In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-geniuses everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives

success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll.

“Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among Grit’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes

all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal). A smiling crocodile bathes in the Nile and waits patiently for his prey. Love! Viduy (confessing what one did wrong) is one of the 613 mitzvos of the Torah. Unlike davening, where the mere recitation of the words satisfies the requirements of the mitzvah, one who says the words of Viduy without understanding their meaning does not fulfill

the mitzvah. In order for the confession to be effective, one must comprehend what he is saying and recite the words with intent. The purpose of this booklet is to make the entire Viduy tefilah accessible to children ages 9-14, for whom reading the English translation in the machzor would not sufficiently explain the meaning of the words. Written in easy-to-understand language and with examples that are applicable to children's lives, this booklet will make the Yom Kippur davening more meaningful and relevant to children of all ages.
