Italian Neorealist Cinema May 30 2021 Torunn Haaland argues that neorealism was a cultural moment and accounts for the tradition's coherence in terms of its moral commitment to creating critical viewing experiences around underrepresented realities and marginalised people. By examining both acclaimed masterpieces and lesser known works, parallels are drawn to realist theories and to past and present cinematic traditions. The ways in which successive generations of directors have readopted, negotiated and broken with the themes and aesthetics of neorealist film are discussed and evaluated, along with neorealist tendencies in other arts, such as literature.

Italy Dec 25 2020 It is almost impossible to think about Italy without recalling its Renaissance art masterpieces, its spectacular landscapes, or its widely loved cuisine. Although these combined elements hint at a united Italian culture, Italy is truly a country comprised of individual regions, each with their own identities, histories, and traditions. Readers will follow Italy's trajectory from a land of disparate barbarian kingdoms to a republic, discovering along the way the glories of the Medici period, the factors influencing Italy's development into one of the world's most industrialized countries, and the diverse society that makes up its population.

The Form of Ideology and the Ideology of Form Jan 06 2022 This timely volume focuses on the period of decolonization and the Cold War as the backdrop to the emergence of new and diverse literary aesthetics that accompanied anti-imperialist commitments and Afro-Asian solidarity. Competing internationalist frameworks produced a flurry of writings that made Asian, African and other world literatures visible to each other for the first time. The book's essays examine a host of print culture formats (magazines, newspapers, manifestos, conference proceedings, ephemera, etc.) and modes of cultural mediation and transnational exchange that enabled the construction of a variously inflected Third-World culture which played a determining role throughout the Cold War. The essays in this collection focus on locations as diverse as Morocco, Tunisia, South Asia, China, Spain, and Italy, and on texts in Arabic, English, French, Hindi, Italian, and Spanish. In doing so, they highlight the combination of local debates and struggles, and internationalist networks and aspirations that found expression in essays, novels, travelogues, translations, reviews, reportages and other literary forms. With its comparative study of print cultures with a focus on decolonization and the Cold War, the volume makes a major contribution both to studies of postcolonial literary and print cultures, and to cultural Cold War studies in multilingual and non-Western contexts,

and will be of interest to historians and literary scholars alike.

Letters from Prison Sep 26 2023 Antonio Gramsci (1891-1937) was one of the most original political thinkers in Western Marxism and an exceptional intellectual. Arrested and imprisoned by the Italian Fascist regime in 1926, Gramsci died before fully regaining his freedom, yet he wrote extensive letters while incarcerated, rich with insight into the physical and psychological tortures of prison. In meticulous detail, Gramsci records how political prisoners, himself included, contend with the fear of illness and death and the rules and regulations that threaten to efface their individuality. Forming an incomparable link between Gramsci's intellectual passion and his emotional vulnerability, *Letters from Prison* shows a man reconstructing his life while being separated from it, struggling to recapture the primary relationships that once defined his identity. Frank Rosengarten divides more than four hundred Gramsci letters into two companion volumes, complete with a chronology of the thinker's crucial life experiences, an introduction that sheds light on the main experiences and themes in the letters, biographical notes on his correspondents, and a bibliography of works cited in his letters.

Lettere Dal Carcere Aug 25 2023

Italy in the Giolittian Era Jun 18 2020 This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.

Politics, Murder and Love in an Italian Family Aug 13 2022 Explores the impact of fascism, communism, and totalitarianism on modern Italy, through the prism of a single family.

Italian Modernism May 10 2022 *Italian Modernism* was written in response to the need for an historiographic and theoretical reconsideration of the concepts of Decadentismo and the avant-garde within the Italian critical tradition. Focussing on the confrontation between these concepts and the broader notion of international modernism, the essays in this important collection seek to understand this complex phase of literary and artistic practices as a response to the epistemes of philosophical and scientific modernity at the end of the nineteenth century and in the first three decades of the twentieth. Intellectually provocative, this collection is the first attempt in the field of Italian

Studies at a comprehensive account of Italian literary modernism. Each contributor documents how previous critical categories, employed to account for the literary, artistic, and cultural experiences of the period, have provided only partial and inadequate descriptions, preventing a fuller understanding of the complexities and the interrelations among the cultural phenomena of the time.

