How To Invest In Real Estate Without Banks May 17 2020 This book exposes one of the most profitable investing strategies existing today. It shows you how to build PASSIVE INCOME, without using your credit or your savings; AND without fixing houses or dealing with tenants! How would your life be different if you had passive income coming in every month? What would it be like to not have to go to work anymore? If you understand that the PASSIVE income is the key to true financial freedom, then this book is a must read. Not only that it reveals the strategy completely unknown to general investing community, it also provides real examples of average people, their deals and their successes. NOTE: this is not about flipping houses,

wholesaling, rehabbing, or tenants & toilets. It is more strategic and more profitable. About the author - Marko Rubel is a seasoned real estate investor with more than 15 years of investing experience. He is a master of creative financing strategies used by professional investors. Marko is a selected expert on subject of "Foreclosure Investing" in front of the National Real Estate Investors Association, which represents over 40,000 investors nationwide. He was also nominated in prestigious "Who's Who in Executives and Professionals". Marko was a boxing champion of Croatia, but moved to U.S. looking for a better life. He arrived with less than \$3,000 in his pocket, and without even speaking English. When he started investing in Real Estate, he was destined to fail because his credit was non-existent and he had no money. He turned his destiny around by discovering and perfecting the strategies that leverage other people's credit. After a few hundred successful transactions, he perfected the system of buying without banks. If you want to buy properties without using your credit, talking to lenders or jeopardizing your savings, learn from Marko. His reputation and teachings go beyond the regular "get-rich-quick" hype that is overwhelmingly present in the real estate investing education world.

Founder's Pocket Guide: Raising Angel Capital Jan 17 2023 Talk Confidently with Angel Investors. Created to save you dozens of hours of research and help you avoid common pitfalls, this guide helps you build your angel investing process knowledge base, sort out key terminology, and understand the moving parts of equity fundraising. Review the Complete Process. This concise guide gives entrepreneurs a complete overview of the angel funding process, answering the most frequent questions entrepreneurs face as they build new companies.

Save Time and Avoid Pitfalls. If you are new to the startup funding process and need to raise angel capital, start with this book. It strips away non essentials and provides you with fundamental, easy-to-reference information so you can move on to building your venture. Concise explanations help you understand angel investor expectations and go into investment discussions prepared and knowledgeable. Questions answered in this Founder's Pocket Guide include: · Is my startup really "investor ready"? · How much can my startup legally raise? · How much equity should I give up to investors? · How much money is realistic to raise from angels? · What is a pre-money valuation and how can I determine the right amount? · What do terms such as dilution, convertible debt, and cap table mean? · What is a term sheet, and how does it affect an investment deal? · What is the difference between preferred shares and common shares? · What stage does my startup need to be at to be interesting to angel investors?

Founder's Pocket Guide: Friends and Family Funding Oct 22 2020 Raise startup capital quickly. Raising startup funding from friends and family is the number one resource startup founders engage to get their ventures off the ground. This guide details all of the common friends and family funding structures, including simple loans, profit sharing agreements, equity deals, and convertible notes. Structure deals correctly. Getting the money in the bank is a big step, but doing it the right way matters even more. This book provides easy to follow guidance for choosing and documenting the best funding structures for both your startup and your funding partners. As an added bonus, a promissory loan example is provided, with blow by blow details of each clause. Hone your Friends and Family pitch. Additional sections provide concise information to help you prepare a compelling funding pitch, as well as explaining how to

document your estimations of the market and financial feasibility of your early-stage startup. Founder's Pocket Guide: Friends and Family Funding guides founders through topics such as:

- Structuring a simple startup loan with friends and family lenders.
- Using convertible debt to entice friends and family to invest in your startup.
- Learning the most important considerations for issuing stock to friends or family members.
- Understanding the legal limits of raising startup capital from friends and family.
- Keeping early funding rounds clean for later stage investors such as angels and VCs.
- Using profit sharing to rewarding friends and family investors for backing your startup.

