*Native Sons in No Man's Land Jun 11 2022 The four writers chosen for this study, James Baldwin, Alice Walker, John Edgar Wideman, and Ernest Gaines, were chosen because of*

*their shared approach to "rewriting" such negative narratives of black manhood. Each of these writers approaches self-definition and, more specifically, the writing of oneself as a "man" as contingent on controlling discourse -- having some power over language -- and thus having the power to define the self. And each of the selected works explores the possibilities of black manhoods that are humane and dignified. The discursive negotiations involved in rewriting identity pose an extremely complex set of challenges associated with the realm of definition used to control the powerful signifier, "manhood." -- From introduction.*

*No Man's Land Jun 30 2021 A gripping account of how a major air disaster was averted, by the captain and former Top Gun pilot Instinctively, I release my pressure on the sidestick. Out of my subconscious, a survival technique from a previous life emerges: Neutralise! I'm not in control so I*

*must neutralise controls. I never imagined I'd use this part of my military experience in a commercial airliner ... On routine flight QF72 from Singapore to Perth on 7 October 2008, the primary flight computers went rogue, causing the plane to pitch down, nose first, towards the Indian Ocean - twice. The Airbus A330 carrying 315 passengers and crew was out of control, with violent negative G forces propelling anyone and anything untethered through the cabin roof. It took the skill and discipline of veteran US Navy Top Gun Kevin Sullivan, captain of the ill-fated flight, to wrestle the plane back under control and perform a high-stakes emergency landing at a RAAF base on the WA coast 1200 kilometres north of Perth. In No Man's Land, the captain of the flight tells the full story for the first time. It's a gripping, blow-by-blow account of how, along with his co-pilots, Sullivan relied on his elite military training to land the gravely malfunctioning plane and narrowly avert what could have been a horrific air disaster. As automation becomes the way of the future, and in the aftermath of Ethiopian Airlines flight 302 and Lion Air flight JT610, the story of QF72 raises important questions about how much control we relinquish to computers and whether more checks and balances are needed. A gripping read in the tradition of Sully: Miracle on the Hudson by Chesley B. Sullenberger.*

*Notes from No Man's Land Nov 16 2022 Winner of the National Book Critics Circle Award for Criticism Winner of the Graywolf Press Nonfiction Prize A frank and fascinating exploration of race and racial identity Notes from No Man's Land: American Essays begins with a series of lynchings and ends with a series of apologies. Eula Biss explores race in*

*America and her response to the topic is informed by the experiences chronicled in these essays -- teaching in a Harlem school on the morning of 9/11, reporting for an African American newspaper in San Diego, watching the aftermath of Katrina from a college town in Iowa, and settling in Chicago's most diverse neighborhood. As Biss moves across the country from New York to California to the Midwest, her essays move across time from biblical Babylon to the freedman's schools of Reconstruction to a Jim Crow mining town to post-war white flight. She brings an eclectic education to the page, drawing variously on the Eagles, Laura Ingalls Wilder, James Baldwin, Alexander Graham Bell, Joan Didion, religious pamphlets, and reality television shows. These spare, sometimes lyric essays explore the legacy of race in America, artfully revealing in intimate detail how families, schools, and neighborhoods participate in preserving racial privilege. Faced with a disturbing past and an unsettling present, Biss still remains hopeful about the possibilities of American diversity, "not the sun-shininess of it, or the quota-making politics of it, but the real complexity of it."*

*Meetings in No Man's Land Jul 12 2022 The soldiers' 'football match' and the unofficial ceasefire of Christmas 1914 has become a legend of the Great War, but fraternization between enemy troops was actually widespread. In winter 1914, after months of marching, soldiers on both fronts began to dig trenches, and the war became a battle of attrition in which young men faced each other across what was often only a few yards of the muddy, bombed landscape called No Man's Land. Trapped in this*

