The Best of Sears Collectibles, 1905-1910 Feb 20 2023

Britain's Retreat from Empire in East Asia, 1905-1980 Aug 02 2021 The decline of British power in Asia, from a high point in 1905, when Britain's ally Japan vanquished the Russian Empire, apparently reducing the perceived threat that Russia posed to its influence in India and China, to the end of the twentieth century, when British power had dwindled to virtually nothing, is one of the most important themes in understanding the modern history of East and Southeast Asia. This book considers a range of issues that illustrate the significance and influence of the British Empire in Asia and the nature of Britain's imperial decline. Subjects covered include the challenges posed by Germany and Japan during the First World War, British efforts at international co-operation in the interwar period, the British relationship with Korea and Japan in the wake of the Second World War, and the complicated path of decolonisation in Southeast Asia and Hong Kong.

Idle Ideas in 1905 Nov 05 2021 When is the best time to be merry? Should married men play golf? Do writers write too much? Is the American husband made entirely of stained glass? These and many more important questions are answered in this book, collecting humorous essays by Jerome K. Jerome. "Idle Thoughts of an Idle Fellow" (1886) and "The Second Thoughts of an Idle Fellow" (1898) established Jerome K. Jerome as a leading English humorist.

Sears, Roebuck & Co. Jul 25 2023 Take a hundred-year excursion into the past when all your wishes and whims could be found within the pages of a Sears, Roebuck, & Co. catalogue. Whether you lived in Manhattan, New York, or Manhattan, Kansas, a new camera, a grand piano, and even the latest medical supplies were only a mail order away with your Sears catalogue. Florida Water, Liquid Skin, hammer-less revolvers, bankers' shears, travelling bags, bridging telephones, and the Acme Triumph Six-Hole Steel Range (which was the "The Wonder of the Stove World" according to the ad copy) could all be had for reasonable prices. In this compilation of the best collectibles from the 1905 through 1910 Sears catalogs, readers will find everything the early-twentieth-century American needed to outfit home, office, medicine chest, or craft workshop. A useful resource for artists, antiques dealers, and history buffs, this title is certain to make any reader feel nostalgic for simpler times. From the department introductions and the descriptions of Sears's warehouses and factories to the hundreds of merchandise-filled pages, readers will find treasures on every page of Sears, Roebuck, & Co.: Best Collectibles from the 1905-1910 Catalogues.

The Russian Revolution, 1905-1921 Feb 25 2021 The Russian Revolution, 1905-1921 is a new history of Russia's revolutionary era as a story of experience-of people making sense of history as it unfolded in their own lives and as they took part in making history themselves. The major events, trends, and explanations, reaching from Bloody Sunday in 1905 to the final shots of the civil war in 1921, are viewed through the doubled perspective of the professional historian looking backward and the contemporary journalist reporting and interpreting history as it happened. The volume then turns toward particular places and people: city streets, peasant villages, the margins of empire (Central Asia, Ukraine, the Jewish Pale), women and men, workers and intellectuals, artists and activists, utopian visionaries, and discontents of all kinds. We spend time with the famous (Vladimir Lenin, Lev Trotsky, Alexandra Kollontai, Vladimir Mayakovsky, Isaac Babel) and with those whose names we don't even know. Key themes include difference and inequality (social, economic, gendered, ethnic), power and resistance, violence, and ideas about justice and freedom. Written especially for students and general readers, this history relies extensively on contemporary texts and voices in order to bring the past and its meanings to life. This is a history about dramatic and uncertain times and especially about the interpretations, values, emotions, desires, and disappointments that made history matter to those who lived it.

My Best Games of Chess 1905-1954 Feb 08 2022 The Unique Genius of Tartakower! One of the most creative grandmasters ever to play the Royal Game was Savielly Tartakower. His combination of bold play and fascinating writing has long endeared him to chess

aficionados worldwide. His classic work of best games has never been available in English algebraic notation. Until now. "Tartakower's annotations are unlike any other master of his time. He repeatedly stressed the psychological nature of chess, for example. Another 'Tartakowerism' is: 'An attack is against a castled position, weak pawns and, most of all, against the mind of the opponent.' What he reserves for a footnote, like what conditions are present to make a game a work of art, other authors would need pages to articulate, if they addressed the matters at all. "This book was meant to do what all great annotations do: instruct, explain, and entertain. And it succeeds spectacularly." – Andy Soltis in his Foreword Experience the unique genius of Savielly Tartakower in this 21st Century Edition of his games collection – 201 games, 49 game fragments, all deeply annotated and quintessentially Tartakower! *My Best Games of Chess, 1905-1930* Dec 06 2021