Trade Like an O'Neil Disciple Aug 20 2020 How two former traders of William J. O'Neil + Company made mad money using O'Neil's trading strategies, and how you can, too From the successes and failures of two William O'Neil insiders, *Trade Like an O'Neil Disciple: How We Made Over 18,000% in the Stock Market in 7 Years* is a detailed look at how to trade using William O'Neil's proven strategies and what it was like working side-by-side with Bill O'Neil. Under various market conditions, the authors document their trades, including the set ups, buy, add, and sell points for their winners. Then, they turn the magnifying glass on themselves to analyze their mistakes, including how much they cost them, how they reacted, and what they learned. Presents sub-strategies for buying pocket pivots and gap-ups Includes a market direction timing model, as well as updated tools for selling stocks short Provides an "inside view" of the authors' experiences as proprietary, internal portfolio managers at William O'Neil + Company, Inc. from 1997-2005 Detailing technical information and the trading psychology that has worked so well for them, *Trade Like an O'Neil Disciple* breaks down what every savvy money manager,

trader and investor needs to know to profit enormously in today's stock market.

Winning with Options Sep 20 2020 Options are an integral part of any financial portfolio, but they can be intimidating to the average investor. While often viewed as risky, the truth is that, if used properly, options can be one of the best tools for balancing a portfolio. In fact, they can help investors protect themselves from downside risk and leverage capital to make bigger plays than would otherwise be possible. In *Winning with Options*, Michael C. Thomsett offers nontechnical,

easy-to-follow advice for readers who need guidance on important techniques related to portfolio management, such as diversification and risk management. Readers will discover how to: choose the right brokerage firm • use online resources • pick the right stocks • track options • set portfolio and risk goals • understand the complicated world of options lingo • make the most of day trading and swing trading Straightforward and practical, this is the one book that will help the novice option trader navigate the sometimes daunting, but often rewarding, world of trading and investing in options.

The Hands-Off Investor May 09 2022 Want to invest in real estate but don't have the time? Real estate syndications provide an avenue to invest in real estate without tenants, toilets, or trash--and this comprehensive guide will teach you how to invest in these opportunities the right way.

The Real Estate Investor's Pocket Calculator Jun 10 2022 This invaluable resource breaks down the daunting task of calculating all the different components of value--including cashflow, income taxes, market forces, financing, and investment yield--into a series of focused, easy-to-understand chapters.

The Wholesaling Blueprint Mar 07 2022 This is the book you have been looking for! Forget all the fluff books out there with amazing titles but limited information, this is truly a blueprint on how to wholesale real estate in any market! This is your textbook, your master class on how to wholesale real estate. The Wholesaling Blueprint is your guide to the art of finding properties, getting them under contract and then assigning your interest in that contract to a final buyer and collecting a fee for your services. These fees can range from a few hundred dollars to well over

\$100,000 per property! Within The Wholesaling Blueprint are the detailed how's, when's, why's and what's of this business and they include everything from where to find properties, how to negotiate them, actual contracts to use, how to find buyers and how to grow your business into a profit machine. Since 2003 Luke Weber has been successfully investing in real estate and within these pages he is giving you the blueprint on how to start, manage and profit by wholesaling real estate. Tired of seeing so many people try and fail or never take action, he has documented what he does in his business day in and day out so you can reach your goals and profit in the art of wholesaling real estate.

Founder's Pocket Guide: Term Sheets and Preferred Shares Oct 14 2022 This easy to follow guide helps startup founders understand the key moving parts of an investment term sheet, and review typical preferred share rights, preferences, and protections. Along the way, we also provide easy-to-follow examples for the most common calculations related to preferred share equity deals. Expanding on these fundraising concepts, this Founder's Pocket Guide helps startup founders learn: What a term sheet is and how to summarize the most important deal terms for your fundraising and startup building goals. How preferred stock shares differ from common shares, with review of how each key preferred share right and preference is tied to the investor's shares. Key terms and definitions associated with equity fundraising, such as pre-money valuation, founder dilution, and down round. How to decipher legalese associated with a term sheet deal, such as pro rata, fully diluted, and pari passu. The full list of the most common term sheet clauses, their plain English meaning, and their importance to an early-stage investment deal. Simple math for the key term sheet financial aspects, including calculating fully diluted

shares outstanding, investor equity ownership percentages, and the impact of option pools on founder dilution. Example exit scenarios, showing how term sheet deal points impact how exit proceeds get divided among investors and founders.

