Zoological Anecdotes; Or, Authentic and Interesting Facts Relative to the Lives, Manners, and Economy of the Brute Creation ... The Second Edition Sep 20 2022

Never Brush Your Teeth Again! Nov 03 2023 Even though you may brush your teeth diligently and consistently every day you still have bacteria, viruses, biofilm and even worm-like creatures living in, on, and around your teeth? Between 30 billion and 100 billion "bugs" live in your mouth right this second-even if you just brushed your teeth. They are so resilient that even after a mere three hours from your ordinary brushing and flossing, the organisms can return-causing numerous health problems affecting more than just your mouth. These persistent organisms can cause not only periodontal disease, but may also contribute to other health problems including diabetes, heart disease, COPD, arthritis and even many cancers. So how can you begin to fight off these organisms taking over your mouth and health? Brushing, flossing and mouthwash are not enough. One reason is that everyone has different brushing habits and techniques. Some people miss the same spots repeatedly. Some brush too hard and damage the root structure. Some only spend seconds brushing their teeth, while others take more time to get the job done. Not to mention that the brush you use today is filled with the bacteria you brushed off yesterday! All these things add up to lackluster results and a mouth teeming with bacteria. In addition diet, age and how often you receive professional cleanings play a significant factor in the health of your teeth. In *Never Brush Your Teeth Again* you will learn: How bacteria, viruses and other organisms grow inside your mouth How periodontal disease affects your body and immune system How periodontal disease relates to heart disease, COPD, diabetes and even cancer How pharmaceutical companies make money from your dental issues Why two dental visits a year is not enough Healthcare has traditionally been blind to dental care. That's why, in the last 5,500 years, there have only been nine significant advances in the personal oral hygiene field. Now there is a tenth: Dental Air Force, which has taken one dentist almost two decades to now make available to the public. You can now have the opportunity to achieve a new level of hygiene for yourself and your family with this advanced and proven product."

The Matarese Countdown Jan 25 2023 NEW YORK TIMES BESTSELLER "First-rate suspense."—People Twenty years ago, top agents from the CIA and KGB banded together to bring down the Matarese Circle, an international cabal of power brokers and assassins whose sole objective was to achieve worldwide economic domination. Now the bloody Matarese dynasty is back—and the only man with the power to stop it may have already run out of time. CIA case officer Cameron Pryce is hot on the trail of the new Matarese alliance. His only chance to terminate its ruthless activities is to follow the trail of blood money and stone-cold killers right to the heart of its deadly conspiracy. From the Hamptons to London's Belgrave Square, Matarese assassins have already struck with brutal efficiency, eliminating all who stand in their way. Their chain of violence is impossible to stop—until Pryce gets a rare break. One of the Matarese's victims survives long enough to whisper dying words that will blow the case wide open: the top secret code name for legendary retired CIA agent Brandon Scofield—the only man who has ever infiltrated the Matarese inner circle and lived to tell about it. "Welcome to Robert Ludlum's world . . . fast pacing, tight plotting, international intrigue."—The Plain Dealer

Amazing & Extraordinary Facts - Football Jul 19 2022 *Amazing & Extraordinary Facts: Football* explores some of the most bizarre football events throughout history, from its birth during the Industrial Revolution, to the major tournaments of the Beautiful Game in the 21st century. The Information Oct 02 2023 From the bestselling author of the acclaimed *Chaos and Genius* comes a thoughtful and provocative exploration of the big ideas of the modern era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. an individual monarch or era (such as the Angevins or the House of York), the book is perfect for anyone studying this fascinating period in English History as well as those with a general interest in the age.

[Dreamers Refuse to Be Victims](#) Jul 07 2021 Upheaval. Flight. Terror. Insecurity. Milan Voticky and his family faced all of this when the Nazi occupation of Czechoslovakia in 1939 forced them to escape to Shanghai. Liberated from the Shanghai ghetto in 1945, the Voticky family made their way back to Prague, only to find themselves fleeing Czechoslovakia once again — this time from the Communists. When they finally found permanent refuge as in Canada, Milan swore that would refuse to see himself as a victim. He would seize every possible opportunity. In this, he finds common cause with the Dreamers, the 1,800,000 undocumented children of illegal immigrants in the USA who are covered by DACA. “As a two-time refugee from oppression and death,” Voticky writes, “I can understand the Dreamers’ fear of being sent to a country and culture that they don’t know or understand, where the language is one they do not speak, where they have no family or friends.” In addition to being the remarkable story of a remarkable man, *Dreamers Refuse to Be Victims* is a call to all those fleeing injustice to take charge of their own futures.

