**Materiality of Writing in Early Mesopotamia** Feb 08 2022 This volume presents recent research on the relationship between the material format of text-bearing artefacts, the texts they carry, and their genre. The essays cover a vast period, from the counting stones of the late 4th millennium BCE to the time of the Great Hittite Kingdom in the 2nd millennium BCE. The breadth of substantive focus allows new insights of relevance to scholars in both Ancient Middle Eastern studies and the humanities.

**Translating Rumi into the West** Sep 29 2023 Focusing on Rumi, the best-selling Persian mystical poet of the 13th century, this book investigates the reception of his work and thought in North America and Europe – and the phenomenon of ‘Rumimania’ – to elucidate the complexities of intercultural communication between the West and the Iranian and Islamic worlds. Presenting tens of examples from the original and translated texts, the book is a critical analysis of various dimensions of this reception, outlining the difficulties of translating the text but also exploring how translators of various times and languages have performed, and explaining why the quality of reception varies. Topics analysed include the linguistic and pragmatic

issues of translation, comparative stylistics and poetics, and non-textual factors like the translator's beliefs and the political and ideological aspects of translation. Using a broad theoretical framework, the author highlights the difficulties of intercultural communication from linguistic, semiotic, stylistic, poetic, ethical, and sociocultural perspectives. Ultimately, the author shares his reflections on the semiotic specificities of Rumi's mystical discourse and the ethics of translation generally. The book will be valuable to scholars and students of Islamic philosophy, Iranian studies, and translation studies, but will appeal to anyone interested in the cultural dichotomies of the West and Islam.

Languages and Cultures in Contact Jun 26 2023 This volume contains 33 papers presented at the 42th Rencontre Assyriologique Internationale held at the University of Leuven in July 1995. The main purpose of the conference on Languages and Cultures in Contact was to focus on contacts and exchanges between the various cultures in the Syro-Mesopotamian realm by re-evaluating the geographical limits of 'Mesopotamian' civilization to include the Upper- and Middle-Euphrates regions of Syria. These

proceedings cover areas of research in the fields of philology, archaeology and history alike. They bring together essays on a great number of topics, including comparative linguistics, the spread of literacy and administrative practices, cultural exchanges, diffusion and acculturation. Finally the book contains reports on current excavations and surveys in the Ancient Near East.

**Local, regional and ethnic identities in early medieval cemeteries in Bavaria (Premio Ottone d'Assia e Riccardo Francovich 2008)** Nov 07 2021 Tema conduttore dell'opera è lo studio dell'etnicità altomedievale condotto attraverso l'analisi di un gruppo di cimiteri nella pianura alluvionale di Monaco di Baviera e l'esame dello sviluppo della pratica funeraria in un periodo che va dal V al VII secolo d.C. Iniziate come un atto ibrido di pratiche tardo-romane e barbariche, quando nel secolo successivo, le comunità politiche tribali si consolidarono, le modalità di sepoltura presero le distanze dalle loro origini romane divenendo apertamente barbare. Lo studio

delle sepolture diviene per l'A. motivo per una più ampia riflessione sul concetto di identità e sui rapporti fra cultura materiale ed etnia. Contiene il riassunto del volume in italiano.

**Karduniaš. Babylonia under the Kassites 2** May 26 2023 Karduniaš, as the kingdom of the Kassites in Babylonia was called in ancient times, was the neighbor and rival of great powers such as Egypt, the Hittites, and Assyria. But while our knowledge of the latter kingdoms has made huge progress in the last decades, the Kassites have until recently been largely ignored by modern scholarship. Recently a number of scholars have embarked on research into different aspects of Late Bronze Age Babylonia. The desire to share the results of these new investigations resulted in an international conference, which was held at Munich University in July 2011. The presentations given at this meeting have been revised for publication in the current volume. This book gives an overview of current research on the Kassites and is the first larger survey of their culture ever. An invaluable introduction by Kassite expert Professor John A. Brinkman is followed by seventeen specialist contributions investigating different aspects of the Kassites. These include detailed historical, social, cultural, archaeological, and art historical studies concerning the Kassites from their first arrival in Mesopotamia, during the period when a Kassite Dynasty ruled Babylonia (c. 1500-1550 BC), and in the subsequent aftermath. Concentrating on southern Mesopotamia the contributions also discuss Kassite relations and presence in neighboring regions. The book is completed by a substantial bibliography and a detailed index.

**Rumi 33 Perlen Aus Dem Ozean der Liebe** Oct 31 2023 Rumi fasziniert die ganze Welt, obwohl er vor ungefähr 800 Jahren lebte. Seine Werke werden nach wie vor gerne übersetzt und gelesen. Rumi setzte sich für Toleranz und Liebe ein. In den USA sind Bücher über ihn sogar Bestseller.

Auch in Europa waren Prominente von Rumi äußerst beeindruckt. Goethe sagte: "Rumi ist der bedeutendste mystische Dichter der Welt." Erich Fromm meinte: "Rumi ist mehr als ein großer Sufidichter. Er war es, der die Tiefen der menschlichen Natur entdeckte." Ein Sufi ist ein Wanderer, ein Reisender auf der Suche nach der Wahrheit. In diesem Sinne eine erholsame spirituelle Reise!

**Phoenix Rising** Oct 19 2022 Using Nyonya beadwork as both a lens and an object of study, Hwei-Fe'n Cheah explores historical, social and cultural transformations in the Peranakan Chinese community. Phoenix Rising provides social scientists with tangible tools for examining concepts of modernity and tradition. For gender theorists, Phoenix Rising exemplifies the way time was used for beadwork and embroidery, thus crafting notions of Nyonya culture and identity. The reader is simultaneously taken on two journeys, the one pictorial, the other analytic, to learn about the changing ways in which meaning intersects with items of material culture---historically and currently. The combination is a visually and intellectually exciting example of multi-disciplinary research that is also aesthetically stunning.
