What lessons can be learned from the American Civil War? Well, your child can study the decisions that were made and who made them. There will also be a discussion on the social, political and economic background that triggered the war. Also discussed are the results of the war and the changes that were made thereafter. Start reading. Important moments in history are often defined by major events. But sometimes the best way to learn about historical events is to learn about the kids who grew up during that time. This age-appropriate, non-fiction text presents facts about the Civil War through the story of a boy named John, whose life was greatly affected by the war's events. Readers will learn about Civil War-era clothes, schools, and the differences of life in the North and South. Primary sources,

fact boxes, a glossary, and index provide further opportunities for learning. Have you ever heard of the Battle of Osan, or even of the Korean War that it was a part of? This war has been called America's "Forgotten War" because not a lot of people talk about it. It was not global, like World War Two had been, and it was not as controversial as the Vietnam War. Although it lasted for about three years, and although some 40,000 American soldiers lost their lives, the whole thing seemed so far away that, to this day, not a lot of people even know what the war was about or how it ended. Sometimes, they don't even know that it happened. In this handbook, we hope that you will learn the most important stuff about the Korean War. What can you expect to see? Find out in this exciting book! KidCaps is an imprint of BookCaps Study Guides; with dozens of books published every month, there's sure to be something just for you! Visit our website to find out more. Warfare has changed tremendously over time. How wars are done today are different from how they were done hundreds of years ago. Soldiers had to battle different conditions too. Have you ever wondered what life was like during the revolutionary war? You can now stop wondering because this book will provide you with some answers. Read this book to Have you heard much about the Vietnam War? Do you know someone who fought in it? In this book, we will take a closer look at this war that got the whole world's attention. We will find why there was so much confusion and even disagreement among the troops fighting in the war. We will look at what led up to the actual war. Then we will learn about why the war happened. Although the war was really a civil war between the Vietnamese people, it ended up involving soldiers and civilians from China, the Soviet Union, the United States, Laos, and Cambodia. Why did so many people end up fighting? As we will see in this book, each country had its own motive and its own reasons to get involved. KidCaps is an imprint of BookCaps Study Guides; with dozens of books published every month, there's sure to be something just for you! Visit our website to find out more. This book is perfect for the future armies of the world. Raise patriotic children with this Children's Military and War History Book entitled Armies for Life. The memories of all war heroes and victims should be kept alive from one generation to another. This book strongly believes and upholds this idea. Get it here now. This is the story of two children caught in the midst of war. It is 1939 and thirteen-year-old Ilse, half-Jewish, has been sent out of Germany by her Aryan mother to a place of supposed safety. Her journey takes her from the labyrinthine bazaars of Morocco to Paris, a city made hectic at the threat of Nazi invasion. At the same time in Germany, Nicolai, a boy miserably destined for the Nazi Youth movement, finds comfort in the friendship of Ilse's mother, the nursemaid hired to take care of his young sister. Gripping and poignant, *The Children's War* is a stunning novel of wartime lives, of parents and children, of adventure and self-discovery. Children can learn a lot about this war by reading and listening to Facts about the Civil War For kids. It was the deadliest war ever fought on American soil, and it's important to educate children about this period in history. The following are facts about the Civil Wars for kids. The first is the date of the onset of the conflict. On March 4, 1861, the Union Army took the president of the Confederate States into custody. On April 15, 1865, the Union Army captured the president of the Confederate States, and the Union military forces declared victory. Ideal for use in school homework projects on World War II - packed with photographs and artworks, this book will help readers understand the bravery and sacrifice of ordinary people during World War II. The Korean War was another significant

