As Jose Silva used to say, "May the rest of your life, be the best of your life." 2nd Edition revised and updated by the Authors in August 2014. Part I: A biography of Jose Silva, creator of the Silva Method. Part II: A practical summary of the Silva Method. Traditionally, science and religion have kept their distance. But one pioneering researcher dared to apply scientific method to many religious claims. He dared to ask questions that many people condemn you just for asking. The answers may surprise you. This book has stirred up controversy, but progress comes, like it or not. If you are ready for a scientific look at religion, read this book. "The Revealer " is about the achievements of Jose Silva whose investigative mind became attracted to the study of the evolution of humanity. Silva reviewed human history and found many ups and downs. He noted that at a time

when humanity was progressing very well, a war would break out, setting humanity back. In technology, humanity has been progressing steadily, but even while doing so, it was losing humaneness, Silva says. He means that human intelligence was gaining in the objective, physical, dimension, but at the same time, was losing in the subjective, spiritual, dimension. The mind and soul reside in a subjective, spiritual, dimension, Silva says, while the brain and body reside in the objective, physical, dimension. Recent research reveals that: *The human left brain hemisphere is associated with the physical dimension, and is used for taking action. *The human right brain hemisphere is associated with the spiritual dimension, and is intended to be used for thinking, for analyzing information, and for making decisions. But most human beings, approximately 90 percent, use the left brain hemisphere for both thinking and acting. His research revealed that the ten percent who use the right brain hemisphere for thinking and the left brain hemisphere for acting are healthier, luckier, and more successful than those who use only the left brain hemisphere for both thinking and acting. It took Silva 22 years of scientific research to find a way to teach people to use the information stored in the subconscious. This actually converted the subconscious into an "inner conscious" level, where we now have access to information previously unavailable to us. In this book, you can see for yourself the similarities of the benefits derived from using the Systems that Jose Silva developed, compared to the Biblical account of the benefits of using the Keys to the Kingdom of Heaven. "What I did," Silva explains, "was to take the writings of each author in the Bible and put those writing to a scientific test, then evaluate the results. "So what I have done, right or wrong, is to take information, a little bit at a time, and test it by trying to use it to solve existing problems with it." If the information could not be used to correct problems, then it was useless information and had no value as far as he was concerned. He concludes, "The truthful truth is only that which, when applied, solves problems. This applies to all information, regardless of where it comes from and regardless of how new or old it is." This book goes into detail about Silva's research and his conclusions. It also includes a scientific way to pray, to communicate regularly and reliably with higher intelligence to help you solve problems and improve living conditions on planet earth. Auto-suggestion is disconcerting in its simplicity. To the uninitiated, auto-suggestion or self-mastery is likely to appear disconcerting in its simplicity. But does not every discovery, every invention, seem simple and ordinary once it has become vulgarized and the details or mechanism of it known to the man in the street? Think of all the forces of the Universe ready to serve us. Yet centuries elapsed before man penetrated their secret and discovered the means of utilizing them. It is the same in the domain of thought and mind: we have at our service forces of transcendent value of which we are either completely ignorant or else only vaguely conscious. Power of auto-suggestion known in the Middle Ages. The power of thought, of idea, is incommensurable, is immeasurable. The world is dominated by thought. The human being individually is also entirely governed by his own thoughts, good or bad. The powerful action of the mind over the body, which explains the effects of suggestion, was well known to the great thinkers of the Middle Ages, whose vigorous intelligence embraced the sum of human knowledge. Every idea conceived by the mind, says Saint Thomas, is an order which the organism obeys. It can also, he adds, engender a disease or cure it. The efficaciousness of auto-suggestion could not be more plainly stated. Pythagoras and Aristotle taught auto-suggestion. We know, indeed, that the whole human organism is governed by the nervous system, the centre of which is the brain- the seat of thought. In other words, the brain, or mind, controls every cell, every organ, and every function of the body. That being so, is it not clear that by means of thought we are the absolute masters of our physical organism and that, as the Ancients showed centuries ago, thought-or suggestion-can and does produce disease or cure it? Pythagoras taught the principles of auto-suggestion to his disciples. He wrote: "God the Father, deliver them from their sufferings, and show them what supernatural power is at their call." Even more definite is the doctrine of Aristotle, which taught that "a vivid imagination compels the body to obey it, for it is a natural principle of movement. Imagination, indeed, governs all the forces of sensibility, while the latter, in its turn, controls the beating of the heart, and through it sets in motion all vital functions; thus the entire organism may be rapidly modified. Nevertheless, however vivid the imagination, it cannot change the form of a hand or foot or other member." I have particular satisfaction in recalling this element of Aristotle's teaching, because it contains two of the most important, nay, essential principles of my own method of auto-suggestion: 1. The dominating role of the imagination. 