Catalog of reports, decisions and opinions, testimonies and speeches. Italy Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments Taking his readers through a grueling, eighteen-year-long psycho-legal odyssey, Jabari Gravy recounts the failures of our legal justice system, from legal training to jurisprudence. He also offers a breathtaking portrayal of borderline personality disorder through his relationship with his wife. His story reveals the legal scandal of their divorce and the exploitation of mental illness by his wife and a state court system. In stunning detail, Gravy dissects, exposes, and gives a definitive and vividly dramatic account of furtive judicial abuse of authority, painting a disturbing tableau of what actually happens in our courtrooms: their underlying design, organizational values, and daily operations illustrating how the clandestine and undocumented come to deny directly and categorically the compelling public court record. Through a revealing window on how innocent people are railroaded to injustice with loss of livelihood, liberty, and life, he inextricably entwines the African-American experience with his other material, demonstrates the ominous secret cracks in our justice system, unveils a monolithic legal culture represented by gladiatorial back-scratching court functionaries who marginalize non-dominate cultures and inflict real casualties both at the micro level, on the lives of ordinary people, and at the national level as our democracy is secretly eroded. Gravy concludes that pretty paper is not justice, and demands change. Offers guidance in making the two-home approach successful. Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana, and Mississippi, the Appellate Courts of Alabama and, Sept. 1928/Jan. 1929-Jan./Mar. 1941, the Courts of Appeal of Louisiana. Joshua McDowell is a single father on a mission. He believes being a parent is the most rewarding experience in the world. For that reason, he wants you to help him change the family court system. Each year, millions of children grow up in fatherless homes, resulting in teen pregnancies, school dropouts, depression, and suicides. In Accidental Dad, McDowell talks frankly about his own fatherless childhood. Each child wants, needs, and deserves to grow up with a strong relationship with both parents, but those parents have to be there for the right reasons. McDowell is not an expert in conventional terms, with qualifying degrees to counsel others, but he knows how it felt to grow up without his father, and he also knows how it feels for a single father to have to deal with the court system that can make a father feel worthless. He worked on this book for several years and eventually sought a professional writer to help him bring his experiences and reflections to readers. He shares firsthand information about our family courts to provide a clear understanding of the bias in courts across this country against fathers who want custody of their children. Joshua McDowell is handing us all a challenge. Help McDowell change the world, and help bring loving, caring, good fathers back to the head of household!