Gramsci and the Italian State Aug 01 2021 Discusses the political life of Antonio Gramsci, the founder of the Italian Communist Party. Including a biographical outline, this book covers the influences on his political thought, his fight against fascism and his eventual imprisonment. The book also includes his prison notebooks.

The History of Linguistics in Italy Nov 04 2021 This volume brings together the papers published in *Historiographia Linguistica* 9:3 (1982), which was devoted to the history of linguistics in Italy, with Marazzini's paper first published in *Historiographia Linguistica* 10:1/2 (1983), and an original article by Franco Lo Piparo expressly written for this volume. The present volume provides in addition an index of subjects, as well as an index of names, which supplies bio-bibliographical references to authors discussed.

Encyclopedia of Italian Literary Studies: A-J Dec 17 2022 Publisher description

Mussolini and the Eclipse of Italian Fascism Apr 09 2022 An incisive account of how Mussolini pioneered populism in reaction to Hitler's rise--and thereby reinforced his role as a model for later authoritarian leaders On the tenth anniversary of his rise to power in 1932, Benito Mussolini (1883-1945) seemed to many the "good dictator." He was the first totalitarian and the first fascist in modern Europe. But a year later Hitler's entrance onto the political stage signaled a German takeover of the fascist ideology. In this definitive account, eminent historian R.J.B. Bosworth charts Mussolini's leadership in reaction to Hitler. Bosworth shows how Italy's decline in ideological pre-eminence, as well as in military and diplomatic power, led Mussolini to pursue a more populist approach: angry and bellicose words at home, violent aggression abroad, and a more extreme emphasis on charisma. In his embittered efforts to bolster an increasingly hollow and ruthless regime, it was Mussolini, rather than Hitler, who offered the model for all subsequent authoritarians.

Why Italy Entered Into the Great War, by Luigi Carnovale Oct 23 2020 In English and Italian, with special t.p. in Italian: *Perche l'Italia e entrata nell grande guerra ...*

Portrait of the Artist and His Mother in Twentieth-Century Italian Culture Nov 16 2022 The power exercised by the mother on the son in Mediterranean cultures has been amply studied. Italy is a special case in the Modern Era and the phenomenon of Mammismo italiano is indeed well known. Scholars have traced this obsession with the mother figure to the Catholic cult of the Virgin Mary, but in fact, it is more ancient. What has not been adequately addressed however, is how Mammismo italiano has been manifested in complex ways in various modern artistic forms. *Portrait of the Artist and His Mother in Twentieth-Century Italian Culture* focuses on case studies of five prominent creative personalities, representing different, sometimes overlapping artistic genres (Luigi Pirandello, Pier Paolo Pasolini, Dino Buzzati, Carlo Levi, Federico Fellini). The author examines how the mother-son relationship not only affected, but actually shaped their work. Although the analysis uses mainly a psychological and psychoanalytical critical approach, the belief of the author, substantiated by historians, anthropologists and sociologists, is that historical and cultural conditions contributed to and reinforced the Italian character. This book concludes with an analysis of some examples of Italian film comedies, such as Fellini's and Monicelli's where mammismo/vitellonismo is treated with a lighter tone and a pointed self irony.

Encyclopedia of Contemporary Italian Culture Apr 28 2021 This rigorously compiled A-Z volume offers rich, readable coverage of the diverse forms of post-1945 Italian culture. With over 900 entries by international contributors, this volume is genuinely interdisciplinary in character, treating traditional political, economic, and legal concerns, with a particular emphasis on neglected areas of popular culture. Entries range from short definitions, histories or biographies to longer overviews covering themes, movements, institutions and personalities, from advertising to fascism, and Pirelli to Zeffirelli. The Encyclopedia aims to inform and inspire both teachers and students in the following fields: *Italian language and literature *Arts, Humanities and Social Sciences *European Studies *Media and Cultural Studies *Business and Management *Art and Design It is extensively cross-referenced, has a thematic contents list and suggestions for further reading.

Italian Humanist Photography from Fascism to the Cold War Sep 14 2022 Spanning four decades of radical political and social change in Italy, this interdisciplinary study explores photography's relationship with Italian painting, film, literature, anthropological research and international photography. Evocative and powerful, Italian social

documentary photography from the 1930s to the 1960s is a rich source of cultural history, reflecting a time of dramatic change. This book shows, through a wide range of images (some published for the first time) that to fully understand the photography of this period we must take a more expansive view than scholars have applied to date, considering issues of propaganda, aesthetics, religion, national identity and international influences. By setting Italian photography against a backdrop of social documentary and giving it a distinctive place in the global history of photography, this exciting volume of original research is of interest to art historians and scholars of Italian and visual culture studies.