2. The results to be expected from the practice of auto-suggestion must necessarily be limited to those coming within the bounds of physical possibility. Unfortunately, all these great truths, handed down from antiquity, have been transmitted in the cloudy garb of abstract notions, or shrouded in the mystery of esoteric secrecy, and thus have appeared inaccessible to the ordinary mortal. If I have had the privilege of discerning the hidden meaning of the old philosophers, or extracting the essence of a vital principle, and of formulating it in a manner extremely simple and comprehensible to modern humanity, I have also had the joy of seeing it practiced with success by thousands of sufferers for more than a score of years. I hope to show, moreover, that the domain of application of auto-suggestion is practically unlimited. Not only are we able to control and modify our physical functions, but we can develop in any desired direction our moral and mental faculties merely by the proper exercise of suggestion: in the field of education there is vast scope for suggestion. Nothing is impossible to us, except, of course, that which is contrary to the laws of Nature and the Universe." The Silva Mind Control Method - A Comprehensive Summary Since that is what The Silva Psyche Control Strategy does: it prepares your singular brain to take advantage of the General Brain (or God-awareness), your cognizant brain into the inner mind psyche (and we realize that in that lies the power), which permits us to enact the boundless capability of our brains and accordingly ourselves. A Detailed Introduction ? A Comprehensive Chapter by Chapter Summary ? Etc Get a copy of this summary and learn about the book. Manual to be distributed to students in Jose Silva's Holistic Faith Healing workshops and seminars. This manual does not have complete instructions, only a review of what is taught in the seminars. "Do you have healing hands? Yes you do, and I can

prove it to you. It is a matter of recognizing it mentally and doing it physically. Read below to learn how." Are you willing to be the very first "Neighborhood Healer" in your neighborhood? Yes, you can do this. And it only takes a few minutes to learn how. This is the wonderful gift that Jose Silva left us. All we are asking now is that you try it and see for yourself that you have the ability channel healing energy through your body to help your neighbors. Are you ready to learn? Here's how to become a Holistic Healer: A healer in every home Nothing is more important than good health. And what could be more valuable than having a healer in your family. Jose Silva's dream was to have a holistic faith healer in every home. This is a big order. So let's start by putting a healer in every neighborhood. You can be the first, and then you can share the home study course and the life saving Holistic Healing techniques with other people so that they can be the first healer in their neighborhood. You can also encourage your neighbors to learn the techniques, until eventually there is a healer in every home in your neighborhood. You can be that healer, with the power to relieve pain, correct problems, and give hope to those who need it. Where does energy come from? Higher intelligence. When you help your neighbors in this manner, you are literally an agent of higher intelligence - an agent of God - with healing energy flowing through your body. How will you feel when your turn comes, and a loved one or a neighbor is in desperate need of help? Will you know what to do, so that you can spring into action to relieve a pain, correct problems, and give hope to those who need it. Or will you sit there feeling helpless and powerless, wishing you had learned a simple technique that could relieve your loved one's pain and maybe save their life. Many years of research Imagine what you'd have to do if you wanted to learn the secrets of holistic faith healers: You'd travel the world persuading faith healers, psychic surgeons, with doctors, mucumbas, kahunas...every type of healer you could find...to permit you to observe them, assist them, and learn from them. You would ask them to teach you their techniques...but they would refuse. They won't share the prestige and the honor that comes with their special ability. You would have to rely on your understanding, insight, and intuition about how the human mind works, about energy fields in and around the human body, about universal healing energies, and you would have to use all of your experience, knowledge, and insight to weed out the showmanship and misdirection from the real techniques, the ones that actually produce the healing effect. It would be a daunting task to unlock their secrets. Only one scientist has succeeded at it. Many techniques to correct health problems Jose Silva took the common denominators, the things that he knew produce real results, and developed scientifically researched and proven effective healing techniques that will work for you. He used his techniques to help people in Laredo for many years. Then he broke the unwritten code of secrecy and started teaching other people to heal the