A Selection From the Best Books of 1905 May 23 2023 Excerpt from *A Selection From the Best Books of 1905: With Notes* Makes appeal entirely to the individual conscience though in no sense antagonizing dogmatic Christianity. The Tide at Sunrise Dec 18 2022 The Russo-Japanese War was fought in the waters of the Yellow Sea and the Straits of Tsushima that divide Japan from Korea, and in the mountains of Manchuria, borrowed without permission from China. It was the first war to be fought with modern weapons. The Japanese had fought the Chinese at sea in 1894 and had gained a foothold in Manchuria by taking control of Port Arthur. In 1895, however, Japan was forced to abandon its claims by the Russian fleet's presence in the Straits of Tsushima. Tsar Nicholas had obtained a window to the East for his empire and Japan had been humiliated. Tensions between the two countries would rise inexorably over the next decade. Around the world, no one doubted that little Japan would be no match for the mighty armies of Tsar Nicholas II. Yet Russia was in an advanced state of decay, the government corrupt and its troops inept and demoralized. Japan, meanwhile, was emerging from centuries of feudal isolation and becoming an industrial power, led by zealous nationalist warlords keen to lead the Orient to victory over the oppressive West. From the opening surprise attack on the Russian fleet at Port Arthur in 1904, the Japanese out-fought and out-thought the Russians. This is a definitive account of one of the pivotal conflicts of the twentieth century whose impact was felt around the world.

The Road to Bloody Sunday Jan 07 2022 Drawing on all available documents, Walter Sablinsky reappraises the events, especially the role of the volatile and often unpredictable Father Georgii Gapon, the young Orthodox priest who inspired and led the workers' organization. Originally published in 1976. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Civil War in Europe, 1905–1949 Jan 27 2021 This is the first account in any language of the civil wars in Europe during the era of the world wars, from 1905 to 1949. It treats the initial confrontations in the decade before World War I, the confusing concept of 'European civil war,' the impact of the world wars, the relation between revolution and civil war and all the individual cases of civil war, with special attention to Russia and Spain. The civil wars of this era are compared and contrasted with earlier internal conflicts, with particular attention to the factors that made this era a time of unusually violent domestic contests, as well as those that brought it to an end. The major political, ideological and social influences are all treated, with a special focus on violence against civilians.

Michigan's Lumbertowns Jul 01 2021 This study is a comprehensive history of these lumbertowns from their inception as frontier settlements to their emergence as reshaped industrial centers.

Biennial Report of the Secretary of State of the State of Oregon to the ... Legislative Assembly ... for the Period ... Jul 21 2020

Wall Street and the Russian Revolution Apr 17 2020 Wall Street and the Russian Revolution will give readers critical insight into what might be called the "Secret History of the 20th century." The Russian Revolution, like the war in which it was born, represents

the real beginning of the modern world. The book will look not just at the sweep of events, but probe the economic, ideological and personal motivations of the key figures involved, revealing heretofore unknown or misunderstood connections. Was Trotsky, for instance, a political genius, an unprincipled egomaniac, or something of each? Readers should come away with not only a far deeper understanding of what happened in Russia a century ago, but also what happened in America and how that still shapes the relations of the two countries today.

Western Field, Vol. 7 Dec 26 2020 Excerpt from *Western Field, Vol. 7: The Sportsman's Magazine of the West; August, 1905* OR several years past great interest has been manifested by the angling fraternity in black bass fishing, and now that the season when they may be taken has been changed, so as to include the heretofore closed month of June, the interest in that splendid game fish is very much on the increase. Like several other varieties of the best fish in our California waters, the black bass are not indigenous to this coast, but have been transplanted here from Eastern waters. Both the small mouth and the large mouth (sometimes called Oswego and straw bass having been introduced into the lakes and streams of California. From the best information the writer can obtain, the first introduction of this fish into the State was made by the Spring Valley Water Company, perhaps about thirty or thirty-five years ago, when that company planted a number of the small mouth variety in their reservoir, Crystal Springs Lake, and afterward stocked their other reservoirs with them. From this original stock most of the small mouths in the waters of this State have descended. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Revolution of 1905 Aug 26 2023 This is a concise history of the Revolution of 1905, a critical juncture in the history of Russia when several possible paths were opened up for the country. By the end of that year, virtually every social group had become active in the opposition to the autocracy, which was on the verge of collapse. Only the promise of reform, in particular the formation of a parliament (Duma) that would participate in governing the country, enabled the old order to survive. For some eighteen months the opposition and the Tsarist regime continued to struggle for supremacy, and only in June 1907 did the government reassert its authority. It drastically changed the relatively liberal electoral law, depriving many citizens of the vote. Although the revolution was now over, some institutional changes remained intact. Most notably, Russia retained an elected legislature and political parties speaking for various social and economic interests. As a result, the autocratic system of rule was undermined, and the fate of the political and social order remained uncertain.