The Relationship between the Italian Leftist Parties and the Conflict in the Middle East Mar 20 2023 Israel went from being a symbol of the success of the labour movement to the personification of Western imperialism almost overnight. How was this possible? How could such a radical change occur in such a short length of time? Was it because of negligence within the Italian left resulting from a complex of excessive friendship towards the Jews and Israel? Has the analytical power within leftist political thought grown to shed new light on what was before veiled? It is difficult to believe that the presumed colonialist nature of Israel was not evident before the outbreak of the Six-Day War, just as it is not possible that the real nature of Zionism and the situation of the Palestinian victims were invisible prior to this event. Through an historical, political, and ideological investigation, this book explores this extraordinary, and multifaceted, phenomenon.

A History of Italian Economic Thought Sep 21 2020 This book provides the non-Italian scholar with an extensive picture of the development of Italian economics, from the Sixteenth century to the present. The thread of the narrative is the dialectics between economic theory and political action, where the former attempts to enlighten the latter, but at the same time receives from politics the main stimulus to enlarge its field of reflection. This is particularly clear during the Enlightenment. Inside, this book insists on stressing that Galiani, Verri, and Beccaria were economists quite sensitive to practical issues, but who also were willing to attain generally valid conclusions. In this sense, "pure economics" was never performed in Italy. Even Pareto used economics (and sociology) in order to interpret and possibly steer the course of political action. Within this book it illustrates the Restoration period (1815-48). There was a slowdown of the economists' engagement, due to an adverse political situation, that

prompted the economists to prefer less dangerous subjects, such as the relationship between economics, morals, and law (the main interpreter of this attitude was Romagnosi). After 1848, however, in parallel with the Risorgimento cultural climate, a new vision of the economists' task was eventually manifested. Between economics and political Liberalism a sort of alliance was established, whose prophet was F. Ferrara. While the Historical school of economics of German origin played a minor role, Pure Economics (1890-1940 approx.) had a considerable success, as regards both economic equilibrium and the theory of public finance. Consequently, the introduction of Keynes's ideas was rather troubled. Instead, Hayek had an immediate success. This book concludes with a chapter devoted to the intense relationships between economic theories, economic programmes and political action after 1945. Here, the Sraffa debate played an important role in stimulating Italian economists to a reflection on the patterns of Italian economy and the possibilities of transforming Italy's economic and social structure.

Antonio Gramsci and the Party Jun 23 2023

Italian Jewish Musicians and Composers under Fascism Jul 20 2020 This book is the first collection of multi-disciplinary research on the experience of Italian-Jewish musicians and composers in Fascist Italy. Drawing together seven diverse essays from both established and emerging scholars across a range of fields, this book examines multiple aspects of this neglected period of music history, including the marginalization and expulsion of Jewish musicians and composers from Italian theatres and conservatories after the 1938–39 Race Laws, and their subsequent exile and persecution. Using a variety of critical perspectives and innovative methodological approaches, these essays reconstruct and analyze the impact that the Italian Race Laws and Fascist Italy's musical relations with Nazi Germany had on the lives and works of Italian Jewish composers from 1933 to 1945. These original contributions on relatively unresearched aspects of historical musicology offer new insight into the relationship between the Fascist regime and music.

Cassell Dictionary Italian Literature Apr 21 2023

Gramsci, Migration, and the Representation of Women's Work in Italy and the U.S. Jul 12 2022 Examining films, literature, songs, and photographs with an emphasis on a feminist materialist interpretation, *Producing Culture* considers the representations of different kinds of labor historically performed by women in Italy and the U.S. in

order to reassess dominant narratives about the history of Italy and of Italians in the United States.

The Cambridge Companion to the Italian Novel Feb 24 2021 The Cambridge Companion to the Italian Novel provides a broad ranging introduction to the major trends in the development of the Italian novel from its early modern origin to the contemporary era. Contributions cover a wide range of topics including the theory of the novel in Italy, the historical novel, realism, modernism, postmodernism, neorealism, and film and the novel. The contributors are distinguished scholars from the United Kingdom, the United States, Italy, and Australia. Novelists examined include some of the most influential and important of the twentieth century inside and outside Italy: Luigi Pirandello, Primo Levi, Umberto Eco and Italo Calvino. This is a unique examination of the Italian Novel, and will prove invaluable to students and specialists alike. Readers will gain a keen sense of the vitality of the Italian novel throughout its history and a clear picture of the debates and criticism that have surrounded its development.