way he did. "I realized that I could not personally heal everybody who needed to be healed," he explained. "But I knew that if I could train enough people so that there would be a healer in every home, then in that way, I could help everybody." Now you can learn the same techniques that Jose Silva and thousands of Silva healers use, in a convenient home study course or a live Holistic Faith Healing workshop. Manual for distribution to students in José Silva's UltraMind ESP System seminars Suggests techniques for improving one's fitness, flexibility, and concentration, and includes advice on losing weight, breaking bad habits, recovering from sports injuries, and remaining focused under pressure If you've ever experienced a hunch that pays off, a dream with useful information, or an unexplained coincidence, you've probably used ESP and didn't know it. Jose Silva's Everyday ESP will help you tap into your natural ability of ESP and understand hidden information to better all areas of your life, including health, wealth, and relationships. Imagine you had a guide who knew what lies ahead, and who could direct you to success and happiness. Originally published: New York: Simon and Schuster, 1977 Shows how to unlock the incredible powers of your own mind and use them to connect to a higher power to obtain the guidance you need to be successful, happy, and fulfilled. What is Subjective Communication? Subjective Communication is a natural ability that all of the highly successful people on our planet have in common. Subjective Communication is the ability that permits people to know more than their physical senses alone can tell them. Subjective Communication is the one "secret of success" that people have sought to reveal for thousands of years, yet remained hidden because those who had it did not realize that the way they functioned was different from the way the vast majority of people function, and those who didn't have it considered it so unlikely that they doubted its existence. For the fortunate few who, through natural means, developed the ability to use subjective communications to know more than the majority of people, life has been a fabulous success. These people - about ten percent of the population - are the ones we consider "lucky." Though they do no more work than other people, they prosper. Though they are no more persistent than millions of others, they succeed while others fail. Though they are no more intelligent than the masses, we call them geniuses. You can develop this ability. All humans are born with the potential to communicate in more ways than through the physical senses. It is your mind, and your phenomenal imagination, that makes you human. In this book, you will learn why imagination is not only used for make believe, but is also used as a communications tool. You will learn exactly what human intelligence is, and what mind is, and how these function in another - invisible-to-the-human-eyes - dimension where we exchange vital information that helps improve our relationships, our decision making ability, and our chances for success and happiness in this life. You will have a rare opportunity to look inside the mind of a genius, a natural psychic who has been using this ability for more than sixty years, as this genius is interviewed by a veteran newspaper reporter turned researcher. This insight and understanding will help you develop your own abilities. Never before has there been a book like this one, that strips the mystery away and explains in simple language exactly what this thing called ESP really is and how you can learn to use it like the most successful people in our world do. It is your heritage as a human being. Use it. The greatest discovery you'll ever make...is the power of your own mind. Einstein claimed that he used only 10 percent of his mind, and the general public uses only about three or four percent. And that's what this book is all about: learning to use more of your mind. Learn how to unleash your Genius Mind with just a few hours of practice. The inner images you hold deep within yourself determine your outer reality. The Silva Choose Success Master Course gives you the tools you need to reach these deep inner levels where you can change your life for the better by simply changing your thoughts. Pathways to Personal Freedom using the Silva Method is a compilation of fifty ideas to help uncover the ways of inner bliss that lay dormant within each of us. Happiness and Personal Freedom are concepts that most of us have taken for granted. Society teaches us to please others; look for approval and acceptance from others; check in with those who “know better” than we do; allow our negative thoughts to overtake our actions, our way of life and even health. Each Pathway starts with a quote to encourage thinking and inspiration to bring about a spark of insight that is already known but may have been forgotten along the way. What follows are suggestions and examples from the authors’ lives and experiences as to how to achieve bliss and inner harmony. Each will end with an affirmation to be recited in the present time to instill the ideas as if they are already in place and to help enhance this new way of thinking. Some of these ideas may be new and even foreign—but they have stood the test of time and used by many throughout the world. Jose Silva, Sr. was a pioneer in the study and application of mind control. His youngest daughter, Diana Silva-Mendez and coauthor, Robert Deutchman have put together this labor of love for the benefit of Silva Method enthusiasts, trainers, Silva graduates, and to all who seek to tap into their inner wisdom.
