“We walked toward the part of the library where the air smelled as if it had been interred for years..... Finally, we got to the hallway where the wooden floor was the creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon.” Thirteen-year-old Juan’s favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan’s parents separate and his dad goes to Paris. Then, as if that wasn’t horrible enough, Juan is sent away to his strange Uncle Tito’s house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives

inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. “The books moved!” His uncle drinks all his tea in one gulp and, sputtering, lets his nephew in on a secret: Juan is a Princeps Reader—which means books respond magically to him—and he’s the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does? Join TV’s Survivorman on twelve edge-of-your-seat adventures as he proves anyone can be an outdoor explorer. Barr’s dramatic illustrations amp up the excitement alongside photos of Survivorman’s adventures. *Youth Gone Wild* is a story about a young boy born in 1962 on the Northwest Side of Chicago to parents ill prepared to raise a son. His premature birth prevented him from bonding with his mother at an early age. His older sister paved the way for how Robert would be raised as her “little sister.” Many years of pain and suffering at the hands of his bullies ensued. It wasn’t until his discovery of heavy metal rock music that Robert found a way out of his chains. Rock music became his religion. It gave him the strength, the courage, and the self-confidence to take back control of his life and to control his own destiny. As the years passed, the transition from a good little

boy to an out-of-control teenager was set in motion. This is not your typical coming-of-age story. Robert truly was a youth gone wild! All boundaries were shattered. Nothing was off-limits. Along with his cast of characters, he would blaze a path of “creative” mayhem second to none. This timely coming of age novel takes on the controversial issues of fracking and environmental protection. Stay away from my woods. Eleven-year-old Fern doesn't have the easiest life. Her stepfather is out of work, and she's responsible for putting dinner on the table--not to mention keeping her wild younger brothers out of trouble. The woods near their home is her only refuge, where she finds food and plays with her neighbor's dog. But when a fracking company rolls into town, her special grove could be ripped away, and no one else seems to care. Her stepfather needs the money that a job with the frackers could bring to their family, and her wealthy grandfather likes the business it brings to their town. Even her best friend doesn't understand what the land means to Fern. With no one on her side, how can she save the forest that has protected her for so long? The acclaimed author of *Wonder at the Edge of the World* weaves a poignant story about life on the poverty line, the environment, friendship and family--and, most of all, finding your place in the world. For nature lovers as well as cooks, there's plenty to whet the appetite in this unique field guide-cum-cookbook. Starting with the first plants ready for eating in the early spring (watercress and nettles) and following the sequence of harvest through the late fall (persimmons and Jerusalem artichokes), Kay Young offers full, easy-to-follow directions for identifying, gathering, and preparing some four dozen edible wild plants of the Great Plains. And since most of the plants occur elsewhere as well, residents of other regions will find much of interest here. ø "This is not a survival book," writes the author; "only those plants whose flavor and availability warrant the time and effort to collect or grow them are included." The nearly 250 recipes range from old-time favorites (poke sallet; catnip tea; horehound

lozenges; hickory nut cake; a cupboardful of jams, jellies, and pies) to enticing new creations (wild violet salad, milkweed sandwiches, cattail pollen pancakes, day-lily hors d'oeuvres, prickly-pear cactus relish). ø Reflecting the author's conviction that just as we can never go back to subsisting wholly on wild things, neither should we exclude them from our lives, this book serves up generous portions of botanical information and ecological wisdom along with good food. The tree kangaroo at the zoo would like nothing more than a baby of her own. So, when a new egg arrives via the endangered species van, the 'roo jumps at the chance to take care of it, even when no one else wants it. Soon, out comes a penguin and all the animals chip in to help because, as the tree kangaroo says, "Penguins eat fishes." Told in Judy Sierra's classic rollicking rhyme, and paired with Marc Brown's breathtaking folk-art style paintings, *Wild About You!* is another delightful collaboration from this New York Times bestselling duo that fans of *Wild About Books* and *ZooZical* will want to adopt for their own book collections. It's 1972. Twelve-year-old Joan is sure that she is going to be miserable when her family moves. Then she meets a most unusual girl. Sarah prefers to be called 'Fox,' and lives with her author dad in a rundown house in the middle of the woods. The two girls start writing their own stories together, and when one wins first place in a student contest, they find themselves recruited for a summer writing class taught by the equally unusual Verla Volante. *The Wild Girls* brilliantly explores friendship, the power of story, and how coming of age means finding your own answers. "A must for CSNY fans." —Kirkus Reviews, starred review

