This story came to me as I lay awake in bed one night. I believe it was given to me by my Heavenly Father. When I got up the next morning I started writing as if He was dictating it to me. A donkey has fantastic dreams while crossing the desert, and at the end of the day the lady who has been riding on his back gives birth in a cave to a very special baby, the baby Jesus. Donkey-Donk has moved to a new farm where all the horses and ponies have special jobs. But as much as Donkey-Donk tries, she just can't do any of those jobs. Will she ever find something that she can do? Details: Full color, ages 2 and up After fast-talking Fox leaves him with a large, green egg, Bear spends minutes, hours, days, and weeks lovingly caring for it with the help of his neighbor Hare. The donkey, along with its close kin the hinny And The mule, Is known for its stamina. Readers will learn that, though these members of the horse family have a reputation for stubbornness, they have successfully worked alongside humans for thousand of years. "... You will see a young donkey tied there that no one has ever ridden." Bestselling author Anthony DeStefano begins his creative telling of the beloved Bible story of Christ's triumphant entry by introducing the young donkey who has yet to realize his important mission. The lowly creature believes he can do nothing noble, but that's before he meets the Master... Then Jesus said to the donkey, "It's time that you knew About the great thing That you're destined to do..." He hears the sad donkey cry, "Just leave me alone and cast me aside. I'm just a poor donkey that no one can ride." Richard Cowdrey's colorful illustrations pair beautifully with Anthony's charming rhymes. Together, they bring this timeless story of the donkey who carries Jesus into Jerusalem to a joyful finish. While especially appropriate as an Easter gift, this year-round story is for all time and for young and old alike. This Notebook Journal - 110 Blank Lined Pages Softcover Notes Journal, College Ruled Composition Notebook, 6x9 Animal Design Cover This stylish Journal has College Ruled Paper, with 110 blank lined pages, measuring at 6 x 9 inches. * SIZE: 6 X 9 inches * PAPER: Lightly Lined on White Paper * PAGES: 110 Pages . * Makes a Perfect gift idea for donkey lovers. Learn all about donkeys, their incredible history, and how people are supported by and enjoying donkeys throughout the world today. Donkeys were first domesticated in Egypt 5,000 years B.C. They were the first animal used in service to humanity. Use of donkeys allowed for the

establishment of trade routes. These trade routes brought people together and allowed civilization to flourish. In many parts of the world, donkeys remain a valuable service animal for families. Donkeys are also popular as family pets and more. Donkeys have fun doing donkey shows, pack burro racing, donkey trail riding, donkey trekking, donkey therapy, and even helping out at weddings. Donkeys have also played a role in every major religion as an animal that provides valuable service. Donkeys have traits that, when modeled, help people feel happy and empowered and respond effectively when things get tough. This is *The Way of the Donkey*. Donkeys connect with friends, reach out to be kind, build their strengths, and focus on the good. If things get tough, donkeys stop and stay calm, stand tall, and think things through. Addressing a common misconception, this handbook explains that donkeys are not horses and that the two kinds of animals are genetically and anatomically quite different. Carefully laying out the special physiological and environmental needs of donkeys, the book educates owners, would-be owners, and breeders about how best to care for their charges while also providing clear technical information on donkey anatomy and behavior, diseases, breeding, and general husbandry. Written with affection for donkeys and their antics, the book goes a long way toward preventing common and sometimes dire mistakes in caring for these interesting animals. Kids will love this cumulative and hysterical read-aloud that features a free downloadable song! "I was walking down the road and I saw...a donkey, Hee Haw! And he only had three legs! He was a wonky donkey." Children will be in fits of laughter with this perfect read-aloud tale of an endearing donkey. By the book's final page, readers end up with a spunky, hanky-panky, cranky, stinky, dinky, lanky, honky-tonky, winky wonky, donkey! After putting on a lion disguise, a silly donkey amuses himself by frightening all of the animals in the forest until he meets a clever fox. This charming story is for anyone from two to one hundred and two and proves that nothing is useless. The little old donkey is plenty useful after all, and she captures the hearts of all who come to know her. This is the second in a series of animal tales, the first being "Max and Little Bit's Big Adventure," which is about playing safely and not going with strangers. The Nodding Donkey dated his birth from the day he received the beautiful coat of varnish in the workshop of Santa Claus at the North Pole. Before that he was just some pieces of wood, glued together. His head was not glued on, however, but was fastened in such a manner that with the least motion the Donkey could nod it up and down, and also sidewise. It is not every wooden donkey who is able to nod his head in as many ways as could the Donkey about whom I am going to tell you. This Nodding Donkey was an especially fine toy, and, as has been said, his first birthday was that on which he received such a bright, shiny coat of varnish. "Simple text and full-color photos introduce young readers to donkeys on a farm"--Provided by publisher. "Tells the story of Jesus's birth from an unlikely perspective: a donkey carrying Mary to Bethlehem. The donkey is not the biggest, fastest, or strongest of all the animals, but he had a very important job all the same"--Provided by publisher. If you want to