*Forty-five-year-old actress Karrie Kline doesn't usually lose a lot of sleep over her age or her single status. But after one too many bridal showers, a notice on her apartment, an expired unemployment claim and her acting prospects drying up—too old to play the ingenue, too young for the role of matriarch—she's awake at 2:00 a.m. and determined to get perspective on her life. Starting with the men she's dated. From the man whose parents loved her more than he did, to the famous actor who had more bark than bite, Karrie traces back through her love life to uncover how her experiences have shaped her and how to find meaning in the past. Told with warmth, wit and poignancy, *You Have To Kiss a Lot of Frogs* shows how to face your memories—even the darkest, most secret ones—with courage, humor and hope.*

*A Lot to Ask Oct 01 2023 Barbara Pym is a writer of whom it may be truly said that her life is reflected in her work. This definitive biography puts Barbara in her setting and relates her life to the age and the world in which she lived. Drawing on a wealth of previously unpublished material and with the help of Barbara's sister Hilary and her friends (including Philip Larkin, Robert Liddell, Henry Harvey and Robert Smith, Hazel Holt, her friend and literary executor, has drawn a perceptive portrait of Barbara Pym, the woman as well as the novelist. From the heady atmosphere of pre-war Oxford where she embarked upon a series of highly romantic love affairs, through her wartime service in the WRNS, to early success as a published writer, we come to know a person whose humour and sharp observation were uniquely combined with a compassionate acceptance of human nature - qualities that made her such an outstanding novelist. Hazel Holt also describes the dark period from 1963, when Barbara Pym's novels*

were rejected as unpublishable, through the wilderness years until 1977 when her literary reputation was triumphantly re-established by Philip Larkin and Lord David Cecil. Barbara Pym emerges from these pages as an entertaining companion with an insatiable curiosity and an unquenchable delight in the eccentricities of her fellows. Readers already acquainted with her novels will find great pleasure in this biography and those who are not will be irresistibly drawn towards the world of Barbara Pym.

*Trust Me, I'm Lying* Jul 18 2022 The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-Gawker age. Hailed as "astonishing and disturbing" by the *Financial Times* and "essential reading" by TechCrunch at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. *Trust Me, I'm Lying* was the first book to blow the lid off the speed and force at which rumors travel online—and get "traded up" the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators, encouraged by the toxic economics of the news business.

Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, "I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets? Because I'm tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive everything to extremes, and no one is accountable for any of it. I'm pulling back the curtain because it's time the public understands how things really work. What you choose to do with this information is up to you."

Thanks—Thanks A Lot Mar 02 2021 "Billy Parker will always be one of the greats...I'm proud that he has this autobiography to really show

who he was and is." ~ Dolly Parton A lover of country music and broadcasting from his earliest days, Billy Parker took his first tentative steps into both those fields while still in his teens, leading to lasting renown as both a top-rated deejay and country recording artist. Following a stint as the front man for Ernest Tubb's famed Texas Troubadours, Billy returned to his native Oklahoma, where he originated one of the first nationally known overnight radio shows of the '70s. For years, Billy's voice rode nightly over the mighty airwaves of the original KVOO, a 50,000-watt flamethrower that spread Billy Parker's Big Rigger show all across the country. Later, as program director for the station, he helped many country performers at all levels, becoming well-known for giving everyone a fair shake, regardless of their stature in the industry. Thanks - Thanks A Lot doesn't just refer to the famous hit record he cut back in the 1960s; it's also Billy Parker's sincere nod to those who helped make him what he is today: a performer with several national hits; a trailblazing, multiple-award-winning deejay; and—as the call letters of the station that brought him stardom indicate—nothing less than the Voice of Oklahoma. "Billy was so important to the Oak Ridge Boys. He helped break all our songs and the Midwest

*followed. Billy was a trusted voice of radio. I am so blessed that our paths crossed and we became good friends for over five decades." ~ Duane Allen (of the Oak Ridge Boys)*

*Rethinking a Lot Jan 24 2023 As the number of passenger cars in the world increases daily, so too does Earth's supply of parking spaces. In some cities, parking lots cover more than one-third of the metropolitan footprint--but their design and function has not been rethought since the 1950s. Here, urban designer Eran Ben-Joseph shares a different vision for parking's future--aesthetically pleasing, environmentally and architecturally responsible. He provides a visual history of this often-ignored urban space, introducing us to some of the many alternative and nonparking purposes that parking lots have served. He shows us parking lots that are lushly planted with trees and flowers and beautifully integrated with the rest of the built environment. With purposeful design, Ben-Joseph argues, parking lots could be significant public places, contributing as much to their communities as great boulevards, parks, or plazas.--From publisher description.*