The first ever biography focused on the formative and highly influential early years of "rock's first supergroup" (Rolling Stone) Crosby, Stills, Nash, and Young—when they were the most successful, influential, and politically potent band in America—in honor of the fiftieth anniversary of Woodstock and the formation of the band itself. 1969 to 1974 were true golden years of rock n' roll, bookmarking an era of arguably unparalleled musical power and innovation. But even more than any of their eminent peers, David Crosby, Stephen Stills, Graham Nash, and Neil Young channeled and broadcast all the radical anger, romantic idealism, and generational angst of their time. Each of the members had already made their marks in huge bands (The Hollies, Buffalo Springfield, The Byrds), but together, their harmonies were transcendent. The vast emotional range of their music, from delicate acoustic confessionals to raucous counter-culture anthems, was mirrored in the turbulence of their personal lives. Their trademark may have been vocal harmony, but few—if any—of their contemporaries could match the recklessness of their hedonistic and often combative lifestyles, when the four tenacious, volatile, and prodigal songwriters pursued chemical and sexual pleasure to life-threatening extremes. Including full color photographs, CSNY chronicles these four iconic musicians and the movement they came to represent, concentrating on their prime as a collective unit and a cultural force: the years between 1969, when Woodstock telegraphed their arrival to the world, and 1974, when their arch-enemy Richard Nixon was driven from office, and the band (to quote Graham Nash himself)

“lost it on the highway.” Even fifty years later, there are plenty of stories left to be told about Crosby, Stills, Nash, and Young—and music historian Peter Doggett is here to bring them to light in the meticulously researched CSNY, a quintessential and illuminative account of rock’s first supergroup in their golden hour for die-hard fans, nostalgic flower-children, and music history aficionados alike. When it was released in 1955, the film *Rebel Without a Cause* had a revolutionary impact on moviemaking and youth culture, virtually giving birth to our concept of the American teenager. For the first time, *Live Fast, Die Young* tells the complete story of the explosive making of *Rebel*, a film that has rocked every generation since its release. Set against a backdrop of the Atomic Age and an old Hollywood studio system on the verge of collapse, it vividly evokes the cataclysmic, immensely influential meeting of four of Hollywood's most passionate artists. When James Dean, Natalie Wood, Sal Mineo, and director Nicholas Ray converged, each was at a crucial point in his or her career. The young actors were grappling with fame, their burgeoning sexuality, and increasingly reckless behavior. As Ray engaged his cast in physical melees and psychosexual seductions of startling intensity, the on- and off-set relationships between his ambitious young actors ignited, sending a shock wave through the film. Through interviews with the surviving members of the cast and crew and firsthand access to both personal and studio archives, Lawrence Frascella and Al Weisel reveal *Rebel*'s true drama -- the director's affair with sixteen-year-old Wood, his tempestuous "spiritual marriage" with Dean, and his role in awakening the latent homosexuality of Mineo, who would become the first gay teenager to appear on film. Complete with thirty photographs, including ten never-before-seen photos by famed Dean photographer Dennis Stock, *Live Fast, Die Young* tells the absorbing inside story of an unforgettable and absolutely essential American film -- a story that is, in many ways, as provocative as the film itself. An eighteen-year-old chieftain's daughter must find a

way to kill her village's oppressive deity if she ever wants to return home in *Warrior of the Wild*, the Viking-inspired YA standalone fantasy from Tricia Levenseller, author of *Daughter of the Pirate King*. How do you kill a god? As her father's chosen heir, eighteen-year-old Rasmira has trained her whole life to become a warrior and lead her village. But when her coming-of-age trial is sabotaged and she fails the test, her father banishes her to the monster-filled wilderness with an impossible quest: To win back her honor, she must kill the oppressive god who claims tribute from the villages each year or die trying. a moment as thrilling as when James flies off in the Giant Peach. Highly recommended" —The Times (UK) "Combines a great fondness for animals with an appreciation of the freakish.... A powerful, blazingly honest memoir: the story of an eleven-hundred-mile solo hike that broke down a young woman reeling from catastrophe—and built her back up again. At twenty-two, Cheryl Strayed thought she had lost everything. In the wake of her mother's death, her family scattered and her own marriage was soon destroyed. Four years later, with nothing more to lose, she made the most impulsive decision of her life. With no experience or training, driven only by blind will, she would hike more than a thousand miles of the Pacific Crest Trail from the Mojave Desert through California and Oregon to Washington State—and she would do it alone. Told with suspense and style, sparkling with warmth and humor, Wild powerfully captures the terrors and pleasures of one young woman forging ahead against all odds on a journey that maddened, strengthened, and ultimately healed her. In 1990, Mongolia's youth-led revolution threw off the Soviet yoke, ushering in multi-party democracy. Thirty years later, the country's youth are still leading Mongolia's democratic development. This powerful, inclusive book introduces readers to modern Mongolia through the stories of young leaders fighting to make their country a better, more democratic place. Its intersectional perspective explores the complexity of Mongolia today: the urban planning and pollution

