to prepare students for English in today's world. The Top Notch TV Video program -- with hilarious sitcoms and authentic on-the-street interviews -- builds confidence in understanding natural spoken language. Top Notch Pop songs and karaoke -- with accompanying language exercises -- make English unforgettable. The expanded MyEnglishLab -- with Grammar Coach and Pronunciation Coach Videos, remedial grammar exercises, and immediate feedback on wrong answers -- enables programs to tailor Top Notch to the needs of their course. The Summit Audio Program contains listening comprehension activities, rhythm and intonation practice, recorded readings, and targeted pronunciation activities that focus on accurate and comprehensible pronunciation. To prepare students to communicate with a variety of speakers, regional and non-native accents are included. A two-level high-intermediate/advanced course, Summit is the perfect next step for learners who have completed a beginning to intermediate level course. Summit develops competence and confidence in all four skills. The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and

explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed. The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its

application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication. Summit helps the high-intermediate learner continue to grow through a balanced development of both fluency and accuracy. Summit offers a unique conversational syllabus and extensive opportunities for discussion, debate, presentations, and projects as well as contextualized grammar review, expansion, and practice. Summit prepares students for academic study through development of word skills, reading and listening skills and strategies, and critical thinking. MyEnglishLab for Summit is a powerful online learning tool for personalized practice and assessment. The six-level Top Notch program makes English unforgettable through multiple exposures to language, numerous opportunities to practice it, and systematic and intensive recycling. Goals- and achievement-based lessons with can-do statements enable students to confirm their progress. Top Notch prepares students to communicate in English with a diverse array of speakers around the world who have a wide range of native and non-native accents. An emphasis on cultural fluency enables students to navigate the social, travel, and business situations that they will encounter in their lives. The ActiveBook contains: The Student's Book in digital format with full audio Interactive speaking, listening, reading, grammar, and vocabulary practice

Printable unit study guides MyTopNotchLab is an online learning tool with an interactive Top Notch Workbook, speaking and writing activities, pop-up grammar help, the Student's Book Grammar Booster exercises, Top Notch TV with viewing activities, and easy course management. Summit 1 is the fifth level of the six-level Top notch course sequence that prepares adults and young adults to communicate with both native and non-native English speakers; Summit 1's 10 lesson units are intended for the post-intermediate learner. "Originally published in single magazine form as Skullkickers #6-11." SLA Research and Materials Development for Language Learning is the only book available to focus on the interaction between second language acquisition theory and materials development for language learning. It consists of contributions written by experts in SLA, experts in materials development, researchers who have expertise in both fields, and introductions and conclusions by the editor. The book is organized into four major sections – position statements; materials driven by SLA theory; evaluations of materials in relation to SLA theory; and proposals for action – that offer a diverse range of perspectives while maintaining a cohesive and comprehensive overview on the subject. This book is ideal for post-graduate courses in applied linguistics and second language acquisition and for researchers interested in the relationship between SLA and materials development.
