This splendid new body of work by portrait photographer and stylist Claiborne Swanson Frank comes on the heels of her first Assouline book, *American Beauty*. Swanson Frank has photographed sixty of the hottest up-and-coming women in the entertainment industry today--actresses, directors, stylists, and more, from Isabel Lucas and Elisabeth Moss to Mickey Sumner and Amber Heard--drawing inspiration from old Hollywood. Brimming with gorgeous portraits, alongside short texts in the women's voices, and a foreword by Michael Kors, this volume captures the essence of what it means to be a starlet in modern-day Hollywood. "Ever since the film industry relocated to Hollywood early in the twentieth century, it has had an outsized influence on American politics. Almost immediately, the savviest stars and moguls learned that their ability to attract millions of fans also meant that they could sway public opinion. Through compelling larger-than-life figures in American cinema - Charlie Chaplin, Louis B. Mayer, Edward G. Robinson, George Murphy, Ronald Reagan, Harry Belafonte, Jane Fonda, Charlton Heston, Warren Beatty, and Arnold Schwarzenegger - *Hollywood Left and Right* reveals how Hollywood's engagement in politics has been longer, deeper, and more varied than most people would imagine. Alternating between stars from the right and the left, Steven J. Ross shows how each gained ascendancy in Tinseltown in different periods. From Chaplin, whose movies almost always displayed his leftist convictions, to Schwarzenegger's nearly seamless transition from action blockbusters to the California governor's mansion, Ross shows how both left and right activism in Hollywood reinforced the defining trends in American politics from the early 1900s to the present. Most significantly, *Hollywood Left and Right* challenges the commonly held belief that Hollywood has always been a bastion of liberalism. The real story, as Ross demonstrates in this passionate and entertaining work, is far more complicated. Most surprisingly, while the Hollywood left was usually more vocal and visible, the right had a greater impact on American political life, capturing a Senate seat (Murphy), a governorship (Schwarzenegger), and the ultimate achievement, the Presidency (Reagan)."--Jacket. The classic guide to who-did-what-where in Los Angeles, on- and off-screen, including: Film & TV locations: the Hollywood Hills house where Barbara Stanwyck seduced Fred MacMurray in *Double Indemnity*...the funky apartment building where William Holden lived in *Sunset Boulevard*...the exotic Frank Lloyd Wright mansion that's housed everyone from Harrison Ford in *Blade Runner* to David Boreanaz on TV's *Buffy the Vampire Slayer*...the landmark Art Deco former department store that has doubled for a glamorous hotel in *Topper* (1936) and an elegant nightclub in *The Aviator* (2004)... the Halloween and Nightmare on Elm Street houses... the *Seinfeld* and *Alias* apartment buildings... the Six Feet Under funeral home...The *Brady Bunch* and *Happy Days* houses...the *Charlie's Angels* office...the real Melrose Place...and many more VIP tours: from legendary studios like Warner Bros., MGM (now

Sony Pictures), and Universal to movie-star homes like Barbra Streisand's former Malibu compound... Crime scenes and scandal spots: the driveway where Sal Mineo was murdered, the Nicole Brown Simpson condo, the Sharon Tate estate, Marilyn Monroe's last address, the Beverly Hills Mansion where Bugsy Siegal was rubbed out...the Hollywood hotel where Janice Joplin O.D.'d... Plus: Remarkable new museums...Superstar cemeteries...Historic hotels...Hip clubs and restaurants...Fabulous restored movie palaces... Spectacular movie star mansions and château apartments... Taking movie lovers behind the gates of the exclusive, often hidden world of Tinsel Town, Hollywood: The Movie Lover's Guide is the ultimate insider's guide to L.A.'s reel attractions. Movie studios are the wondrous, almost magical locales where not just films, but legends, are created. Unfortunately, these celebrity