*No Longer Newsworthy Apr 29 2021 Until the recent political shift pushed workers back into the media spotlight, the mainstream media had largely ignored this significant part of American society in favor of the moneyed "upscale" consumer for more than four decades. Christopher R. Martin now reveals why and how the media lost sight of the American working class and the effects of it doing so. The damning indictment of the mainstream media that flows through No Longer Newsworthy is a wakeup call about the critical role of the media in telling news stories about labor unions, workers, and working-class readers. As Martin charts the decline of labor reporting from the late 1960s onwards, he reveals the shift in news coverage as the mainstream media abandoned labor in favor of consumer and business interests. When newspapers, especially, wrote off working-class readers as useless for their business model, the American worker became invisible. In No Longer Newsworthy, Martin covers this shift in focus, the loss of political voice for the working class, and the emergence of a more conservative media in the form of Christian television, talk radio, Fox News, and conservative websites. Now, with our fractured society*

*and news media, Martin offers the mainstream media recommendations for how to push back against right-wing media and once again embrace the working class as critical to its audience and its democratic function.*

*American English Aug 22 2020 The new edition of this classic text chronicles recent breakthrough developments in the field of American English, covering regional, ethnic, and gender-based differences. Now accompanied by a companion website with an extensive array of sound files, video clips, and other online materials to enhance and illustrate discussions in the text Features brand new chapters that cover the very latest topics, such as Levels of Dialect, Regional Varieties of English, Gender and Language Variation, The Application of Dialect Study, and Dialect Awareness: Extending Application, as well as new exercises with online answers Updated to contain dialect samples from a wider array of US regions Written for students taking courses in dialect studies, variationist sociolinguistics, and linguistic anthropology, and requires no pre-knowledge of linguistics Includes a glossary and extensive appendix of the pronunciation, grammatical, and lexical features of American English dialects*

*Preferences and Situations Dec 26 2020 A scholarly gulf has tended to divide historians, political scientists, and social movement theorists on how people develop and act on their preferences. Rational choice scholars assumed that people—regardless of the time and place*

*in which they live—try to achieve certain goals, like maximizing their personal wealth or power. In contrast, comparative historical scholars have emphasized historical context in explaining people's behavior. Recently, a common emphasis on how institutions—such as unions or governments—influence people's preferences in particular situations has emerged, promising to narrow the divide between the two intellectual camps. In *Preferences and Situations*, editors Ira Katnelson and Barry Weingast seek to expand that common ground by bringing together an esteemed group of contributors to address the ways in which institutions, in their wider historical setting, induce people to behave in certain ways and steer the course of history. The contributors examine a diverse group of topics to assess the role that institutions play in shaping people's preferences and decision-making. For example, Margaret Levi studies two labor unions to determine how organizational preferences are established. She discusses how the individual preferences of leaders crystallize and become cemented into an institutional culture through formal rules and informal communication. To explore how preferences alter with time, David Brady, John Ferejohn, and Jeremy Pope examine why civil rights legislation that failed to garner sufficient support in previous decades came to pass Congress in 1964. Ira Katnelson reaches back to the 13th century to discuss*

*how the institutional development of Parliament after the signing of the Magna Carta led King Edward I to reframe the view of the British crown toward Jews and expel them in 1290. The essays in this book focus on preference formation and change, revealing a great deal of overlap between two schools of thought that were previously considered mutually exclusive. Though the scholarly debate over the merits of historical versus rational choice institutionalism will surely rage on, Preferences and Situations reveals how each field can be enriched by the other.*

When originally published by Prentice-Hall in 1998 (as Say It With Power and*

*Confidence*), this was named one of the best business books of the year by *Executive Summaries*. A decade later, it remains the unsurpassed guide to honing your confidence in speech.

*What to Say for Every Occasion* Sep 22 2020

*Tribute to Barack Obama* Oct 04 2021 Jonathan J. Chawora, an African who is a British resident, had never heard of Barack Obama until the junior senator from Illinois campaigned to be the Democratic presidential candidate. When Obama clinched the nomination, Chawora became intrigued, and when Obama delivered his victory speech the morning after the election, he could not hold back tears as he heard the U.S.'s first black president pronounce his famous slogan: "Yes we can!" His respect only grew after Obama banned the use of torture by American forces, sought to shut down Guantanamo Bay Prison, and pledged his commitment to fighting terrorism throughout the world. Through it all, Obama was calm under pressure and served as an example to future leaders. Even when he had to respond to Islamic State attacks, Brexit, the Ukrainian crisis, or the Syrian conflict, he kept his composure. Join the author and examine the lasting legacy of one of the greatest presidents the United States of America has ever had with this book.

