It's no secret that the evangelism methods of yesterday are not yielding the kinds of results they did in the 1970s and 1980s. So how are new Christians hearing the Gospel today? How are they finding churches? And what makes them stay at a church? The answers to these questions have the power to dramatically alter the way we do outreach. And Dr. McIntosh has them. Based on ten years of scientific research, *Growing God's Church* shows pastors and church leaders how people are actually coming to faith in the 21st century. It covers factors such as our motive for ministry, the priorities churches set for themselves, the reality of churchless Christians, generational and gender-

based differences in evangelism effectiveness, the name of your church, the influence of pastors, and much more. The appendix includes a copy of the survey that provides the basis for McIntosh's arguments and an overview of the study is provided in the first chapter. *How People Grow* reveals why all growth is spiritual growth and how you can grow in ways you never thought possible. Unpacking the practical and passionate theology that forms the backbone of their counseling, Drs. Henry Cloud and John Townsend shatter popular misconceptions about how God operates to reveal how growth really happens. *A Child's Glimpse of God for Grown Up Children* by Ethel Blackwell Robinson. This book is a reproduction of the original book published in 1912 and may have some imperfections such as marks or hand-written notes. Christian parents have a responsibility to make sure their children know and love God's Word. But what if you struggle as a parent to read the Bible yourself. How can you pass a love for God's Word along to your children if you struggle with it yourself? That was Carrie Ward's story. Until God gave her a plan to help her develop a consistent time in the Word, right along with her children. Readers will walk together with Carrie Ward, an everyday mama, as she journeys through the Bible with her small children one chapter a day. As her children re-enact the Bible stories readers will be able to see Scripture through the eyes of a child. Parents will learn how to impart God's truth to their children day by day,

and will see its transformative power on their families. *Together: Growing Appetites for God* is an easy read and includes helpful tools for scripture memorization and charts to follow progress through the Bible. *A True Woman Book* The goal of the True Woman publishing line is to encourage women to: Discover, embrace, and delight in God's divine design and mission for their lives *Reflect the beauty and heart of Jesus Christ to their world* Intentionally pass the baton of Truth on to the next generation *Pray earnestly for an outpouring of God's Spirit in their families, churches, nation and world* In this updated reissue of his 1984 classic, James Fowler applies his groundbreaking research on the development of faith to Christianity. In his revised first chapter Fowler locates his approach to the study of human and faith development in relation to the contemporary conversation about identity and selfhood in postmodernity. Fowler invites readers to explore what it means to find and claim vocation: a purpose for one's life that is part of the purposes of God. Reclaiming covenant and vocation as ideals for responsible, mature, Christian selfhood, Fowler shows how a dynamic understanding of what vocation involves can both inform and transform lives. 'A great read. Rupert Shortt demolishes Richard Dawkins's arguments with consummate elegance.' Julia Neuberger 'A bracing demonstration that a Christian can myth-bust an atheist quite as effectively as vice versa.' Tom Holland In his latest book

Outgrowing God, Richard Dawkins tries to show that all religious belief is intellectually nonsensical and thus highly damaging in practice. But does he even understand what he rejects? In this incisive rebuttal, Rupert Shortt exposes the main flaws in Dawkins's arguments - his weakness for crude caricatures, selective way with evidence, ignorance of philosophy and history as well as theology, and even his questionable interpretations of science. At the same time Outgrowing Dawkins demonstrates the coherence of a mature, self-critical faith and its contribution to human progress. As the lone young lady on a transatlantic voyage in 1832, Charlotte learns that the captain is murderous and the crew rebellious. You're in your teens, your twenties, your thirties and you're wondering--does prayer have anything at all to do with your life? You don't pray, at least not regularly, and you don't really know how. On the other hand, if God is who he says he is, and if he communicates with us through prayer, as Scripture and the saints and plenty of ordinary people say he does, then clearly you're missing out on something huge. Growing into God is a personal and poignant new collection of poetry. Tapping into the deep spiritual life inside all of us, and drawing upon her growing understanding of God in our insecure and fast-moving world, Gateley travels the spiritual path from disillusionment to faith, despair to joy. Gateley's poetry is passionate, authentic, and immediate. Speaking to the spiritual malaise of our times, she calls and challenges us to new possibilities by recognizing and responding to our deepest hungers. This beautiful new collection of poetry will renew and affirm you on your spiritual quest. A popular and widely respected British Bible teacher encourages readers to let God remake them in His own image and replace their frustration with a sense of fulfillment. What season of life are you in? Are you experiencing a winter of discouragement