[100 Amazing Facts About the Negro with Complete Proof](#) Jan 01 2021 First published in 1934 and revised in 1962, this book gathers journalist and historian Joel Augustus Rogers’ columns from the syndicated newspaper feature titled *Your History*. Patterned after the look of Ripley’s popular *Believe It or Not* the multiple vignettes in each episode recount short items from Rogers’s research. The feature began in the *Pittsburgh Courier* in November 1934 and ran through the 1960s.

[1,000 Amazing Dinosaurs Facts](#) Nov 30 2020 A jaw-dropping collection of incredible facts and visual comparisons about dinosaurs and prehistoric life Astonish your friends and family with this incredible collection of mind-boggling facts about the scariest animals ever to walk the Earth. Did you know that the largest dinosaur was four times longer than a fire engine, but its babies were the size of geese? Or that the smallest dinosaur weighed less than a teaspoon of sugar? Or that the largest flying reptile was as tall as a giraffe with wings the size of a fighter jet? *1,000 Amazing Dinosaur Facts!* is packed with bite-size nuggets of unbelievable information. Find out which dinosaur had the sharpest teeth, the longest claws, the smallest brain, and the largest droppings. Discover the fastest, the slowest, the deadliest, and the downright weirdest dinosaurs ever to roam the planet.

The Providence of God Displayed in a Series of Interesting Facts from Sacred and Profane History Dec 12 2021

The Totally Awesome Book of Useless Information Oct 10 2021 Weird and amazing facts for curious minds of all kinds Looking for fascinating facts and trivia that readers of all ages can enjoy? The *Totally Awesome Book of Useless Information* is filled with the oddest and funniest tidbits about history, science, food, animals, and more. A great gift for kids of all ages, this book features: 200+ interesting facts and trivia Engaging illustrations and easy-to-read format Portable size, great for road trips and family vacations This compendium is perfect for trivia buffs, history lovers, and anyone who loves to learn new things. For example, did you know that the Pilgrims ate popcorn at the first Thanksgiving? Or that the peach was the first fruit eaten on the moon? Or that there are oysters that can climb trees? You'll find all this and more in this amazing collection of useless information.

100 Amazing Facts About the Negro Jul 31 2023 The first edition of Joel Augustus Rogers’s now legendary *100 Amazing Facts About the Negro with Complete Proof*, published in 1934, was billed as “A Negro ‘Believe It or Not.’” Rogers’s little book was priceless because he was delivering enlightenment and pride, steeped in historical research, to a people too long starved on the lie that they were worth nothing. For African Americans of the Jim Crow era, Rogers’s was their first black history teacher. But Rogers was not always shy about embellishing the “facts” and minimizing ambiguity; neither was he above shock journalism now and then. With élan and erudition—and with winning enthusiasm—Henry Louis Gates, Jr. gives us a corrective yet loving homage to Roger’s work. Relying on the latest scholarship, Gates leads us on a romp through African, diasporic, and

African-American history in question-and-answer format. Among the one hundred questions: Who were Africa's first ambassadors to Europe? Who was the first black president in North America? Did Lincoln really free the slaves? Who was history's wealthiest person? What percentage of white Americans have recent African ancestry? Why did free black people living in the South before the end of the Civil War stay there? Who was the first black head of state in modern Western history? Where was the first Underground Railroad? Who was the first black American woman to be a self-made millionaire? Which black man made many of our favorite household products better? Here is a surprising, inspiring, sometimes boldly mischievous—all the while highly instructive and entertaining—compendium of historical curiosities intended to illuminate the sheer complexity and diversity of being “Negro” in the world. (With full-color illustrations throughout.)