The Savvy Investor's Pocket Guide Jun 22 2023 Your guide to becoming financially savvy quickly and successfully! The Savvy Investor's Pocket Guide is a self-improvement guide that provides ordinary people with the tools that will enable them to become financially savvy quickly and successfully. Identifying the common mistakes people make when dealing with their finances, the guide sets out how to rectify them. It also highlights how one can achieve financial independence by cutting back on some expenses, like luxury cars, and the benefits of starting to save as early as possible. The book also explains in easy-to-understand terms how to draw up and stick to a budget; make shrewd investments in various investment vehicles; consolidate and eliminate debt; draw up a will; get the most out of short-term and life insurance; and save enough money to retire. The Savvy Investor's Pocket Guide serves as a wake-up call to stop wasting money and start investing for a financially secure future. A must-read for anyone who wants to not only improve their finances, but also their life in general.

The Innovation Blind Spot Jul 31 2021 Our innovation economy is broken. But there's good news: The ideas that will solve our problems are hiding in plain sight. While big companies in the American economy have never been more successful, entrepreneurial activity is near a 30-year low. More businesses are dying than starting every day. Investors continue to dump billions of dollars into photo-sharing apps and food-delivery services, solving problems for only a wealthy sliver of the world's population, while challenges in health, food security, and education grow more serious. In *The Innovation Blind Spot*, entrepreneur and venture capitalist Ross Baird

argues that the innovations that truly matter don't see the light of day—for reasons entirely of our own making. A handful of people in a handful of cities are deciding, behind closed doors, which entrepreneurs get a shot to succeed. And most investors are what Baird calls "two-pocket thinkers"—artificially separating their charitable work from their day job of making a profit. The resulting system creates rising income inequality, stifled entrepreneurial ambition, social distrust, and political uncertainty. Our innovation problem makes all our other problems harder to solve. In this book, Baird demonstrates how and where to find better ideas by lifting up people, places, and industries that are often overlooked. What's more, Baird ultimately outlines how to create long-term success through "one-pocket thinking"—eliminating the blind spot that separates "what we do for a living" and "what we really care about."

More Money in Your Pocket! Dec 04 2021 Life Lessons & More teaches young adults about real life issues that aren't taught in most high schools. Decision making, banking, taxes, credit, debt, creating budgets, and making large purchases like buying a home and vehicle are just a few of the lessons covered. You create a 5-step plan to making your dreams come true. Other lessons include how to obtain and shop for a mortgage, determining savings goals, what is the right job or career for you with hundreds of jobs/careers listed with salaries, college degree options and how to fund them, cost of living, apprenticeships, the Top 100 jobs and salaries, and what to do if you can't pay your student loans. We also dive into determining what your dreams are, steps to achieve them, and create live and bucket lists. Relaxation techniques, stress relievers, and emergency assistance information and contact numbers are given. The book winds up with emergency preparedness like how to administer CPR, how to determine if you're in a crisis,

Suicide Hotline and Addiction and Domestic Violence Assistance and how to create a personal safety plan. This book even teaches the reader how to change a tire, what to do if you have a vehicle emergency and what to do if you need food, medical, or housing assistance.

A Pocket Guide to Investing in Positive Cash Flow Property Dec 24 2020 For the first time ever, Margaret Lomas has combined all her positive cash flow property strategies into a step-by-step manual to guide new investors through the processes of establishing a property portfolio. Inside you will learn: Where to look for positive cash flow property The contracts you need to understand The process of applying for finance How to choose a property manager Methods to prepare for tax How to manage a property sale. Positive cash flow properties will put money in your pocket each week and can set you on the path to financial freedom. Margaret has included checklists and practical worksheets to guide you along the road one step at a time.