*A rhetorical analysis of the nomination speeches in the 1956 national political conventions* Dec 06 2021

*The President's Words Feb 08 2022 When Ronald Reagan invoked "a shining city on a hill" or George H. W. Bush "a thousand points of light," their words were engraved on the public's consciousness as signatures to their personal beliefs and a catalysts for political action. Such iconic phrases in presidential speeches are often the creation of presidential speechwriters, who are entrusted with framing a message consistent with each administration's broad goals and reflecting each president's personality and rhetorical skills. This book takes a closer look at presidential speeches over the course of six administrations. Editors Michael Nelson and Russell Riley have brought together an outstanding team of academics and professional writers-including nine former speechwriters who worked for every president from Nixon to Clinton-to examine how the politics and crafting of presidential rhetoric serve the various roles of the presidency. They consider four types of speeches: convention acceptance speeches, inaugural addresses, state of the union addresses, and crisis and other landmark speeches that often rise out of unpredictable circumstances. Together, these scholars and writers enable readers to sort out the idiosyncratic from the institutional while gaining insider perspectives on the operating style and rhetorical manner of each of the six presidents. The book is rich in character sketches-such as Jimmy Carter's attempt to tie his understanding of*

*original sin to the practice of American politics-and brimming with insights into the internal dynamics of the White House, including tales of internecine bloodletting under Ronald Reagan. Most significant, these discussions help us better understand the contemporary presidency by revealing the enduring and evolving features of the institution, underscoring how the operating style and rhetorical manner of each president shapes the speechwriting process in the service of his broader policymaking goals. These essays show not only how speechmaking has become a major presidential activity but also how speechwriters have become important political actors in their own right. They offer students and observers of the political scene a rare opportunity to consider the crafting of those utterances before weighing their effects.*

*Robert's Rules For Dummies Jan 27 2021 All in favor of improving meeting procedures, say Aye! Trying to keep your in-person and virtual meetings on track and running smoothly? You need Robert's Rules of Order! These rules for conducting meetings have stood the test of time as the gold standard for practical and effective procedure in group settings like corporate and nonprofit boards, councils, and more. And there's no better way to learn the latest version of the rules than with Robert's Rules For Dummies. This handy guide demystifies the Rules and offers readers a practical roadmap to applying*

*efficient procedures to everything from conducting online and in-person meetings to voting by email. It also: Contains brand-new, updated content on the latest 12th Edition of Robert's Rules Offers sample meeting agendas, minutes, scripts, and other material to show you how the pros keep meeting records Walks you through the basic—and not so basic—ways to nominate and elect officers and directors in organizations Ideal for board members, convention delegates, business owners, nonprofit executives, and anyone else trying to maintain an orderly flow of business—online or in person—Robert's Rules For Dummies is a need-to-read resource that will make you wonder how you ever survived without it.*

*Political Communication in American Campaigns Feb 25 2021 In Political Communication in American Campaigns, Joseph S. Tuman provides a comprehensive, clear, and accessible treatment of American campaign rhetoric and argues that modern elections are not really about contests between candidates or political parties; rather, they are more about the competing messages each player in the political process must present to persuade and reach voters.. This book's triangulated approach to political communication includes (1) all forms of campaign speech and oratory; (2) the rhetorical dimensions of campaign debates; and (3) candidate/campaign interaction with mass media. Key*

*Features Allows readers to deconstruct and understand how and why speeches affect voters: Offers methods for understanding how political speeches are constructed and targeted, as well as how to apply these methodologies to a variety of campaign oratories. Provides a comprehensive and entertaining explanation of the history of campaign debates in the United States: A historical description of the evolution of political campaign helps situate modern debates within the context of specific mass media strategies and tactics employed by campaigns. Reflects how changes in mass media have now influenced how campaigns communicate messages to voters: Explores the relationship between campaigns and mass media, with an emphasis on paid and free media, and addresses the contemporary intersection of campaign Web sites and blogs with campaign main messages, fundraising, manipulating news coverage and creating ads. Offers an insider's view of how campaigns work—and how news media coverage of campaigns works: The book is written with additional insights from the author's experiences as a political consultant and as a political analyst for news media. Presents contemporary examples that all readers will understand: Real-life case studies of debates from both state and national elections; all forms of campaign oratories; and mass mediated campaigns. Intended Audience This text is designed for advanced courses*