point in history that not many know about. But, with this book, your child can learn all about this time period, and what it meant for society. Pick up a copy today to learn more about this and the impact this war had on society. Know the facts about the Spanish American War of 1898. Read this book to learn about what caused the war, who the main personalities were, how it ended and what were the treaties that contributed to it. Reading about historical truths does not have to be too overwhelming. Take it one step at a time. Start with this book today. In 2003, when Terrence Graham was sixteen, he and three other teens attempted to rob a barbeque restaurant in Jacksonville, Florida. Though they left with no money, and no one was seriously injured, Terrence was sentenced to die in prison for his involvement in that crime. As shocking as Terrence's sentence sounds, it is merely a symptom of contemporary American juvenile justice practices. In the United States, adolescents are routinely transferred out of juvenile court and into adult criminal court without any judicial oversight. Once in adult court, children can be sentenced without regard for their youth. Juveniles are housed in adult correctional facilities, they may be held in solitary confinement, and they experience the highest rates of sexual and physical assault among inmates. Until 2005, children convicted in America's courts were subject to the death penalty; today, they still may be sentenced to die in prison-no matter what efforts they make to rehabilitate themselves. America has waged a war on kids. In *The War on Kids*, Cara Drinan reveals how the United States went from being a pioneer to an international pariah in its juvenile sentencing practices. Academics and journalists have long recognized the failings of juvenile justice practices in this country and have called for change. Despite the uncertain political climate, there is hope that recent Supreme Court decisions may finally make those calls a reality. *The War on Kids* seizes upon this moment of judicial and political recognition that children are different in the eyes of the law. Drinan chronicles the shortcomings of juvenile justice by drawing upon social science, legal decisions, and first-hand correspondence with Terrence and others like him—individuals whose adolescent errors have cost them their lives. At the same time, *The War on Kids* maps out concrete steps that states can take to correct the course of American juvenile justice. Now more than ever, kids want to know about our country's great struggles during World War II. This book is packed with information that kids will find fascinating, from Hitler's rise to power in 1933 to the surrender of the Japanese in 1945. Much more than an ordinary history book, it is filled with excerpts from actual wartime letters written to and by American and German troops, personal anecdotes from people who lived through the war in the United States, Germany, Britain, Russia, Hungary, and Japan, and gripping stories from Holocaust survivors—all add a humanizing global perspective to the war. This collection of 21 activities shows kids how it felt to live through this monumental period in history. They will play a rationing game or try the butter extender recipe to understand the everyday sacrifices made by wartime families. They will try their hands at military strategy in coastal defense, break a code, and play a latitude and longitude tracking game. Whether growing a victory garden or staging an adventure radio program, kids will appreciate the hardships and joys experienced on the home front. This is a kids book about war. Really! It helps explain what war is, why wars start, and what happens after a war. The reality is, wars will continue to happen, so this book gives kids a space to ask questions and empowers them to learn from the past to create a better future. Interesting facts that teach kids ages 8 to 12 all about World War II Was the Second World War a continuation of the First World War? Which countries had the best spies? Help young learners find the answers to these questions and more in this close-up look at the largest conflict the world has ever known. your copy here. This is the story of four kids from different circumstances who experience life changes as a result of the Civil War. They come from different backgrounds, and different locales, but all wind up at Gettysburg, Pennsylvania. We follow the stories of Sarah, Joshua, Abigail and Martin, whom all find their way to Gettysburg at the time of the Battle of Gettysburg, and we see how their lives are changed forever. There is a hidden legacy of war that is rarely talked about: the children of native civilians and enemy soldiers. What is their fate? This book unearths the history of the thousands of forgotten children of World War II, including its prelude and aftermath during the Spanish Civil War and the Allied occupation of Germany. It looks at liaisons between German soldiers and civilian women in the occupied territories, and the Nazi Lebensborn program of racial hygiene. It also considers the children of African-American soldiers and German women. The authors examine what happened when the foreign soldiers went home and discuss the policies adopted towards these children by the Nazi authorities as well as postwar national governments. Personal testimonies from the children themselves reveal the continued pain and shame of being children of the enemy. Case studies are taken from France, Germany, the Netherlands, Czechoslovakia, Norway, Denmark and Spain. Uses a story about two friends whose parents support opposite sides to introduce information about the Civil War and everyday life at that time. Provides interviews with twenty-three young Iraqi children who have moved away from their homeland and tells of their fears, challenges, and struggles to rebuild their lives in foreign lands as refugees of war.