*devastation the soldiers of both armies experienced a shared feeling of pointlessness that culminated in the unofficial armistice of Christmas 1914, when German and English soldiers laid down their weapons for a few hours of joyful peace and carol singing. Using original research from the best European historians and discovering a history forgotten or lost in censor reports, officer journals and official reports, these brief moments of humanity are explored on all fronts during the long years of conflict.*

*No Man's Land Apr 09 2022 "An oblique comedy of menace, unsettling, exquisitely wrought and written . . . a complex excursion into the by now familiar Pinter world of mixed reality and fantasy, of human worth and human degradation." —New York Times Set against the decayed elegance of a house in London's Hampstead Heath, in No Man's Land two men face each other over a drink. Do they know each other, or is each performing an elaborate character of recognition? Their ambiguity—and the comedy—intensify with the arrival of two younger men, the one ostensibly a manservant, the other a male secretary. All four inhabit a no man's land between time present and time remembered, between reality and imagination—a territory which Pinter explores with his characteristic mixture of biting wit, aggression, and anarchic sexuality.*

*No Man's Land* Feb 24 2021 In this powerful, panoramic novel set in the late 1890s, in a sliver of rugged western wilderness, a fourteen-year-old girl named Davey—too young

*to be given a chance at creating her own life—finds herself raised by a group of eccentrics, hostile misfits who rescued her as an infant on a bloody battlefield. She roams the countryside with them, led by Reverend Brown, a charismatic false prophet, hosting revivals for unsuspecting believers while lingering on the cusp of unimaginable events. Davey tries to locate a semblance of peace in this harrowing, beautiful place, but what she finds instead is an astonishing panoply of falsehoods and depravity, a vicious world comprised of murderers, thieves, and dancing bears. And in this unforgiving landscape of craggy beauty and singular resoluteness, she wages a fight against truth while traversing the delicate line between destiny and fate as she comes to understand the role Reverend Brown plays in her life. No Man's Land is part classic coming-of-age story, part unwavering portrait of the bloody price of power, a raw and bold novel about the search for family, and a grand story about an education in the pull of predestination and the responsibility of freewill. Haunting on every page, filled with sorrow and awe, and stunning in the tonality of its vision, No Man's Land is an unflinching meditation on the legacy of violence, its senseless destructiveness, and the fearless dignity and tenderness required to rise above it.*

*No Man's Mistress Dec 05 2021 Critics call her “a veritable treasure, a matchless storyteller” (Romantic Times). Readers have fallen in love with Mary Balogh’s sparkling blend of wit and romance. Now this dazzling writer sweeps us back to Regency England, into a world of dangerous secrets and glittering intrigue, as a dashing lord meets his match in a fiery beauty who vows to be ... No Man’s Mistress. The dark, devastating stranger rode into the village fair and wagered twenty pounds at the throwing booth — for a chance to win the daisies in Viola Thornhill’s hair. The Gypsy fortune teller had warned: “Beware of a tall, dark, handsome stranger. He can destroy you — if you do not first snare his heart.” Recklessly Viola flirted, then danced with him around the Maypole. And then came his delicate, delicious kiss. Viola did not regret that she had let down her guard — until the next morning, when he appeared at her door to claim her beloved Pinewood Manor. Lord Ferdinand Dudley won her home in a game of cards! Viola hated him for trying to take*

everything, including her soul. She was mistress of Pinewood Manor. Yet Dudley refused to leave, even as his conscience rebelled at compromising this beautiful innocent whose only proof of ownership was a dead earl's promise. Dudley held the deed, but at what cost? Each day under the same roof brought its share of temptation, intimacy, and guilt. But Viola knew it was a battle she could not afford to lose. Marriage was out of the question, and she would be no man's mistress. Even as Dudley's unnerving presence, his knowing smile, threatened to melt her resolve. Against his better judgment, Lord Ferdinand Dudley was beguiled. This maddening beauty had stirred him as no woman had before. And he was bound and determined to make her his own. At once sensuous, whimsical, and wonderfully romantic, Mary Balogh's new novel holds us in thrall, bringing to life a love story that sizzles with passion and originality.