*dealing with such topics as political communication, media & politics, presidential rhetoric, and persuasion, as found in departments of communication, media studies, and political science.*

*Icebreaker Aug 14 2022 Written expressly for those with little or no experience in public speaking, this down-to-earth text provides the nuts and bolts that connect and reinforce essential steps for speech preparation and delivery. Throughout, the authors demonstrate how the processes involved in delivering a speech can be used to improve overall communication skills. They guide novice speakers in how to choose a topic, learn the background and needs of their audience, and know their reason for giving the speech. Clear explanations of how to research, prepare, organize, and deliver different types of speeches (e.g., informative, special occasion, persuasive) resonate with readers from all walks of life. Chapters begin with scenarios that depict a real-life situation to set the stage for the key topics discussed in the chapter. Strengthen Your Skills exercises and Application to Everyday Life boxes illustrate how elements of public speaking intersect with speaking situations in daily life. Discussion questions motivate readers to review and remember topics presented in each chapter. Appendices that contain activities, exercises, and supplemental material to aid in speech preparation, delivery, evaluation, and overcoming speech*

*anxiety precede a comprehensive glossary.*

*Exploring Argumentative Contexts Sep 15 2022 In Exploring Argumentative Contexts Frans H. van Eemeren and Bart Garssen bring together a broad variety of essays examining argumentation as it occurs in seven communicative domains: the political context, the historical context, the legal context, the academic context, the medical context, the media context, and the financial context. These essays are written by an international group of argumentation scholars, consisting of Corina Andone, Sarah Bigi, Robert T. Craig, Justin Eckstein, Frans H. van Eemeren, Norman Fairclough, Eveline Feteris, Gerd Fritz, Bart Garssen, Kara Gilbert, Thomas Gloning, G. Thomas Goodnight, Dale A. Herbeck, Darrin Hicks, Thomas Hollihan, Jos Hornikx, Isabela Iețcu-Fairclough, Gábor Kutrovátz, Maurizio Manzin, Davide Mazzi, Dima Mohammed, Rudi Palmieri, Angela G. Ray, Patricia Riley, Robert C. Rowland, Peter Schulz, Karen Tracy, and Gergana Zlatkova.*

*Proclamation! Oct 24 2020 At long last here is a textbook for the basic public speaking course--one that integrates a Christian worldview with up-to-date scholarship in the field of communication. Proclamation!*

*covers the standard speech types: informative speech, persuasive speech, and ceremonial speech. In addition, Blake J. Neff recognizes that Christians need to know how to deliver an edifying speech and a personal testimony speech. Neff acknowledges that one of the reasons to study public address at the university level is that God has commanded His people to "always be prepared to give an account (1 Peter 3:15).*

*Proclamation! prepares Christians to speak not only as one to many but also as members of interpersonal or small groups. Christian teachers of public speaking will appreciate the assistance this book offers toward integrating faith with learning. Students will applaud the practical and readable approaches found in Proclamation!*

*Encyclopedia of the American Presidency Apr 22 2023 Praise for the print edition:" ... entries are well written ... an excellent addition."*

*The Decade That Shaped Television News Nov 05 2021 Television news made meteoric progress in the 1950s. It rose from being a plaything for the rich to a major factor in informing the American public, and an aggressive rival to newspapers, radio, and news magazines. This volume is an insider's account of the arduous and frequently critical steps undertaken by inexperienced staffs in the development of television news, documentaries, and sports broadcasts. The author, the first president of CBS*

*News, provides a treasure trove of facts and anecdotes about plotting in the corridors, the ascendancy of stars, and the retirement into oblivion of the less favored. This volume is an important contribution to the history of television journalism and will appeal both to journalism and broadcasting scholars and to those interested in the meteoric rise of television.*