Founder's Pocket Guide: Startup Valuation Sep 13 2022 This updated edition includes several new features, including: · The Startup Valuation Explorer · Expanded coverage of Valuation Methods · Responding to investor questions about your valuation · Understanding option pool impact on your valuation For many early-stage entrepreneurs assigning a pre-money valuation to your startup is one of the more daunting tasks encountered during the fundraising quest. This guide provides a quick reference to all of the key topics around early-stage startup valuation and provides step-by-step examples for several valuation methods. This Founder's Pocket Guide helps startup founders learn: • What a startup valuation is and when you need to start worrying about it. • Key terms and definitions associated with valuation, such as pre-money, post-money, and dilution. • How investors view the valuation task, and what their expectations

are for early-stage companies. • How the valuation fits with your target raise amount and resulting founder equity ownership. • How to do the simple math for calculating valuation percentages. • How to estimate your company valuation using several accepted methods. • What accounting valuation methods are and why they are not well suited for early-stage startups.

The Safe Investor Nov 15 2022 Investing information is everywhere; there are blogs, newspapers, magazines, and cable TV shows all dedicated to helping individuals invest in smarter and more successful ways. Yet despite all the efforts to educate the public on investing, most people still feel uncomfortable with how they should actually invest their money. Recent predictions about slowing economic growth, historically low interest rates, and volatile markets have investors scratching their heads about what to do with their money. And more than ever, people are scared about whether they can grow their money enough to last through their lifetime. Expert investor Timothy McCarthy has spent the last 30 years in the US and overseas providing investment solutions to individuals and their advisors. He believes that understanding how to create a truly globally diverse portfolio while applying the magic of time will help all investors navigate risky markets. McCarthy also explores the fundamentals of picking and evaluating financial advisors for those who want to understand the principles of investing but not actually do the work themselves. McCarthy helps guide the reader along a straightforward path to investment success by telling engaging and actual stories to illustrate each of his seven lessons of successful investing. The Safe Investor will help even those readers with little interest or aptitude for finance to be comfortable in knowing what to do to manage their life investment plan and how to manage their own advisors.

The Perpetual Passive Income Machine Apr 08 2022 Are you having trouble finding any kind of reasonable return for the risk in your investments? Do you stay up at night worrying about your money in the stock market? Does the financial system have you nervous? This informative and easy to read book will introduce you to an investment that will guarantee you returns on the downside, without limiting the upside. In fact, it will show you how to invest once and begin acquiring multiple income producing assets over time from that same initial investment (A Perpetual Passive Income Machine). As an accredited investor, you have more options than most. However, in our current ZIRP environment, getting a reasonable return requires a lot of risk. Investing in income producing real estate sounds great, but you don't have the time to master it. **The Perpetual Passive Income Machine: A Proven 4-Step Process for Putting An Extra Paycheck In Your Pocket Every 30 Days** will bust the myth that you can't get good returns for your risk, secured by a valuable real asset. Jim Small is an active real estate broker, Equity Marketing Specialist, holds a designation from the National Council of Exchangers and is an Associate Member of the Institute of Real Estate Management. Jenny, a user of the SANTÉ Realty Investments 10-30 Plan(tm), says, "I now have real professionals working for me and finding the best deals on real estate, taking all the risks, and I get my profit paid monthly." "The explanation of how Wall Street uses funny math when the calculate returns is worth the price of the book alone," says Fred B. In the book, Jim explains his brainchild, the SANTÉ Realty Investments 10-30 Plan(tm). This plan will: - Explain a simple 4-Step Process for getting a guaranteed return - Show you how to do it while someone else takes all the risk - Allow you to realize the returns of a real income-producing asset - Receive a guaranteed a minimum preferred investor return -

Show you how to get a paycheck every 30 days - Learn the dirty little secret about stock market "returns" that Wall Street doesn't want you to know about, you will be shocked when you see it!! Follow the advice in this book and you can be off and receiving passive income paychecks in as little as 30 days, every 30 days thereafter. What is stopping your from getting out of the rat race and building your passive income portfolio the right way? Scroll to the top and click the "ADD TO CART" button. This book describes an investing program that is available to accredited investors.

