explore every day. 'Lonely Planet guides are, quite simply, like no other.' – New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' – Fairfax Media (Australia) Germain Hilaire Edgar Degas (Paris, 1834 – 1917) Dans le cercle des impressionnistes, c'est de Renoir que Degas fut le plus proche : tous deux préférèrent comme motif de leur peinture le Paris vivant de leur époque. Degas ne passa pas par l'atelier de Gleyre et fit probablement connaissance avec les futurs impressionnistes au café Guerbois. En 1853, il commença à faire son apprentissage à l'atelier de Louis-Ernest Barrias et, à partir de 1854, il devint l'élève de Louis Lamothe, qui ne jurait que par Ingres, et transmit son adoration pour ce maître à Edgar Degas. À partir de 1854, Degas se rendit régulièrement en Italie, d'abord à Naples, où il fit connaissance avec ses nombreux cousins, puis à Rome et Florence, où il copia inlassablement les maîtres anciens. Les dessins et esquisses qu'il y fit, révèlent des préférences déjà marquées : Raphaël, Léonard de Vinci, Michel-Ange, Mantegna, mais aussi Benozzo Gozzoli, Ghirlandajo, Titien, Fra Angelico, Uccello, Botticelli. Dans les années 1860 et 1870 il devint le peintre des courses, des chevaux et des jockeys. Sa fabuleuse mémoire de peintre retenait les particularités des mouvements des chevaux partout où il en voyait. Après ses premières compositions, assez complexes, représentant des courses, Degas assimila l'art de traduire l'élégance et la noblesse du cheval, ses mouvements nerveux et la plastique de sa musculature. Vers le milieu des années 1860, Degas fit encore une autre découverte ; en 1866, il peignit sa première composition ayant pour sujet le ballet : Mademoiselle Fiocre dans le ballet de la Source (New York, Brooklyn Museum). En 1872, apparaît son premier tableau consacré uniquement au ballet : Le Foyer de la danse à l'Opéra de la rue Le Peletier (Paris, musée d'Orsay). Dans une composition soigneusement construite, où s'équilibrent des groupes de personnages à droite et à gauche, chaque ballerine se livre à ses propres occupations, chacune bouge de son côté. Pour accomplir une tâche pareille, une longue observation et une énorme quantité de croquis étaient indispensables. C'est pourquoi Degas passa du théâtre dans les salles de répétitions, où les danseuses s'exerçaient et prenaient leurs leçons. C'est ainsi que se décida le deuxième domaine de la vie environnante qui allait intéresser Degas. Le ballet resta sa passion jusqu'à la fin de ses jours. This book is for art market researchers at all levels. A brief overview of the global art market and its major stakeholders precedes an analysis of the various sales venues (auction, commercial gallery, etc.). Library research skills are reviewed, and advanced methods are explored in a chapter devoted to basic market research. Because the monetary value of artwork cannot be established without reference to the aesthetic qualities and art historical significance of our subject works, two substantial chapters detail the processes involved in researching and documenting the fine and decorative arts, respectively, and provide annotated bibliographies. Methods for assigning values for art objects are explored, and sources of price data, both in print and online, are identified and described in detail. In recent years, art historical scholarship increasingly has addressed issues related to the history of art and its markets: a chapter on resources for the historian of the art market offers a wide range of sources. Finally, provenance and art law are discussed, with particular reference to their relevance to dealers, collectors, artists and other art market stakeholders. First published in 1997. For this second edition of Art Books: A Basic Bibliography of Monographs on Artists, the vast number of new books published since 1985 was surveyed and evaluated. This has resulted in the selection of 3,395 additional titles. These selections, reflective of the increase in the monographic literature on artists during the last ten years, are evidence of the activities of a larger number of art historians in more countries worldwide, of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically, and also of a lively international art market and the attendant gallery activities. The selections of the first edition have been reviewed, errors have been corrected and important new editions and reprints have been noted. The second edition contains 278 names of artists not represented in the first edition. Valentin Serov (Saint Pétersbourg 1865 – Moscou 1911) Parmi les «jeunes Ambulants » qui rejoignirent le Monde de l'Art, le portraitiste le plus brillant fut sans conteste Valentin Serov. Comme beaucoup de ses contemporains, il affectionnait la peinture de plein air, et certains de ses portraits les plus attrayants – Jeune Fille aux pêches, Fillette dans la Lumière du Soleil ou En Été – doivent leur côté naturel au décor ou aux jeux d'ombres et de lumière. En réalité, Serov considérait ces oeuvres comme des études plutôt que des portraits, ce qui explique que le titre ne mentionne pas le nom du modèle. On sait cependant que Jeune Fille aux pêches est Vera, la fille du mécène Mamontov. Et dans En Été, c'est l'épouse de Serov elle-même qui est représentée. Serov fut un enfant précoce. Il commença à montrer des dispositions artistiques dès l'âge de six ans. A neuf ans, il fut