learn how to raise donkeys, then keep reading... Donkeys are a unique and hardy creature with a long-running history living alongside humans. They have long been used to provide agricultural labor, hauling small loads, and even as transportation for people across the Silk Road. Have you ever thought about raising donkeys for profit? Have you wondered what is involved in caring for and managing these animals? This guide provides readers with a wide breadth of information, from the history of the donkey and its interactions with humans to lucrative ways you can make money raising and caring for donkeys in today's competitive environment. Though not as well-known as the horse, the humble donkey is a great animal for a wide range of uses, from a companion animal to a guard for livestock on a farm. With their long history alongside man, the donkey has a unique role in our history and will continue to be a part of our lives in the future. If you're interested in learning how to purchase, raise, care for, and breed these

amazing creatures, then click the add to cart button to get started! The Wonky Donkey has a daughter in this hilarious sequel to the runaway hit! Wonky Donkey had a child, it was a little girl. Hee Haw! The laugh-out-loud follow-up to the viral sensation The Wonky Donkey is finally here! Featuring playful verses by Craig Smith and charming illustrations by Katz Cowley, The Dinky Donkey follows the same formula that made its predecessor a worldwide hit. Readers will love the antics of this stinky punky plinky-plonky winky-tinky pinky blinky dinky donkey! Though donkeys have historically been among our most useful domesticated animals—from plowing fields to navigating difficult terrain—they have been much maligned in popular culture and given very little respect. So much so, that their perceived qualities of stupidity and stubbornness have made their way into the language of insult. But in Donkey, Jill Bough champions this humble creature, proving that after 10,000 years of domestication, this incredibly hard-working animal deserves our appreciation. Bough reveals the animal's historic significance in Ancient Egypt, where it was once highly regarded—even worshipped. However, this elevated status did not endure in Ancient Greece and Rome, where donkeys were denigrated, ridiculed, and abused. Since that time, donkeys have continued to be associated with the poorest and most marginalized in human societies. All that time and all over the world, donkeys continue to be used for innumerable tasks, and even today, donkeys are considered to be one of the best draught animals in developing nations, where they continue to make a vital contribution. Bough rounds out her account with a look at the variety of social, cultural, and religious meanings that donkeys have embodied, especially in literature and art. With accounts that are both fascinating and touching, this cultural history of the donkey will inspire a new respect and admiration for this essential creature. There's never been a better time to add donkeys to a small-scale farm. Friendly, dependable, intelligent, and easy to care for, donkeys are increasingly prized by small-scale farmers. As with tending any livestock, it is always best for the keeper to be prepared. Whether you're an experienced breeder or a new hobby farmer, this book provides information about the ins-and-outs of buying, caring for, and enjoying these terrific stable companions. Every donkey keeper will gather a bushel of essential information on keeping these remarkable creatures from this colorful new addition to the Hobby Farms series. The story of Stuart the Donkey was inspired by events that took place in a grassy field beneath the shadows of the Bitterroot Mountains near the author's home in Montana. Stuart, a shy and cautious young donkey and his mother spent the summer months basking in the long sun-filled warm days in a field amongst young playful mules and their mothers. The summer months opened a new world to Stuart as he learns valuable lessons from his wise and caring friend Freckles the fawn and his patient loving mother. Donkey-donkey does not like his ears, so he tries to wear his ears like all of the other farm animals do. In this Level 1 Ready-to-Read based on an episode from the hit preschool show from Fred Rogers Productions Donkey Hodie, Donkey Hodie takes her grandpa's pet for a walk! Donkey Hodie takes Grampy Hodie's pet elephant, Gregory, on a walk while Grampy goes to his juggling match. The only trouble is, Gregory won't move and Donkey is getting frustrated. What can Donkey do? Clyde the Cloud has an idea, and it involves taking a deep breath of fresh air! © 2021 The Fred Rogers Company Based on an episode of the hit preschool show from Fred Rogers Productions Donkey Hodie, Donkey Hodie figures out how to bounce back from a bad day! Donkey wants to have an extra-special terrific day, but everything keeps going wrong! With Panda's help, can she remember things that make her feel happy and turn her day around? © 2022 The Fred Rogers Company "May Sarton conducts us on a small, sophisticated, elegantly sentimental journey through a New Hampshire village summer. Our companions are an aging poet, who is sad because he can no longer write . . . and a young, mischievous female donkey who . . . has a touch of arthritis. . . . There is a moral, of course . . . and . . . the story include(s) two cats and as many human beings as are necessary".--THE NEW YORKER. Copyright © Libri GmbH. All rights reserved. Just after Christmas, a very young donkey named Jenny arrives in Foster Lake, Maine, at the Donkey and Mule Rescue run by Dan and Anne Stevens. Their eight-year-old daughter, Olivia, is fascinated by the cowboys who bring Jenny to them--even though she still wishes she could have a dog instead. Meanwhile, the other residents of Foster Lake have their own troubles. Henry Hobbs and his wife, Jane, are dealing with the loss of their barn and all the antiques that had been stored within. Isolated from the community, they keep to themselves, their dreams destroyed in the fire. The MacPhees--Nigel; his wife, Leah; and their four children--have recently moved there from suburban Boston. It's quite a change, particularly for