Chuck Swindoll offers 144 devotional readings that take you through each season of the year, challenging and encouraging you to discover what's truly important in your own life. love of nature • A separate Facilitator's Guide accompanies the book for small group usage. Many people experience God most strongly in nature but do not know how to incorporate this experience into their spiritual life. Others question whether Christianity has room for nature at all and seek alternatives elsewhere, often leaving Christianity entirely. This book addresses this crucial issue by providing a resource for fostering a closer relationship with God and creation. With a step-by-step approach, this book provides a framework integrating asceticism with the contemplation of nature. Each chapter contains a "take it home" section for applying the lessons learned outdoors to everyday life, connecting God and nature as seamless components of spirituality. Topics include gratitude, delight, appreciation, wonder, discernment, reverence, mortality, love, beauty, humility, silence, and hope. If you're a mom or dad who has watched your adult child's life spiral out of control, you're not alone. You join a reluctant club comprised of millions of parents concerned about the bad choices their son or daughter has made. Author Allison Bottke is part of that club too. She has watched in agony as her son made choices that eventually resulted in his arrest. Out of her experience came her bestselling book *Setting Boundaries™ with Your Adult Children*, the first in a highly successful series of *Setting Boundaries™* books. Now Allison offers you—and all parents in pain—a book of prayers written specifically to help you intercede with

God on behalf of your prodigal. If you know the pain of parenting an adult child who has lost his or her way, you will also know that ultimately your best hope is in God's intervention. Allison's prayers give voice to the cries of your own heart and your desire to seek and trust God with your adult child's present and future. Should we believe in God? In this brisk introduction to modern atheism, one of the world's greatest science writers tells us why we shouldn't. Richard Dawkins was fifteen when he stopped believing in God. Deeply impressed by the beauty and complexity of living things, he'd felt certain they must have had a designer. Learning about evolution changed his mind. Now one of the world's best and bestselling science communicators, Dawkins has given readers, young and old, the same opportunity to rethink the big questions. In twelve fiercely funny, mind-expanding chapters, Dawkins explains how the natural world arose without a designer—the improbability and beauty of the "bottom-up programming" that engineers an embryo or a flock of starlings—and challenges head-on some of the most basic assumptions made by the world's religions: Do you believe in God? Which one? Is the Bible a "Good Book"? Is adhering to a religion necessary, or even likely, to make people good to one another? Dissecting everything from Abraham's abuse of Isaac to the construction of a snowflake, *Outgrowing God* is a concise, provocative guide to thinking for yourself. Praise for *Outgrowing God* "My son came home from his first day in the sixth

grade with arms outstretched plaintively demanding to know: 'Have you ever heard of Jesus?' We burst out laughing. Maybe not our finest parenting moment, given that he was genuinely distraught. He felt that he had woken up one day to a world in which his peers were expressing beliefs he found frighteningly unreasonable. He began devouring books like *The God Delusion*, books that helped him formulate his own arguments and helped him stand his ground. Dawkins's new book is special in the terrain of atheists' pleas for humanism and rationalism precisely since it speaks to those most vulnerable to the coercive tactics of religion. As Dawkins himself says in the dedication, this book is for 'all young people when they're old enough to decide for themselves.' It is also, I must add, for their parents."—Janna Levin, author of *Black Hole Blues* "When someone is considering atheism I tell them to read the Bible first and then Dawkins. *Outgrowing God*—second only to the Bible!"—Penn Jillette, author of *God, No!* In this new edition of his popular book, Craig Dykstra explores the contributions of the traditions, education, worship practices, and disciplines of the Reformed Christian community in helping people grow in faith. In doing so, he makes the case that the Christian church, in its own traditions, has a wealth of wisdom about satisfying spiritual hunger and the desire to know God deeply—wisdom that offers coherent, thoughtful guidance in such diverse settings as congregational life, families, youth groups, and

higher education. Help nurture the faith of the children in your life with *Growing in Gods Love: A Story Bible*. This engaging resource features 150 popular Bible stories that are organized by 13 themes, including Strong Women and Men; Listening for God; Parables; Healings and Miracles; and more. Each story is built on the latest in biblical scholarship and learning theory and helps children begin to understand the Bible and apply its teachings to the world around them. *Growing in Gods Love* features diverse artwork from more than twenty artists to appeal to a variety of ages and learning styles. Three reflection questions *Hear, See, Act* are included at the end of each story to help children further ponder the message of the story. *Growing in Gods Love: A Story Bible* is ideal for children ages 4-8, and it is perfect for Sunday school classrooms, childrens sermons, vacation Bible school, and gift-giving at baptism or other milestones. Every child is created in the image of God, and every child carries this amazing gift of greatness inside himself or herself. But children hear mixed messages on a daily basis—about life, about the world, and about themselves. In *Growing into Greatness with God: Seven Paths to Greatness for Our Sons and Daughters*, author and mother of three boys Janet Autherine encourages kids to see themselves as unique and amazing—already blessed with what they need to succeed in life and achieve their God-given dreams. Readers learn how to grow in love, faith, courage, leadership, happiness, gratitude, and