From The Parking Lot To The Podium Mar 26 2023 Almost non-verbal, with very little comprehension ability and Ernest cannot tell you, "I am hungry," or "The shoe is too tight." Teaching him is usually tough, and takes a lot of time, energy, and of course, love. With the challenges he faces, this young man, who was once very afraid of water and who often has a hard time understanding concepts such as 'passing other competitors' or 'winning' in a race was chosen twice to the Special Olympic World Game in two different sports. To everyone's delight and surprise, he came back with medals in both World Games. This is a story of love. It is also a story about difficulties, frustration, tears—but also how they can be overcome with determine heart. This is our family's story of how an entire community's love and God's blessings helped to raise a Special Olympian, transforming him from a boy who was too afraid of leaving the parking lot and entering a sports complex into an athlete celebrating on the international podium. God has used Ernest to show that He has the power to use anyone—everyone— to show His hope and miracle. We hope that our story

about achieving the unthinkable and receiving abundant blessings can be an inspiration to you. We hope it will bring you a smile and encourage you to move forward regardless of your life situation. In HIM.

*How to Magically Make a Lot of Money* Jan 29 2021 How rich would you like to be? Can you clearly say how much money you would like to see in your bank account? Following with the previous questions, do you think you deserve all that? What would you feel if you had it all? The answers to these questions are far more important than what may seem. They know something you don't. The content of this book reveals their secret.

Dead (A Lot) Jun 04 2021 Last Friday night, the world changed--and not for the better. Zombies are among us. School's out for the foreseeable future, and with Mom and Dad at the lake house, my twin and I are on our own in this mess. Which is fine as long as we can avoid being on the menu. Tripp Light's teenage world is suddenly filled with "poxers"--the infected ones, the ones that have the Necropoxy virus. In an entire world gone mad and bad, Tripp's only hope of survival is to clear a path through zombie land with his sister and head for the hills (aka his aunt's farm) to rendezvous with his parents. Success clearly favors the fittest and the fastest. Survival demands the twins make hard, ruthless decisions, but that all changes when Tripp and

his twin hear a distress call via the radio. Prianka Patel, a girl Tripp loves to hate, is trapped and surrounded in a bakery. Soon, the twins have quite a collection of misfits and survivors and miles to go before anyone can sleep safely again. No matter where Tripp looks, everyone everywhere is dead. Like really dead . . . a lot. Howard Odentz is a life-long resident of Western Massachusetts, where he divides his time between writing and tending a small farm. His love of animals, along with the lore of the region, often finds its way into his stories. The supernatural plays a major role in Mr. Odentz's writing. He is endlessly fascinated by the psychological aspects of those who are thrown into otherworldly circumstances. In addition to *Dead (A Lot)*, he has penned two full length musical comedies, including "*Piecemeal*," which tells the backstory of Victor Frankenstein's Hollywood-created protégé, Igor.

Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn't me wrote it—but I soon discovered that I'm not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars\* Stories about dogs The secret to eternal happiness\* \*These are lies. Perhaps I have underestimated my sneakiness!

A Lot Like Heaven Nov 29 2020 Sure, Destiny, match her up with a gorgeous blackmailer who brings her donuts and entices her to reevaluate her life choices... Ex-Navy veteran Blake Keller is the world's worst blackmailer. He came to the small town of Superstition Springs, Texas to enroll his teammate who needs immediate help with PTSD symptoms into an art therapy program, only to find it doesn't exist yet. His mission: use his newly acquired intel about the consultant working on the project as leverage to force her to move faster. Except his special ops training never covered how to manage a pretty brunette who checks every one of his boxes and has major distraction written all over her. Aurora Elliot is the world's worst undercover agent. Yes, she's a real non-profit consultant who's

volunteering to spend a couple of pro-bono days on the therapy program, but after learning she was adopted, she's really in town to scope out which of the residents is her birth mother. Her mission: leave before the woman can reject her again. Five minutes into her covert investigation, the far-too-charming and charismatic Blake Keller has uncovered the truth. His deal: let him oversee her progress on the program and he'll keep his mouth shut. Her counter offer: a partnership. Soon they're working together in close quarters, willfully sharing secrets and baring their souls in the world's worst attempt to ignore the sparks flying between them. The timing for romance is all wrong. But when Serenity hands them love predictions signifying it's meant to be, all bets are off...until Blake finds out Aurora never planned to stay. Small town military heroes—all swoon, no steam Welcome to Superstition Springs, the place where destiny is the ultimate matchmaker. *You Mean a Lot To Me!* Aug 31 2023 This is an  
heart touching expedition of two innocent  
friends who live in a small and paltry village  
and how their journey has started just as  
normal as most of our lives begin and how the  
entrance of a new passenger turned their  
lives, how they became strangers to one  
another for a moment, how the bond between  
them got hit by a rumbling thunder, how the  
time healed their deep sorrows, how the  
destiny has reunited them in love and peace.  
It is clear magnified crystallising of true  
emotions. I tried my best, did what all I  
could have done to show the picture of growing  
characters, knitted each and every line  
cautiously, emotions at their full bloom  
handled with care. It is left to your  
imagination to build the love in true  
friendship... between the lines.