playgrounds are, and always have been, largely hidden from public view. Although some movie studios offer tours, few guests from outside the Hollywood community have ever been witness to the artistry, politics, and scandals that routinely go on behind the soundstage walls and away from the carefully orchestrated scenes visible to them from their tram carts. In this book, studio staff historian and Hollywood insider Steven Bingen throws open Hollywood's iron gates and takes you inside the greatest and yet most mysterious movie studio of them all: Warner Bros. Long home to the world's biggest stars and most memorable films and television shows, the Warner Bros. Studio lot functions as a small city and is even more fascinating, glamorous, and outrageous than any of the stars or movies that it has been routinely minting for more than ninety years. Accompanied by stunning behind-the-scenes photos and maps, and including a revealing backstory, this book is your ticket to a previously veiled Hollywood paradise. From the bestselling author of Hollywood 101: The Film Industry No one can get to the top of their game by sitting at their desk waiting for their career to break. Frederick Levy refused to wait around and now, not yet thirty years old, he's a successful VP at a major production company, a lecturer at UCLA, and has written three books. Here, in *The Hollywood Way*, he shows you how you can use the methods and madness of Hollywood to reach the top of your field. Levy's wide-ranging and easy-to-implement tips are applicable to every career, from the mailroom to the boardroom. The only requirement is you must be looking to become first in the pack and move ahead of the curve. *The Hollywood Way* includes advice about managing your day-to-day duties more effectively, leaving you time to focus on the bigger picture and bigger ideas, and provides the ultimate look at "networking" and how to network quickly, seamlessly, and in a way that leaves people hoping you'll call them. You'll also find organizational ideas you'll be able to use right away. Levy has culled tips and advice from a wide range of Hollywood power players, including Kevin Williamson, writer of *Scream* and creator of *Dawson's Creek*; Bruce Cohen, Oscar-winning producer of *American Beauty*; and Brian Singer, a feature film director. *The Arts*. One of the most revealing snapshots of British cinema-going ever produced, *The Ultimate Film* is the definitive list of the all-time top 100 films based on UK cinema admissions. From the 1930s to the present, the chart shows the diverse tastes that come together to make up Britain's choice of film favourites. Is Harry Potter more popular than *The Lord of the Rings*? How does Bond compare with *Bridget Jones*? *The Ultimate Film* has the answers taking the reader from *Carry on Nurse* to *A Clockwork Orange*, *South Pacific* to *Star Wars* and *Ben Hur* all the way to *Doctor Zhivago*. Each film is looked at in turn. What did the critics think of it when it was released and, with the benefit of hindsight, were they right? Who were the stars and who directed the action? What happened behind the scenes? What other films were being lauded at the same time? What was happening in the country and the wider world that led the film to be made, and then made it so popular? Sure to provoke debate and discussion, this fascinating and lavishly illustrated book tells us much about our shared history, culture and attitudes and will undoubtedly rekindle memories and experiences as everyone will be able to point to their personal history, interwoven with some of these films. This is the first time a list has been compiled based on the films people have most wanted to see. Some of the results will come as a surprise and the list has much to tell us about how we once were, and how cinema going has played no small part in shaping our culture and helped make us the way we are today. Americans flocked to the movies in 1945 and 1946—the center point of the three-decade heyday of the studio system's sound era. Why?

