**The Concise Roget's
International Thesaurus,
Revised and Updated, 7th
Edition** Oct 26 2020 A classic
reference book that has been
used by millions all over the
world, Roget's International
Thesaurus is the product of
more than a century and a half
of continual expansion,
reorganization, and
improvement. Today this book
is not only the most time-tested
and bestselling thesaurus ever,
but, newly revised, it is also the
most up-to-date and
comprehensive reflection of the
English language as it is
currently used. The
revolutionary achievement of
Dr. Peter Mark Roget's first
edition in 1852 was the
development of a brand-new
principle: the arrangement of
words and phrases according
to their meanings. Dr. Roget's
system brings together in one

place all the terms associated
with a single thought or
concept; it allows a wide-
ranging survey of language
within a book of relatively
modest size, without the space-
consuming repetitions that so
severely limit the scope of
thesauruses arranged in a
dictionary format with A-to-Z
entries. This brilliant
organization makes Roget's
International Thesaurus both
the most efficient word finder
and a cutting-edge aid in
stimulating thought, organizing
ideas, and writing and
speaking more clearly and
effectively. This revised and
updated seventh edition
features thousands of new
words and phrases, including
the newest slang words and
expressions that color and
inform everyday language. At
the same time, it retains all the
hallmarks that have made
Roget's International
Thesaurus the most popular
word reference book next to
the dictionary.