issues that plague the capital city of Ulaanbaatar; the struggles of women, the LGBTQIA+ population, people with disabilities, and ethnic minorities to claim their equitable places in society; the challenge of providing education in the world's least densely-populated country to prepare the workforce of tomorrow; and how to fairly divide the spoils of the country's vast mineral resource wealth. This rising generation of Mongolians is already wielding real power and shaping their country's future. Their work will determine whether the country is able to overcome its development and democratization challenges, its relationship to the world, and who the winners (and losers) will be in Mongolian society.

The first and most complete narrative biography of Crosby, Stills, Nash and Young, by acclaimed music journalist and Rolling Stone senior writer David Browne "Riveting." -People Magazine "This is one of the great rock and roll stories." -New York Times Book Review

Even in the larger-than-life world of rock and roll, it was hard to imagine four more different men. Yet few groups were as in sync with their times as Crosby, Stills, Nash & Young. Starting with the original trio's landmark 1969 debut album, their group and individual songs-"Wooden Ships," "Ohio," "For What It's Worth" (with Stills and Young's Buffalo Springfield)-became the soundtrack of a generation. But their story would rarely be as harmonious as their legendary vocal blend. Over the decades, these four men would continually break up, reunite, and disband again-all against a backdrop of social and musical change, recurring disagreements, and self-destructive tendencies that threatened to cripple them as a group and as individuals.

In Crosby, Stills, Nash & Young: The Wild, Definitive Saga of Rock's Greatest Supergroup, Rolling Stone senior writer David Browne presents the ultimate deep dive into rock and roll's most musical and turbulent brotherhood. Featuring exclusive interviews with band members, colleagues, fellow superstars, former managers, employees, and lovers-and with access to unreleased music and documents-this is the sweeping story of

rock's longest-running, most dysfunctional, yet pre-eminent musical family, delivered with the epic feel their story rightly deserves. Are you bored with being so proper? Do you want to have more fun? Mr. Tiger knows exactly how you feel. So he decides to go wild. But does he go too far? From Caldecott Honor artist Peter Brown comes a story that shows there's a time and place for everything...even going wild. The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao's impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord's concubine; her mother's struggles as a young idealistic Communist; and her parents' experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a “barefoot doctor,” a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history. The adventures of an unusual dog, part St. Bernard, part Scotch shepherd, that is forcibly taken to the Klondike gold fields where he eventually becomes the leader of a wolf pack. **OVER HALF A MILLION COPIES SOLD!** Winner of the E.B. White Read Aloud Award It started the summer of 2002, when the Springfield librarian, Molly McGrew, by mistake drove her bookmobile into the zoo. In this rollicking rhymed story, Molly introduces birds and beasts to this new something called reading. She finds the perfect book for every animal—tall books for giraffes, tiny ones for crickets. “She even found waterproof books for the

otter, who never went swimming without Harry Potter.” In no time at all, Molly has them “forsaking their niches, their nests, and their nooks,” going “wild, simply wild, about wonderful books.” Judy Sierra’s funny animal tale coupled with Marc Brown’s lush, fanciful paintings will have the same effect on young Homo sapiens.

Altogether, it’s more fun than a barrel of monkeys! In a plot of land at the edge of town, Ana grows only perfectly sized plants and perfect-looking flowers; she throws all the irregular shoots and uneven seeds over the wall into the disorderly Wild. But as her garden gets tidier, neater and more constrained, the Wild begins to grow . . . *A Journey From Lost to Found*. At 26, Cheryl Strayed thought she had lost everything. In the wake of her mother's rapid death from cancer, her family disbanded and her marriage crumbled. With nothing to lose, she made the most impulsive decision of her life: to walk eleven-hundred miles of the west coast of America - from the Mojave Desert, through California and Oregon, and into Washington State - and to do it alone. She had no experience of long-distance hiking and the journey was nothing more than a line on the map. This account captures the agonies - both mental and physical - of her incredible journey. #1 NEW YORK TIMES BESTSELLER • A powerful, blazingly honest memoir: the story of an eleven-hundred-mile solo hike that broke down a young woman reeling from catastrophe—and built her back up again. NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a

very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.