Best Years is a panoramic study, shining light on this critical juncture in American history and the history of American cinema—the end of World War II (1945) and a year of unprecedented success in Hollywood's "Golden Age" (1946). This unique time, the last year of war and the first full year of peace, provides a rich blend of cinema genres and types—from the battlefield to the home front, the peace film to the woman's film, psychological drama, and the period's provocative new style, film noir. Best Years focuses on films that were famous, infamous, forgotten, and unforgettable. Big budget A-films, road shows, and familiar series share the spotlight. From Bergman and Grant in *Notorious* to Abbott and Costello in *Lost in a Harem*, Charles Affron and Mirella Jona Affron examine why the bond between screen and viewer was perhaps never tighter. Paying special attention to the movie-going public in key cities—Atlanta, New York, Boston, Honolulu, and Chicago—this ambitious work takes us on a cinematic journey to recapture a magical time. From the early glories of Superman and Batman to *Avengers: Endgame*, this book celebrates the stars, stunts, and special effects of legendary comic book heroes onscreen. From cult classics like *The Crow*, *Tank Girl*, and *Wanted* to the dominance of Marvel's and DC's cinematic universes, *The Ultimate Superhero Movie Guide* takes you on a thrilling journey through the history of the world's favorite movie genre. Packed with reviews, features, and retrospectives, plus eye-popping photos and artwork, it's an all-out celebration of the superheroes and stories that inspire us. Explore the biggest and best comic book movies ever made—including *Blade*, *Guardians of the Galaxy*, *X-Men*, *Hellboy*, *Wonder Woman*, *Watchmen*, *Captain America*, *Deadpool*, *Suicide Squad*, *Avengers: Infinity War*—along with the supervillains we love to hate, like *Loki* and *The Joker*. Complete with a tribute to the late, great Stan Lee, it's a guide that no fan should do without. In this one-of-a-kind Hollywood history, the creator of Instagram's celebrated @ThisWasHollywood reveals the forgotten past of the film world in a dazzling visual package modeled on the classic fan magazines of yesteryear. From former screen legends who have faded into obscurity to new revelations about the biggest movie stars, Valderrama unearths the most fascinating little-known tales from the birth of Hollywood through its Golden Age. The shocking fate of the world's first movie star. Clark Gable's secret love child. The film that nearly ended Paul Newman's career. A former child star who, at ninety-three, reveals her #metoo story for the first time. Valderrama unfolds these stories, and many more, in a volume that is by turns riveting, maddening, hilarious, and shocking. Drawing on new interviews, archival research, and an exhaustive library of photographs, *This Was Hollywood* is a compelling and visually stunning catalogue of the lost history of the movies. Appealing to the casual comic book reader as well as the hardcore graphic novel fan, this ultimate A to Z compendium describes everyone's favorite participants in the eternal battle between good and evil. With nearly 200 entries examining more than 1,000 heroes, icons and their place in popular culture, it is the first comprehensive profile of superheroes across all media, following their path from comic book stardom to radio, television, movies, and novels. The best-loved and most historically significant superheroes—mainstream and counterculture, famous and forgotten, best and worst—are presented with numerous full-color illustrations, including dozens of classic comic covers. Each significant era of the superhero is explored—from the Golden Age of the 1930s, 1940s, and 1950s through the Modern Age—providing a unique perspective of the role of the hero over the course of the 20th century and beyond. This latest edition has been revised to reflect updates on existing characters, coverage of new characters, and recent films and media trends in the last several years. **NEW YORK TIMES BESTSELLER!** The ultimate baking book from internationally beloved baker Paul Hollywood, judge of *The Great British Baking Show*. "The great thing about this book is that it was written by people with an inside view of "The business". Along with the most complete look at Tinsletown they add anecdotes and little known facts that make just reading the book fun. And this book covers more than downtown, Hollywood and Beverly Hills. It travels north to Santa Barbara and south to Long Beach and Catalina. If you're headed for LA this is the book to get. Even as a died-in-the-wool Angeleno, I found this book informative, usefull and fun to read." -- Harry Basch, Amazon reviewer "Here's a 600-page book that's filled to its movie brim, with tons of offbeat things to see and do; bright and breezy in its writing, you'll find facts and other nifty news here about this incredible place called LA and Hollywood that, even if you've lived here