The Investors' Pocket Manual Sep 01 2021

The Conservative Investor's Guide to Trading Options Apr 27 2021 Originally published almost a decade ago, LeRoy Gross's authoritative, yet highly accessible book has been the only resource available for conservative investors looking to further their investment goals with options. Now, with a new Introduction by the bestselling author Larry McMillan, The Conservative Investor's Guide to Trading Options has been updated to help market practitioners of the present garner the same rewards reaped by investors of the past. Using the clear, balanced approach he used with his clients during a long career in the securities industry, Gross explores the various options strategies most frequently employed with individual stocks, examines the risk factors associated with each, and offers a unique perspective on how to use options as a hedging tool. From buy stock/write call to sell stock/buy call, the strategies covered are designed to help investors be better able to increase stock income, reduce stock risk, and seek stock profits. In addition to recommended systems, Gross also points out those that conservative investors should avoid, including naked call writing, calendar spread, and call option butterfly spread. With clear, easy-

to-understand explanations, here's where you'll find complete details on: * Reading and understanding option tables. * Entering option orders. * Negotiating commission discounts. * Understanding the language of options trading with a complete glossary. Filled with practical examples and no-nonsense information, this is essential reading for all those who want to expand their portfolios using conservative option strategies.

The Pocket Idiot's Guide to Investing in Stocks Apr 20 2023 The Pocket Idiot's Guide to Investing in Stocks covers everything readers need to know to take advantage of the long- and short-term opportunities in the equities market, including how stocks stack up against other forms of investing, a tour of the major U.S. exchanges, choosing an investment style, and much more. In addition, the book covers the investment strategies and philosophies of some of Wall Street's most successful investors. An appendix contains the contact information for all the major full-service and discount brokers.

Investors Pocket List of Reference Tables, 1945, 1946, 1947 Nov 22 2020

The Complete Guide to Real Estate Options Mar 27 2021 You are about to learn the true secret of real estate investing real estate options. WHO really makes money in Real Estate? Realtors, sellers, appraisers, the bank, brokers, mortgage brokers, closing companies, attorneys, taxing authorities, and lastly perhaps you the investor who takes all the risk and does all the work, while having to evict tenants and clean up their mess after they've left. But there is a new, unique and innovative method of investing in real estate. A Real Estate Option gives you control of a piece of real estate without actually purchasing it. By having an option on a piece of property, you have the exclusive right to buy that property or not. A real estate option is simply a contract

between the seller and buyer giving you the legal right not obligation to buy the property at a set price for a predetermined time. When you find a buyer for the property, you cash in your option and deposit a large check. Most real estate investment methods require you to sink a lot of your money, time, and effort into your investments. And it is a slow process, usually one property at a time, often part-time. Using an option instead of purchasing means you do not have to deal with rental property, tenants, maintenance and repairs, taxes, mortgage payments, commissions, or closing costs. In this new book you will learn how to control a vast real estate portfolio without ever buying the property. Let the owner keep paying the mortgage, dealing with tenants and all of the costs. You zero in on the profits. Here is an example, you locate a duplex worth \$400,000, you purchase an option to buy it for \$340,000 anytime within the next 120 days. On Day 60, you find a buyer who will pay the full \$400,000., you activate the option, pay the seller \$340,000, and pocket \$60,000. This is a simplified example, but this new book details how to become a highly successful real estate option buyer, and it demonstrates step-by-step how to get started in this highly rewarding investment strategy. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

Long-Distance Real Estate Investing Jan 25 2021 Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of *Wealth Can't Wait* Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least

amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!