Italy's 'Southern Question' Nov 23 2020 The 'Southern Question' has been a major topic in Italian political, economic and cultural life for a century and more. During the Cold War, it was the justification for heavy government intervention. In contemporary Italy, a major part of the appeal of the Lombard League has been its promise to dissociate the South from the North, even to the point of secession. The South also remains a resonant theme in Italian literature. This interdisciplinary book endeavours to answer the following: - When did people begin to think of the South as a problem? - Who - intellectuals, statisticians, criminologists, political exiles, novelists (among them some important southerners) - contributed to the discourse about the South and why? - Did their view of the South correspond to any sort of reality? - What was glossed over or ignored in the generalized vision of the South as problematic? - What consequences has the 'Question' had in controlling the imaginations and actions of intellectuals and those with political and other forms of power? - What alternative formulations might people create and live by if they were able to escape from the control of the 'Question' and to imagine the political, economic and cultural differences within Italy in some other way? This timely book reveals how Southern Italians have been affected by distorted versions of a complex reality similar to the discourse of 'Orientalism'. In situating the devaluation of Southern Italian culture in relation to the recent emergence of 'anti-mafia' ideology in the South and the threat posed to national unity by the Lombard League, it also illuminates the world's stiff inter-regional

competition for investment capital.

Women, Terrorism, and Trauma in Italian Culture Feb 19 2023 Addressing cultural representations of women's participation in the political violence and terrorism of the Italian anni di piombo ('years of lead', c. 1969-83), this book conceptualizes Italy's experience of political violence during those years as a form of cultural and collective trauma.

Criminal Law in Liberal and Fascist Italy Jun 30 2021 By extending the chronological parameters of existing scholarship, and by focusing on legal experts' overriding and enduring concern with 'dangerous' forms of common crime, this study offers a major reinterpretation of criminal-law reform and legal culture in Italy from the Liberal (1861–1922) to the Fascist era (1922–43). Garfinkel argues that scholars have long overstated the influence of positivist criminology on Italian legal culture and that the kingdom's penal-reform movement was driven not by the radical criminological theories of Cesare Lombroso, but instead by a growing body of statistics and legal researches that related rising rates of crime to the instability of the Italian state. Drawing on a vast array of archival, legal and official sources, the author explains the sustained and wide-ranging interest in penal-law reform that defined this era in Italian legal history while analyzing the philosophical underpinnings of that reform and its relationship to contemporary penal-reform movements abroad.

Internal exile in Fascist Italy Jan 26 2021 This study offers a clear, concise introduction to the Fascist-era practice, known as confino, of exiling antifascist dissidents to parts of Italy far from the dissidents' homes, often on islands or in tiny inland villages. The book is organised in two sections. Part one provides a case study of the political colony on the island of Lipari and a historical overview of internal exile. Part two focuses on representations of confinement in literature and film. It examines the varieties of self-expression (e.g. memoirs, letters and literature) used by prisoners to describe their experiences, investigates how filmmakers interpret these events, places and people, and explores how film portrays the repression of homosexuality. A timely examination of the birthplace of European federalism, the book also contributes to our understanding of the legacy of confinement from both national and European perspectives.

Encyclopedia of Italian Literary Studies Jun 11 2022 The Encyclopedia of Italian Literary Studies is a two-

volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

Popular Italian Cinema Mar 28 2021 With its monsters, vampires and cowboys, Italian popular culture in the postwar period has generally been dismissed as a form of evasion or escapism. Here, four international scholars re-examine and reinterpret the era to show that popular Italian cinema was not only in tune with contemporary political and social trends, it also presaged the turmoil and rebellion of the 1960s and 1970s. Their analysis of peplum (or 'sword and sandal') films, horror films, spaghetti westerns and comedy Italian-style shows how genre cinema reflected the changes wrought by modernization, urbanization, consumerist culture and the sexual revolution. With striking insights into the links between popular culture and politics, this book will be indispensable for specialists in film and media studies, Italian and cultural studies, as well as social history.

