He was a successful independent musician who just wanted to sell his CDs online. When no one would help him do it, he set out on his own and built an online store from

scratch. He started in 1998 by helping his friends sell their CDs. In 2000, he hired his first employee. Eight years later, he sold CD Baby for \$22 million. **Sivers didn't need a business plan, and neither do you. You don't need to think big; in fact, it's better if you don't. Start with what you have, care about your customers more than yourself, and run your business like you don't need the money.** WINNER OF THE RALPH J. Grime music has been central to British youth culture since the beginning of the 21st century. Performed by MCs and DJs, it is an Afrodiasporic form that developed on street corners, on pirate radio and at raves. **Level Up: Live Performance and Creative Process in Grime Music** offers the first long-form ethnographic study of grime practice; it questions how and why artists do what they do; and it asks what this can tell us about creative process and improvisation more widely. Based on research conducted in London's grime scene—facilitated

by the author's long-standing role as a DJ and broadcaster—this book explores the form's emergence before taking a magnifying glass to the contemporary scene and its performance protocol, exploring the practice of key artists and their crews living and working in the city. The resultant model of creative interaction provides a comprehensive mapping of collective social learning in London's informal cityscape, offering new ways to conceptualise improvisatory practice within ensembles. In the spirit of *The Gentle Art of Swedish Death Cleaning* and *The Joy of Less*, experience the benefits of buying less and sharing more with this accessible 7-step guide to decluttering, saving money, and creating community from the creators of the Buy Nothing Project. In their island community, friends Liesl Clark and Rebecca Rockefeller discovered that the beaches of Puget Sound were spoiled by a daily influx of plastic items and trash washing on shore. From pens and toothbrushes to toys and straws, they wondered, where did it all come from? Of course, it comes from us--our homes, our backyards, our cars, and our workplaces. And so, a rallying cry against excess stuff was born. In 2013, they launched the first Facebook Buy Nothing Project

group in their small town off the coast of Seattle, and they never expected it to become a viral sensation. Today there are thousands of Buy Nothing groups all over the world, boasting more than a million members, and 5,000 highly active volunteers. Inspired by the ancient practice of gift economies, where neighbors share and pool resources, *The Buy Nothing, Get Everything Plan* introduces an environmentally conscious 7-step guide that teaches us how to buy less, give more, and live generously. At once an actionable plan and a thought-provoking exploration of our addiction to stuff, this powerful program will help you declutter your home without filling landfills, shop more thoughtfully and discerningly, and let go of the need to buy new things. Filled with helpful lists and practical suggestions including 50 items you never need to buy (Ziploc bags and paper towels) and 50 things to make instead (gift cards and salad dressing), *The Buy Nothing, Get Everything Plan* encourages you to rethink why you shop and embrace a space-saving, money-saving, and earth-saving mindset of buying less and sharing more. *The Small Faces & Other Stories* is a trip back in time, charting the rise and fall of one of the Sixties most energetic and successful bands. It is the extraordinary story of how this bold four-piece, led by mercurial cockney Steve Marriott, found fame and then splintered by the end of the decade to evolve into Humble Pie with Peter Frampton, and the Faces fronted by Rod Stewart. Along the way their trademark songs *Itchycoo Park*, *All or Nothing*, *Stay With Me* and *Baby I Love Your Way* would influence future generations of musicians such as Paul Weller, Ocean Colour Scene and Blur. By way of anecdote, interview and analysis, Uli Twelker and Roland Schmitt lift the lid on the bands' complex histories and the explosive characters involved that built one of rock music's most enduring and successful family trees. Otis has an antique shop crammed to the gills with stuff. So he's delighted when someone comes in and buys it all. Next day, Suzie Gump arrives, the shop is empty, full of nothing, and Suzy loves it—and takes it all. Suzie has set a trend, and soon everybody is craving nothing—the stores are full of it. It's only when there's not even a towel for drying off after a bath that Suzie realizes she may have gone a bit too far. Funny and silly, this is another solid entry by Agee. A collection of silliness, both verbal and visual. Hard times come for all in life, with no real explanation. When we walk through suffering, it has the potential to devastate and destroy, or to be the gateway to gratitude and joy. Elisabeth Elliot was no stranger to suffering. Her first husband, Jim, was murdered by the Waoroni people in Ecuador moments after he arrived in hopes of sharing the gospel. Her second husband was lost to cancer. Yet, it was in her deepest suffering

that she learned the deepest lessons about God. Why doesn't God do something about suffering? He has, He did, He is, and He will. Suffering and love are inexplicably linked, as God's love for His people is evidenced in His sending Jesus to carry our sins, griefs, and sufferings on the cross, sacrificially taking what was not His on Himself so that we would not be required to carry it. He has walked the ultimate path of suffering, and He has won victory on our behalf. This truth led Elisabeth to say, "Whatever is in the cup that God is offering to me, whether it be pain and sorrow and suffering and grief along with the many more joys, I'm willing to take it because I trust Him." Because suffering is never for nothing. This is a comprehensive, illustrated book about one of the most enduringly popular forms of music.
