Este livro inclui mais de 140 protocolos de urgencia em Pediatria, convenientemente divididos por areas. A terceira edicao foi atualizada e todos os protocolos foram reformulados. Os protocolos estao divididos por 16 capitulos que cobrem todas as areas da urgencia pediatrica desde a reanimacao e falencia de orgao, ate urgencias de adolescentes, cardiologicas, cirurgicas, dermatologicas, endocrinas, gastrenterologicas, hematologicas, infecciosas, metabolicas, nefrologicas, neonatais, neurologicas, respiratorias e trauma. Inclui ainda um capitulo sobre procedimentos. Onze anos depois da 1A edicao, depositamos agora nas vossas maos a 3A edicao do Livro Azul dos Protocolos de Urgencia em Pediatria. Nestes anos deixou de ser uma referencia local, expandiu-se de norte a sul do pais e chegou mesmo aos PALOPs. Ja vao longe os primeiros passos deste livro. Agora, quase adolescente, cresceu muito: dos 98 protocolos iniciais passou a ter agora 142. O objectivo continua a ser, como no principio, facultar, sobretudo aos jovens medicos na area da Pediatria, uma ferramenta de consulta facil, com informacao resumida e filtrada que lhes possa ser util, nas circunstancias, especialmente dificeis e muitas vezes angustiantes, da urgencia. Nao pode, contudo, deixar de ser realcado que a Medicina nao se exerce por decreto e que, por isso, nunca devem os protocolos ser encarados como um dogma. Constituem orientacoes gerais, que terao, necessariamente, de ser adaptadas a cada doente concreto, pois, como todos sabemos, os doentes nao vem nos livros. O conhecimento medico tem aumentado de forma exponencial, o que nos obriga a um esforco sempre acrescido de separar o essencial do acessorio. Esse foi o desafio que colocamos aos colaboradores desta edicao, especialistas nos varios temas abordados. A todos agradecemos a forma competente e entusiastica como participaram. Esperamos que continue a ser o instrumento util que tem sido e aguardamos os comentarios, criticas e sugestoes dos leitores, para que a proxima edicao possa preencher ainda mais as necessidades daqueles a quem se destina. List of members in each volume. Es una historia romántica que habla de la depresión, de un joven que cruza su camino con una chica que es invisible para los demás. A partir de ahí, ella se vuelve el mayor misterio a resolver para él. En su intento por volverla a hacer visible, él comienza a arriesgar varios aspectos de su vida, incluyendo su propia cordura; mientras ella es olvidada por todos aquellos que la quieren, incluyendo su propia madre. Así que él se ve forzado a descifrar los secretos de su pasado, antes de que él también la olvide. Es una historia fácil de leer, la cual te atraparás, conforme vas conociendo, poco a poco, a los personajes, y vas viviendo, junto con ellos, cada uno de las experiencias y aventuras que tienen en su día a día, antes de llegar al día 100. A pesar de que es una historia ficticia, en ella se encuentran plasmadas experiencias de dolor, alegría y tristeza de personas reales. Por ello es una historia recomendable para jóvenes y adultos, ya que los jóvenes nos encontramos en este momento de nuestras vidas donde la depresión es algo que vivimos día a día. Mientras que también sirve para que los padres entiendan y reconozcan que, muchas veces, los problemas emocionales de sus hijos pueden ser provocados desde la niñez, por familiares o, incluso, por los propios padres. Y que lo único que necesitan los jóvenes es alguien que los escuche y los quiera cuando su mundo se derrumba. A creditor who made a loan to a debtor but does not have full confidence into the ability or willingness of the debtor to repay the loan fully and punctually, has two main options for securing his loan capital: He either can demand that the debtor gives him real security by encumbering one or several of his assets. Or he suggests to the debtor to win over a third party to act as a guarantor and to assume joint liability for repayment of the loan. Such a form of personal security by means of a bond has been known for centuries. During the last decades, however, a number of other models for providing personal security for loans have been developed, in particular the guarantee, by now widely used in commerce. Within the framework of plans of the Commission of the European Union to work out a uniform "framework of reference" for contract law, a multinational work group of the Study

Group on a European Civil Code prepared proposals for uniform rules on personal security models. The proposals are based on legal developments formulated in the member states in the last decades and present draft uniform rules for the two basic types, viz. the dependent and the independent personal security for loans. Each proposal not only is accompanied by explanations but the legal situation in each of the 15 old member states is sketched also. The work therefore is not only a presentation of a future model for European rules to come but provides also a fairly detailed indication of the present legal situation in the member states. ¿Sabía que la adopción de ajustes en la dieta, como eliminar los productos procesados, puede ayudar a reducir la inflamación, que se cree que es una de las principales causas del dolor crónico? La dieta antiinflamatoria es una gran dieta que realmente puede ayudarlo a vivir una vida mejor y más saludable. Si aún no lo has probado, vale la pena echarle un vistazo. Este libro de cocina antiinflamatorio indispensable hace que sea sencillo comenzar y mantener un estilo de vida antiinflamatorio que se puede adaptar a diversas enfermedades inflamatorias. En este libro, aprenderá algunos de los secretos de la dieta antiinflamatoria y por qué se recomienda. If you were dropped into the middle of Managua, Mexico City, or Miami, would you know how to speak not only the language, but also the lingo? In The Street-Wise Spanish Survival Guide, the reader who is already familiar with Spanish will discover the banter and metaphor (both polite and rude) that enrich the spoken language as it is really used, hints on avoiding embarrassing mistakes in grammar, and a list of dreaded false cognates. Full of advice on pronunciation and tips on customs and manners, and keyed with time-saving symbols, this is the best guide available to understanding and appreciating Spanish as it is spoken in Latin America and the United States. A 6a edição desse livro, já clássico, continua a oferecer aos leitores as informações essenciais necessárias a fim de assegurar um sólido conhecimento do tema, tanto a partir da ciência básica quanto de uma perspectiva clínica. Essa nova edição, completamente atualizada, inclui as áreas de microbiologia, patologia inflamatória, imunologia, genética e medicina dentária na etiopatogenia das doenças periodontais, bem como conceitos de higiene dental, odontologia restauradora, medicina dentária para tratamento adjunto e intervenção cirúrgica. De autoria de especialistas de renome internacional, esse livro é ideal tanto para graduandos quanto para pós-graduandos, bem como para os clínicos interessados em medicina oral. Cuando se trata de perder peso, una cosa es cierta: tomó tiempo ganar ese exceso de peso y tomará tiempo perderlo. Pero hay algunos pasos que puedes emprender para acelerar el proceso de pérdida de peso. Si lo haces inteligentemente, puedes perder ¡hasta 14 libras en solo 14 días!