confidence through the inspiring stories of Bible heroes such as Abraham, Sarah, David, and Hannah. Each chapter includes a brief summary of two Bible stories, with reflections on each, and concludes with three action-oriented suggestions on how to put the lesson into practice. *Growing into Greatness with God* inspires kids and young adults with wisdom applicable to their daily lives and empowers them to always love themselves and to be their best selves. A new revised edition of this popular bestseller. *Growing in love* is not something we can do on our own; it doesn't just happen to us as ageing does. In our later years, when our hearts and minds are mellowing, perhaps we can imitate God - the same way we imitated our parents when we were young - to grow more fully in his love. Life can be hard, and old age can be very hard indeed. In times of hardship we often ask, "where is God?" God comes to us disguised as a parent, a sibling, friend, teacher, spouse, co-worker, stranger, helper, nurse. In the love and goodness of others, we meet the selfless love and goodness of God. Equally when we show love to others, we show them God's love. This book addresses primarily those who know ageing from the inside, but if you haven't yet entered that strange world, knowledge of its landscape may help you relate more richly to those who have, and help in your own journey towards that "Third Age". God intends for every Christian to grow to spiritual maturity. His Word commands us to progress daily toward a fuller personal

knowledge of God and Christ. In this book Pastor John MacArthur thoroughly explores a multitude of biblical passages to reveal the riches of God in Jesus Christ—riches that will help us continue growing in both faith and spirit. This noted pastor and author takes readers back to the basics of what the true Christian life is all about, so that they can unlock the treasures God has for them in Christ. For many people, the word mysticism conjures up occult, secretive rituals held after midnight in some dark cave. But true mysticism isn't at all sinister or secretive, says author John Mabry, an Anglican-rite Congregational minister. In fact, mysticism is at the heart of an authentic Christian life. It is nothing more and nothing less than the pursuit—and enjoyment—of union with God, which is the goal of all Christian spirituality. Christian mysticism is the discipline of growing the soul into God—shedding illusory identities, deepening prayer, seeing God in all things, and acting as Christ in the world. Mabry's great passion is to bring theology to everyday life by explaining complex ideas in everyday language that anyone can understand and find useful. In *Growing into God*, he "demystifies" mysticism, providing a friendly and accessible entry point to some of the teachings, practices, and experiences of the Christian mystical tradition. Mabry explores the classic mystical journey, which begins with the Awakening of a unitive consciousness that experiences everything as Divine and interconnected. The journey

continues with Purgation, in which we empty ourselves of illusion; Illumination, in which we begin to see God in all things and all things in God; and, finally, Union, in which we marry our lives with God's life. Our hands become God's hands, our lips become God's lips, our touch becomes God's touch, in order to bring help, comfort, and healing to the world. Along the way, and with an entertaining teacher's clarity, Mabry recounts the stories of many Christian mystics, including inspiring quotations. He also enriches each chapter with questions and answers to simplify points as well as experiential practices to help readers embark upon the mystical journey themselves. The Growing Edge is a book of Howard Thurman's sermons. For Thurman, the sermon is an act of worship in which the preacher exposes his spirit and mind as they seek to reveal the spirit of the Living God upon them. Thurman presents his sermons in six sections: Concerning Enemies, Concerning Prayer, Concerning God, Concerning Peace, Concerning Festivals, and Concerning Christian Character. It's time to grow up...so that we can fulfill God's purposes for us and for our generation! For too long we've been spiritual children clinging to our mother's leg, refusing to go to school on the first day. Here David Ravenhill, son of the late Leonard Ravenhill and a seasoned pastor himself, challenges the Body of Christ to put away childish things and to mature in the things of God. There is a world that needs to be won to Christ! The Experience the Life Bible