*Engineering Speaking by Design* Nov 24 2020 From the Authors of *Engineering Writing by Design: Creating Formal Documents of Lasting Value* *Engineering presentations are often a topic of frustration. Engineers complain that they don't enjoy public speaking, and that they don't know how to address audiences with varying levels of technical knowledge. Their colleagues complain about the state of information transfer in the profession. Non-engineers complain that engineers are boring and talk over everybody's heads. Although many public speaking books exist, most concentrate on surface issues, failing to distinguish the formal oral technical presentation from general public speaking. *Engineering Speaking by Design: Delivering Technical Presentations with Real Impact* targets the formal oral technical presentation skills needed to succeed in modern engineering. Providing clear and concise instruction supported by illustrative examples, the book explains how to avoid logical fallacies (both formal and informal), use physical reasoning to catch mistakes in claims,*

*master the essentials of presentation style, conquer the elements of mathematical exposition, and forge a connection with the audience. Each chapter ends with a convenient checklist, bulleted summary, and set of exercises. A solutions manual is available with qualifying course adoption. Yet the book's most unique feature is its conceptual organization around the engineering design process. This is the process taught in most engineering survey courses: understand the problem, collect relevant information, generate alternative solutions, choose a preferred solution, refine the chosen solution, and so on. Since virtually all engineers learn and practice this process, it is so familiar that it can be applied seamlessly to formal oral technical presentations. Thus, *Engineering Speaking by Design: Delivering Technical Presentations with Real Impact* is inherently valuable in that it shows engineers how to leverage what they already know. The book's mantra is: if you can think like an engineer, you can speak like an engineer.*

*Language Acquisition and Academic Writing May 31 2021 An important contribution to the scholarship on student writing and composition theory, this book presents a new approach to writing instruction based on linguistic research and theory. In this book, leading scholar James D. Williams explores the historical failures of composition studies and the need for effective writing instruction to be grounded in the immersive principles of language acquisition. Starting with an indictment of the historical failures of composition studies to teach students how to become competent writers, the book moves beyond the current flawed theories and practices to introduce a new way forward to improving students' writing skills. Accessible and jargon-free, Williams skillfully explains how students must be immersed in target dialects and registers, with access to a range of authentic texts, to become effective writers of academic discourse. Chapters include authentic writing samples from the disciplines, including life and applied sciences, social sciences, and humanities. Essential for preservice and practicing teachers of writing, as well as scholars in composition and literacy studies, the book demonstrates how language acquisition is a necessary foundation and provides a road map to improving students' writing*

proficiency.

*The Politics of the Sacred in America* Nov 17 2022 This book provides a comprehensive investigation of the political dimensions of civil religion in the United States. By employing an original social-psychological theory rooted in semiotics, it offers a qualitative and quantitative empirical examination of more than fifty years of political rhetoric. Further, it presents two in-depth case studies that examine how the cultural, totemic sign of 'the Founding Fathers' and the signs of America's sacred texts (the Constitution and the Declaration of Independence) are used in attempts to link partisan policy positions with notions that the country collectively holds sacred. The book's overarching thesis is that America's civil religion serves as a discursive framework for the country's politics of the sacred, mediating the demands of particularistic interests and social solidarity through the interaction of social belief and institutional politics like elections and the Supreme Court. The book penetrates America's unique political religiosity to reveal and unravel the intricate ways in which politics, political institutions, religion and culture intertwine in the United States.

*Beat the Incumbent* Oct 16 2022 Incumbents enjoy many advantages when they seek reelection, but their distinct disadvantages (such as not fulfilling promises or staying within the status quo) are ripe weaknesses for opposing

*candidates to knock them down. Studying the US's Barack Obama, Ukraine's Volodymyr Zelensky, and France's Emmanuel Macron, among many other candidates, political strategist Louis Perron, PhD, describes tactics to assess the strength of the incumbent, the quality of the challenger, and how to control and win a campaign. Readers interested in running for office or in assisting a political campaign will learn how to build a top-notch team, define your target audience, increase your media presence, develop your message, advertise effectively, deliver great speeches, and prepare to win debates. For relatively new challengers, Perron demonstrates how lack of experience has become less important and how these weaknesses can be neutralized. When campaigns turn ugly and play dirty, he instructs candidates how to combat against character attacks and how they can make a comeback if they lose the election. With over a decade of experience orchestrating political campaigns around the globe, Perron's *Beat the Incumbent* is the essential step-by-step guide for any level of political office to challenge an incumbent and, once victory is claimed, how you can avoid the same traps to effect change and win reelection.*

