The #1 New York Times bestseller! It's the Salem Witch Trials meets *Mean Girls* in this New York Times bestselling novel from one of the descendants of Cotton Mather, where the trials of high school start to feel like a modern-day witch hunt for a teen with all the wrong connections to Salem's past. Salem, Massachusetts, is the site of the infamous witch trials and the new home of Samantha Mather. Recently transplanted from New York City, Sam and her stepmother are not exactly welcomed with open arms. Sam is the descendant of Cotton Mather, one of the men responsible for those trials—and almost immediately, she becomes the enemy of a group of girls who call themselves the Descendants. And guess who their ancestors were? If dealing with that weren't enough, Sam also comes face to face with a real, live (well, technically dead) ghost. A handsome, angry ghost who wants Sam to stop touching his stuff. But soon Sam discovers she is at the center of a centuries-old curse affecting anyone with ties to the trials. Sam must come to terms with the ghost and find a way to work with the Descendants to stop a deadly cycle that has been going on since the first accused witch was hanged. If any town should have learned its lesson, it's Salem. But history may be about to repeat itself. "It's like *Mean Girls* meets history class in the best possible way." —Seventeen Magazine "Mather shines a light on the lessons the Salem Witch Trials can teach us about modern-day bullying—and

what we can do about it." –Bustle "Strikes a careful balance of creepy, fun, and thoughtful." –NPR I am utterly addicted to Mather's electric debut. It keeps you on the edge of your seat, twisting and turning with ghosts, witches, an ancient curse, and–sigh–romance. It's beautiful. Haunting. The characters are vivid and real. I. Could. Not. Put. Her introduction into a world of enchantment and all things magical was tempered by the knowledge that something evil was lurking there. Witch, Ghost, Dog, Clone is a YA Fantasy about what happens when a Living Dead Girl meets the murderous ghost of her mother, a genetically perfect boy, a talking dog, and her own destiny. Tovar, a world steeped in magic, run by witches, and at the beginning of its industrial age, is connected to New Jersey through a portal large enough to encourage trade and tourism between the two worlds. One of the primary attractions in Tovar is Madame Lacha's travelling carnival and in particular, the Living Dead Girl, Clovis. When a boy band from Earth comes to see the terror show, Clovis tries to impress her famous crush. She accidentally conjures the ghost of a dead sea-witch with the sort of unfinished business that can easily end both Tovar and Earth. Under threat of the ghost's murderous magic, Clovis steals a full-grown domestic dragon and runs away from the carnival. Soon she meets Huck, a very smart, but painfully naive clone, and Webster, a miniature-schnauzer, escaping the lab where they were created. The three embark on an adventure to satisfy the ghost. Pursued by scientists, witches, and a werewolf pirate, the three must find a place that may not exist and

To most people, it appears as if Derek James is a typical college freshman. Yes, he is on a football scholarship at one of the most prestigious universities in the country, but other than that, he appears quite ordinary. But there is an extraordinary secret that Derek is harboring: he is a warlock! When he runs into fellow freshmen Matthias, Omar, and Tre'Veil, he is surprised to learn that they are also warlocks! Shortly after they all meet, however, the freshmen start getting attacked by terrifying monsters. Now, the four fast friends must overcome doubts and disagreements in order to discover the source of the attacks. But it may go deeper than any of them realize. Forget warts and cauldrons—a new generation of witches is on the rise. From justice spells to protective charms, Frankie Castanea brings their fresh style to an ancient practice, showing that contemporary witchcraft is a powerful force for good and a tool for manifesting positive change. Modern-day witches are a blend of the old and the new. They travel to the grocery store, work nine-to-five jobs, and teach in our classrooms. They also carry black tourmaline and quartz, and wave bay and rosemary bundles over their doorways. Within an ancient and sacred practice, a new type of Craft has taken hold: one that combines the power of action with energy and intent, prioritizes self-realization, and matches its activism with manifestation. With chapters on meditation, grounding, cleansing, banishing, binding, and more, *Spells for Change* will help the modern witch create change within the hearth, the heart, and the world—one spell at a time. Live your Craft every day with Llewellyn's *Witches' Companion*. This indispensable guide will keep you one step ahead of the latest witchy trends, Craft practices, and Pagan issues. This year's edition is filled with wry and thought-provoking essays—transitioning to a Pagan lifestyle,