study series helps you let your life reflect Jesus' perfect love. God's intention is to come into man as another life to be man's life. God has no intention to ask us to do good, just as He has no intention to ask us to do evil. His intention is just to ask us to take Him in as life. Only God as life within us can express God. We cannot express God; only God Himself can express God. Hence, we need God as our life. We think that God is someone over us, above us, beside us, or behind us to support, help, and sustain us. In a sense, this is not wrong, but this is not God's central way. God's central way is to get into man to be man's life. This is why God made things so simple by putting man in front of the tree of life. The Award winning workbook is included in this book. This book is a study/discussion guide, for kids 8 and older, examines the parables for the lessons within that can apply to growing up into a person who lives like Jesus. Jesus told these parables, or stories, to teach us about who we are, who God is, and the way of God. 4th Grade Reading Level Like it or not, senior moments happen. We might as well laugh about them and thank God for the way they add interest to our lives. After all, what would life be without the cordless phone ringing faintly from where you left it in the fridge? Some senior moments are more heartbreaking or embarrassing than funny. But in every case, we can take them to the Lord who cares for us. This book brings encouragement to people in their golden years. Each of the 90 short pieces contains a note to

God about a topic of special interest to seniors, a word from God in Scripture, a prayer and a place for the reader to write his or her note to God. Do you yearn for a closer walk with God? For a greater understanding of what it means to let Him live through you? For the marks of His presence in your life? Author Elizabeth George gives practical help for how you can do that in this study of the fruit of the Spirit. Discover... love, joy, and peace that changes hearts, families, and friendships patience, kindness, and goodness that seeks the best for everyone faithfulness, gentleness, and self-control that brings spiritual victory in life's more challenging moments A Woman's Walk with God is an invitation to experience the joys of moment-by-moment living in the Lord's power—and producing the fruit of the Spirit in every circumstance! Does Your Faith Seem Stuck? Do you ever feel like you're not growing in your faith the way you're supposed to? It turns out, there are forces working against you—threats to your faith—trying to keep you from flourishing in your relationship with God. One of Jesus' parables—in fact, the one that gets the most space on God's sacred pages—deals with this very issue. It's the story about the sower, the seed, and the soil (Matthew 13). Just as a farmer doesn't toss seed on the ground to get rid of it, God never brings you into contact with his Word for no reason. A farmer wants fruit, and God wants to help you experience more joy, peace, love, etc. This book is structured around the six threats Jesus lists in the parable of the

sower and the seed--pride, pain, worries, wealth, wants, and not waiting--and the corresponding strategies to overcome them. If you're wondering why your faith isn't working in some aspects of your life, the message of this book may be what you've been looking for.

"Mike Novotny is one of those rare writers who is a real joy to read, and his new book, *What's Big Starts Small*, is no exception. If you've ever struggled with your Christian life or been frustrated with God, this is the book for you."

and mature believers who are looking to deepen their walk with God. As parents of adult children, we often wonder: Will my children make good choices when they're on their own? How can I let them go when I've held them for so long? Parent and author Jodie Berndt understands what it's like to release children into the world and still care deeply about them and everything they will face in life from relationships to career decisions and everything in between. In *Praying the Scriptures for Your Adult Children*, Jodie continues her *Praying the Scriptures* series with biblical prayers for your adult children, whether they are just leaving the nest, flying well on their own, or struggling to take off at all. Each section focuses on a different aspect of adulthood, with encouraging stories from experienced parents who are praying their children through rocky marriages, health concerns, financial challenges and other real-life issues. At the end of each chapter, you'll find personalized prayers for your children taken straight from Scripture. Each chapter also includes verses for you to pray for yourself as you take the challenging step of trusting God to care for your children in ways that you can't. With grace and wisdom, Jodie addresses cultural trends such as couples living together before marriage and young adults leaving the church, as well as the painful realities of loneliness, addiction, and mental health issues. With hope-filled words for the parents of the prodigal, she is particularly sensitive to the long-term prayers we offer,

even as we doubt ourselves and grieve over our children's choices. Whatever you are praying for, you will find confidence and peace in these powerful prayers for your kids. *Praying the Scriptures for Your Adult Children* guides you to the bedrock of God's promises as you release your children to God's shepherding care. *Growing with God: Expanding Relationship* was first published in 2004 under the title *Growing with God 2*, and is intended to continue the training contained within *Growing with God: Cultivating Growth*. Both parents and teachers will find help with building a firm, spiritual foundation within the children that they teach on a consistent basis. The lessons are written with a Oneness and Acts 2:38 salvation focus, and every lesson includes numerous scripture references. This book "digs deeper" into Apostolic understanding, opening a child's mind to the opportunities available through a dedicated relationship with Jesus. The lessons include topics such as the Oneness of God, the fruits and gifts of the Spirit, faith and overcoming shame, and the deeper areas of prayer. The lessons are written on a 6th-grade level for ease in presentation, and will be suitable for any teaching situation. For the book containing basic foundation lessons, see *Growing with God: Cultivating Growth*. For our compilation, see *Growing with God: From Cultivation to Harvest*, also offered here on Amazon. It's been said, "If you bring an elderly person to Christ, they will be ready for eternity. But if you save a child, you save a life."

