Make a beautiful, modern quilt of your own design with the 100 original quilt blocks or try one of the 5 city-themed sampler quilts designed by Tula. A note from Tula: "You will notice...that the blocks are not named but simply numbered. This is intentional. I may have designed the blocks and given you the instructions on what to cut and where to stitch, but I have not infused the blocks with any meaning. This is your quilt. The fabrics that you choose, the colors that you use and why you are making it are what will give the quilt a purpose. Name your blocks, write in the margins, cross out the ones that you don't like, draw hearts around the ones that you love. In a perfect world, everyone's book would end up looking like a journal, coffee stains and all. The more adventurous ones might rename the book and write their own introduction. Tula Pink's City Sampler is a collaboration between you and me. I am the platform and you are the speaker, so stand on my shoulders and tell the future who you are and why you make."