**USBBY Outstanding International Books Honor List** In this book, Deborah Ellis turns her attention to the most tragic victims of the Iraq war -- Iraqi children. She interviews young people, mostly refugees living in Jordan, but also a few who are trying to build new lives in North America. Some families have left Iraq with money; others are penniless and ill or disabled. Most of the children have parents who are working illegally or not at all, and the fear of deportation is a constant threat. Ellis provides an historical overview and brief explanations of context, but other than that allows the children to speak for themselves, with minimal editorial comment or interference. Their stories are frank, harrowing and sometimes show surprising resilience, as the children try to survive the consequences of a war in which they played no part. A glossary, map and suggestions for further information are included.

The Cold War began in 1945 when the United States and the Soviet Union formed the North Atlantic Treaty Organization to counter the Soviet presence in Europe. The two sides fought to maintain global supremacy through military deployments, espionage and propaganda campaigns. They also engaged in rivalry in sports events and technological competitions, such as the Space Race. The conflict affected both countries' economic and political systems, and affected every aspect of American life. Here are some facts about the Cold Wars that kids can learn about. It's hard to imagine America ever faced times so hard, but in this book, just for kids, you'll find out what happened and what it was like to be a kid during these times. Since its publication in 2000, hundreds of thousands of children all over the world have read and loved *The Breadwinner*, the fictional story of eleven-year-old Parvana living in Kabul under the terror of the Taliban. But what happened to Afghanistan's children after the fall of the Taliban in 2001? In 2011, Deborah Ellis went to Kabul to find out. The twenty-six boys and girls featured in this book range in age from ten to seventeen, and they speak candidly about their lives now. They are still living in a country at war. Violence and oppression exist all around them. The situation for girls has improved, but it is still difficult and dangerous. And many children — boys and girls — are still supporting their families by selling items like pencils and matches on the street. Yet these kids are weathering their lives with remarkable courage and hope, getting as much education and life experience and fun as they can. All royalties from the sale of *Kids of Kabul* will go to Canadian Women for Women in Afghanistan ([www.cw4wafghan.ca](http://www.cw4wafghan.ca)), which administers Parvana's Fund, supporting schools, libraries and literacy programs for Afghan women and children.

Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RI.5.6 Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent. CCSS.ELA-LITERACY.RI.6.6 Determine an author's point of view or purpose in a text and explain how it is conveyed in the text. CCSS.ELA-LITERACY.RI.6.9 Compare and contrast one author's presentation of events with that of another (e.g., a memoir written by and a biography on the same person).

*Children at War* is the first comprehensive book to examine the growing and global use of children as soldiers. P.W. Singer, an internationally recognized expert in twenty-first-century warfare, explores how a new strategy of war, utilized by armies and warlords alike, has targeted children, seeking to

