What is a Googly? May 21 2023 A new edition of Rob Eastaway's classic guide to the rules of cricket. Cricket is one of the world's most popular sports, yet for the uninitiated, its peculiar laws and customs are a mystery. What is a 'silly mid off' and a 'long leg'? How can you be 'lbw'? And how can a match last for five days and still end up as a draw? In this fully updated edition of the classic guide, Rob Eastaway demystifies the jargon and answers the questions you've always wanted to ask. It's also a timely reminder that for the true cricket lover, the game can be absorbing and exciting even when the ball isn't being smashed for six.

A Googly in the Compound Jun 22 2023 The Sanjanas planned to

enjoy the tiger cub and surrender the adult to the zoo, but no plan had been made for the adolescent. The family is breakfasting in the compound of their bungalow when the cub tastes blood from a cut on Sohrab Sanjana's hand. Also in attendance are Daisy (Sohrab's English wife, married when she was stranded by WWII in India); Rustom (Sohrab's brother, back from the war in Burma); Dolly (their mother, afraid the rivalry between her sons may erupt into violence echoing the rivalry between two brothers she had married in succession); and Phiroze (Dolly's second husband, younger brother of her first). A novel of love and war, *A Googly in the Compound* spans the years from 1910 to 1945, heading from rural Navsari to cosmopolitan Bombay to 1930s London to wartorn Burma and Mesopotamia. A "class" act of historical proportions, [the novel] rips into the conventional class hierarchies between British and Indians, upper class Indians and lower.--Prasenjit Chaudhury, *Deccan Herald* The tiger cub grows as dangerous as the British Raj for India. Both have tasted blood and both demand more. Desai spins a fascinating story of Parsi bloodlines, romance and intrigue, counterpointed by the events that made WWII such a watershed in the history of both India and the world.--Anjana Basu, *The Statesman* A family's long-simmering tensions boil over during a trip to the old homestead in this literary novel.... The result is a wide-lensed meditation on power dynamics--within countries and within families.--Kirkus Reviews

Adventures of the Googly Eyed Spider: the Birthday Party 2nd Edition Jun 10 2022 When my kids were little, we would lay on the trampoline in our backyard in the evening and I would make up stories about a little spider. The idea was the spider would watch the children play and wonder with curiosity what was happening. From there, The Googly Eyed Spider was created. In this story, The Googly Eyed Spider hears children playing and leaves the web to get a closer look. I am excited about sharing this adventure with other readers.

Further Advances in Twistor Theory Jun 17 2020 Although twistor theory originated as an approach to the unification of quantum theory and general relativity, twistor correspondences and their generalizations have provided powerful mathematical tools for studying problems in differential geometry, nonlinear equations, and representation theory. At the same time, the theory continues to offer promising new insights into the nature of quantum theory and gravitation. Further Advances in Twistor Theory, Volume III: Curved Twistor Spaces is actually the fourth in a series of books compiling articles from Twistor Newsletter-a somewhat informal journal published periodically by the Oxford research group of Roger Penrose. Motivated both by questions in differential

geometry and by the quest to find a twistor correspondence for general Ricci-flat space times, this volume explores deformed twistor spaces and their applications. Articles from the world's leading researchers in this field-including Roger Penrose-have been written in an informal, easy-to-read style and arranged in four chapters, each supplemented by a detailed introduction. Collectively, they trace the development of the twistor programme over the last 20 years and provide an overview of its recent advances and current status.

Googly Apr 20 2023 Once upon a time there was an itzy, bitsy, little.....well, that's enough of that! I'm sure you'd much rather read about the exciting adventures of Josh Jenkins - The boy with the golden arm. Josh hated cricket. Rugby and football were his first and only loves. However, following a serious accident at the age of fourteen, his sporting life had to take a different path. He followed in his father's footsteps and joined his local cricket club in Bristol. It was the start of an incredible sporting adventure which would lead Josh from the grassroots of the game to the pinnacle of world cricket. This is a novel for sports lovers, young and old, the world over. Join Josh on the cricket field for a real 'Boy's Own' story of leather on willow, cucumber sandwiches and as many sausage rolls as you can pile on your plate in one go.