twelve-year-old Ada, who struggles to make friends. Her eight-year-old sister, Bette, however, is friends with Olivia, and the girls soon learn about Jenny. Now Ada has found a mission for herself--to help out with the Donkey and Mule Rescue. Together the girls form the Donkey Club, intending to help out with the donkeys staying with the Stevenses. But when Bette and Jenny go missing, the whole town must come together to find them. In this novel, set in northern Maine, a group of young girls form a club to help take care of rescued donkeys and soon find their lives changed forever. Confusion abounds when a poorly spoken donkey says to a grammarian yam, "I Yam a Donkey!" Onkey is a donkey that sounds different from all the other donkeys. He wants to fit in with them, but once he does, he discovers he really just likes being himself. Based on the true story of a wild burro named Pardo. He was rescued from the mountains of Arizona and transported to southern New Mexico. Unfortunately, the family who rescued Pardo did not know how to care for or train him. Alyce Shirleydaughter saw Pardo standing all alone in the hot desert sun. She asked the family if she could adopt Pardo and they agreed. After a few weeks of love and attention, Pardo showed his real personality he was smart and funny. When he got lonely, he would run to the front door and honk for somebody to come out and scratch his ears Illustrations and photos. Donkey-donkey has a problem. Despite his many friends and his good master, he is sad because his ears are so long and ridiculous. If only Donkey-donkey could have short sensible ears like his friend Pat the horse, he would be content. So he seeks the advice of his fellow farm animals who suggest he wear his ears differently, more like theirs: floppy like the dog's, to the side like the sheep's, to the front like the pig's. But each unnatural arrangement leads to increasing insult and injury. Finally a little girl passing by remarks on the beauty of the pretty little donkey's ears! At last Donkey-donkey is happy. A classic tale of vanity and folly, and learning to accept oneself—protruding ears, redundant name, and all. **THE GRINNY GRANNY DONKEY** is the third book from Craig Smith and Katz Cowley, the creative team behind the Scottish Granny internet sensation, **THE WONKY DONKEY!** Meet the latest addition to the phenomenal donkey family and get ready to hee haw with laughter! A brilliantly funny story by Craig Smith and beautiful illustrations by Katz Cowley guarantee that **THE GRINNY GRANNY DONKEY** will become your new favourite picture book. Another moving animal tale from the award-winning author of *Soldier Bear* One day, Mikis's grandfather has a surprise for him: a new donkey waiting! Mikis falls in love with the creature, but his grandparents tell him that the donkey is a working animal, not a pet. However, they still let Mikis choose her name -- Tsaki -- and allow the two of them to spend their Sundays together. Mikis and Tsaki soon become fast friends, and together the two have some grand adventures. Eventually, both Mikis and his grandfather learn a bit more about what exactly it means to care for another creature. Brought to life by drawings from Philip Hopman, Bibi Dumon Tak's gentle, humorous story is perfect for any readers who may have their own soft spot for animals. Donkeys were amongst the first animals to be domesticated and have been around humans for a very long time. So, it is quite natural for them to be able to live amongst humans peacefully and even become great companions over time. Donkeys are extremely emotional and sensitive. They are great around kids as long as you are able to tell your children how to interact with the animal correctly. They make great companions, especially if you have a stable with a lonely horse. Yes, horses and donkeys make great companions. When you decide to bring a donkey home as a pet, there are several things that you need to consider, the main thing being the availability of space for your new pet. They are not animals that can be kept in small areas. They need a dedicated space that can be used when you want them to rest or just stay in. They also need constant care for a healthy life. That is why this book brings to you a lot of practical knowledge. The book contains everything that you need to know from the types of donkeys that you can bring home, introducing a donkey into your household, training them, feeding them, housing them and also ensuring that they are always in good health. Covered in this book: Care Costs Daily care Do's and don'ts Feeding Health History Intelligence One or two Personality Tips on buying Training Travelling ...and much more In this retelling of La Fontaine's fable, a man, a boy, and a donkey, enroute to the miller with a sack of corn, are criticized by their neighbors no matter who walks and who rides. This Notebook Journal - 110 Blank Lined Pages Softcover Notes Journal, College Ruled Composition Notebook, 6x9 Animal Design Cover This stylish Journal has College Ruled Paper, with 110 blank lined pages, measuring at 6 x 9 inches. * SIZE: 6 X 9 inches * PAPER: Lightly Lined on White Paper * PAGES: 110 Pages . * Makes a Perfect gift idea for donkey lovers. Great for taking

notes around donkeys, as a diary. for collecting ideas and save memories. * Composition Book for Notes has a Matte, Durable Paperback Cover, perfect bound, for a great look and feel. * Ideal for notes, journaling, writing lists, planning, doodling or recording your dreams and goals for work, home, office, school or college use. * Perfect for gel pen, ink or pencils and a great size to carry everywhere in your bag. * Diary To Write In for School, Kids & Students
