**Sexuality, Obscenity and Community** Jan 24 2023 Through analysis of an impressive array of 'low' and 'high' Hindu literatures, particularly pamphlets, tracts, newspapers, and archival data, Gupta explores the emerging discourse of gender and sexuality, which was essential to the development of notions of Hindu communality and nationalism in the colonial period. The book offers an exceptionally nuanced account of Hindi gender politics.

Religions of the East Nov 21 2022 Under the rubric of 'Religions of the East', which includes Buddhism, Hinduism, Sikhism, Jainism and a myriad of Chinese religio-philosophies, are a vast range of views concerning human sexuality. These contrasting attitudes are mapped through this volume on Religions of the East in The Library of Essays on Sexuality and Religion series. Part 1 presents previously-published articles that explore several Eastern Religions in the way they construct sexuality through expressions of their pertinent holy writings and belief systems, as applied in differing historical and cultural contexts. Part 2 takes sexual renunciation and asceticism as its focus through the traditions of Hinduism, Jainism and the Chinese religious systems. Part 3 explores the connection between sexuality, gender and sexuality in Hindu and Buddhist customs in varied social settings. The final part of the volume includes articles examining Eastern religions in their attitudes towards sexual 'variants' including bi-sexuality, trans-sexuality and contested sexual categories.

*Making Place through Ritual* Oct 28 2020 Indian indigenous societies are especially known for their elaborate rituals, which offer an excellent chance for studying religion as practice. However, few detailed ethnographic works exist on the ritual practices of these societies. Based on long-term ethnographic fieldwork in Jharkhand, India this book offers insights into contemporary, previously not described rituals of the Santal, one of the largest indigenous societies of Central India. Its focus lies on culturally specific notions of place as articulated and created during these rituals. In three chapters the book discusses how the Santal "make place" on different local, regional and global levels through their rituals: They reaffirm their ancestral roots in their land during large sacrificial rituals. They offer sacrifices to the dangerous deities of the forest in exchange for rain. And they claim their region to be a "Santal region" through large festivals celebrated in sacred groves, which they link to national and global discourses of indigeneity and environmentalism. Through an analysis of the rituals of a specific society, this book addresses broader issues. It presents an example

of how to study religion as a practical activity. It portrays culture-specific perceptions of the environment. And last, the book underlines the potential that lies in choosing place as a lens to study social phenomena in context.

**Sexualities** Apr 02 2021 While sexual violence is an area that is well mapped by feminist scholarship, this volume focuses on transgressive and marginalised sexualities. It brings together writings on India that highlight the transgression of norms-of heterosexuality. Of geminist and mascline behaviour, of recognisably gendered bodies-that declare ungovermed desire to be illegitimate. Sexualities also includes a selection of campaign documents from diverse sexuality movements in the country.

**Biliteracy and Globalization** Feb 10 2022 This book analyzes how the urban disadvantaged in the city of New Delhi learn English. Using qualitative methods the author discusses the pedagogy, texts and contexts in which biliteracy occurs and links English language teaching and learning in India with the broader social and economic processes of globalization in a developing country. The study is situated in a government school, a site where classrooms have rarely been qualitatively described, and where the Three Language Formula (TLF) is being fundamentally transformed due to increasing demand from the community for earlier access to the linguistic capital of English. Through research conducted in a call centre the author also shows what the requirements of new workplaces are and how government schools are trying to meet this demand.

**Sahaja Yoga** Aug 19 2022 Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."