all your life (!), you probably never knew existed." -- John Clayton, Travel With a Difference radio show, Gloria Swanson defined what it meant to be a movie star, but her unforgettable role in Sunset Boulevard overshadowed the true story of her life. Now Stephen Michael Shearer sets the record straight in the first in-depth biography of the film legend. Swanson was Hollywood's first successful glamour queen. Her stardom as an actress in the mid-1920s earned her millions of fans and millions of dollars. Realizing her box office value early in her career, she took control of her life. Soon she was not only producing her own films, she was choosing her scripts, selecting her leading men, casting her projects, creating her own fashions, guiding her publicity, and living an extravagant and sometimes extraordinary celebrity lifestyle. She also collected a long line of lovers (including Joseph P. Kennedy) and married men of her choosing (including a French marquis, thus becoming America's first member of "nobility"). As a devoted and loving mother, she managed a quiet success of raising three children. Perhaps most important, as a keen businesswoman she also was able to extend her career more than sixty years. Her astounding comeback as Norma Desmond in Billy Wilder's Sunset Boulevard catapulted her back into the limelight. But it also created her long-misunderstood persona, one that this meticulous biography shows was only part of this independent and unparalleled woman. A trip back to the era of troubled teens and awesome soundtracks; of Reagan, rap, and Ridgemont High; of MTV, VHS, and "Axel F"; of outsiders, lost boys, and dead poets; of Bill and Ted, Brooke Shields, and the Brat Pack; of three Porky's flicks, two Coreys, and one summer when "Baby" refused to be put in a corner. Admirably opting for analysis over nostalgia and gossip, King examines the origin, production, and cultural afterlife of seemingly every youth-centric 1980s movie you've ever heard of and more...An excellent adventure through a distinct and genre-spanning era in cinema history. For casual movie fans and industry-minded cinephiles alike. --Library Journal The Ultimate History of the '80s Teen Movie goes behind the scenes of a genre where cult hits mingled with studio blockbusters, where giants like Spielberg and Coppola rubbed shoulders with baby-faced first-timers, and where future superstars Sean, Demi, and Tom all got their big break.

Music, comedy, and politics all play a part in the surprisingly complex history of the '80s teen movie. And while the films might have been aimed primarily at adolescents, the best tackle universal issues and remain relevant to all ages. From a late '70s Hollywood influx to an early '90s indie scene that gave youth cinema a timely reboot, film expert James King highlights the personal struggles, the social changes, and the boardroom shake-ups that produced an iconic time in movie history. "Don't get high on your own supply." Brian de Palma's brash, bloody version of Scarface was trashed by critics when it came out twenty-five years ago and didn't do well at the box office, but has become a spectacular fan favorite and enduring pop culture classic since. "Never underestimate the greed of the other guy." What makes millions of people obsess over this movie? Why has Al Pacino's Tony Montana become the drug kingpin whose pugnacity and philosophy are revered in boardrooms and bedrooms across America? Who were the people that made the movie, influencing hip-hop style and swagger to this day? "The world is yours." Scarface Nation is Ken Tucker's homage to all things Scarface—from the stars that acted in it to the influence it's had on all of us, from facts, figures and stories about the making of the movie to a witty and comprehensive look at Scarface's traces in today's pop and political culture. "Say hello to my li'l fren!" You know you love the line. You know you've seen the movie more than once. The sheriff of Hazzard County is finally gonna spill the beans about those darn Duke boys! Actor James Best's autobiography. He writes, "You can share with me the Golden Age of Hollywood, when movies had unequalled World Class. Now solidly in my eighties, I'm one of the few living actors who can hope to tell of the past glory and glamour of Hollywood as the industry really was way back when. "This was the Hollywood where I lived, loved, and worked during the time when she was the ruling queen. This was the time of a wonderful movie industry, where genuine actors and actresses created truly entertaining musicals, comedies, dramas, and action for an eager moviegoing public. "Even in those glorious golden days of Hollywood, my attempt to be a big winner was never all sunglasses and autographs. I tell how I survived in a sometimes cruel town where a lifelong dream can be fulfilled or broken in a heartbeat. I didn't escape without my share of scars. "I've written this book for those who might enjoy reading about the experiences of a very lucky ragtag orphan from Kentucky. I