*An Analysis of Senator Everett McKinley Dirksen's Nomination of Barry Goldwater for President, as an Example of Epideictic Speaking* Mar 09 2022

*Early Syntactic Development* Aug 02 2021 *First*

*published in 1973, this important work was the first systematic attempt to apply theoretical and methodological tools developed in America to the acquisition of a language other than English. Dr Bowerman presents and analyses data from a longitudinal investigation of the early syntactic development of two Finnish children, and compares their speech at two stages of development with that of American, Samoan and Luo children. The four language families (Finno-Ugric, Indo-European, Malayo-Polynesian and Nilotic respectively) with very different structures, and this is the first systematic comparison of the acquisition of several types of native language within a common analysis. Similarities in the linguistic behaviour of children learning these four different languages are used to evaluate hypotheses about universals of language, and to generate new proposals.*

*The Other Elites Jan 07 2022 Contains 13 contributions, divided into four sections: theoretical and comparative perspectives on women as political executives; institutional perspectives on women as officeholders in the executive branch; institutional perspectives on the President, Congress, and the Courts; and policy and participations issues relating to women as executive activists and as citizens. Annotation copyrighted by Book News, Inc., Portland, OR*

Justice of the Supreme Court of the United States Mar 29 2021

*Congressional Record Apr 10 2022*

Taking the Constitution Away from the Courts Aug 26 2023 Here a leading scholar in constitutional law, Mark Tushnet, challenges hallowed American traditions of judicial review and judicial supremacy, which allow U.S. judges to invalidate "unconstitutional" governmental actions. Many people, particularly liberals, have "warm and fuzzy" feelings about judicial review. They are nervous about what might happen to unprotected constitutional provisions in the chaotic worlds of practical politics and everyday life. By examining a wide range of situations involving constitutional rights, Tushnet vigorously encourages us all to take responsibility for protecting our liberties. Guarding them is not the preserve of judges, he maintains, but a commitment of the citizenry to define itself as "We the People of the United States." The Constitution belongs to us collectively, as we act in political dialogue with each other--whether in the street, in the voting booth, or in the legislature as representatives of others. Tushnet urges that we create a "populist" constitutional law in which judicial declarations deserve no special consideration. But he warns that in so doing we must pursue reasonable interpretations of the "thin Constitution"--the fundamental American principles embodied in the Declaration of Independence and the

*Preamble to the Constitution. A populist Constitution, he maintains, will be more effective than a document exclusively protected by the courts. Tushnet believes, for example, that the serious problems of the communist scare of the 1950s were aggravated when Senator Joseph McCarthy's opponents were lulled into inaction, believing that the judicial branch would step in and declare McCarthy's actions unconstitutional. Instead of fulfilling the expectations, the Court allowed McCarthy to continue his crusade until it was ended. Tushnet points out that in this context and in many others, errors occurred because of the existence of judicial review: neither the People nor their representatives felt empowered to enforce the Constitution because they mistakenly counted on the courts to do so. Tushnet's clarion call for a new kind of constitutional law will be essential reading for constitutional law experts, political scientists, and others interested in how and if the freedoms of the American Republic can survive into the twenty-first century.*

*Nomination of Robert H. Bork to be Associate Justice of the Supreme Court of the United States May 23 2023*

*Political Campaign Communication Oct 28 2023 Now in its sixth edition, Political Campaign Communication provides a realistic understanding of the strategic and tactical communication choices candidates and their staffs must make as they wage an election campaign.*

*Trent and Friedenbergs classic text has been updated throughout to reflect recent election campaigns, including 2004 and 2006 as well as the early stages of 2008. A new chapter focuses on the use of the Internet. Political Campaign Communication continues to be a classroom favorite and is thoroughly researched, insightful, and is a reader-friendly text.*

*Rhetorical Criticism Dec 18 2022 Now in its second edition, Rhetorical Criticism: Perspectives in Action presents a thorough, accessible, and well-grounded introduction to contemporary rhetorical criticism.*

*Systematic chapters contributed by noted experts introduce the fundamental aspects of a perspective, provide students with an example to model when writing their own criticism, and address the potentials and pitfalls of the approach. In addition to covering traditional modes of rhetorical criticism, the volume presents less commonly discussed rhetorical perspectives, exposing students to a wide cross-section of techniques.*
