leadership in the business world. In the book, the authors tell us that leaders are responsible for everything under their care. In war, that is a pressing issue. This means that if there is a defective production in the warehouse, dissenting employees, a culture of mistrust or any failure in the supply chain, ultimately it is the leader's fault. The title reveals the general message of the book: Exceptional commitment. Using anecdotes of his time at the head of the SEAL Three team Task Force Bruiser, Jocko and Leif, highlight the responsibility of leadership and the development of the character necessary to lead a well-equipped team. Each chapter begins with a personal military example from his time in Iraq. From these personal stories, his principles of leadership, and their application to business is presented. Again, and again success and failure are placed on the shoulders of the leader, not in the others. There is no space or space for scapegoats. A leader is called to take responsibility. After completing the transcription of the first journal by Dr. Charles Jennings, Gavin Graham waited patiently to hear from the hidden world once more. It was a complete surprise when the beautiful daughter of Charles and Sarah Parker showed up at a remote ski resort near Seattle. Liz Jennings was much more than Gavin could have imagined a "impetuous, fast-talking, and incredibly beautiful" made immediately evident as she thwarts a mercenary killer in the first ten minutes of their conversation. Thus Gavin became a part of the hidden world he had written so much about. Taken via Area 51 to the hidden world itself, Gavin was asked to transcribe the second journal of Dr. Jennings. Charles Jennings, who had recently saved the earth from the dark forces, had a greater destiny to fulfill, only possible by unraveling The Secrets of the Sword. What destiny would be greater than saving the Earth? Only time would tell. Go with Gavin to the Hidden World and be with Charles, as the destiny of God and man is made very real. The whole life of Charles Jennings had led to this point in time, and his daughter Liz plays a bigger part than anyone could have imagined, commanding more awareness than even her father. What path lays in store for her? Walk in their path, feel what they felt, and become a part of The Hidden World Chronicles." Six years later, the memory still makes my blood boil ... and my toes curl. I'm doomed! Jocko Malone: The last time I saw Juicy Jorja, her body that's built like a brick house was pinned between my manhood and the lockers, and I had kissed the ever-loving (fill in the blank) out of her sassy mouth. The memory of which got me through all the darkness I faced. She's the reason I returned to Sunnyville. She and I have unfinished business. Get ready to fall hard for Sunnyville's returning hero, Navy SEAL Jocko Malone as he fights to win back the girl he left behind. Failure is not an option. He was brought to my animal hospital with a broken wing; and in the time that it took for the healing process and his recovery, we all became very fond of Jocko. After his release several miles away, he showed up on the corral fence and was not afraid of us. Also for a number of years after his release, he would show up with a slice of dry bread or a dry biscuit and soak it in the horse's trough to soften it up. I had long thought that children might be interested in Jocko's story and decided that the best way to do that was to give him a voice and allow him to experience some of life's important lessons: Friendships are important. If you are in trouble, help is often available. It is fun to help people. Not everyone is going to like you, and that is okay. If something looks too good to be true, use caution. Whether he was fifteen years old or forty, David Hackworth devoted his life to the US Army and quickly became a living legend. However, he appeared on TV in 1971 to decry the doomed war effort

in Vietnam. From Korea to Berlin and the Cuban missile crisis to Vietnam, Hackworth's story is that of an exemplary patriot, played against the backdrop of the changing fortunes of America and the US military. This memoir is the stunning indictment of the Pentagon's fundamental misunderstanding of the Vietnam conflict and of the bureaucracy of self-interest that fueled the war. With *About Face*, Hackworth has written what many Vietnam veterans have called the most important book of their generation and presents a vivid and powerful portrait of patriotism. Iowa-born Jock Mahoney was an elite athlete and U.S. Marines fighter pilot prior to falling into a film career. He is widely considered to be one of the greatest stuntmen in movie history, having taken leaps and bounds for Errol Flynn, John Wayne, Randolph Scott, and Gregory Peck. One of the first stuntmen to successfully move into acting, he was the popular star of the 1950s television westerns *Range Rider* and *Yancy Derringer* and twice played Tarzan on the big screen, presenting a memorable portrayal of an educated, articulate and mature jungle lord true to author Edgar Rice Burroughs' original vision. Filming in real jungles around the world took a physical toll on Mahoney that transformed him from leading man to burly character actor. He had to overcome the effects of a stroke but true to his tough guy nature rose above it to resume his life's many adventures. Mahoney was beloved by fans at conventions and appearances until his untimely demise in 1989 from a stroke-caused motor vehicle accident.