thank God for the opportunities given me. I was blessed to be adopted and to be given both a desire to work hard and, just as important, a love of fishing. I've been in a few scraps along the way, but I've done my level best to become a successful actor and to grow as a person. "If you're curious about the good, the bad, and the beautiful of Hollywood, including The Dukes of Hazzard and many other adventures-it's all in this book. I simply tell my story as I've lived it. I hope you enjoy it." 324 pages and illustrated. James Best appeared in many films, including Winchester '73 (1950), Abbott and Costello Meet the Invisible Man (1951), The Caine Mutiny (1954), and Forbidden Planet (1956). Dr. Tom LeGrand University Chaplain and Professor Hollywood is a transitory place. Stars and studios rise and fall. Genres and careers wax and wane. Movies and movie moguls and movie makers and movie palaces are acclaimed and patronized and loved and beloved, and then forgotten. And yet... And yet one place in Southern California, built in the 1920s by (allegedly murdered) producer Thomas Ince, acquired by Cecil B. DeMille, now occupied by Amazon.com, has been the home for hundreds of the most iconic and legendary films and television shows in the world for a remarkable and star-studded fifty years. This bizarre, magical place was the location for Tara in *Gone with The Wind*, the home of King Kong and Superman, of Tarzan and Batman, of the Green Hornet, of Elliot Ness, of Barney Fife, of Tarzan, of Rebecca, of *Citizen Kane*, of Hogan's Heroes and Gomer Pyle, of Lasse, of *A Star is Born* and *Star Trek*, and at least twice, of Jesus Christ. For decades, every conceivable star in Hollywood, from Clark Gable to Warren Beatty, worked and loved and gave indelible performances on the site. And yet, today, it is completely forgotten. Pretty much anyone alive today, from college professors to longshoremen, have probably heard of Paramount and of MGM, of Warner Bros. and of Universal, and of Disney and Fox and Columbia, but the place where many of these studio's beloved classics were minted is today as mysterious and unknowable as the sphinx. *Hollywood's Lost Backlot: 40 Acres of Glamour and Mystery* will, for the first time ever, unwind the colorful and convoluted threads that make for the tale of one of the most influential and photographed places in the world. A place which most have visited, at least on screen, and which has contributed significantly and unexpectedly to the world's popular culture, and yet which few people today, paradoxically, have ever heard of. *The Sound of Music* is a classic film cherished in the hearts of millions. It won five Oscars, including Best Picture, upon its release in 1965. This tribute to a Hollywood classic is sure to thrill everyone who's ever sung along to "My Favorite Things" at one of the many screenings that still take place today. Through interviews with the cast and crew, in-depth access to memorabilia and personal scrapbooks and archival research at Fox Studios, author Julia Antopol Hirsch reveals the lively human story behind the making of the von Trapp family film. For movie-loving New Yorkers, travelers and armchair film buffs, *New York: The Movie Lover's Guide* is the ultimate insider's guide to the Big Apple's reel attractions. Clint Eastwood is one of Hollywood's biggest successes. Originally known for his roles in westerns, he has since demonstrated his versatility in a range of genres and has proven to be as talented a director as he is an actor. Outside of his work, Eastwood is renowned as a strong personality who is never one to hide his views. This book brings together many of his best quotes and provides an extensive insight into one of the most interesting characters in showbiz. How is a blockbuster made? All it takes is three days: Friday, Saturday and Sunday. Opening weekend at the height of the summer blockbuster season is a gruelling ordeal for studio execs and marketers. In *Open Wide*, Hayes and Bing take the reader behind the scenes during the first 72 hours of a film's release. They also explore the main phases in the life of a film and also offer a personal look at all the filmmakers, actors, producers and executives that help bring these films to the cinema. This really is the first book to examine, in depth, the importance of the opening weekend. In this fascinating and humorous guide, author Tom Rogers examines the real science behind stunts, plots, and special effects without ruining the fun of your favorite, universe-breaking action movies. Building on the work of the *Insultingly Stupid Movie Physics* website (<http://www.intuitor.com/moviephysics/>), this book questions classic 80s and 90s movies on 20 different topics, including: Can you ignite gasoline with the flick of a cigarette? What would "shrinking the kids" actually require? Would an explosion in space look like a scene from *Star Wars*? An informative romp through classic movies, *Insultingly Stupid Movie Physics* reveals the basic laws