The Pocket Idiot's Guide to Direct Stock Investing May 21 2023 A profitable purchase for investment enthusiasts. 'The Pocket Idiot's Guide™ to Direct Stock Investing' reveals an innovative style of investment that has been steadily growing under the huge shadow of Wall-Street home investors opening a Direct Stock Purchase (DSP) or a Dividend Reinvestment Plan (DRIP) now offered by hundreds of major corporations, commission free. The Savvy Investor's Pocket Guide Feb 18 2023

Be a Dividend Millionaire Apr 15 2020 Millions of investors are struggling to build a nest egg in the face of today's brutal market realities. For many of them, dividend investing represents the perfect low-risk approach. Over the past 80 years, dividends have accounted for over 44% of the

S&P's total returns. Now, there's an up-to-date, practical, step-by-step guide to successful dividend investing. In *Be a Dividend Millionaire: A Proven, Low-Risk Approach That Will Generate Income for the Long Term*, Paul Rubillo, the founder of Dividend.com, delivers all the information you need to invest successfully in dividend stocks and attain long-term financial freedom. Rubillo explains why dividend stock investing is the only long-term strategy that actually works, and offers a comprehensive plan for achieving real financial stability. You'll discover:

- What to do now, before you invest in anything
- Why asset managers and financial planners won't help you pick the right dividend stock
- Why cash-rich companies aren't always a good investment
- How compounding returns can make you a Dividend Millionaire
- Why dividend dates matter, and how to use them
- How to find safe dividend yields, and avoid "dividend traps"
- How to save money by periodically auditing your brokerage account
- When to sell, and how to use stop-loss orders to protect your profits

The Real Estate Investor's Pocket Calculator Aug 24 2023 The return on real estate investments hinges less on the physical property and more on the math. This invaluable resource helps you analyze the financial picture before shoveling out the money. With real estate investing on the rebound, more people are jumping into the market, although not everyone is finding equal amounts of success. Why do some investments turn into gold mines and some into money pits? If they had taken the right measures beforehand, they would've realized that the numbers just didn't add up. Before your next real estate investment, you need to ask things like: Have you measured every component of value, such as cash flow, income taxes, financing, and investment yield? Do you know which calculations to use on specific properties? Have you weighed all the risks? In *The Real Estate Investor's Pocket Calculator*, finance expert and author Michael C. Thomsett shows you how to: Gauge supply and demand Project return on investment and equity Analyze present and future value Calculate cash flow Make accurate tax projections Fewer mistakes and less guess work. Larger returns and even more opportunities for additional investments. It's all possible now with the help of *The Real Estate Investor's Pocket Calculator!*

The Pocket Idiot's Guide to Investing in Mutual Funds Feb 06 2022 Smart readers will invest in this no-nonsense guide. Investing in today's markets can be complicated and risky for the average person. With so many avenues-and supposed "financial advisors"-to choose from, it's nearly impossible to know what to do. Here is everything the aspiring investor needs to get started, including mutual fund fundamentals-their different types, fees, and taxes-as well as how to

construct one's portfolio and choose the best fund manager. -From a seasoned financial writer -
Pocket-sized format for quick reference

The Pocket Idiot's Guide to Investing in Bonds Dec 16 2022 Investing in a secure financial future. Every investor must understand the complex bond market-and how it's affected by the existing economic environment. This invaluable volume explains all bond basics without the confusing jargon, providing information on Treasury notes, highyield junk bonds, tax-free municipals, U.S. saving bonds and other tax-free varieties, and much more. -The Pocket Idiot's Guide™ to Investing in Stocks is selling phenomenally well -Seasoned financial writer and pocket-sized format for quick reference -Explains the bond rating/analysis system -Offers instructions on how to construct a portfolio and advice on whether a financial manager is necessary

The Stock Investor's Pocket Calculator Mar 19 2023 Every stock market investor needs to be able to calculate value, profits, and cash flow in order to make basic decisions like whether to buy, hold, or sell. But it's easy to get intimidated by all the ratios and formulas, especially when incorrect calculations can lead to costly investment mistakes. The Stock Investor's Pocket Calculator simplifies the math behind successful equity investing. Containing over 100 ratios and formulas, the book translates them into plain English, breaks them down into simple steps, and places them side-by-side with practical examples. Readers will learn how to: * judge portfolio value * assess corporate strength or weakness (both cash flow and profitability) * follow revenue and earnings trends * and more. Filled with worksheets, checklists, visual aids, and examples, this is a must-have guide for anyone investing in the stock market.