*No Man's War Jan 26 2021 Raised as an army brat, Angie Ricketts though she knew what she was in for when she eloped with Darrin - then an Infantry Lieutenant - on the eve of his deployment to Somalia. Since then, Darrin, now a Colonel, has been deployed eight times, serving four of those tours in Iraq and Afghanistan. And Ricketts has lived every one of those deployments intimately - distant enough to survive the years apart from her husband, but close enough to share a common purpose and a lifestyle they both love. With humor, candor, and a brazen attitude, Ricketts pulls back the curtain on a subculture many readers know, but few will ever experience. Counter to the dramatized snapshot seen on Lifetime's Army Wives, Ricketts digs into the personalities and posturing that officers' wives must survive daily - whether navigating a social event at the base,*

suffering through a husband's prolonged deployment, or reacting to a close friend's death in combat. At its core, *No Man's War* is a story of sisterhood and survival. As Ricketts states: "We tread those treacherous waters together. Do we sometimes shove each other's heads underwater for a few seconds? Maybe even on purpose? Of course. Are we sometimes dragged underwater ourselves by the undertow created by all of us struggling together too closely? Without a doubt. But we never let each other drown. Our buoyancy is our survival."

*No Man's Land* Jan 18 2023 The Great War gave birth to some of the twentieth century's most celebrated writing; from D. H. Lawrence to Siegfried Sassoon, the literature generated by the war is etched into collective memory. But it is in fiction that we find some of the most profound insights into the war's individual and communal tragedies, the horror of life in the trenches, and the grand farce of the first industrial war. Featuring forty-seven writers from twenty different nations, representing all the main participants in the conflict, *No Man's Land* is a truly international anthology of World War I fiction. Work by Siegfried Sassoon, Erich Maria Remarque, Willa Cather, William Faulkner, and Rose Macaulay sits alongside forgotten masterpieces such as Stratis Myrivilis's *Life in the Tomb*, Raymond Escholier's *Mahmadou Fofana*, and Mary Borden's *The Forbidden Zone*. *No Man's Land* is a brilliant memorial to the twentieth century's most cataclysmic event.

*No Man's Land Feb 07 2022 "In September 1914, a month after the outbreak of the First World War, two British doctors, Flora Murray and Louisa Garrett Anderson, set out for Paris. There, they built a makeshift hospital in Claridge's, the luxury hotel, and treated hundreds of casualties carted in from France's battlefields. Until this war called men to the front, female doctors had been restricted to treating only women and children. But even skeptical army officials who visited Flora and Louisa's Paris hospital sent back glowing reports of their practice. Their wartime hospital was at the cutting edge of medical care -- they were the first to use new antiseptic and the first to use x-ray technology to locate bullets and shrapnel. Even as medical schools still denied them entry, Suffragettes across the country put down their bricks to volunteer, determined to prove the value of female doctors. Within months, Flora and Louisa were invited by the British Army to set up two more hospitals-the first in northern France and the second a major military hospital in the heart of London. Nicknamed the "Suffragettes' Hospital," Endell Street became renowned as "the best hospital in London," thanks to its pioneering treatments and reputation for patriotism. It was also one of the liveliest, featuring concerts, tea parties, pantomimes, and picnics, in addition to surgeries. Moreover, Flora and Louisa were partners in life as well as in work. While they struggled to navigate the glass ceiling of early twentieth-century medical care, they also grappled with the stresses and joys of their own relationship. But although Flora, Louisa, and Endell Street effectively proved that women doctors could do the work of men, when the war was over, doors that had been opened were slammed shut. Women found themselves once more relegated to treating only women and children, and often in the poorest neighborhoods. It was not until World War II that women were again permitted to treat men. Drawing from letters, memoirs, diaries, army service records, and interviews, Moore brings these remarkable women and their patients to life and reclaims this important, spirited history. At a time when women are campaigning as hard as ever for equality, the fortitude and brilliance of Flora and Louisa serve as powerful reminders of what women can achieve against all odds."--*