The Holocaust in Italian Culture, 1944–2010 Mar 08 2022 The Holocaust in Italian Culture, 1944–2010 is the first major study of how postwar Italy confronted, or failed to confront, the Holocaust. Fascist Italy was the model for Nazi Germany, and Mussolini was Hitler's prime ally in the Second World War. But Italy also became a theater of war and a victim of Nazi persecution after 1943, as resistance, collaboration, and civil war raged. Many thousands of Italians—Jews and others—were deported to concentration camps throughout Europe. After the war, Italian culture produced a vast array of stories, images, and debate through which it came to terms with the Holocaust's difficult legacy. Gordon probes a rich range of cultural material as he paints a picture of this shared encounter with the darkest moment of twentieth-century history. His book explores aspects of Italian national identity and memory,

offering a new model for analyzing the interactions between national and international images of the Holocaust.

Contemporary Italian Philosophy Feb 07 2022

The Cultures of Italian Migration Oct 15 2022 The Cultures of Italian Migration allows the adjective "Italian" to qualify people's movements along diverse trajectories and temporal dimensions. Discussions on migrations to and from Italy meet in that discursive space where critical concepts like "home," "identity," "subjectivity," and "otherness" eschew stereotyping. This volume demonstrates that interpretations of old migrations are necessary in order to talk about contemporary Italy. New migrations trace new non linear paths in the definition of a multicultural Italy whose roots are unmistakably present throughout the centuries. Some of these essays concentrate on topics that are historically long-term, such as emigration from Italy to the Americas and southern Pacific Ocean. Others focus on the more contemporary phenomena of immigration to Italy from other parts of the world, including Africa. This collection ultimately offers an invitation to seek out new and different modes of analyzing the migratory act.

Lettere dal carcere Italian text Jan 18 2023

Gramsci's Prison Letters Oct 27 2023 Antonio Gramsci's writings are seen as having been instrumental in supplying a new relevance and context for political debate on the left in the 20th century, but this importance is not confined to his political theorizing: in opposition to his contemporaries he insisted on the central importance of an understanding of popular culture in the battle to create a revolutionary consciousness.

Lettere Dal Carcere May 22 2023

Mussolini's Italy Sep 02 2021 With Mussolini's Italy, R.J.B. Bosworth—the foremost scholar on the subject writing in English—vividly brings to life the period in which Italians participated in one of the twentieth century's most notorious political experiments. Il Duce's Fascists were the original totalitarians, espousing a cult of violence and obedience that inspired many other dictatorships, Hitler's first among them. But as Bosworth reveals, many Italians resisted its ideology, finding ways, ingenious and varied, to keep Fascism from taking hold as deeply as it did in Germany. A sweeping chronicle of struggle in terrible times, this is the definitive account of Italy's darkest hour.

A History of Italian Theatre Dec 05 2021 A history of Italian theatre from its origins to the time of this book's publication in 2006. The text discusses the impact of all the elements and figures integral to the collaborative process

of theatre-making. The distinctive nature of Italian theatre is expressed in the individual chapters by highly regarded international scholars.

Language and Society in a Changing Italy Aug 21 2020 This book examines the interrelation between language and society in contemporary Italy. It aims to provide an up to date account of linguistic diversity, social variation, special codes and language varieties within Italian society, and in situations of language contact both within and outside Italy.

Catholics and Communists in Twentieth-Century Italy Jul 24 2023 Catholics and Communists in Twentieth-Century Italy explores the critical moments in the relationship between the Catholic world and the Italian left, providing unmatched insight into one of the most significant dynamics in political and religious history in Italy in the last hundred years. The book covers the Catholic Communist movement in Rome (1937-45), the experience of the Resistenza, the governmental collaboration between the Catholic Party (DC) and the Italian Communist Party (PCI) until 1947, and the dialogue between some of the key figures in both spheres in the tensest years of the Cold War. Daniela Saresella even goes on to consider the legacy that these interactions have left in Italy in the 21st century. This pioneering study is the first on the subject in the English language and is of vital significance to historians of modern Italy and the Church alike.

The Rise and Fall of Communist Parties in France and Italy Oct 03 2021 This book analyzes the dynamics through which the two major communist parties of the capitalist world—which in the 1970s had great influence on their respective national political contexts since the 1980s are increasing their marginality and, although in different forms and with different timeframes are unable to stem the decline of their political and cultural influences on the working classes.