turn them into soldiers and terrorists. Singer writes about how the first American serviceman killed by hostile fire in Afghanistan—a Green Beret—was shot by a fourteen-year-old Afghan boy; how suspected militants detained by U.S. forces in Iraq included more than one hundred children under the age of seventeen; and how hundreds who were taken hostage in Thailand were held captive by the rebel "God's Army," led by twelve-year-old twins. Interweaving the voices of child soldiers throughout the book, Singer looks at the ways these children are recruited, abducted, trained, and finally sent off to fight in war-torn hot spots, from Colombia and the Sudan to Kashmir and Sierra Leone. He writes about children who have been indoctrinated to fight U.S. forces in Iraq and Afghanistan; of Iraqi boys between the ages of ten and fifteen who had been trained in military arms and tactics to become Saddam Hussein's Ashbal Saddam (Lion Cubs); of young refugees from Pakistani madrassahs who were recruited to help bring the Taliban to power in the Afghan civil war. The author, National Security Fellow at the Brookings Institution and director of the Brookings Project on U.S. Policy Towards the Islamic World, explores how this phenomenon has come about, and how social disruptions and failures of development in modern Third World nations have led to greater global conflict and an instability that has spawned a new pool of recruits. He writes about how technology has made today's weapons smaller and lighter and therefore easier for children to carry and handle; how one billion people in the world live in developing countries where civil war is part of everyday life; and how some children—without food, clothing, or family—have volunteered as soldiers as their only way to survive. Finally, Singer makes clear how the U.S. government and the international community must face this new reality of modern warfare, how those who benefit from the recruitment of children as soldiers must be held accountable, how Western militaries must be prepared to face children in battle, and how rehabilitation programs can undo this horrific phenomenon and turn child soldiers back into children. In the Western world, the modern view of childhood as a space protected from broader adult society first became a dominant social vision during the nineteenth century. Many of the West's sharpest portrayals of children in literature and the arts emerged at that time in both Europe and the United States and continue to organize our perceptions and sensibilities to this day. But that childhood is now being recreated. Many social and political developments since the end of the World War II have fundamentally altered the lives children lead and are now beginning to transform conceptions of childhood. *Reinventing Childhood After World War II* brings together seven prominent historians of modern childhood to identify precisely what has changed in children's lives and why. Topics range from youth culture to children's rights; from changing definitions of age to nontraditional families; from parenting styles to how American experiences compare with those of the rest of the Western world. Taken together, the essays argue that children's experiences have changed in such dramatic and important ways since 1945 that parents, other adults, and girls and boys themselves have had to reinvent almost every aspect of childhood. *Reinventing Childhood After World War II* presents a striking interpretation of the nature and status of childhood that will be essential to students and scholars of childhood, as well as policy makers, educators, parents, and all those concerned with the lives of children in the world today. In this book, we will learn a lot about the War in Afghanistan. The first section will tell us more about what led up to it. We will look a little at the history of Afghanistan to find out how such bad guys like the Taliban could ever become the ruling party in the country. We will also see a little of what life was like when the Taliban was in charge. Find out more in this kids book. KidCaps is an imprint of BookCaps Study Guides; with dozens of books published every month, there's sure to be something just for you! Visit our website to find out more. Children--white and black, northern and southern--endured a vast and varied range of experiences during the Civil War. Children celebrated victories and mourned defeats, tightened their belts and widened their responsibilities, took part in patriotic displays and suffered shortages and hardships, fled their homes to escape enemy invaders and snatched opportunities to run toward the promise of freedom. Offering a fascinating look at how children were affected by our nation's greatest crisis, James Marten examines their toys and games, their literature and schoolbooks, the letters they exchanged with absent fathers and brothers, and the hardships they endured. He also explores children's politicization, their contributions to their homelands' war efforts, and the lessons they took away from the war. Drawing on the childhoods of such diverse Americans as Jane Addams, Booker T. Washington, and Theodore Roosevelt, and on sources that range from diaries and memoirs to children's "amateur newspapers," Marten examines the myriad ways in which the Civil War shaped the lives of a generation of American children. "An original-minded, skillfully and suggestively presented history, haunting in its detailed unfolding of a

war that put so many already vulnerable youngsters in danger, but elicited from some of them, as well, impressively sensitive, responsive thoughts, gestures, and deeds in what became, as this extraordinary book's title insists, their civil war.--Journal of American History "James Marten's thoroughly researched and engagingly written study . . . stands as one of the most exciting studies to emerge in the last dozen years. . . . Marten has taken a topic ignored by both Civil War historians and historians of childhood and crafted an engaging, masterful, nuanced, and readable study that will not quickly leave the reader's mind or heart.--American Studies "The first comprehensive account of Civil War children. . . . Thoroughly researched and nicely illustrated, *The Children's Civil War* will be a touchstone for historians and generalists who seek to gain a fuller understanding of life on the home front between 1861 and 1865.--Civil War History *The Children's Civil War* is a poignant and fascinating look at childhood during our nation's greatest crisis. Using sources that include diaries, memoirs, and letters, James Marten examines the wartime experiences of young people--boys and girls, black and white, northern and southern--and traces the ways in which the Civil War shaped the lives of a generation of American children. -->

As recognized, adventure as skillfully as experience about lesson, amusement, as competently as promise can be gotten by just checking out a books **The Civil War For Kids A History With 21 Activiti** plus it is not directly done, you could acknowledge even more going on for this life, a propos the world.