of physics and how Hollywood breaks them all—perfect for armchair Einsteins, movie buffs, or engaging lessons in the science classroom. For fans of *The Movies That Made Us*, a behind-the-scenes look at what went into making the favorite blockbuster films of the 1980s. A trip back to the era of troubled teens and awesome soundtracks; of Reagan, rap, and Ridgemoor High; of MTV, VHS, and "Axel F"; of outsiders, lost boys, and dead poets; of Bill and Ted, Brooke Shields, and the Brat Pack; of three *Porky's* flicks, two *Coreys*, and one summer when "Baby" refused to be put in a corner. *The Ultimate History of the '80s Teen Movie* goes behind the scenes of a genre where cult hits mingled with studio blockbusters, where giants like Spielberg and Coppola rubbed shoulders with baby-faced first-timers, and where future superstars Sean, Demi, and Tom all got their big break. Music, comedy, and politics all play a part in the surprisingly complex history of the '80s teen movie. And while the films might have been aimed primarily at adolescents, the best tackle universal issues and remain relevant to all ages. From a late '70s Hollywood influx to an early '90s indie scene that gave youth cinema a timely reboot, film expert James King highlights the personal struggles, the social changes, and the boardroom shake-ups that produced an iconic time in movie history. "Admirably opting for analysis over nostalgia and gossip, King examines the origin, production, and cultural afterlife of seemingly every youth-centric 1980s movie you've ever heard of and more . . . An excellent adventure through a distinct and genre-spanning era in cinema history. For casual movie fans and industry-minded cinephiles alike." —Library Journal From a veteran culture writer and modern movie expert, a celebration and analysis of the movies of 1999—"a terrifically fun snapshot of American film culture on the brink of the Millennium....An absolute must for any movie-lover or pop-culture nut" (Gillian Flynn). In 1999, Hollywood as we know it exploded: *Fight Club*. *The Matrix*. *Office Space*. *Election*. *The Blair Witch Project*. *The Sixth Sense*. *Being John Malkovich*. *Star Wars: The Phantom Menace*. *American Beauty*. *The Virgin Suicides*. *Boys Don't Cry*. *The Best Man*. *Three Kings*. *Magnolia*. Those are just some of the landmark titles released in a dizzying movie year, one in which a group of daring filmmakers and performers pushed cinema to new limits—and took audiences along for the ride. Freed from the restraints of budget, technology, or even taste, they produced a slew of classics that took on every topic imaginable, from sex to violence to the end of the world. The result was a highly unruly, deeply influential set of films that would not only change filmmaking, but also give us our first glimpse of the coming twenty-first century. It was a

watershed moment that also produced The Sopranos; Apple's AirPort; Wi-Fi; and Netflix's unlimited DVD rentals. "A spirited celebration of the year's movies" (Kirkus Reviews), Best. Movie. Year. Ever. is the story of not just how these movies were made, but how they re-made our own vision of the world. It features more than 130 new and exclusive interviews with such directors and actors as Reese Witherspoon, Edward Norton, Steven Soderbergh, Sofia Coppola, David Fincher, Nia Long, Matthew Broderick, Taye Diggs, M. Night Shyamalan, David O. Russell, James Van Der Beek, Kirsten Dunst, the Blair Witch kids, the Office Space dudes, the guy who played Jar-Jar Binks, and dozens more. It's "the complete portrait of what it was like to spend a year inside a movie theater at the best possible moment in time" (Chuck Klosterman). \$50 Billion of Advice in One Book* Have you ever wondered why some books and stories are adapted into movies, and others aren't? Or wished you could sit down and pick the brains of the people whose stories have been adapted--or the screenwriters, producers, and directors who adapted them? Author John Robert Marlow has done it for you. He spoke to book authors, playwrights, comic book creators and publishers, as well as Hollywood screenwriters, producers and directors responsible for adapting fictional and true stories into Emmy-winning TV shows, Oscar-winning films, billion-dollar megahits and smaller independents. Then he talked to the entertainment attorneys who made the deals. He came away with a unique understanding of adaptations--an understanding he shares in this book: which stories make good source material (and why); what Hollywood wants (and doesn't); what you can (and can't) get in a movie deal; how to write and pitch your story to maximize the chances of a Hollywood adaptation--and how much (and when) you can expect to be paid. *This book contains the distilled experience of creators, storytellers and others whose works have earned over \$50 billion worldwide. Whether you're looking to sell film rights, adapt your own story (alone or with help), or option and adapt someone else's property--this book is for you.