Phil Dixon's American Baseball Chronicles Great Teams: the 1905 Philadelphia Giants, Volume Iii Oct 16 2022 Philadelphia's 1905 African-American Giants were the first team of the last century to score 1,000 runs. Organized in 1902 by Harry A. Smith and H. Walter Schlichter, the Giants were managed by veteran player/manager Solomon 'Sol' White. In 1904 the Giants defeated the Cuban X Giants to claim their first World Championship, a title that they held for many years. The White led 1905 Philadelphia Giants featured among others; outfielder Pete Hill, third baseman Bill Monroe, first baseman Mike Moore, second baseman Charlie Grant and pitchers Emmett Bowman and Dan McClellan. White, Hill and Foster are currently enshrined in Cooperstown Baseball Hall of Fame. Paced by Grant "Home Run" Johnson, the most powerful home run hitter in baseball, along with Andrew "Rube" Foster, one of baseball's best pitcher, White's 1905 Philadelphia Giants finished the season with a magnificent 134-23-2 record. This is their story, uniquely told here for the first time, in a day-to-day account of every exciting hit and every legendary strike out. In honor of the 1905 Philadelphia Giants' contribution to our American pastime, Dixon's American Baseball chronicles has compiled statistics and game notes from the entire championship season. Included within the book are written accounts for every game from the Philadelphia Giants' entire 1905 schedule of nearly 158 contests, with scores, attendance figures and other seldom revealed information. The work includes additional information on more than 300 additional games played by the Cuban X Giants, Chicago Leland Giants, Brooklyn Royal Giants and other African-American teams in operation during that same 1905 season. The comparative scores and related histories are a resourceful and entertaining aid for further analysis, and assessment, on the participation of African-American athletes in baseball as best represented by one legendary team in a single championship season.

For the Little Ones, the Best May 31 2021

Burpee's Farm Annual for 1905 Sep 03 2021

The Russian Revolution of 1905 Apr 10 2022 2005 marks the centenary of Russia's 'first revolution' - an unplanned, spontaneous rejection of Tsarist rule that was a response to the 'Bloody Sunday' massacre of 9th January 1905. A wave of strikes, urban uprisings, peasant revolts, national revolutions and mutinies swept across the Russian Empire, and it proved a crucial turning point in the demise of the autocracy and the rise of a revolutionary socialism that would shape Russia, Europe and the international system for the rest of the twentieth century. The centenary of the Revolution has prompted scholars to review and reassess our understanding of what happened in 1905. Recent opportunities to access archives throughout the former Soviet Union are yielding new provincial perspectives, as well as fresh insights into the roles of national and religious minorities, and the parts played by individuals, social groups, political parties and institutions. This text brings together some of the best of this new research and reassessment, and includes

thirteen chapters written by leading historians from around the world, together with an introduction from Abraham Ascher.

Best Books of 1905 Selected for a Small Public Library Apr 22 2023

Col. Robert T. Van Horn, His Life and Public Service Aug 22 2020 Excerpt from Col. Robert T. Van Horn, His Life and Public Service: An Address Delivered Before the Greenwood Club of Kansas City, Mo., March 10th, 1905 The Kansas City Journal. It was a four-page, six-column weekly, and developed into a daily paper in June. 1858. The office was in the second floor of a building at the corner of Main Street and the Levee. Within the four walls of this one room, the editor and proprietor wrote the editorials, setting up the type, secured and made contracts for advertising, and worked the hand press in doing the job work and running off the paper. Thus his experience of four years in a Pennsylvania printing office, was the best school possible for the work he was now engaged in. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.