Illustrates the hidden challenges embedded within the evangelical adoption movement. For over a decade, prominent leaders and organizations among American Evangelicals have spent a substantial amount of time and money in an effort to address what they believe to be the “Orphan Crisis” of the United States. Yet, despite an expansive commitment of resources, there is no reliable evidence that these efforts have been successful. Adoptions are declining across the board, and both foster parenting and foster-adoptions remain steady. Why have evangelical mobilization efforts been so ineffective? To answer this question, Samuel L. Perry draws on interviews with over 220 movement leaders and grassroots families, as well as national data on adoption and fostering, to show that the problem goes beyond orphan care. Perry argues that evangelical social engagement is fundamentally self-limiting and difficult to sustain because their subcultural commitments lock them into an approach that does not work on a practical level. *Growing God’s Family* ultimately reveals this peculiar irony within American evangelicalism by exposing how certain aspects of the evangelical subculture may stimulate activism to address social problems, even while these same subcultural characteristics undermine their own strategic effectiveness. It provides the most recent analysis of dominant elements within the evangelical subculture and how that subculture shapes the engagement strategies of evangelicals as a group. No one ever stops

being a mom or a dad. So when our children become adults, we still worry about them—and want to care for them. One way we can still care for them is to lift them up in prayer. When we do so, God’s love for them—and for us—is unleashed. We are able to replace our concern with a love that comes from the heart of God. Our Father moves mountains of worry and discouragement, leaving new refreshment and delight in its place. This book is designed for parents who want to pray for their adult sons and daughters with the kind of power that makes a real difference in matters of the heart. This book: Gives parents hope, encouragement, and a renewed commitment to pray and to relate lovingly to their adult sons and daughters. Addresses the desire to be a better parent and shows how parents can best pray for specific needs. Provides questions for reflection and sharing at the end of each chapter as well as instructions for a particular prayer skill that will help readers grow as a loving parent. What does art have to do with faith? For many Christians, paintings, films, music, and other forms of art are simply used for wall decoration, entertaining distraction, or worshipful devotion. But what if the arts played a more prominent role in the Christian life? In *Discovering God through the Arts*, discover how the arts can be tools for faith-building, life-changing spiritual formation for all Christians. Terry Glaspey, author of *75 Masterpieces Every Christian Should Know*, examines: How the arts assist us in prayer and contemplation How the

arts help us rediscover a sense of wonder How the arts help us deal with emotions How the arts aid theological reflection and so much more. Let your faith be enriched, and discover how beauty and creativity can draw you nearer to the ultimate Creator. Pray that your children will walk in God’s blessing You never stop caring about your children, even once they’ve become adults. Your influence in their lives may lessen as they grow, yet no matter the state of the relationship between you and your children—or your children and God—you will always have one powerful tool to use on their behalf: prayer. *Prayers of Blessing over My Adult Children* will help you express compassion for your children’s struggles while deepening your trust in God. With daily scripture and devotionals, New York Times bestselling author Bruce Wilkinson shares his three-step guided prayer method based on established biblical prayer patterns, helping you develop the wisdom and boldness to approach God with a spirit of dependence, gratitude, and praise. No matter what season of life your now-grown children are in, *Prayers of Blessing over My Adult Children* will help you surrender their problems and your own to God, bringing you peace through the recognition that He alone is in control. No one, no matter how brilliant, saintly or charismatic, ever has or ever will prove the existence - or non-existence -- of God. If the infinite God posited by Judaism since ancient times does, in fact, exist, then that God is by definition beyond human

comprehension. And so this book does not attempt to prove the existence of God but rather takes an instinctual leap of faith, along with Moses, the Psalmists, Job, Maimonides and, yes, Albert Einstein, passing over the question of God's existence and asking instead the questions that have fueled the authentic religious enterprise for more than a hundred generations: What can we know of God and what does God require of us? A religion for adults seeks to probe the meaning and purpose of life. The very same may be said of science. Both reject pious platitudes and seek truth. Albert Einstein phrased it very nicely: "Science without religion is lame; religion without science is blind." What the author seeks to do, honoring both religion and science, is to introduce the reader to a God for Grown-ups.