envoyé à Paris chez Répine, qui devint son professeur et son mentor. Quand Répine revint en Russie, il emmena l'enfant avec lui et le fit travailler comme apprenti dans son atelier moscovite. Finalement, le maître l'envoya chez un autre professeur, Pavel Chistiakov. Cet homme, qui forma nombre de peintres du Monde de l'Art, allait d'ailleurs devenir un de ses amis intimes. Etant donné la longueur de la carrière de Serov, on ne s'étonnera guère de la diversité de son style et de ses thèmes de prédilection : des peintures mondaines de la haute société (avec le style grandiose de leurs costumes) aux portraits tout en finesse de jeunes enfants. Radicalement différente de toutes ses œuvres, la fameuse étude de nu de la danseuse Ida Rubinstein, peinte sur toile à la détrempe et au fusain, date de la fin de sa vie. Les premiers tableaux de Serov rappellent le style des impressionnistes français. Moreover, it provides a broad picture of the historical, political, cultural, and aesthetic context in which Alexander's works in particular, and those of his cosmopolitan colleagues in general, were produced and discussed."--BOOK JACKET. This is the first comprehensive scholarly bibliography/research guide/sourcebook on the major French Fauve painters (Henri Matisse and Georges Braque are treated in separate Greenwood bio-bibliographies). It includes information on 3,120 books and articles as well as chronologies, biographical sketches, and exhibition lists. Each artist receives a primary and secondary bibliography with many annotated entries. Secondary bibliographies include details about each artists' life and career, relationships with other artists, work in various media, iconography, and more. Designed for art historians, art students, museum and gallery curators, and art lovers alike, this volume organizes the vast literature surrounding this fascinating, revolutionary, 20th-century art group. Genuinely new art is always challenging, sometimes even shocking to those unprepared for it. In 1905, the paintings of Matisse, Derain, Vlaminck and their friends shocked conservative museum-goers; hence, the eventual popularity of art critic Louis Vauxcelles's tag les fauves, or wild beasts by which these artists became known. Although it lasted only three or four years, Fauvism is recognized as the first artistic revolution of international consequence in the 20th century. It was based on the glorification of pure saturated colors and the free expression of primitivism. It was a dynamic sensualism; an equilibrium of passion and order, fire and austerity that could not last. By the end of 1908, Fauvism collapsed in the face of Cubism, which, moreover, several Fauve artists helped to form. Bilingual English/French Book (Livre bilingue anglais/français) French Riviera is one of the first modern resort areas. It began as a winter health resort at the end of the 18th century. With the arrival of the railway it became the playground and vacation spot of British, Russian, and other aristocrats, such as Queen Victoria and King Edward VII, when he was Prince of Wales. In the summer, it also played home to many members of the Rothschild family. In the first half of the 20th century, it was frequented by artists and writers, including Pablo Picasso, Henri Matisse, Edith Wharton, Somerset Maugham, and Aldous Huxley, as well as wealthy Americans and Europeans. After World War II, it became a popular tourist destination and convention site. Many celebrities, such as Elton John and Brigitte Bardot, have homes in the region. The French Riviera is a major yachting and cruising area with several marinas along its coast. According to the Côte d'Azur Economic Development Agency, each year the Riviera hosts 50% of the world's superyacht fleet, with 90% of all superyachts visiting the region's coast at least once in their lifetime. As a tourist centre it benefits from 300 days of sunshine per year, 115 kilometres (71 mi) of coastline and beaches, 18 golf courses, 14 ski resorts and 3,000 restaurants. Although the Riviera is famous for the glamour of St. Tropez, Monaco or the Cannes Film Festival, there are many other less well known attractions, such as the perched villages of Eze and Gourdon, the perfumeries of Grasse and the glass blowers of Biot, the potters in Vallauris. The Riviera has been the inspiration for many well-known artists such as Picasso and many of their works are on display in local museums and art galleries. Unlike other writers, who have viewed the export of American art during the 1950s and 1960s as another form of Cold War propagandizing (and famous American artists as cultural imperialists), Ikegami sees the global rise of American art as a cross-cultural phenomenon in which each art community Rauschenberg visited was searching in different ways for cultural and artistic identity in the midst of Americanization. Rauschenberg's travels and collaborations established a new kind of transnational network for the postwar art world---prefiguring the globalization of art before the era of globalization. -- The Rough Guide to Provence & the Côte d'Azur is the ultimate travel guide to the most compelling region of southern France. "A partir des années 1880 et jusqu'à la Première Guerre mondiale, la côte .d'Opale devient une terre d'élection pour de nombreux artistes français mais aussi étrangers venus pratiquer la peinture de plein air. La proximité de la capitale parisienne où la plupart d'entre eux confortent leur apprentissage, la beauté des sites naturels environnants, la présence d'une population de marins aux traditions fortes, sont autant de facteurs qui concourent à l'attractivité du lieu. Si l'engouement pour les ports de la mer du Nord, Étapes ou Boulogne-sur-Mer notamment, plus tardif parfois que l'intérêt pour les côtes normandes et bretonnes qui voient essaimer les colonies d'artistes, répond à des attentes similaires, il donne lieu à une production picturale d'une grande richesse placée sous la bannière du réalisme."--P. Make the most of your time with The Rough Guide to Provence & The Côte d'Azur « Le beau court les rues : il y est désespérant, et la peinture ou plutôt la rage de peindre paraît la plus grande des folies. » Eugène Delacroix (1798-1863) a connu une gloire paradoxale. Si sa Liberté guidant le peuple est sans doute un des tableaux les plus célèbres du monde, si son portrait ornait naguère les billets de cent francs, sa personnalité reste mal connue. Peintre génial, passant indifféremment d'œuvres d'inspiration religieuse ou littéraire à d'autres plus en rapport avec l'actualité de son temps, il n'hésita pas à sacrifier le dessin au profit de la couleur.