The year was 1896, the woman was Alice Guy-Blaché, and the film was The Cabbage Fairy. It was less than a minute long. Guy-Blaché, the first female director, made hundreds of movies during her career. Thousands of women with passion and commitment to storytelling followed in her footsteps. Working in all aspects of the movie industry, they collaborated with others to create memorable images on the screen. This book pays tribute to the spirit, ambition, grit and talent of these filmmakers and artists. With more than 1200 women featured in the book, you will find names that everyone knows and loves—the movie legends. But you will also discover hundreds and hundreds of women whose names are unknown to you: actresses, directors, stuntwomen, screenwriters, composers, animators, editors, producers, cinematographers and on and on. Stunning photographs capture and document the women who worked their magic in the movie business. Perfect for anyone who enjoys the movies, this photo-treasury of women and film is not to be missed.

A major movie studio is making a summer blockbuster about Spider-Man, and the ultimate wall-crawler swings by the set to give the producers a piece of his mind. But someone else is even hotter about being in the film than Spidey: Doctor Octopus, who just may shut the production down if he doesn't get final edit! A look at the wide-ranging work of the Golden Age genius who made The Ten Commandments and other blockbusters—and helped found the American film industry. Cecil B. DeMille's Hollywood is a detailed and definitive chronicle of the director's screen work that changed the course of film history—and a fascinating look at how movies were actually made in Hollywood's Golden Age. Drawing extensively on DeMille's personal archives and other primary sources, Robert S. Birchard offers a revealing portrait of DeMille the filmmaker that goes behind studio gates and beyond DeMille's legendary persona. In his forty-five-year career DeMille's box-office record was unsurpassed, and his swaggering style established the public image for movie directors. He had a profound impact on the way movies tell stories, and brought greater attention to the elements of decor, lighting, and cinematography. Best remembered today for screen spectacles such as The Ten Commandments and Samson and Delilah, DeMille also created Westerns, realistic "chamber dramas," and a series of daring and highly influential social comedies—while setting the standard for Hollywood filmmakers and demanding absolute devotion to his creative vision from his writers, artists, actors, and technicians. "Far and away the best film book published so far this year." —National Board of Review

If Chins Could Kill: Confessions of a B Movie Actor Here we are together in the digital universe. Somehow, you've clicked yourself to this page. If you came here of your own free will and desire, you and I are going to get along just fine. Life is full of choices. Right now, yours is whether or not to download the autobiography of a mid-grade, kind of hammy actor. Am I supposed to know this guy? you think to yourself. No-and that's exactly the point. You can download a terabyte of books about famous actors and their high-falootin' shenanigans. I don't want to be a spoilsport, but we've all been down that road before. Scroll down to that Judy Garland biography. You know plenty about her already-great voice, troubled life. Scroll down a little further to the Charlton Heston book. Same deal. You know his story too-great voice, troubled toupee. The truth is that though you might not have a clue who I am-unless you watch cable very late at night-there are countless working stiffs like me out there, grinding away every day at the wheel of fortune. If Chins Could Kill: Confessions of a B Movie Actor documents my time in blue-collar Hollywood, where movies are cheap, the hours are long, and the filmmaking process can be very personal. To keep up with the times, I've digitized Chins. It was originally published in hardcover/analog fifteen years ago, which is a vast amount of time in the evolution of books and technology, and it was time to get current. The advance of technology is great for a book like this, which is jammed full of pictures. When it came out originally, the photographs all had to be black and white and moderately sized on the page. Now, any photo that was originally taken in color can strut its stuff. Overall, the resolution of the images is off-the-charts better than the first go-around. This is one "sequel" that I'm happy to be a part of, since we could make so many technical improvements. The process was very similar to restoring an old movie. Since I knew that it was going to be reissued, I also had a look at the story being told and decided to condense, move, or clarify some chapters, all or in part. I also tried to add a hint of historical context, since it has been a decade and a half since Chins first came out. I hope you enjoy it. Regards, Bruce Campbell
